1. Introduction

The *Corporate Business Plan* is the Shire of Northam's 5-year service and project delivery program. It is aligned to the strategic direction and priorities set within the *Strategic Community Plan 2027*

All operational planning and reporting is driven by the current *Corporate Business Plan*, which is reviewed annually as a precursor to the Annual Budgeting process of the Shire to ensure priorities are achievable and effectively timed.

Whilst the Shire recognises the importance of long term planning it is also cognisant of the importance flexibility and adaptability in acknowledgment of the fast paced environment in which we live and operate. This has never been more applicable with the current Covid-19 pandemic environment which exists. As such it is critical that the *Corporate Business Plan* is read in this context and acknowledged by the reader that the Council needs to retain the ability to adjust to external and internal influences as they arise. The annual review process enables the Shire to frequently assess its progress and realign actions and tasks against the most currently available information.

2. Covid-19 Pandemic

Western Australia is in a State of Emergency because of the COVID-19 (coronavirus) pandemic. The Federal and Western Australian Governments have made it clear that our country is in the grips of a once in a life time health and subsequent economic crisis.

Western Australians are facing unprecedented restrictions of movement not only internationally, but also interstate, intrastate and interregional, as well as a range of other social distancing measures put in place in an attempt to control the spread of the COVID-19 virus. In addition to the health crisis, our international, national, state, regional and local economies are facing challenges the like we have never experienced. The Premier of Western Australia has called upon local governments to play their role, not only in the management of this health crisis, but also in the management of the economic crisis facing our communities.

This strategy has been developed by the Shire of Northam to provide a framework for moving through this state of emergency. It is acknowledged that the rate of change from a health, community and economic perspective is rapid. Consequently this plan will be reviewed, and endorsed by Council, not less than monthly to ensure it is providing the most accurate picture of what our response and recovery look like.

The following is a brief timeline of events to date which have shaped the context of this strategy;

- 27 February 2020 - Prime Minister Scott Morrison announced the Federal Government was activating the Australian Health Sector Emergency Response Plan for Novel Coronavirus (COVID-19).
- 1 March 2020 - Australia reported the first death from COVID-19.
- 12 March 2020 - a \$17.6 billion stimulus package announced by Prime Minister to "protect Australians' health, secure jobs and set the economy to bounce back" from the crisis.
- 15 March 2020 - Premier Mark McGowan declared a state of emergency in Western Australia, along with a formal public health emergency.
- 16th March 2020- Declaration of Public Health State of Emergency(WA)
- 18 March 2020 - a human biosecurity emergency was declared by the Governor-General, David Hurley, under Section 475 of the Biosecurity Act 2015.
- 18th March 2020- Public Health Act (WA)– Mass Gatherings Directions (No 1) issued
- 20th March 2020- Public Health Act(WA)- Mass Gatherings Directions (No 2) issued
- 23rd March 2020- Emergency Management Act (WA)- Closure of certain Places of Business, Worship and Entertainment Directions (No 1)(places closed include pubs, bars, clubs, gyms, recreation centre, restaurant (dine in), place of worship)
- 25th March 2020 - Emergency Management Act (WA)- Closure of certain Places of Business, Worship and Entertainment Directions (No 2)(places now include community centres, libraries, swimming pools)
- 25th March 2020- Public Health Act(WA)- Preventative Restriction of Activities Directions (No 1)
- 30th March 2020- Public Health Act(WA)- Closure of certain Places of Business, Worship and Entertainment Directions (No 3)((playgrounds, skate parks and outdoor gyms now included)
- 30th March 2020- Public Health Act(WA)- Preventative Restriction of Activities Directions (No 2)
- 31st March 2020- Public Health Act (WA) – Prohibited Gathering Directions
- 7th April 2020- Emergency Management Act (WA) – Closure and Restriction (Limit the Spread) Directions (No1)
- 26th April 2020- Emergency Management Act (WA) – Closure and Restriction (Limit the Spread) Directions (No2)
- 10th May 2020 - The WA Government released a COVID-19 roadmap, which will see some restrictions relaxed further from 18 May.
- 17th May 2020-Emergency Management Act (WA)- Closure and Restriction (Limit the Spread) Directions (No 3)
- 29th May 2020- WA Government announced Phase 3 of Roadmap will be in place from 6th June 2020

2.1 Our Covid-19 Strategic Response Objectives

- To support and communicate the State and Federal Government Health messages and requirements;
- To provide strong, decisive & clear leadership for the Shire of Northam Community;
- To support our local community, with a focus on the elderly and 'at risk' segments (including but not limited to our noongar, youth, homeless and unemployed);
- To support our business community, acknowledging their challenges and providing a supportive environment;
- To support, and wherever possible stimulate our local economy first, regional economy second and then the broader macro economy;
- To manage the Councils finances on behalf of the community as effectively as possible;
- To be a supportive and understanding employer.

2.2 Our Covid-19 Strategy / Response Framework

The Shire of Northam is looking at this state of emergency in three established timeframes, being short, medium and long. In this context the following definitions have been applied to the three timeframes;

- **Short term -** **27 February 2020 to 30 June 2020**
- **Medium term -** **1 July 2020 to 30 June 2021,**
- **Long term -** **1 July 2021 and beyond.**

Because of the WA Government declaring a State of Emergency, on approximately Friday, 20 March 2020 the Chief Executive Officer and Executive Management Team of the Shire of Northam made a decision to activate the Councils Business Continuity Plan. The activation of the plan resulted in a realignment of the organisation to position the Shire of Northam to respond to the crisis. The following response/management structure was put in place;

- Organisation & Economy - Chief Executive Officer
- Response & Recovery - Executive Manager Development Services
- Financial - Executive Manager Corporate Services
- Community Resilience - Executive Manager Community Services

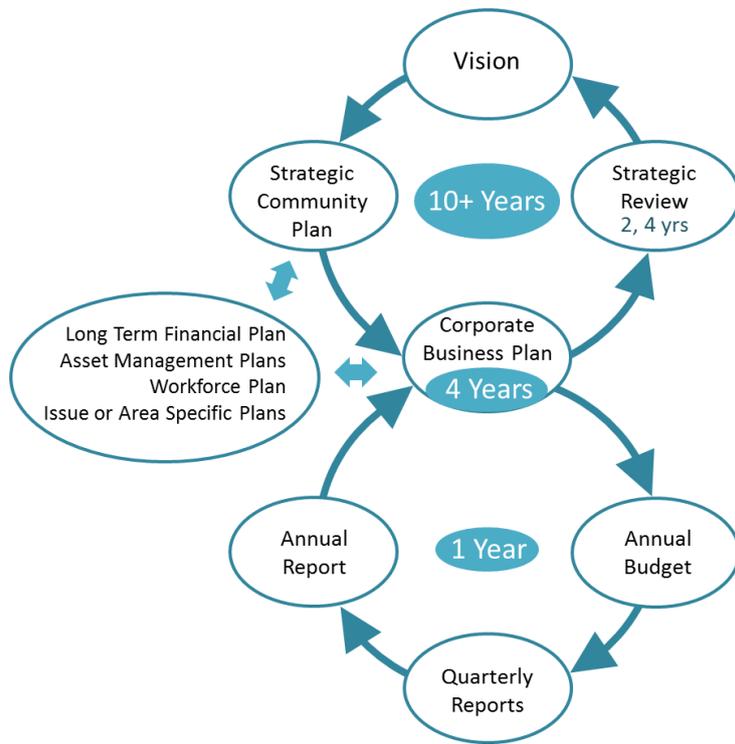

- Project Delivery - Executive Manager Engineering Services

In developing this strategic response to the COVID-19 pandemic crisis, the Shire of Northam has taken a risk based approach. A risk-based approach in this context simply means Council has categorised our response into Organisation, Economy, Response & Recovery, Financial, Community Resilience and Project Delivery. Within each of these categories Council has attempted to identify, understand and assess the short, medium and long terms risks, developing a clear set of actions and directions to manage these risks to the best of the Councils ability (financial, human resource, advocacy). The risk ratings have been based on the inherent, or untreated risks identified. A formal residual risk rating has not been assigned at this point, suffice to say the mitigation actions are considered to be significantly reducing risk to Council.

The framework identifies a range of economic stimulus initiatives, including \$1,000,000 set aside as a short term response in 2019/20, and a further \$2,000,000 set aside for 2020/21. While this is the case over the April – June 2020 period Council will be exploring the opportunity to commit to a more substantial range initiatives and additional funding to assist the community navigate this challenging time.

3. Planning Context

The Covid-19 pandemic has impacted every local government in Western Australia to varying degrees. In addition to the 'normal' planning context, the Shire of Northam COVID-19 Response Strategy-Framework has had a strong influence over the planning of the 2020/21 Corporate Business Plan. This document is part of a series of strategic and forward planning documents used by the Shire. The overall process is shown below.

5. Strategic Context

a. Our Vision for Northam

Shire of Northam is a vibrant growing community that is safe, caring and inclusive. We are recognised as a community that values our heritage, preserves our environment and promotes our commerce.

In order to achieve this Vision, the Council will commit to display;

- **LEADERSHIP**
 - to recognise the community's expectations to provide leadership.
- **RESPECT**
 - to respect differences in age, culture, values and opinion.
- **TEAMWORK**
 - to achieve through the efforts of the team.
- **EXCELLENCE**
 - to aspire to one standard.
- **OPENNESS**
 - to engender trust through openness.

b. Our Mission

To deliver responsive, sustainable services in a manner that preserves and enhances our environment and lifestyle whilst respecting our heritage and facilitating economic growth.

In order to achieve this Mission, the Organisation will commit to being;

- **SAFE**
 - Focus on importance of safety in the organisation
- **OPEN**
 - Engage in two way communication, with transparency and trust
- **ACCOUNTABLE**
 - Know what you are responsible for, take ownership and deliver accordingly
- **RESPECTFUL**
 - Demonstrate respect for other's skills, knowledge and differing value systems

Our cultural change emblem which includes an acronym of the values and behaviours we want embedded in our culture will remind us to soar high in our aspirations and work together as an organisation to achieve them.

c. Key Drivers

- Agricultural sector
- Transport and logistics
- Government agency and service sectors
- Location, commutable to and from Perth
- Strong infrastructure connections to Perth and mining centres
- Status as a regional centre and Super Town

The Shire of Northam continues to be an attractor for development, with a number of major developments recently completed, such as the \$45m hospital refurbishment, \$25m new shopping centre and a \$10m refurbishment of the pre-existing shopping centre. Moving forward there are a number of projects commenced with completion due in 2019/20, including the DOME development, Commercial Hotel refurbishment, KFC development, Procon Developments Road House and Logistics Hub, while Council will have completed the development of its \$12m aquatic facility.

The private sector investment ranges from retail, to industrial, service sector, while the Government is investing in key amenity, medical and tourism related projects. More information is available at www.northam.wa.gov.au.

d. Challenges facing the Shire of Northam

The Shire of Northam faces a variety of challenges as it develops over the next 10 years. The critical challenges affecting the Shire have been identified through community engagement and the Strategic Community planning process. The Corporate Business Plan has been developed in consideration of these, which include;

- Difficulties attracting and retaining specialised labour to the area
- Economic development and, in particular, the development of a more balanced economy with diversity and choice in employment
- Increasing the engagement of youth through a range of programs and services
- Social and economic issues connected with drive in drive out (DIDO) and population transience
- Perception of Northam Communities
- Ensuring a balanced housing stock attractive to current and potential residents
- Developing an active healthy community

- Crime and vandalism trends

The development of this plan is based on the Shire's current knowledge. However, there are some critical uncertainties that the Shire has no control over, which may affect its planning, resourcing and implementation of the key initiatives described in this plan. Such critical uncertainties include:

- Growth planning funding gap
- Global financial conditions that may affect the resources industry and the Australian economy
- Change of State or Federal government policy
- Climatic/weather changes

e. Key Opportunities

- Realising the benefits of proximity to the metropolitan area
- State Government recognition of Northam as having significant growth potential (Super Towns)
- Diversification of economy into the areas of transport and logistics, professional services, mining related manufacturing
- Developing a tourism market around the natural and manmade assets already existing in Northam, particularly around heritage tourism, recreational aviation and adventure tourism
- Further development of Northam as a health and educational service provider to the wider region
- Land development opportunities, particularly in the smaller communities such as Wundowie and Bakers Hill
- Existing commercial interest in the Shire of Northam.

f. Our Roles & Responsibilities

i. The role of the Elected Council;

Council

Council is responsible for setting our strategic direction, which the Shire's administration then implements. In fulfilling this role, Council oversees the Shire of Northam finance and resources, determines its policies, and ensures that the Shire is meeting its statutory and community responsibilities effectively and efficiently.

The Shire of Northam meets twice monthly, on the second Wednesday of the month for an Agenda review and third Wednesday of the month for Full Council, both meetings are open to the public. In addition to this the Council have a quarterly strategic meeting, providing the opportunity for the Elected Council and Executive to discuss high level strategic issues, opportunities and challenges which may be facing the community. All meetings of Shire of Northam and its committees are

conducted in accordance with the Local Government Act. Meeting times and dates are published on the Northam website.

Shire President

The Local Government Act 1995 states that the role of the Shire President is to:

- preside at meetings in accordance with this Act;
- provide leadership and guidance to the community in the district;
- carry out civic and ceremonial duties on behalf of the local government;
- speak on behalf of the local government;
- perform such other functions as are given to the Mayor or president by this Act or any other written law; and
- liaise with the CEO on the local government's affairs and the performance of its functions.

Councillors

The Local Government Act 1995 states that the role of a Councillor is to:

- represent the interest of electors, ratepayers and residents of the district;
- provide leadership and guidance to the community in the district;
- facilitate communication between the community and the Council;
- participate in the local government's decision-making processes at Council and Committee Meetings; and
- perform such other functions as are given to a Councillor by the Local Government Act or any other written law.

ii. The Council Executive

The Local Government Act 1995 states that the role of the CEO is to:

- advise the council in relation to the functions of a local government under this Act and other written laws;
- ensure that advice and information is available to the council so that informed decisions can be made;
- cause council decisions to be implemented;
- manage the day to day operations of the local government;
- liaise with the mayor or president on the local government's affairs and the performance of the local government's functions;
- speak on behalf of the local government if the president agrees;
- be responsible for the employment, management supervision, direction and dismissal of other employees (subject to section 5.37(2) in relation to senior employees);
- ensure that records and documents of the local government are properly kept for the purposes of this Act and any other written law; and
- perform any other function specified or delegated by the local government or imposed under this Act or any other written law as a function to be performed by the CEO.

6. Priority Projects

The Shire of Northam has a significant number and range of priority projects which have been identified through its various planning processes. The priorities have been split into two distinct categories. The first category focusing on projects which will be programmed into the annual budgeting process with revenue for the project either coming entirely from the Council, is already confirmed, or likely to be confirmed by a third party. While the Council reserves the right to make a final determination as to the delivery of these projects during its annual budget process, it can be assumed that the projects will be delivered. The second category identifies projects which are more strategic and aspirational in their nature and are projects that the Council will be endeavouring to focus on and deliver, however will require a significant financial contribution from a third party which has yet to be confirmed. The nature of these projects is that they have significantly more risk in terms of deliverability within identified timeframes than those which identified in category one.

	2020/21	2021/22	2022/23	2023/24
Playground & Open Space Improvements	75,000	75,000	75,000	40,000

7. Organisational Context

a. Project Management

Project management forms an integral part of the management of the Shire of Northam. We are not only committed to focusing on delivering projects within budgets established by Council, but we have a strong focus on delivering projects safely, within established timeframes and which deliver established outcomes.

This will be achieved through a range of initiatives which include:

Training

Staff who are required to manage or contribute to the management of projects will be provided basic project management training through a recognised training provider.

Reporting

Executive Managers will be required to report the progress of major projects to the Chief Executive Officer at agreed timeframes.

Risk Management

Executive Managers will ensure the risk matrix illustrated below is applied.

In order to assess projects and determine the level and complexity of project management required, the following framework will be applied. In many cases, projects will have elements in a number of the project categories (major, project, works). In this circumstance, the classification should reflect a conservative approach, that is, if in doubt projects are to be scaled to the higher level.

i. Project Classification

Criteria	Major Project	Project	Works
Scope of Work	Complex	Defined	Simple/well known
Budget	Above \$250k	Above \$50k to \$250k	Up to \$50k
Timing	> 10 weeks	2 – 10 weeks	Less than 2 weeks

ii. Project Delivery

Criteria	Major Project	Project	Works
Project Planning	Detailed Gantt chart required utilizing MS-Project (or similar). Detailed working or engineering designs and plans required to be signed off prior to commencement by Chief Executive Officer.	Schedule of timeframes required. Detailed working or engineering designs and plans required to be signed off prior to commencement by Executive Manager.	Preliminary planning required. Detailed working or engineering designs and plans may be required generally, but are required for capital road works.
Risk Management	High Risk Complex analysis and mitigation management formalised in writing and registered on project file. Will require the assistance of Regional Risk Co-ordinator. All risks and treatments to be input into 'Promapp' Risk Module	Medium Risk Initial analysis and priority mitigation monitored in project meeting reports. May require the assistance of Regional Risk Co-ordinator at discretion of Executive Manager. All risks identified as being High or Extreme and their treatments to be input into 'Promapp' Risk Module	Low risk Monitored by responsible officer. JSA required or reference to risk register. All risks identified as being Extreme and their treatments to be input into 'Promapp' Risk Module
Range of Personnel, including Sub-Contractors	High level of competence in PM required. Executive Manager to project manage or external project manager appointed with authority of CEO. Project Team to be established, which must include a minimum of two Executive Managers.	Sound level of competence in areas of technical and project management. Generally managed by Senior Officer, Manager or Executive Manager.	Managed by works supervisor, manager, or other member of staff authorised by Executive Manager.
Level of Communications	High - detailed reporting and data management to CEO on fortnightly cycles. Reports to include progress against Gantt Chart and against financial budget.	Weekly reporting to Executive Manager, or as otherwise agreed	Exception reporting to the CEO (i.e. if perceived issue arising).

Criteria	Major Project	Project	Works
Contract (if required)	Consideration to be given to contract development or vetted by legal representative.	Standard Contracts in accordance with WALGA template for single supplier contracts, else refer works schedule requirements.	Purchase Order and standard contracts in accordance with WALGA templates at discretion of Executive Manager.
Authorisation	Formal CEO sign off to commence required after presentation of project planning, may require common seal.	Executive Manager authorization to commence required (may require Council approval for tenders).	Official Council order considered sufficient sign off.
Data Management	All documents, including planning and internal documents required to be registered on file created specifically for project in question. At completion of project, summary of financial outcomes required.	All documents, including planning and internal documents require registration. Reference made to job number or chart of account number established within Synergy for future reference.	Synergy financial system records along with Notes taken and registered in accordance with standard records management practices.
Financial	Specific Chart of Account or Job Number Required. Detailed budgets to be prepared and supporting documentation to be placed on file. Budget should include breakdown by nature and type.	Either specific Chart of Account Number or Job Number required. Planning and other supporting documents to be placed on file.	Either specific Chart of Account Number or Job Number required.
Compliance & Quality Control	Detailed management plans to be developed identifying HOLD points through various stages of the project in accordance with contract specifics	Inspection Test Plans to be developed and implemented identifying HOLD points in accordance with standards and specifications	Basic checklists to be maintained as directed by Executive Manager

iii. Risk Management

Risks should be identified or categorised into one of the following general areas and analysed by determining how they might affect the success of the project. Generally the impact of a risk will realise one or any combination of the following consequences:

- Project outcomes (benefits) are delayed or reduced
- Project output quality is reduced
- Timeframes are extended
- Costs are increased
- Occupational Health & Safety protocols breached

Risk Management Definitions

Term	Definition
Risk	The effect of uncertainty on objectives (may be positive, negative or a deviation from what is expected)
Consequence	Outcome of an event or change in circumstances affecting the achievement of objectives
Likelihood	The chance of something happening
Event	An occurrence or existence of a particular set of circumstances
Hazard	Object or activity which may cause a risk (now referred to as a 'risk source') - interaction with the risk source is required to create a risk
Risk Management	Coordinated activities to direct and control an organisation in regard to risk

Consequence

Level Description	Financial Impacts	Health & Safety	Reputation	Service Interruption	Compliance	Property	Environment
Insignificant (1)	<\$10,000	Medical injuries type	Unsubstantiated, low impact, low profile, or no news item	No material service interruption	No noticeable regulatory or statutory impact	Inconsequential damage.	Contained, reversible impact managed by on site response
Minor (2)	\$10,001 - \$25,000	Lost Time Injury <30 days	Low impact, low news item	Short term temporary interruption – backlog cleared < 1 day	Some temporary non compliances	Localised damage rectified by routine internal procedures	Contained, reversible impact managed by internal response
Medium (3)	\$25,001 - \$250,000	Lost time Injury >30 Days	Substantiated, public embarrassment, moderate impact, moderate news profile	Medium term interruption – backlog cleared by additional resources < 1 week	Short term non-compliance but with significant regulatory requirements imposed	Localised damage requiring external resources to rectify	Contained, reversible impact managed by external agencies
High (4)	\$250,001 - \$650,000	Long term disability / multiple injuries	Substantiated, public embarrassment, high impact news profile, third party actions	Prolonged interruption of services – additional resources; performance affected < 1 month	Non-compliance results in termination of services or imposed penalties	Significant damage requiring internal & external resources to rectify	Uncontained, reversible impact managed by a coordinated response from external agencies
Extreme (5)	> \$650,000	Death or permanent disablement	Substantiated, public embarrassment, very high multiple impacts, high, widespread multiple news profile, third party actions	Indeterminate prolonged interruption of services – non-performance > 1 month	Non-compliance results in litigation, criminal charges or significant damages or penalties	Extensive damage requiring prolonged period of restitution. Complete loss of plant, equipment & building	Uncontained, irreversible impact

Likelihood

Description	Examples	Frequency
Almost Certain (A)	The event is expected to occur	More than once per year
Likely (B)	The event will probably occur	At least once per year
Possible (C)	The event could occur	At least once in five years
Unlikely (D)	The event could occur but probably won't	At least once in ten years
Rare (E)	The event is not expected to occur	Less than once in 20 years

Level of Risk

Consequence / Likelihood	Insignificant (1)	Minor (2)	Medium (3)	Major (4)	Extreme (5)
Almost Certain (5)	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely (4)	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible (3)	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely (2)	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare (1)	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

E EXTREME RISK: Immediate action required by Executive Management

H HIGH RISK: Senior Management attention required

M MODERATE RISK: Management by specific monitoring or response procedures

L LOW RISK: Manage by routine procedures, unlikely to need specific application of resources

Mitigation of risks involves the identification of actions to reduce the likelihood that a threat will occur (preventative action) and/or reduce the impact of a threat that does occur (contingency action). This strategy also involves identifying the stage of the project when the action should be undertaken, either prior to the start of or during the project.

Risk mitigation strategies to reduce the chance that a risk will be realised and/or reduce the seriousness of a risk if it is realised should be developed. Written mitigation strategies will usually only be prepared and/or deployed for projects classified as Major, however mitigation strategies may be prepared for projects and works at the discretion of the Executive Manager.

b. Asset Management Planning

The Shire of Northam adopted an asset management plan in 2013 to cover the following asset classes;

- Property Plant and Equipment
- Land
- Buildings
- Plant and Equipment

Infrastructure

- Roads
- Bridges
- Footpaths and cycleways*
- Drainage*
- Parks, open space and streetscapes
- Other Infrastructure*

Key elements of the plan and are:

- Levels of service – specifies the services and levels of service to be provided by council.
- Future demand – how this will impact on future service delivery and how this is to be met.
- Life cycle management – how Council will manage its existing and future assets to provide the required services
- Financial summary – what funds are required to provide the required services.
- Asset management practices
- Monitoring – how the plan will be monitored to ensure it is meeting Council's objectives.
- Asset management improvement plan

Key Performance Indicator	Calculation	Standards	Current Performance 2020/21	Basic Standard Achieved
Asset consumption ratio (ACR)	Depreciated replacement cost of assets (written down value) divided by current replacement costs of depreciable assets.	Standard is not met if ratio data cannot be identified or ratio is less than 50%. Basic standard is met if ratio data can be identified and ratio is 50% or greater. Advanced standard is met if this ratio is between 60% and 75%.		Yes
Asset sustainability ratio (ASR)	Capital expenditure on replacement or renewal of assets divided by the depreciation expense	Standard is not met if ratio data cannot be identified or ratio is less than 90%. Basic standard is met if ratio data can be calculated and ratio is 90% or greater. Advanced standard is met if this ratio is between 90% and 110%		Yes
Asset renewal funding ratio	Net present value of planned capital expenditure based on current Departmental guidance on renewals over ten years divided by the net present value of the required capital expenditures on renewals over the same period	Standard is not met if ratio data cannot be identified or ratio is less than 75% Basic standard is met if ratio data can be identified and ratio is between 75% and 95%. Advanced standard is met if this ratio is between 95% and 105% and the ASR falls within the range 90% to 110% and ACR falls within the range of 50% to 75%.		Yes

c. Workforce Planning

The role of Local Government is to oversee the delivery of a diverse range of programs, services, facilities and projects for their community. Effective workforce planning is fundamental in meeting the community's needs now and into the future. Achieving the optimum combination of staffing, volunteers and contractors is vital.

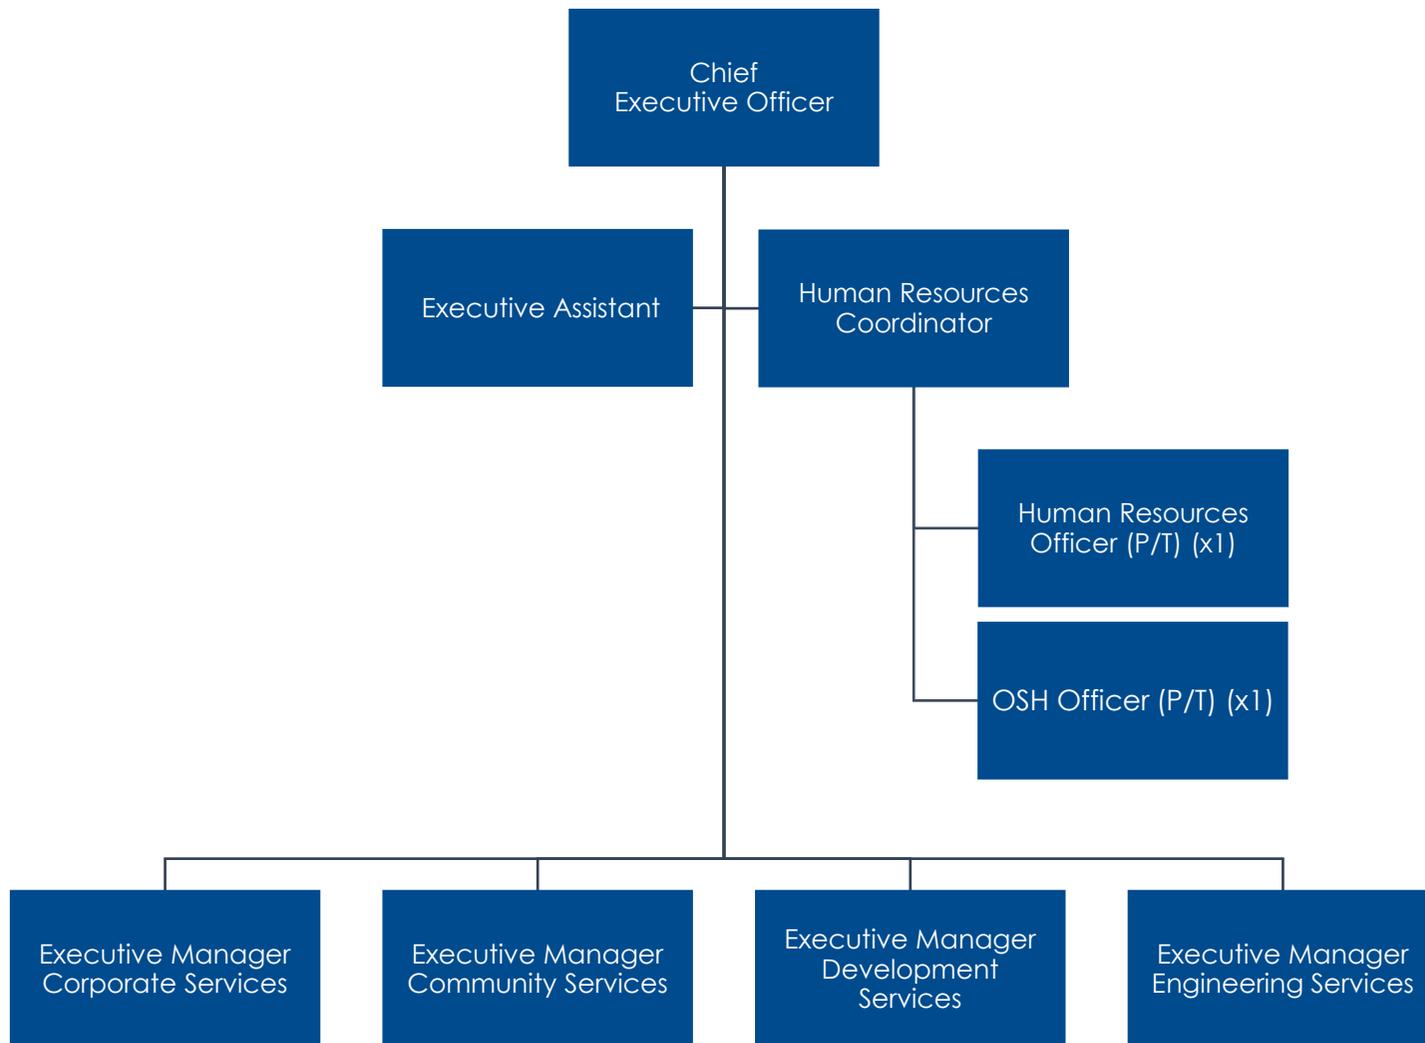

Workforce Planning is a key component of the Integrated Planning and Reporting Framework which was introduced to Western Australian local governments in 2011. The Shire of Northam Workforce Plan 2019-2021 is an informing document to the Shire's Strategic Community Plan, Corporate Business Plan and long term Financial Plan as well as being an output of those plans. It provides a consolidation of workforce requirements and strategies for current and future operations.

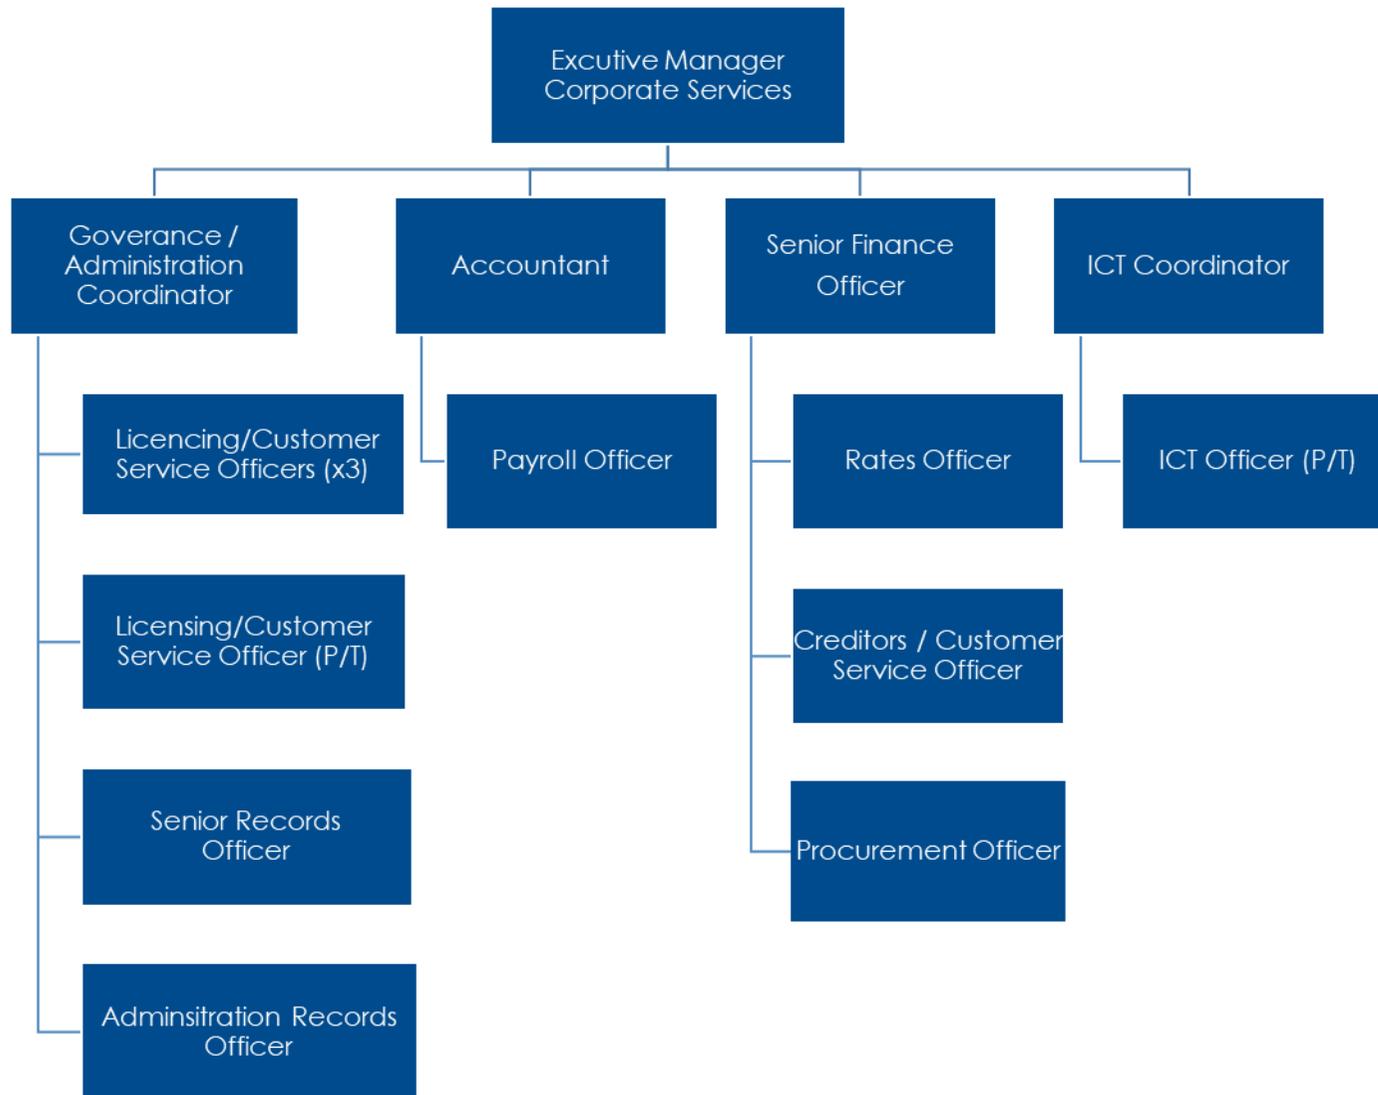

The Workforce Plan identifies a significant review in 2021-2022 to consider efficiencies and innovation to improve the sustainability of the Shire's workforce. This review was intended to set the framework for future structure and recruitment with strategies and accompanying actions aligned with the major reviews of the Strategic Community Plan and Corporate Business Plan. With the onset of the Covid-19 pandemic the organisation has been through significant upheaval and uncertainty. This being the case, a decision on a full organisational review will be made during the 2020/21 financial year.

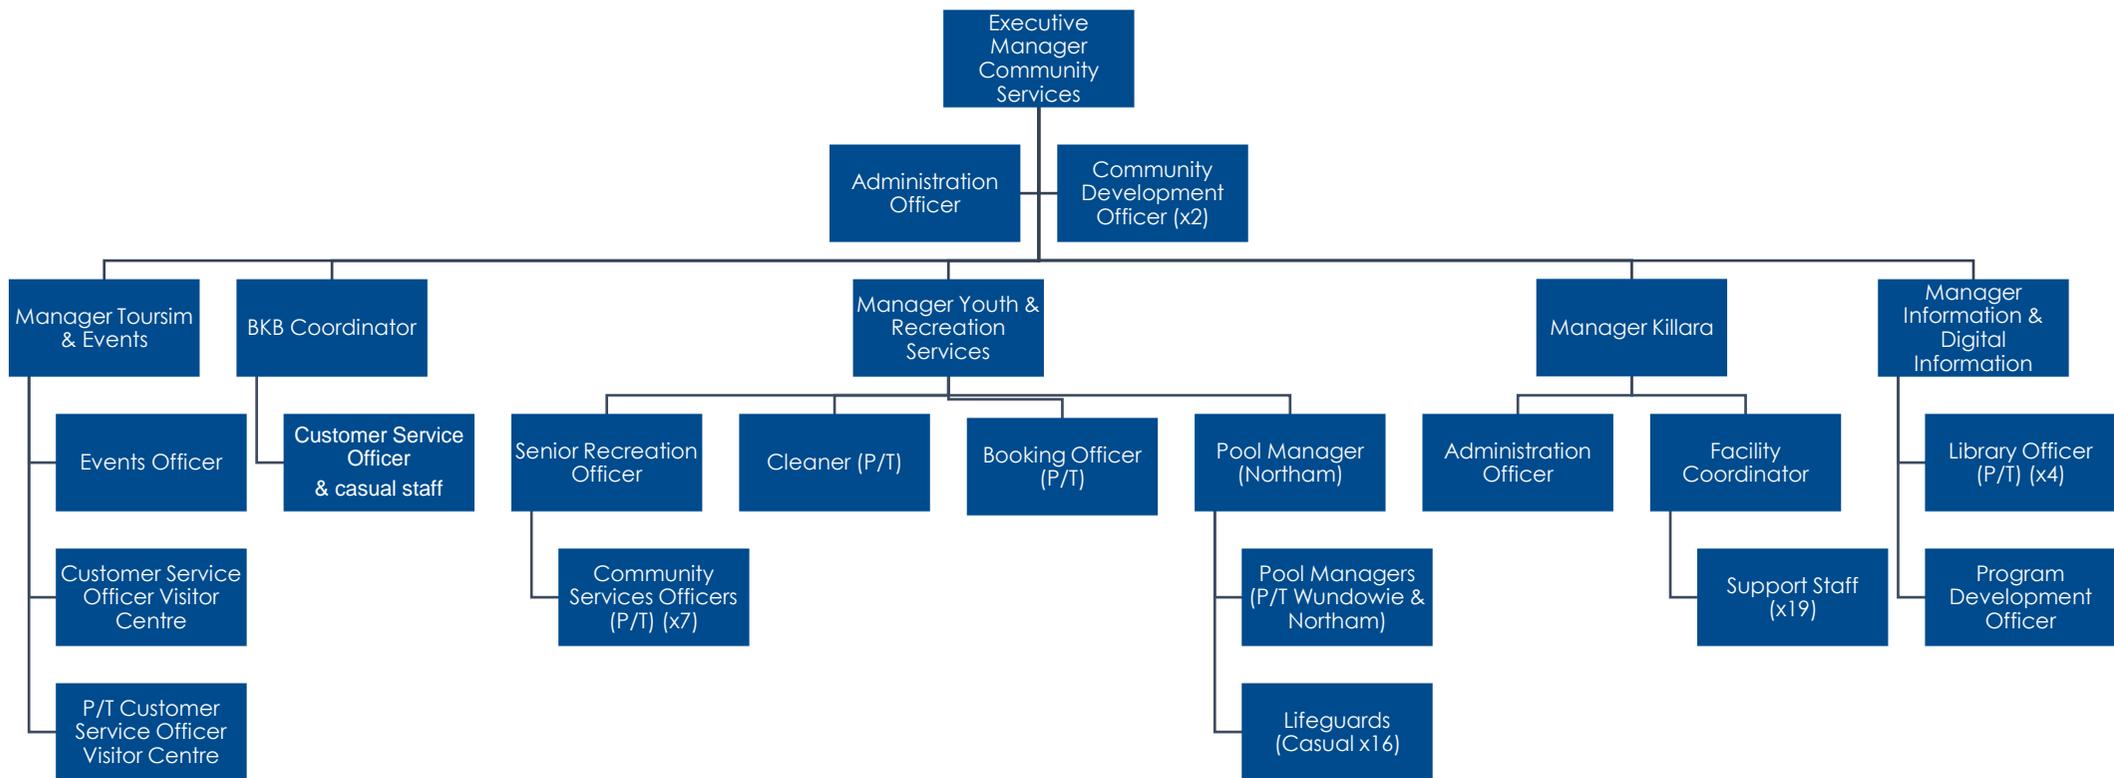

Currently the Workforce Plan will be implemented from 2020/21 and comprises of 10 key strategies. Throughout the life of the Plan the Shire will undertake annual reviews to ensure the Workforce Plan strategies are implemented, monitored and reported against.

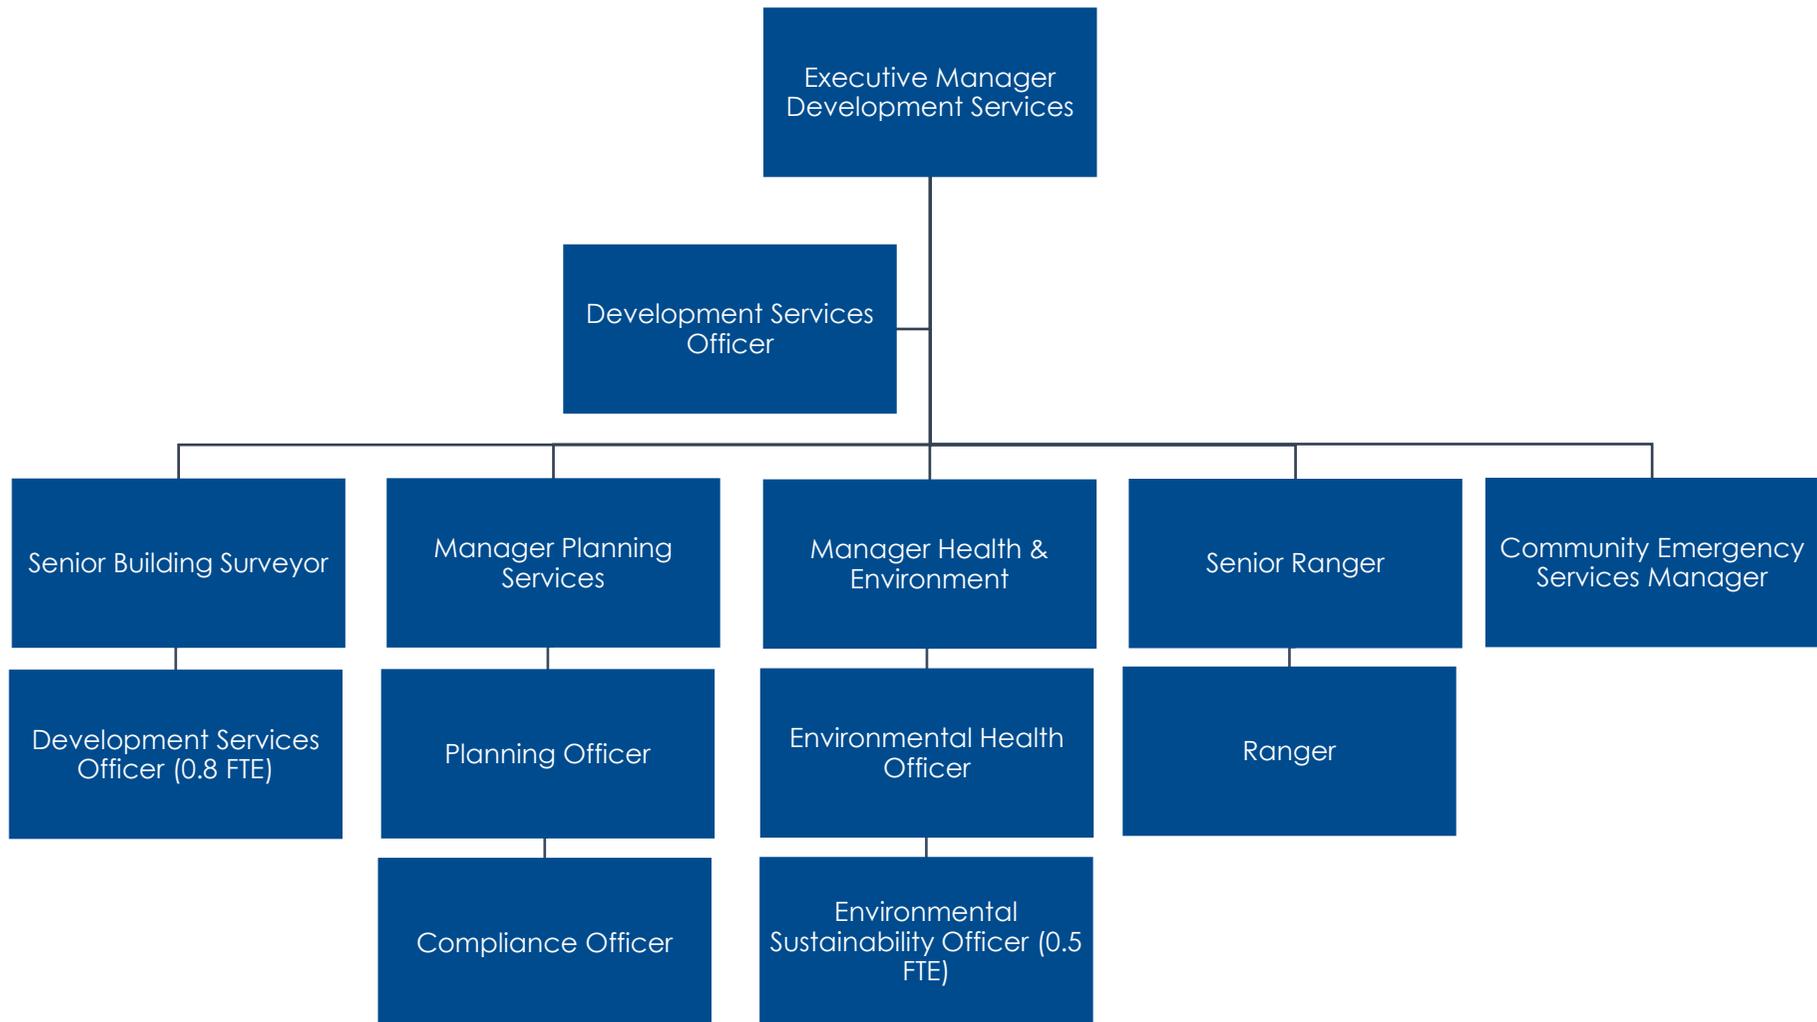

Opportunities for improvement identified within the Plan focus around staff turnover, youth employment, disability employment and organisational training. Implementation of the Workforce Plan will support the Shire in delivering on its Attraction and Retention Strategy which demonstrates why people are attracted to work for the Shire, why they choose to remain employed by the Shire and why they make discretionary efforts in their roles. In doing so it will position the Shire as a sustainable local government authority that achieves excellence through a well-resourced, skilled and effective workforce.

The Shire of Northam has a current long term financial plan which is adjusted annually.

This plan has been prepared to support the strategic planning process for the Shire. The plan addresses the operating and capital needs placed on the Shire over the next 10 years.

The plan is reviewed every 12 months to reflect the prevailing economic conditions and changing community needs placed on the Shire. In compiling this long term plan

consideration has been given to the economic drivers that will influence the future cost of providing facilities and services. The values disclosed in this plan therefore represent estimated future prices and costs.

This long-term strategic financial plan is set against economic uncertainty. The plan addresses operating and capital renewal of the period 2019/20 and concluding in 20/29/30. The changing economic circumstances have meant that projections for growth and therefore community demand as facilities and services are subject to how the Australian and State economies recover from the current position.

This plan represents a financial solution to meeting the competing demands of services and facilities to the community. There are numerous ways that will enable the Shire to achieve its objectives. This plan balances the funding needs of renewal and new infrastructure assets, existing services against rating expectations, reasonable fees, debt\leverage and the use of accumulated funds held in reserve accounts.

The following financial projections have been taken from the Councils Long Term Financial Plan, Developed in the context of the Strategic Community Plan and Corporate Business Plan deliverables.

e. Business Improvement

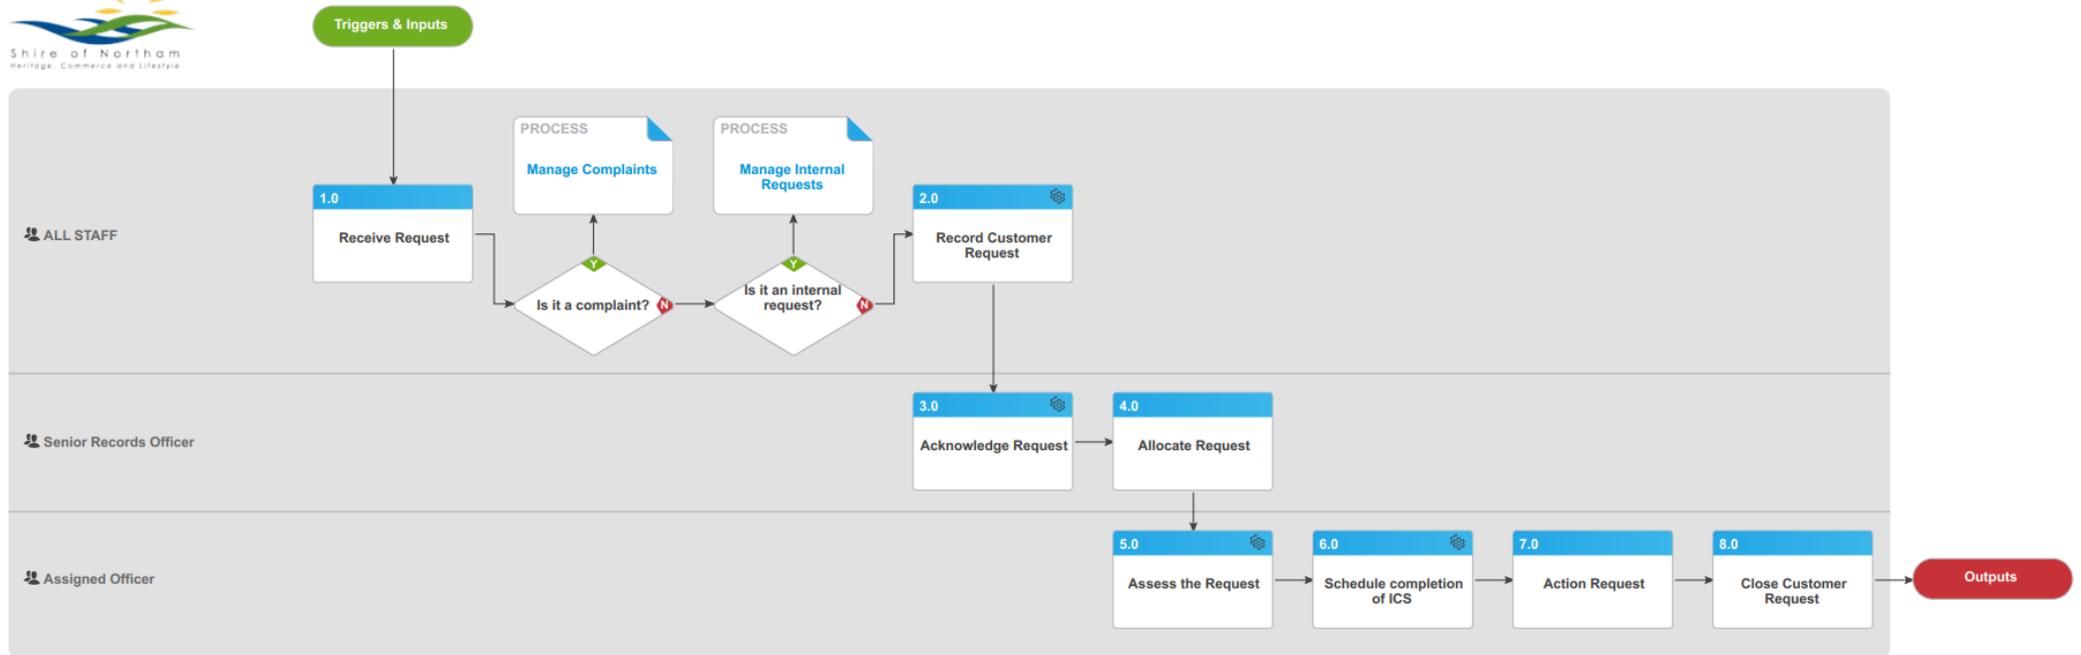

At the Shire of Northam we are committed to improving our internal business processes and interactions with our community and stakeholders. This being the case the Council has embarked on an extensive identification and review of its most critical processes with the view of eliminating wastage and providing value to our customers. This initiative has been underway for the last three years and has resulted in a range of beneficial outcomes and improvements. We have established an internal business improvement team who are our process champions. It is their responsibility to co-ordinate the identification, review and implementation of our most critical organisational business processes.

To date we have identified and mapped 69 of our critical processes and made 409 improvements to these processes and while our initial focus has been on our administration processes we will soon be moving into our more critical operational processes to identify and improve how we deliver our services. The following is a list of our currently identified, mapped and improved processes;

In order to be able to map, monitor and improve our processes we utilise an off the shelf system call Promapp. Promapp allow us to clearly identify our processes making them accessible across our organisation. Critically it also allows us to track our improvements and monitor our staff use of these processes. The following is an example of a process map which we utilise.

8. Monitoring and Reporting

The implementation of the Corporate Business Plan will be monitored monthly and reported corporately on an annual basis through progress of action and project delivery against targets and year to date expenditure against budget. In addition, performance will be monitored and reported against corporate or operational key performance indicators. The tables below outlines the Shire's corporate key performance indicators. Where necessary, additional performance measures will be progressively developed and implemented across the organisation during 2020/21.

As the Corporate Business Plan is integrated with and delivers on the Strategic Community Plan, monitoring and reporting of outcome performance through the strategic key performance indicators is also important in determining the effectiveness of the Shire's services and projects.

All elements of the Corporate Business Plan will be reviewed and amended as required each year prior to the annual budget process. This enables the corresponding year of the Corporate Business Plan and Long Term Financial Plan to accurately inform the annual budget.
