Agenda

Ordinary Council Meeting

21 August 2019

NOTICE PAPER

Ordinary Council Meeting

Wednesday, 21st August 2019

President and Councillors

I inform you that an Ordinary Council meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 21st August at 5:30pm.

A Forum meeting was held in the Council Chambers on **14th August 2019** at 5:30pm to discuss the contents of this agenda.

Yours faithfully

Chadd Hunt
Acting Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

Operational Matters:

Local Government Elections

Every two years, Local Government Elections are held. If you have thought about becoming a Local Government Councillor, and would like to investigate how to do so, you can either contact the Northam Shire Office or the WALGA website for information. You can also contact me, or other Councillors for information on what is involved.

What's on in the Shire of Northam

Having recently hosted a Major event, The Avon Descent Festival and Start, there is still many activities in the Shire of Northam as per our Calendar. One way to see what is coming up, and what may be of interest to you, is by checking our the Shire of Northam Events Page – as per the following link: <https://www.northam.wa.gov.au/events/>

Developments

It is encouraging to see continued Private Investment within the Shire of Northam. Some recently opened new businesses as examples can be seen in the Northam CBD. Other developments around the Shire also continue toward completion.

Strategic Matters:

Major Projects

The Aquatic centre development remains on track for an early 2020 completion date. Each week, there are visible changes and developments showing what work has been completed. Expect to see the new slides soon.

5. PUBLIC QUESTION/STATEMENT TIME

5.1 PUBLIC QUESTIONS

6. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil.

7. RECEIVING OF PETITIONS, PRESENTATIONS AND DEPUTATIONS

7.1 PETITIONS

Nil.

7.2 PRESENTATIONS

Nil.

7.3 DEPUTATIONS

8. APPLICATION FOR LEAVE OF ABSENCE

RECOMMENDATION

That Council grant Cr Pollard leave of absence from 26th August 2019 to 1st November 2019 (inclusive).

9. CONFIRMATION OF MINUTES

9.1 ORDINARY COUNCIL MEETING HELD 17 JULY 2019

RECOMMENDATION

That the minutes of the Ordinary Council meeting held on Wednesday, 17th July 2019 be confirmed as a true and correct record of that meeting, subject to the following amendments:

- Amending the date from 31 January 2019 to 31 January 2020 in Minute No. C.3724, item 1; and
- Amending the word 'trust' to 'superannuation' for Cr S B Pollard's declaration of interest for agenda item 12.3.2.

9.2 NOTES FROM THE COUNCIL FORUM MEETING HELD 14 AUGUST 2019

RECOMMENDATION

That Council receive the notes from the Council Forum meeting held Wednesday, 14th August 2019.

9.3 SPECIAL COUNCIL MEETING HELD 24 JULY 2019

RECOMMENDATION

That the minutes of the Special Council meeting held on Wednesday, 24th July 2019 be confirmed as a true and correct record of that meeting.

Attachment 1

Shire of Northam

Notes

Council Forum Meeting

14 August 2019

DISCLAIMER

These notes are yet to be dealt with by the Council. The minutes of the associated Ordinary Council meeting should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

Council Forum Meeting Notes
14 August 2019

Preface

When the Chief Executive Officer approves these Notes for distribution they are in essence "informal notes."

At the next Ordinary Meeting of Council the Notes will be received, subject to any amendments made by the Council. The "Received" Notes are then signed off by the Presiding Person.

Please refer to the Ordinary Council meeting agenda and minutes for further information and details in relation to the matters and items discussed at the Forum meeting.

Unconfirmed Notes

These notes were approved for distribution on 12 July 2019.

CHADD HUNT
ACTING CHIEF EXECUTIVE OFFICER

Received Notes

These notes were received at an Ordinary Meeting of Council held on 17 July 2019.

Signed:

Note: The Presiding Member at the meeting at which the minutes were confirmed is the person who signs above.

4. ANNOUNCEMENT BY THE PRESIDING MEMBER (WITHOUT DISCUSSION)

There was no clarification sought in relation to this item.

5. PUBLIC QUESTION/STATEMENT TIME

5.1 PUBLIC QUESTIONS

Name: Belinda Bardot.

Summary of Question: There are many properties which are 3 and 5 acres that have more than 30 DSE equivalent. One would assume all of these other properties have approval or do the Shire not even care until they receive complaints? Can the Shire please explain?

Summary of Response: The Acting Chief Executive Officer advised that not all properties are given approval. To inspect all properties within the Shire would be a large task. This is undertaken as queries or complaints are received. It should be noted that approval is not required if there is compliance with the Stocking Rate Guidelines.

Name: Maren Lavery.

Summary of Question: Is the Cat Local Law currently available for public comment/out for review or has this been adopted?

Summary of Response: The Coordinator Governance / Administration advised that the draft local law is currently being advertised seeking public comments. Staff can provide you with a copy or this is available on the Shire's website.

Name: Eamon Grogan – Northam and Districts Motor Cycle Club.

Summary of Question: Raised that the Northam and Districts Motor Cycle Club requested to lease Lots 470 and 471 Great Eastern Highway, has Council give consideration to this?

Summary of Response: The Shire President advised that this forms part of this agenda, Council will make a determination on this at the Ordinary Council Meeting, Officers are recommending a lease for a period of two years to the Northam and Districts Motor Cycle Club.

Council Forum Meeting Notes
14 August 2019

The Acting Chief Executive Officer advised that this period was recommended to allow staff to investigate whether the land was suitable or feasible to be the potential site for the waste facility expansion.

Cr Della left the meeting at 5:40pm and returned at 5:41pm.

6. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil.

7. RECEIVING OF PETITIONS, PRESENTATIONS AND DEPUTATIONS

7.1 PETITIONS

Nil.

7.2 PRESENTATIONS

Nil.

7.3 DEPUTATIONS

Name: Belinda Bardot.

Statement: I would like to make a statement in regards to the Kaufmann application for 30 changeable DSE Approval.

Although I am not a direct neighbour, I am a Northam resident, who has researched livestock within the area.

I would like to ask the shire why there are numerous properties in Bakers Hill, Clackline And Wundowie who have more than 2 horses and other livestock on 3 and 5 acre lots. For example Lot 6 Hyde drive has 3 horses and 1 pony. Lot 15 Hyde drive has 7 ponies.

Also further up Hyde drive on 3 acres there are 3 horses and 2 ponies, which I clearly drive past every day!!!

I would also like to add that I witnessed recently at one of your meetings approval, by all your councillors in Bakers Hill.

For 6 horses and 4 ponies on 5 acres and I believe they had 36 DSE Approval but you went over by 44 DSE Allowing 80 DSE in total on 5 acres.

Council Forum Meeting Notes
14 August 2019

I am by no way against any of these people having these animals, absolutely all for it (EG freedom of choice).

So one Would assume all these other properties have approval??

Or

Do the shire not even care until they receive complaints, I mean a horse is not something you would not notice in a paddock!!!

Can the Shire please explain?

Name: Amy Kauffman.

Statement: To the Shire Council please consider my statement in regards to 12.3.1 request for 30 changeable DSE please take into consideration the Shire has recommended to Council in their notes to only approve 24 DSE which isn't even enough for 2x horse at 10 DSE, 1x pony at 5 DSE we asked for the changeable 30 DSE so in the future we will never need to come back to the council and we can live our lives within the 30 changeable DSE, without adjoining landowner making serval complains for nothing. If we decided to get out of horses in the future and have cattle 1 x male cow is 15 DSE half of the amount the shire recommended ,we are only asking for 30 DSE , as I stated in my conditions we are happy to put irrigation to parts of the paddocks as shown to reach the 30 DSE both paddocks would have irrigation as they both already have running water to each paddock , from my understanding with irrigation to my paddocks it should run at 36 as stated in your previous meeting agenda on the 23rd January 2019 the shire, council approved 6 horses , 4 ponies which is 80 DSE on 5 acres on land at 108 Koojedda Rd Bakers Hill, it is stated in the agenda the Koojedda property is running 44 DSE over the lands ability , how is it om for this to be approved 80 DSE on 5 acres when 44 DSE over , I'm asking for 30 DSE on 5 acres with parts irrigated , I have personally taken the time to get 6 letters for support from serval landowner in regards to the DSE increase , our permit and they are all very supportive and I have provided copies to the council please take this into consideration as it's our lives and future in the Councils hands.

Council Forum Meeting Notes
14 August 2019

The Coordinator Governance / Administration left the meeting at 5:46pm and returned at 5:47pm.

8. APPLICATION FOR LEAVE OF ABSENCE

There was no clarification in relation to this item.

9. CONFIRMATION OF MINUTES

9.1 ORDINARY COUNCIL MEETING HELD 17 JULY 2019

There was no clarification in relation to this item.

9.2 NOTES FROM THE COUNCIL FORUM MEETING HELD 14 AUGUST 2019

There was no clarification in relation to this item.

9.3 SPECIAL COUNCIL MEETING HELD 24 JULY 2019

There was no clarification in relation to this item.

10. ITEMS BROUGHT FORWARD FOR THE CONVENIENCE OF THOSE IN THE PUBLIC GALLERY

The Shire President advised that agenda item 12.3.1 and 12.4.2 would be brought forward.

Cr C R Antonio declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as the neighbour of applicant is a fellow Councillor from the Shire of Northam.

Cr J Proud declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as the Director and wife are both well known to him.

Cr R W Tinetti declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as the neighbour of applicant is a fellow Councillor.

Cr T M Little declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as he knows the applicant and also the Davidson family.

Cr C P Della declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot

Council Forum Meeting Notes
14 August 2019

50 (14) Brown Road, Wundowie as a neighbouring property owner of the applicant is known to him.

Cr A J Mencshelyi declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as the owner of adjacent property is a fellow Councillor.

Cr J E G Williams declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as the neighbour of the applicant, whose wife has lodged a submission and objection to the application is a fellow Councillor.

Cr S B Pollard declared an "Impartiality" interest in item 12.3.1 - Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie as the objector is known to him and wife of a Councillor.

12.3.1 Proposed Fence, Relocation of Access, Increase in DSE & Extension to Private Riding Arena – Lot 50 (14) Brown Road, Wundowie

Clarification was sought in relation to:

- Whether it is the applicant's intention to grow a grass in the irrigated paddocks to help minimise dust. The applicant responded advising they would like to seed the paddocks as this will also help with feeding the horses.
- Is 24 DSE going to be enough for 2 horses and 1 pony. The Manager Planning Services advised that Officers believe this will be sufficient as the DSE calculation can be broken down further by considering the weight of the horses. 1 DSE is equivalent to 50kg and in some cases a horse can weigh as little as 350kg.
- Whether there is consistency across the Shire. The Acting Chief Executive Officer advised that applying the Stocking Rate Guidelines ensures consistency when considering applications of this nature. In terms of all properties complying with these guidelines, as advised in public questions, it is a large task to assess every property within the Shire to ensure compliance.
- If Council resolved to approve 30 DSE what would be the impact. The Acting Chief Executive Officer advised that this would be minimal providing the irrigated area was extended to accommodate for the increased DSE.
- Does the zoning have an impact on the number of DSE, reference was made to the approval mentioned in the Deputation on Koojedd Road (i.e. Rural Smallholding verse Rural Residential). The Manager Planning Services advised that the guidelines have been developed for small

Council Forum Meeting Notes
14 August 2019

- landowners. There are a number of differences between these 2 applications. E.g. being commercial having bore water etc.
- Whether the soil type has an impact on the number of DSE and if the property subject of this application would be difficult to grow grass given it is comprised of mostly gravel. The Manager Planning Services advised that this does have an impact on the assessment and acknowledged it may be difficult to grow, it was also noted that the irrigation is from scheme water.
 - The footing requirements of the fence. The Acting Chief Executive Officer advised that this will be in accordance with the manufacturer's specifications. It was also advised that there is a condition relating to this.

Since the Council Forum, the following requirements were confirmed:

SOIL TYPE	MINIMUM HOLE DEPTH	APPROXIMATE CONCRETE REQUIRED <small>Recommended 20MPa Standard Concrete Mix</small>
Rock	400mm	1 bag per hole (20kg bag)
Clay/Firm Earth	600mm	2 bags per hole (20kg bags)
Sand/Loose Fill	900mm	3 bags per hole (20kg bags)

Three (3) members of the Gallery left the meeting at 5:58pm.

Cr C R Antonio declared an "Impartiality" interest in item 12.4.2 - Lease of Lots 470 and 471 Great Eastern Highway as potential lessees are known to him.

Cr S B Pollard declared an "Impartiality" interest in item 12.4.2 - Lease of Lots 470 and 471 Great Eastern Highway as potential lessees are known to him.

Cr R W Tinetti declared an "Impartiality" interest in item 12.4.2 - Lease of Lots 470 and 471 Great Eastern Highway as he is a patron of the Northam and Districts Motor Cycle Club.

12.4.2 Lease of Lots 470 and 471 Great Eastern Highway

Clarification was sought in relation to:

- The lease fees. The Coordinator Governance / Administration advised that these are yet to be determined.
- Whether the Motor Cycle Club aware that the land is on both sides of the highway. Mr Eamon Grogan confirmed that the Club is aware.
- Whether the rationale for the Motor Cycle Club being recommended can be added to the report. The Coordinator Governance / Administration confirmed this will be added.
- Whether a map of the leased area including the size can be provided. The Acting Chief Executive Officer confirmed this will be added to the agenda.

Council Forum Meeting Notes
14 August 2019

- Whether the other Motor Cycle group are aware of the situation. The Acting Chief Executive Officer advised that they are aware and staff have advised that they are happy to work with them to identify alternative sites however have received no indication at this stage.

One (1) member of the Gallery left the meeting at 6:05pm.

11. REPORTS OF COMMITTEE MEETINGS

Nil.

12. OFFICER REPORTS

12.1 CEO'S Office

12.1.1 Adoption of Draft Policy A8.5 - Consent to Consume Liquor in or on a Council Property (Public Place)

Prior to the meeting it was raised that the reference in the Policy to Liquor Licensing Act needed to be amended to Liquor Control Act. In addition including reference to this legislation under the legislative compliance section of the report. These changes/additions were made within the Ordinary Council meeting agenda.

Clarification was sought in relation to:

- Whether a licence from the Department of Racing Gaming and Liquor (RGL) can override a Council approval in terms of the number of hours granted. The Executive Assistant – CEO advised that RGL require confirmation from the property owner when issuing licences and would not issue this for a period longer than what is granted by the property owner.
- If an application was made for greater hours, the process that would take place. The CEO would not approve greater than the hours permitted under the policy, the application would need to be referred to Council. It was raised the timelines of this process however was advised that most groups know in advance what timeframes they are proposing as this is required for licence requirements if applicable.

12.2 ENGINEERING SERVICES

Nil.

Council Forum Meeting Notes
14 August 2019

12.3 DEVELOPMENT SERVICES

12.3.2 Proposed Scheme Amendment No. 15 to Shire of Northam Local Planning Scheme No. 6 – Lot 1343 (503) Northam-Pithara Rd, Irishtown

Clarification was sought in relation to:

- Whether consultation is required. The Manager Planning Services advised that this is not required as it is a basic amendment. It was further queried whether Council's advertising policy has any bearing. Since the Council Forum Meeting it was confirmed that clause 5.16. of LPP20 exempts basic amendments from the advertising requirements.
- The special control area removal. The Manager Planning Services advised that this is correcting an administrative error. It was advised if it was amending the scheme to apply the special control area it would require a major scheme amendment.

Cr C R Antonio declared an "Impartiality" interest in item 12.3.3 - Permanent Closure of Pedestrian Access Way – Laneway 25, 55 Throssell Street, Northam as the applicant Neil James is well known to him.

Cr S B Pollard declared an "Impartiality" interest in item 12.3.3 - Permanent Closure of Pedestrian Access Way – Laneway 25, 55 Throssell Street, Northam as Mr James (applicant) and Mrs Crisp (neighbour) are known to him.

12.3.3 Permanent Closure of Pedestrian Access Way – Laneway 25, 55 Throssell Street, Northam

Clarification was sought in relation to:

- Whether the land was excised from one property owner and is being amalgamated back to this property? The Acting Chief Executive Officer advised that is the case however it is not being amalgamated with the property originally excised from. Correspondence was sent to the landowners with only one response being received indicating interest.
- Whether there is payment associated. The Acting Chief Executive Officer advised that it is Crown land and is being purchased.
- Whether it is required for the adjoining subdivision. The Acting Chief Executive Officer advised that this is not required.
- Whether there are any services. The Acting Chief Executive Officer advised that there are no services. Reference was made to page 72 of the Forum agenda.

12.3.4 Proposed Local Planning Policy No. 26 – Container Deposit Infrastructure

Clarification was sought in relation to:

Council Forum Meeting Notes
14 August 2019

- The total footprint calculation in 2.17 of the policy. The Acting Chief Executive Officer advised that this would be corrected.
- Whether they would be privately owned. The Acting Chief Executive Officer advised that this is recommended. A meeting is scheduled with them in the coming weeks.

12.4 CORPORATE SERVICES

12.4.1 Accounts & Statements of Accounts – July 2019

There was no clarification sought in relation to this item.

12.5 COMMUNITY SERVICES

Cr C R Antonio declared an "Impartiality" interest in item 12.5.1 - Adoption of Grass Valley Community Plan as he is a member of Grass Valley Progress Association.

12.5.1 Adoption of Grass Valley Community Plan

Prior to the Forum meeting a query was raised in relation to the BBQ costs being listed as \$40,000. The Executive Manager Community Services clarified that the costs listed are for the installation of BBQ facilities, which could include the BBQ, concrete pad, running power to the site, and a shelter over the BBQ. These costs are based on estimates from Engineering Services and allowing for the total possible. As it is proposed for the 20/21 financial year, some allowance for price increases has been included. A more definitive cost will be available once the exact requirements of the BBQ site are known.

A typographical error was also raised for the 'foreword' title.

Clarification was sought in relation to the historical signage and whether all of the locations have been identified. The Acting Chief Executive Officer advised that it is believed that all sites are identified. A meeting was recently held with a representative from the Progress Association and Councils Planning Officer to review the sites listed.

Local Emergency Management Committee Meeting Minutes
15 August 2019

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

4. CONFIRMATION OF MINUTES

4.1 COMMITTEE MEETING HELD 21 MARCH 2019

RECOMMENDATION / COMMITTEE DECISION

Minute No: LEMC.44

Moved: Mr David Hornsby

Seconded: Mr Chadd Hunt

That the minutes of the Local Emergency Management Committee meeting held 21 March 2019 be confirmed as a true and correct record of that meeting.

CARRIED 9/0

5. COMMITTEE REPORTS

5.1 AGENCY REPORTS AND ISG ACTIVATIONS

For the committee to receive reports from agencies and discuss any issues on any emergencies that occurred since the previous meeting held on 20 September 2018.

Agencies listed may include: Shire of Northam Bush Fire Brigades, Northam SES, Northam Police, Wundowie Police, DFES, and Northam Hospital.

The Shire of Northam's Agency Report has been provided as Attachment 1.

The State Emergency Services Report has been provided as Attachment 2.

The District Emergency Service Officer – Wheatbelt report has been provide as Attachment 4.

DISCUSSION

Mr Brendon Rutter, Shire of Northam provided an overview of the report provided as Attachment 1. Clarification was sought in relation to whether there are any follow up/consequences afterwards. It was advised that insurance companies are undertaking their own investigation however there is nothing further from an emergency management perspective. The organisation is now operating under the licence issued by Department of Water and Environmental Regulation.

Local Emergency Management Committee Meeting Minutes
15 August 2019

Mr Brad Slater, Department of Fire & Emergency Services provided a report which has been provided as Attachment 3.

Ms Bronwyn Peter, Northam Regional Hospital provided an update in relation to the hospital redevelopment which is estimated to be completed by the end of 2019.

Mr David Hornsby, WA Police advised that the Northam Police Station will be subject to more renovations. Apart from the usual road accidents it has been business as usual.

Chadd Hunt, Shire of Northam advised that the Resource to Risk process for the Bush Fire Brigades has now been completed which will result in some units being reallocated to brigades, including the 2 new brigades in Northam and Wundowie.

Local Emergency Management Committee Meeting Minutes
15 August 2019

Attachment 1

2018/2019 Bush Fire Season

The 2018/2019 fire season finally came to a close with the Horton Rd Fire back in May.

The Horton Rd fire was a very prolonged and complex incident and one that burnt with such ferocity the fire ground resembled something you would expect to find during January/February. The fire behaviour was extremely erratic and serves best as a stark reminder that our seasons are getting longer and even though the weather, may be changing the prolonged dry conditions mean that fires of this magnitude have the potential to occur very late in the season, something we must be extremely mindful of as we head into the permit season following the prohibited burning period.

It is important to acknowledge all the volunteers who attended the Horton Rd fire but in particular the Inkpen & Bakers Hill members who maintained a consistent presence on the fire ground for 72 hrs post incident to monitor and deal with any re-occurring hot spots.

Fires such as this highlight how quickly we can be caught off guard, to have a level 2 incident in late May is not what most would expect however it is fast becoming a harsh reality of our changing climate.

For 5 days post fire the our Volunteer Chief Bush Fire Control Officer, the Deputy Chief and myself worked with the owners of the mulching facility to develop a strategy to initiate a controlled process for full extinguishment of over 30,000 cubic mtrs of mulch products at various stages of processing. Once restorative works were under way I would attend the site each day to liaise with the property owners and their staff, and in conjunction with ongoing advice from DWER and continuing air quality monitoring throughout the recovery works the site was able to be restored to normal operations.

The owner of the property tasked all of his staff each day to operate 5 x front end loaders, 2 x back hoes, and 3 x water carts that worked consistently to extinguish the mulch piles. There was approx. 800,000 ltrs of water used each day to achieve total extinguishment. Total size of this fire was 272 Ha and during the peak of the incident there was over 50 appliances and 175 personnel involved in fighting the fire.

The incident was finally declared closed by myself on Friday May 31st at midday

16 days after the fire started, the total loss to the business owner as a result of this fire is an estimated \$500,000 with an estimated \$10,000 - \$15,000 per day for the recovery operation.

Local Emergency Management Committee Meeting Minutes
15 August 2019

The Fire investigations team had attended the incident and identified the point of ignition was on a neighbouring property, the cause is still being investigated however preliminary advice is that the cause is not suspicious.

Thankfully our season was once again relatively quiet with a total of 78 incidents within the Shire of Northam for the financial year.

Local Emergency Management Committee Meeting Minutes
15 August 2019

Attachment 2

April

- Saw a number of requests for assistance in relation to storm damage and water damage, in most cases we have the ever continuing issues of blocked gutters, the only major fatality was a new house losing the entire roof the size of the task resulted in Toodyay SES assisting Northam.
- One business also had a sign come loose; this was a simple task off fastening it back before it blew away.
- We were also activated our water bomber reloading team to help with fire support

A regular and constant Request For Assistance we receive from public is water damage, where blocked gutters rate high as the main cause, structural damage caused by storms and wind are few,

Whilst we are forever advertising for all to be safe lack of maintenance is the main problem.

June

- Saw providing Fire support at a structural fire in Northam and was also asked to assist at a structural fire in York, with the assistance of York SES the job was attended too.
- We also attended to a storm damage call in Northam it is interesting to note that the callout was due to blocked gutters and water damage

July

- We received a call on a Sunday night to assist Toodyay SES in a land search for a missing person; the positive outcome was the person was found in the late hours of the night.

Unit members continue with regular training as the season is soon upon us we are now looking at reviewing our skills in Water Bomber reloading, ensuring all equipment is ready for use.

We have over the last couple of month said farewell to some members but we are happy to say the we have welcomed to the team new members.

Government of Western Australia
Department of Fire & Emergency Services

DEMA Report - Brad Slater

LEMC Meeting - SHIRE OF NORTHAM - 15/08/2019

Local Risk Plan - Current Status:

- Local Risk Project – Hazards risk assessed; report to be finalised for sending through to DFES Risk, Capability and Analysis branch.

Local Emergency Management Arrangements - Current Status:

- LEMA review completed and noted by SEMC; next review due 06/12/2021.

Schedule of Exercising:

- Hazard – TBC 1st quarter.
 - Discussion – 2nd quarter.
 - Functional – 3rd quarter.
 - Field – 4th quarter.

Funding Applications / Status:

- Nil to report.

Feedback from previous DEMC Meetings:

- Nil to report.

Upcoming Events / General Comments:

- Am looking at visits to several LG within Wheatbelt DEMC to follow up on high priority tasks.
- DFES RDC phone number – to be included in LEMA **1800 966 077**

Projects involving LG/LEMC:

- Regional Risk register – working with Supt. Sadler and DFES Strategy and Emergency Management command staff to establish a regional risk register. Regional AO's/DO's assisting.

Priorities for next quarter:

- Following up with tasking as per priority list.

District Emergency Services Officer – Wheatbelt Update: August 2019

The Local Emergency Management Plan for the Provision of Welfare Support (LWP) have been updated with details that have been provided to me. The new plans will be renamed as the Local Emergency Welfare Plan (LEWP) once the New State Welfare Plan has been endorsed by SEMC. Once completed they will be sent out to each of the Local Governments they refer to and will be tabled at the next available LEMC.

If any there are any changes to contact details or suppliers within your Shire please send them through to joanne.spadaccini@communities.wa.gov.au and they will be updated in the new version.

Department of Communities - Wheatbelt District - Contact arrangement for welfare support in emergencies.

In an emergency, if welfare support services are required during business hours, please contact the Department of Communities office listed in your LWP or after hours contact Crisis Care on 1800 199 008 to activate Communities.

During business hours the District Emergency Services Officer is contactable for non-activation enquiries on 0429 102 614, but as they are often on the road and out of phone service range, please leave a message or in the event of an emergency please contact your local office as your first point of contact. After business hours please contact Crisis Care as your first point of contact.

2019 Training and Exercises

Welfare Centre Management training has commenced with sessions planned for August in the Eastern Wheatbelt. Further sessions will be completed in late September and October and I am looking for Local Governments that are happy to host a session (provide the venue). Neighbouring Local Governments will be invited to each session as it allows them to have as many people trained as possible without having them all go to one session.

The purpose of this training is to inform Department of Communities, Local Government staff and key stakeholders on the operation of a Welfare Centre in the case of an activation within the Shire.

Topics discussed include:

- Department's mandated responsibility to coordinate welfare services during an emergency.
- Outline the services provided by the Department of Communities and our key stakeholders.
- How to setup the welfare centre and deliver services to the affected community.
- The Department's role in Recovery and services provided.

This training is very important for all staff, as you may be called upon in an emergency to provide assistance to evacuees.

If you would like any further information please call my mobile 0429 102 614 or email me joanne.spadaccini@communities.wa.gov.au.

Kind regards

Jo Spadaccini
District Emergency Services Officer - Wheatbelt

Local Emergency Management Committee Meeting Minutes
15 August 2019

Government of Western Australia
Department of Communities

Invitation

Jo Spadaccini from the Department of Communities invites you to attend.

Welfare Centre Management (Welfare Support)

Date: Tuesday 3rd September, 2019

Time: 9:30am – 12:30pm

Venue: Northam Recreation Centre
Henry St Oval, Northam

The purpose of this training is to inform Department of Communities, Local Government staff and key stakeholders on the operation of a Welfare Centre in the case of an activation within the Shire. Topics discussed include:

- Department's mandated responsibility to coordinate welfare services during an emergency.
- Outline the services provided by the Department of Communities and our key stakeholders
- How to setup the welfare centre and deliver services to the affected community
- The Department's role in Recovery and services provided.

This training is very important for all staff, as you may be called upon in an emergency to provide assistance to evacuees.

The Department for Communities is mandated by the Emergency Management Act 2005 as the agency to coordinate the provision of Welfare Support for all emergencies state-wide as referred to in the State Emergency Welfare Plan. Look forward to seeing you there

RSVP: By email - 26th August, 2019

If you would like any further information on this training opportunity please email me at joanne.spadaccini@communities.wa.gov.au

Local Emergency Management Committee Meeting Minutes
15 August 2019

5.2 UPDATES / ITEMS FOR DISCUSSION FROM MEMBERS

5.2.1 LEMC EXERCISE

The purpose of this discussion is to gauge what each organisation hopes to test from the exercise.

DISCUSSION

The Committee discussed the type of incident to do for the exercise. As there was a recent real-life bush fire incident it was agreed to do something different to this. Discussion was held around incidents that could include mass casualties such as a hot air balloon or tourist bus.

It was discussed that the incident could occur on 9th November and the next LEMC meeting could be held on 14th November 2019 to allow for a debrief to take place.

Discussion was held around forming a working group to assist with this process.

Mr David Hornsby suggested having a standing agenda item where scenarios are suggested to allow for a desktop type exercise to be undertaken at each meeting.

RECOMMENDATION / COMMITTEE DECISION

Minute No: LEMC.45

Moved: Mr David Hornsby

Seconded: Mr Neil Robertson

That Council:

- 1. Hold a Local Emergency Management Committee (LEMC) Exercise for a 'Hot Air Balloon Incident' on 9 November 2019;**
- 2. Hold a Local Emergency Management Committee Meeting on 14 November 2019 to debrief the incident exercise.**
- 3. Form a working group to coordinate the LEMC exercise consisting of:**
 - a. Darryl Crammar or a representative from Department of Fire and Emergency Services;**
 - b. David Hornsby, WA Police;**
 - c. Brendon Rutter, Shire of Northam; and**
 - d. Neil Robertson, St John Ambulance.**

12. OFFICER REPORTS

12.1 CEO'S Office

12.1.1 Adoption of Draft Policy A 8.5 - Consent to Consume Liquor in or on a Council Property (Public Place)

Address:	N/A
Owner:	Shire of Northam
Applicant:	Shire of Northam
File Reference:	2.3.1.2
Reporting Officer:	Alysha McCall Executive Assistant – CEO
Responsible Officer:	Jason Whiteaker Chief Executive Officer
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to consider adopting draft policy A 8.5 - Consent to Consume Liquor in or on a Council Property (Public Place) which has been developed to provide guidance with respect to considering applications to consume alcohol on Council premises.

ATTACHMENTS

- Attachment 1: Draft Policy.
Attachment 2: Submission received by Federal Football Club.

A. BACKGROUND / DETAILS

The Chief Executive Officer considers a large number of applications to consume alcohol on Council's property each year, with 58 applications being received and approved in 2018/19.

Approving this application is currently at the discretion of the Chief Executive Officer and therefore this policy has been developed to provide some guidance and also ensure that patrons are consuming alcohol responsibly on the Shire of Northam's property.

The Department of Sport & Recreation have a policy on the consumption of alcohol at sporting events - <https://www.dsr.wa.gov.au/support-and-advice/research-and-policies/policies/alcohol-and-community-sport>

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Governance and Leadership.

Outcome: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

Objective: Effective and efficient two-way communication between the Shire of Northam and stakeholders.

Outcome: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation

Objective: Implement systems and processes which deliver quality outcomes for our community.

Objective: Encourage active community participation in our local government.

Outcome: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

Objective: Develop clear policy settings to guide our organisation and community.

B.2 Financial / Resource Implications

Nil.

B.3 Legislative Compliance

The Liquor Control Act 1988 provides the legislative framework for the liquor licensing authority, comprising the Director of Liquor Licensing and the Liquor Commission, to regulate the sale, supply and consumption of liquor in Western Australia. Section 5(1) identifies the Act's primary objects as to:

- Regulate the sale, supply and consumption of liquor; and
- Minimise harm or ill-health caused to people, or any group of people, due to the use of liquor; and
- Cater for the requirements of consumers for liquor and related services, with regard to the proper development of the liquor industry, the tourism industry and other hospitality industries in the State.

This legislation is relevant to the proposed policy as in some instances liquor licensing may be required when consuming liquor on the Council's property. It is illegal for any person to consume alcohol on unlicensed premises (e.g. a council facility) without the consent of the owner or authority in control of those premises. This policy provides guidance to the

CEO when considering requests to consume alcohol on Council's property whilst recognising the legislative requirements and framework in place.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

The draft policy was circulated to sporting clubs who are the most frequent groups which request this approval. Feedback was requested by close of business, 9th July 2019. One (1) submission was received on 1st August 2019 from Federal Football Club and has been included as Attachment 2.

In the submission receive it outlines concerns in relation to the maximum time limits for approvals and the impact this would have on their fundraising activities.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Nil	Nil	N/A
Health & Safety	Alcohol consumption at Council facility not regulated resulting in injury or damage to property	Moderate (9)	Implementing the recommended Policy
Reputation	Alcohol consumption at Council facility not regulated resulting in injury or damage to property which attracts community and media attention	Moderate (6)	Implementing the recommended Policy
Service Interruption	Nil		
Compliance	Nil

C. OFFICER'S COMMENT

Council held a workshop to review the draft policy in May 2019. The outcomes of that workshop have been incorporated into the draft recommended Policy.

RECOMMENDATION

That Council adopt Draft Policy A 8.5 - Consent to Consume Liquor in or on a Council Property (Public Place).

Attachment 1

GOVERNANCE

A 8.5 Consent to Consume Liquor in or on a Council Property (Public Place)

<i>Responsible Department</i>	CEO Office
<i>Resolution Number</i>	TBC
<i>Resolution Date</i>	TBC
<i>Next Scheduled Review</i>	TBC
<i>Related Shire Documents</i>	Nil.
<i>Related Legislation</i>	<i>Liquor Control Act (1988)</i>

OBJECTIVE

To provide guidance with respect to considering applications to consume alcohol on Council premises.

SCOPE

It is illegal for:

- Any person to consume alcohol on unlicensed premises (e.g. a council facility) without the consent of the owner or authority in control of those premises; and
- It is illegal to sell alcohol from a Council premises without first obtaining a licence from the Department of Racing, Gaming and Liquor or the Northam Court House to licence the premise (e.g. at a function or party).

The applicant is responsible for:

- Obtaining any required approvals associated with the selling of alcohol under the Liquor **Control** Act (1988) and complying with any associated conditions;
- Ensuring that any person/s selling or providing alcohol must hold a valid Responsible Service of Alcohol (RSA) certificate (if applicable);
- The care of property and the wellbeing of people using the area within the specified time;
- Controlling any antisocial behaviour by people attending the function;
- Ensuring that non-alcoholic drinks are available to all persons at the event or function;
- Ensuring that food is available to patrons as required under this policy; and
- Producing the approval from the Shire of Northam and appropriate licence from Department of Racing, Gaming and Liquor (if applicable) on request to a Shire of Northam Employee or Police Officer.

Note: Consent given by the Shire of Northam is just that and does not replace the requirement to apply for the necessary Liquor Licence from the Department of Racing, Gaming and Liquor or the Northam Court House.

Definitions

Function means a gathering, occasion or event (including a sporting contest, show, exhibition, trade or other fair, or reception) at which it is proposed that liquor be sold or supplied to those present.

POLICY

1. The timeframe required for the licensing authority to process the application before the commencement of the event depends on the number of people anticipated to attend. Please refer to the table below:

Number of Persons	Lodge no later than:
Up to 250 people	7 days
Between 251 and 1,000	14 days
Over 5,000	60 days

Exemptions for Late Applications

The Chief Executive Officer may only issue an exemption should Officers have the capacity to process the application and/or be due to extenuating circumstances (e.g. wake etc.).

2. Where alcohol is being sold or provided as part of a ticket, an Occasional Liquor Licence is required to be obtained. The applicant must apply directly to the Department of Racing Gaming and Liquor (not the Northam Court House) when the number of patrons attending the event or function exceeds 200 persons.
3. The Chief Executive Officer may provide consent for the consumption of alcohol for a maximum time limit of:
 - 3.1. Two (2) hours with no food being required;
 - 3.2. Two (2) to five (5) hours subject to sufficient food being made available for free or for purchase or being made available through purchase of a ticket;
 - 3.3. Five (5) to eight (8) hours subject to:
 - 3.3.1. Sufficient food being available for purchase throughout the duration of the alcohol consumption or sale period; and/or
 - 3.3.2. Free finger food is to be provided; or
 - 3.3.3. A main meal is provided at no cost to the guest and/or as part of a ticket sale.

Note: Sufficient food is determined to be canteen snacks foods, takeaway foods, sausage sizzles, finger foods, grazing plates or similar.

4. Free potable drinking water is to be provided at all times during the event or function. One (1) station must be provided per two hundred (200) patrons and a station within each restricted area.
5. Once consent to consume alcohol on a Council premises has been approved, the Shire of Northam is to provide notification to the WA Police with the details of the consent (who consent been issued to, the event/function and associated date, time and location).
6. Consumption of alcohol must cease by 11:30pm for any given event or function. The event or function must cease by midnight and the premises must be cleaned and vacated by 1:00am.
7. Prior to gaining the Shire's consent for the sale or service of alcohol at an event or function, the organiser must agree with the following provisions:
 - 7.1. Certification
 - 7.1.1. Any person/s selling or providing alcohol must hold a valid Responsible Service of Alcohol (RSA) certificate (if applicable).
 - 7.1.2. All security/crowd control personnel are required to be licenced operators (if applicable).

These persons must be in attendance at all times during the event.
 - 7.2. Security / Crowd Control
 - 7.2.1 Provide information in relation to how the crowd will be managed and controlled at the event or function (e.g. the practices to be used).
 - 7.3. Enclosures
 - 7.3.1 The designated area for the sale and associated consumption of alcohol at an event must be fully enclosed by a fence or other barrier approved by the local government. All emergency exits must be signed and the exits and entrances must be manned by at least one Crowd Controller (if applicable). It is illegal to consume alcohol outside of a designated area.
8. An application will not be considered if the proposal is likely to have a significant potential impact upon the amenity of an area or affect neighbouring properties. A significant potential impact includes circumstances in which if the application were granted:
 - Undue offence, annoyance, disturbance or inconvenience to persons who reside or work in the vicinity, or to persons in or travelling to or from an existing or proposed place of public worship, hospital, child care premises or school, would be likely to occur; or
 - The amenity, quiet or good order of the locality in which the premises or the proposed premises are, or are to be, situated would in some other manner be lessened.

9. The Shire reserves the right to close the venue, property or public place at any time an officer of the Shire (or at the direction of police), deems that the safety or security of the facility or persons within or in the precinct of the facility may be compromised. In such case there will be no refund of hire fees unless the hirer can show that such action causing closure did not come about as an act of the hirer or any patron of the hirer. Bond provisions or fees may also apply for any littering or damage to the Shire's property.

Federal Football Club

PO Box 262

Northam WA 6401

ABN: 71 463 784 986

federalfootballclub@gmail.com

The Federal Football Club recognises the importance of ensuring that players, members and visitors, when consuming alcohol on club premises or during club functions, do so in a legal and responsible manner. We appreciate and commend the Shire of Northam for introducing the Consent to Consume Liquor in or on a Council Property (Public Place) Policy.

As you are aware, we are a local football club run by volunteers and rely on the support of sponsors and funding to keep the club running. With the current economic environment it is becoming increasingly difficult for local businesses to either provide sponsorship or are limited in the amount they are able to offer. Therefore we are relying more and more on income brought in from game days and social functions.

Income from game days is raised through our Canteen, Gate Entry Fee and Bar sales. We only host 7 games per season, 8 depending on finals allocation. Our other major fundraising is through two social events we hold during the year, one of these being the end of year presentation night held at the end of the season in September.

We do have concerns with Point 3 "The CEO may provide consent for the consumption of alcohol for a maximum time limits" and how this may affect how we run the Club and how it will affect our profits going forward. Recently the maximum time limit has been set at 5 hrs or 5 ½ hr at a push. Basically to make the most profit from Bar sales on game days, we need to be able to open at 1pm and closed at 8.30pm after completion of game awards held at the end of each game.

During the game, football supporters from both clubs use the Bar. From 5pm onwards, after final game, the bar patrons are generally only our football players and their families. During the game we have Canteen open providing a variety of food options for supporters and after the game finger foods and food platters are provided, in the Hospitality Room, for all attendees to access free of charge. Policy points 3.3.1, 3.3.2 and 3.3.3 are therefore all adhered to during this time slot.

As previously mentioned, we also like to hold our presentation night in the Hospitality Room as it is a great venue and very convenient for us. Currently presentation night takes the form of player award presentations, followed by medal count, going round by round through the votes as well as having to fit in our main meal within the presentations and time at the end of the night for some dancing. As you can appreciate to be able to fit all this in we generally need to start this event early to fit this all in which would require consent for alcohol consumption for a minimum of 6hrs.

The Federal Football Club is very proud of their excellent record while hiring Council premises and always ensure premises are left tidy and equipment packed away after each event. We believe each application should be made on a case-by-case assessment.

If you have any further questions, please do not hesitate to contact the Club – federalfootballclub@gmail.com

We appreciate your consideration on this matter

BRIEF

An application for development approval has been received from the owners of Lot 50 (14) Brown Road, Wundowie to:

- Extend the 1.8m high internal colourbond privacy fence;
- Relocate the existing access to a more central location on the property;
- Increase the DSE to 30 to provide flexibility in keeping of stock on the property; and
- Extend the private riding arena to increase safety for riders.

The application was advertised to surrounding landowners for comment with one submission of support and one submission of objection being received.

An assessment of the proposal and the issues raised in the submissions has been carried out, with the application being recommended for conditional approval.

ATTACHMENTS

- Attachment 1: Site Plan

- Attachment 3: Schedule of Submissions
- Attachment 4: Submissions (provided as a separate confidential attachment)
- Attachment 5: DSE Calculation Plan

Attachment 6: Letters of Support (provided as a separate confidential attachment)

A. BACKGROUND / DETAILS

Background

Council at its Ordinary Meeting on 20 September 2017 resolved to approve an application for retrospective development approval to keep two (2) horses on lot and erect 1.8m high colourbond privacy fencing, subject to a number of conditions.

The Applicant applied to amend the existing development approval to enable a 3rd horse (specifically a Shetland pony) to be kept on the property. This application was refused by Council at its Ordinary Meeting held on 21 November 2018 for the following reason: *“Council formed a view that the current development application conditions are adequate and the additional animal would exceed the capacity of the land”*.

Numerous complaints have been received from an adjoining landowner regarding issues relating to keeping horses on the property, which have been investigated by Shire Officers during various times of the year and have found the property to be managed in accordance with the relevant conditions of approval.

Details of this Application

The Applicant has submitted the supporting information with their application for development approval, which has been summarised as follows:

- Extension of the internal colourbond privacy fence – to provide privacy when using the swimming pool in a location that will not affect the septic system and to comply with firebreak requirements.
- Relocating the existing access – to improve access to avoid gate being blocked off by trucks and cars accessing the neighbouring business, particularly when towing a horse float.
- Increasing the DSE to 30 – requests approval to have a DSE up to 30 to provide flexibility in the keeping of stock on the property, with the current proposal consisting of 2 horses and a pony.
- Extension of the private riding arena – the current arena isn't long enough to safely practice barrel racing.

A full copy of the application and supporting information is attached to this Report at **Attachment 1**.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance and Leadership

Outcome 6.1: The Shire of Northam is recognised as a desirable place to live and residents are proud to live here.

Outcome 6.2: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

B.2 Financial / Resource Implications

The relevant application fee has been paid.

B.3 Legislative Compliance

Shire of Northam Local Planning Scheme No. 6

The property is zoned Rural Residential (RR5). The use of the property for a Rural Pursuit has been previously approved by Council. This application proposes to establish a stocking rate of 30 DSE, which would increase the number of large animals being kept on the property.

The objectives of the zone are to provide land for rural living purposes whilst preserving the amenity; and to reduce or eliminate the detrimental effect of keeping of livestock by limiting numbers.

Setbacks for dwellings and ancillary structures in the zone are 15 metres from the front boundary and 10 metres from the side and rear boundaries. The proposed development complies with this requirement.

The expansion of the riding arena, extension of the colourbond fence, and the relocation of the access all comply (or can comply) with the provisions of LPS6 where relevant conditions of approval are imposed.

Clause 4.30.17 of LPS6 requires applications for a rural pursuit or equestrian activity that involves the stabling and keeping of livestock (including horses) to be conditional upon compliance with the terms and conditions of an approved Environmental Management Plan (EMP). An EMP is not defined in LPS6, however the intent of the EMP is to establish measures to prevent over-grazing by livestock that could result in land degradation, and therefore complying with the provisions of clause 4.30.18.

The Department of Agriculture and Food has prepared a document "Stocking rate guidelines for rural small holdings, Swan Coastal Plan and Darling Scarp and surrounds, Western Australia" which is a useful tool that many local governments use to assess applications for keeping large animals.

Appendix A of the Guidelines identifies the need for special management of small rural holdings in relation to keeping large animals, including horses and recommends a Stock Management Plan, which considers (but not limited to) the following issues:

- Stable design, including drainage controls for manure.
- Manure handling to avoid odour and stable fly problems.
- The type of horse activity varies from family pet to high value racing or stud horses.
- Access to facilities such as training tracks and bridle paths.
- Aside from manure as a health issue and in terms of nutrient export, woodchips used on bridle paths release toxic tannins which can poison surface water.

The Applicant has submitted supporting information with the application (refer to **Attachment 2**) that outlines how the stock (currently horses) will be managed on the property, which addresses – pest control and odour management; stock rotation; stable management; manure collection; fencing; dust management; horse exercise and feeding; and bushfire management. This information is consistent with the intent of a Stock Management Plan, and therefore, an Environmental Management Plan to manage the keeping of the horses and prevent land degradation.

Schedule A of LPS6 provides an exemption to carry out a Rural Pursuit where the land use is not for trade or commercial purposes, and it complies with the recommended stocking rates and environmental protection requirements. In this case and in consideration of previous applications, Officers determined that the exemption did not apply and a development application was submitted for assessment.

In accordance with the provisions of clauses 68 and 73 of the Deemed Provisions, an application can be determined by granting development approval with or without conditions; refusing to grant development approval. The scope of the development approval may be for the development, or for a part or aspect of the development, or except for a part of aspect of the development.

B.4 Policy Implications

The policy implications associated with this proposal relate to the potential impacts in an approval to increase the stocking rates of the property. Refer to the Officer's Comments for the assessment.

B.5 Stakeholder Engagement / Consultation

External Consultation

The application was advertised to the surrounding landowners. Two submissions were received – one in support and one objecting to parts

of the proposal. Refer to the Schedule of Submissions (**Attachment 3**) for further details.

The Applicant has submitted six (6) letters of support for the proposal (**Attachment 6**). These letters were received following the close of the consultation period and are attached for Council's information.

Internal Consultation

The proposal has been discussed with Development Services staff during the assessment and those comments and recommendations have been incorporated into this Report.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Compliance activities, if required, may result in financial costs for the Shire.	Moderate	Conditions proposed aim to reduce compliance required.
Health & Safety	There are no health and safety risks related to this proposal.	Low	N/A
Reputation	The application has been assessed in accordance with the provisions of the relevant legislation.	Low	N/A
Service Interruption	N/A	N/A	N/A
Compliance	If an approval is issued subject to conditions, it is likely that compliance monitoring will be required due to the history of the locality.	Moderate	Conditions proposed aim to reduce compliance required.
Property	Development proposed is consistent with zone objectives.	Low	N/A
Environment	Stocking rates have been calculated.	Low	Conditions imposed regarding keeping of stock.

C. OFFICER'S COMMENT

The following is an assessment of the components of the application, including consideration of the issues raised in the submission –

- Extension of the internal colourbond privacy fence –
 - This application proposes an extension to the privacy fencing previously approved by Council.
 - The request to extend the fencing is considered reasonable as it will provide additional privacy to the swimming pool and rear of the dwelling, particularly when considering the orientation of the adjoining dwelling and business.
 - A condition can be imposed to ensure that the fencing is constructed in accordance with manufacturer's requirements, and if required, has engineering certification.
- Relocate the existing access –
 - The relocation of the existing access is considered reasonable taking into consideration the potential conflicts with the traffic generated from the neighbouring commercial land use.
 - The relocation of the existing access will be the subject of a crossover approval from the Shire's Engineering Division.
- Increase the DSE to 30 –
 - This application proposes to increase the stocking rate approved for her property to permit a combination of horses and ponies to be kept to maximum of 30 DSE.
 - To determine the recommended stocking rates for the property, the Department of Primary Industries and Regional Development's Guidelines recommend using of the DSE stocking rate system, which is related to 'dry sheep equivalents' or how many dry (non-lactating) sheep can be kept year round on the land without soil degradation, weight loss and with only minimum handfeeding.
 - The stocking rate system in relation to horses, has been calculated at 1 x 450 kg light horse = 10 DSE; 1 x 250 kg pony = 5 DSE; and 1 x 1000 kg draught horse = 20 DSE, which is equivalent to 1 DSE per 50 kg (i.e. 1 sheep weighs 50 kgs).
 - To determine the weight of a horse, Table 1 of the NSW Department of Agriculture's Primefact 494 – Estimating a Horse's Weight provides an approximate guide to weights of horses by type and size (reproduced below):

Type	Height at withers		Weight
	(hands)	(cm)	
Shetland	8-10	81-102	200-225
Pony (small, saddle)	10-12	102-122	225-350

Pony (large)	13-14	132-142	250-360
Galloway	14-15	142-152	275-400
Lightweight hack	15-16	152-163	350-500
Heavyweight hack	16-17	163-173	450-600
Draught	16-18	163-183	550-800

- This application proposes to increase the stocking rate approved for the subject property to 30 DSE to provide flexibility in the keeping of stock on the property, including horses.
- The existing development approval permits the landowner to keep 2 horses, which were considered as light horses during the assessment of the development application. A stocking rate in DSE terms was not specified in the approval, which restricts the types of large animals kept on the property, and has resulted in the submission of this and previous applications by the landowner.
- To determine the recommended stocking rate for the property, the following assessment has been conducted:
 - Soils on the property are best described as SR8 – Gravel Slopes (Gentle to Moderately Sloping Land of Yellow brown gravels with variable amounts of duricrust and laterite) and have a stocking rate of 10 DSE/ha for dry pasture and 25 DSE/ha for irrigated pasture as per the Guidelines.
 - The property has an area of 2.125 ha and excluding the areas occupied by the dwelling, ancillary structures and vegetation, the area available for grazing is approximately 1.2715 ha.
 - It is proposed to irrigate the holding yards and paddocks as shown on the submitted site plan (refer **Attachment 1**).
 - A map has been produced to calculate the DSE for the available grazing areas for the property based on irrigated and non-irrigated areas (refer to **Attachment 5**), which indicates the recommended DSE is 24.
- The Applicant has requested 30 DSE for the property that includes installing pipes to irrigate the paddocks with scheme water, which appears to exceed the recommended stocking rates.
- It should be noted that using DSE stocking rate system in the Guidelines, the current approval for 2 light horses is equivalent to 20 DSE (or 900 kg) and as can be seen from the above information, if a DSE was specified in the original approval, varying combinations of horses and/or ponies could be kept on the property meeting the original intent of the application and approval. For example, (and as proposed in the previous applications), 1 lightweight horse and 2 ponies could be kept and not exceed the current approved DSE.

- Extension of the private riding arena –
 - The request for extension of the riding arena to an area measuring 49m x 30m will enable the landowners to safely practice their preferred riding discipline of barrel racing, which has a minimum distance between barrels.
 - The arena is located away from neighbouring properties and dwellings, and is screened by mature vegetation. No complaints have been received regarding dust or other issues in relation to the use of the riding arena.
 - Taking into consideration one of the concerns raised in the submission, a condition has been recommended to ensure that the arena is used for non-commercial purposes.

In conclusion, the conditional approval of the development proposed in this application as outlined in this Report complies with the aims and provisions of LPS6, including applicable policies and guidelines.

Since receiving Council approval to keep 2 horses, the Applicant has managed the property appropriately, and proposes to irrigate the portion of the property where the yards, paddocks and arena are situated to facilitate the increase in the stocking rate, which has provided the basis for re-assessment of the recommended stocking rate outlined in this Report.

The conditions recommended in the Officer's recommendation will provide the Shire an improved regulatory framework to manage the development, if required, and the landowner the flexibility for keeping stock on the property within a defined DSE as intended by the Department of Primary Industries and Regional Development in the implementation of the Stocking Rate Guidelines.

RECOMMENDATION

That Council approve the development application (P19040) to amend the approved Rural Pursuit; erect privacy screening; extend the riding area; and relocate the access at Lot 50 (14) Brown Road, Wundowie, subject to the following conditions:

- 1. The development hereby permitted must substantially commence within two years from the date of determination.**
- 2. The development hereby permitted taking place in accordance with the approved plans.**
- 3. The number of stock kept on site shall not exceed a stocking rate of 24 dry sheep equivalent (DSE).**
- 4. Prior to increasing the DSE to 24, irrigation shall be installed in the locations in accordance with the approved plans.**

5. The landowner shall advise the local government each change and/or increase of stock of the type and number of stock kept on the property to ensure that the DSE complies with this approval.
6. The keeping of stock shall be in accordance with the approved Stock Management Plan submitted with this application.
7. The management of stock shall comply with at all times with the approved Stock Management Plan to the satisfaction of the local government.
8. All solid manure shall be removed from the yards on a weekly basis and placed in a suitable waste storage container capable of preventing access to flies and/or vermin. The container shall be emptied regularly. Manure may be composted or used on site in conjunction with gardening/ landscaping/ rehabilitation activities, but may not exceed 300mm in depth.
9. Earthworks associated with the construction of the extension to the riding arena shall be established to prevent erosion and not exceed 1m in height without the prior approval of the local government.
10. The riding arena shall not be used for trade or commercial purposes.
11. The new crossover shall be constructed with approval to the specification and satisfaction of the local government.
12. The colourbond privacy fencing shall be constructed to a maximum height of 1.8m in accordance with the manufacturer's specifications applicable to the total length of fence and the wind terrain category from materials, which are in a good condition and of a consistent non-reflective colour.

Advice Notes:

1. If the development the subject of this approval is not substantially commenced within a period of 2 years, or such other period as specified in the approval after the date of the determination, the approval shall lapse and be of no further effect.
2. Where an approval has so lapsed, no development shall be carried out without the further approval of the local government having first been sought and obtained.
3. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.
4. An alternative water source, such as a rainwater tank, should be investigated for the purposes of establishing a sustainable water source for use in conjunction with proposed irrigation.

Attachment 2

To whom it may concern

Application form changeable 30 DSE and extension of arena on 14 brown road Wundowie 6560

I Amy-lee Kaufmann would like to put a permit into the shire of Northam to have changeable 30 DSE and extend our arena length wise another 14meter which is still 16.5 from boundary line on our 5 acre property please keep in mind the shire recently approved 6 horses and 4 ponies on 5 acres in koojedda road bakers hill on the 23 January 2019

Additional equipment required will be a float in case for fire emergency to remove the horses in a high fire zone area and as transport to vets if ever needed

Pest control/ odour management horse will wear fly veils/nets depending on the heat also summer rugs during the warmer seasons, be sprayed with a horse friendly insect/ fly repellent, horse will be washed on a weekly bases and after every time they are ridden all feed is stored in a 44 gallon drum with lids, hay is kept on a pallet with layer of salt to reduce any pest plus we have bait box stations with in the shed, horses are wormed every 12 weeks , horse shelters will be sprayed with copex every 3 months, troughs are washed out every week to reduce any larva growing in distilled water.

Stock rotations I have 2 paddocks side by side with a gate in the middle to be able to rotate the horses, let vegetation be able to grow back into the area all mature trees will be wrapped in chain link or chicken wire to prevent horses from damaging trees horses will also be stable into a 15x15 locked up at night so 50% of time controlling the grazing of the horses.

Stable management we have built 3x 3x3meter flat roof u shape shelters in each paddock within holding yard in for the horse's protection from the weather, to protect their food that will be fenced with a 15x15 area that horses can be locked into at night so 50% off the time controlling the horses grazing on the areas.

Manure collection, removal of manure will be collected, composted and top dressed into the paddocks soil, all stable shelter areas will be cleaned out daily collected, removed to veggie patch or our local waste tip or disposed into mulch. No stock piles higher then 500mm will be kept within 30 meters of any boundary line.

Fencing each horses paddock will have star pickets with ring lock fencing with electric tape at the top off the fencing with steel 2.4 gate with u shape 3x3 shelter for horses feed, protection from the weather and a 15x15 area in each yard to reduce the time of controlled grazing from the horses all mature tree in horses paddocks will be wrapped with chain link or chicken wire to prevent horses damaging trees.

Dust management stables, paddocks will be raked out and hosed once a week, any other horse exercise areas we plan to put sprinklers along fronts of holding yards and down between both yard to have irrigations to the paddocks(black line on the map site is were irrigation is going.)

Horse exercise program horses will be worked on a minimum of once a week and exercised walking around our firebreak

Horses feeding both horses are feed a biscuit of hay morning and night in different areas to reduce in pact on soil and also a hard feed every night of chaff and Lucerne and horse muesli and always have mineral blocks in the water troughs all horse feed is stored in metal 44 gallon drums with lids and hay is kept on a pallet up off the ground with salt on the floor and bait box station are in the feed shed to reduce any pests.

Bush fire management paddocks and property will be raked of any ground coverage and burnt to reduce the fire fuel on the property fire brakes will be maintained and any branches hanging over fire breaks will be cut off gate will be added all paddocks to enable access for fire vehicle's, a horse float if need be to remove horses in case for fire.

We want to also extend our arena a further 14m length wise which is still 16.5 meter from boundary line

Regards Amy-lee Kaufmann and Johnnie Kaufmann

12.3.2 Proposed Scheme Amendment No. 15 to Shire of Northam Local Planning Scheme No. 6 – Lot 1343 (503) Northam-Pithara Rd, Irishtown

Address:	Lot 1343 (503) Northam-Pithara Rd, Irishtown
Owner:	Prime Meat Holdings Pty Ltd
Applicant:	Shire of Northam
File Reference:	SA15
Reporting Officer:	Jacky Jurmann – Manager Planning Services
Responsible Officer:	Chadd Hunt – Executive Manager Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

Council is requested to initiate and approve a basic Scheme Amendment No. 15 to Shire of Northam Local Planning Scheme No. 6.

The amendment proposes to correct an administrative error that occurred during the gazettal of the Shire of Northam Local Planning Scheme No. 6, which has resulted in the subject property being identified on Scheme Map No. 1 as Rural with a Special Use 11 (SU11) notation and Special Control Area (SCA) for a buffer relating to the abattoir use. Textual provisions relating to SU11 or the special control area were not included in Schedule 4 of the Scheme Text.

The amendment is a 'basic' amendment in accordance with clause 35(2)(a) of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

ATTACHMENTS

Attachment 1: Scheme Amendment Document

A. BACKGROUND / DETAILS

The subject property has been operating as an abattoir for a significant number of years and the proposed amendment corrects an error that occurred during the gazettal of LPS6 in 2013, which has recently been identified by Shire Officers.

Council's records indicate that the intent was to include provisions in the text in the form of a special use zone, specifically Special Use Zone No. 11 (SU11), together with a special control area to establish controls within an appropriate buffer area.

Special Use Zones are defined by the Scheme as "Special use zones apply to special categories of land use which do not comfortably sit within any other zone in the Scheme".

Special Control Areas generally apply to larger areas that have significant or distinct qualities and apply over a number of properties. An example of this in the Shire of Northam is the Avon and Mortlock Rivers Special Control Area (SCA1), Landscape Protection Special Control Area (SCA2) and the Spencers Brook Special Control Area (SCA3)

The proposal was in response to a submission from the Department of Primary Industries and Regional Development (formerly Department of Agriculture), who identified the premise as an important agricultural asset in the Scheme area, and as a consequence was included in the Schedule of Modifications and adopted by Council, but was mistakenly not included in the final gazetted Scheme text. (Refer to **Appendix 2** – Schedule of Submissions (excerpt).

The Department of Planning advised at the time of final approval that the preferred zoning for the subject site was a special use zone, and that the Shire's proposed special control area was not required as it was deemed that the special use zone would provide sufficient controls. Noting that a buffer will continue to be identified on the Shire of Northam's Local Planning Strategy mapping. The proposed wording of the special use zone will require development approval for any extensions to the operations of the abattoir and associated uses thereby requiring potential impacts on the surrounding properties as part of that assessment.

Correcting the mapping will also eliminate any confusion between the subject property and the current Special Use Zone No. 11, which was created by a later scheme amendment (No. 3) and relates to the development of land adjoining the Northam Airport.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6	Governance & Leadership
Outcome 5.2	The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation
Objectives	Undertake our regulatory roles in a safe, open, accountable and respectful manner

B.2 Financial / Resource Implications

The Shire of Northam in carrying out the Scheme Amendment will be responsible for resources in preparing the Scheme Amendment and relevant fees for causing the gazettal of the Scheme Amendment when approved by the Minister. As the Scheme Amendment is considered a 'basic scheme amendment', advertising of the proposal is not required unless directed by the Minister.

B.3 Legislative Compliance

Planning and Development (Local Planning Schemes) Regulations 2015

Section 75 of the *Planning and Development Act 2005* (the Act) gives a local government the power to amend its local planning scheme. The procedure for preparing and adopting an amendment is provided for by the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations).

Should Council resolve to initiate the amendment (Reg. 35(1)), it must specify whether, in its opinion, the amendment is a complex amendment, a standard amendment or a basic amendment (Reg. 35(2)(a)). Council's resolution must also include an explanation of the reason for Council forming that opinion (Reg. 35(2)(b)).

Once initiated, Council will be required by section 81 of the Act to refer the amendment to the Environmental Protection Authority (EPA) for its consideration under section 48A of the *Environmental Protection Act 1986*.

Once Council has received advice from the EPA, the amendment will be forwarded to the Western Australian Planning Commission (WAPC) to make a determination and recommendation to the Minister for Planning on how to determine the Amendment (as basic, standard or complex). Preliminary advice from the Department of Planning, Lands and Heritage (DPLH) has indicated that the amendment is a "basic" amendment as it proposes to correct an administrative error.

B.4 Policy Implications

The scheme amendment will provide a clearer regulatory framework to assess future development of the site.

B.5 Stake Holder Engagement / Consultation

No stakeholder engagement or consultation is required prior to Council initiating an amendment to its Local Planning Scheme, nor is the requirement to consult with the public for the type of amendment proposed, unless directed by the WAPC.

Initial consultation has been carried out with DPLH Officers who have advised that the amendment can be considered as a basic scheme amendment.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Resources utilised in preparation of item.	Nil.	N/A
Health & Safety	N/A	N/A	N/A
Reputation	Correction of an anomaly.	Low	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Complies with intent of original scheme.	Low	As proposed.
Property	Improves regulatory framework.	Low	As proposed.
Environment	Existing development.	Low	N/A

C. OFFICER'S COMMENT

The scheme amendment document provides background and justification for this proposal.

Council is advised that a review of the Local Planning Strategy and Scheme will be carried out in the near future to ensure that the documents are current and meet the needs of the community. Any other minor errors in the documents, including mapping, will be corrected during this process. In this instance it was considered that this error should be corrected as soon as possible due to Officers being aware that future development may occur in the immediate future due to the property recently changing ownership.

RECOMMENDATION

That Council:

1. Resolves, in pursuance of Section 75 of the *Planning and Development Act 2005*, to amend Shire of Northam Local Planning Scheme No. 6 by:
 - (a) Inserting into Schedule 4 – Special Use Zones, a new special use zone as follows:

No.	Description of Land	Special Use	Conditions
SU15	Lots 1343 Northam-Pithara Road, Irishtown	Abattoir and ancillary uses as approved by the local government.	<ol style="list-style-type: none"> 1. All development and use shall be subject to an application for development approval. 2. All development and use shall be in accordance with any plans, conditions and management requirements approved by the local government. 3. No alterations or extensions to the land use shall be undertaken without the approval of the local government. 4. Any application for planning approval should be referred to the Environmental Protection Authority.

(b) Deleting the Special Control Area – Abattoir buffer (SCA) from the Scheme Maps.

(c) Amending the Scheme Map accordingly.

2. Number the proposed local planning scheme amendment ‘Amendment No. 15’ to Shire of Northam Local Planning Scheme No. 6;
3. Resolves, pursuant to the Regulation 35(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015*, that proposed Scheme Amendment No. 15 is a basic amendment pursuant to clause 34(a) of the Regulations as it is:
 - (a) an amendment to correct an administrative error.

- 4. Pursuant to Section 81 of the *Planning and Development Act 2005*, refers proposed Amendment No. 15 to the Environmental Protection Authority in accordance with Regulation 47(2) (a) up to and including (e) of the *Planning and Development (Local Planning Schemes) Regulations 2015*;**
- 5. Pursuant to Regulation 58 of the Regulations, provides Amendment No. 15 to the Western Australian Planning Commission;**
- 6. Pursuant to sub-regulation 62(3) of the Regulations, authorises the affixing of the common seal to and endorses the signing of the Amendment documentation; and**
- 7. Pursuant to sub-regulation 62(3) of the Regulations, forwards the Amendment documentation to the Western Australian Planning Commission for its endorsement pursuant to sub-regulation 63(1) and the approval of the Minister of Planning pursuant to sub-regulation 63(2).**

Planning and Development Act 2005

RESOLUTION TO PREPARE AMENDMENT TO LOCAL PLANNING SCHEME

**SHIRE OF NORTHAM LOCAL PLANNING SCHEME NO. 6
 SCHEME AMENDMENT NO. 15**

RESOLVED that the local government pursuant to section 75 of the *Planning and Development Act 2005*, amend the above Local Planning Scheme by:

1. Insert into Schedule 4 – Special Use Zones, a new special use zone as follows:

No.	Description of Land	Special Use	Conditions
SU15	Lots 1343 Northam-Pithara Road, Irishtown	Abattoir and ancillary uses as approved by the local government.	<ol style="list-style-type: none"> 1. All development and use shall be subject to an application for development approval. 2. All development and use shall be in accordance with any plans, conditions and management requirements approved by the local government. 3. No alterations or extensions to the land use shall be undertaken without the approval of the local government. 4. Any application for planning approval should be referred to the Environmental Protection Authority.

2. Deleting the Special Control Area – Abattoir buffer (SCA) from the Scheme Maps.
3. Amending the Scheme Maps accordingly.

The Amendment is basic under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reason:

- (a) *an amendment to correct an administrative error.*

Dated this _____ day of _____, 2019

 CHIEF EXECUTIVE OFFICER

PROPOSAL TO AMEND A LOCAL PLANNING SCHEME

LOCAL AUTHORITY:	Shire of Northam
DESCRIPTION OF LOCAL PLANNING SCHEME:	Local Planning Scheme No. 6
TYPE OF SCHEME:	District Zoning Scheme
SERIAL NUMBER OF AMENDMENT:	No. 15

1. AMENDMENT TYPE:

The Amendment is **Basic** under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reason:

- (a) It is an amendment to correct an administrative error.

2. PROPOSAL

To amend Schedule 4 – Special Use Zones to add a Special Use (No. 15) to Lot 1343 (503) Northam-Pithara Road, Irishtown for the purposes of an abattoir and approved ancillary uses; to delete the existing Special Control Area – buffer from the Scheme maps; and to amend the Scheme Map accordingly.

INTRODUCTION

The amendment proposes to correct an administrative error that occurred during the gazettal of the Shire of Northam Local Planning Scheme No. 6, which has resulted in the subject property being identified on Scheme Map No. 1 as Rural with a SU11 notation and special control area for a buffer relating to the abattoir use. Textual provisions relating to SU11 or the special control area were not included in Schedule 4 of the Scheme Text.

The proposal consists of amending Schedule 4 – Special Use Zones to incorporate relevant provisions relating to the operation of the existing abattoir at Lot 1343 (503) Northam-Pithara Road, Irishtown. The scheme maps will also be amended.

LAND DESCRIPTION & OWNERSHIP

The land the subject of this amendment is described as Lot 1343 on Plan 246966, known as 503 Northam-Pithara Road, Irishtown and has an area of 41.9501 hectares. It is owned by Prime Meat Holdings Pty Ltd.

LOCATION, PHYSICAL CHARACTERISTICS & EXISTING LAND USES

The subject property is located on the Northam-Pithara Road in Irishtown, which is approximately 10 kilometres from the Northam townsite in an area that is used for predominantly broad-hectare agricultural activities.

Multiple buildings and infrastructure, including wastewater treatment ponds associated with the use of the site as an abattoir occupies approximately 6 hectares, which is centrally located on the lot. (Refer to **Appendix 1** for an aerial photograph of the site.) The residue of the lot is used for grazing and cropping.

Access to the site is from the Northam-Pithara Road through Lot 150 on Plan 300064 (also in the same ownership).

An abattoir on the site has been established for many years processing a range of meat products and is part of the Avon Valley Beef operations.

PLANNING FRAMEWORK CONSIDERATIONS & JUSTIFICATIONS

State Planning Policy 2.5 – Rural Planning

The objectives of this policy are to:

- (b) provide investment security for existing, expanded and future primary production and promote economic growth and regional development on rural land for rural land uses;*

Section 5.5: Regional Variation, Economic Opportunities and Regional Development

Western Australia is a large and diverse State with regional variations of climate, economic activity, cultural values, demographic characteristics and environmental conditions. The WAPC's decisions will be guided by the need to provide economic opportunities for rural communities and to protect the State's primary production and natural resource assets. WAPC policy is to:

- (a) continue to promote rural zones in schemes as flexible zones that cater for a wide range of land uses that may support primary production, regional facilities, environmental protection and cultural pursuits;*
- (b) support small scale tourism opportunities, such as bed and breakfast, holiday house, chalet, art gallery, micro-brewery and land uses associated with primary production, within the rural zone; and*
- (c) recognise the differing needs of the various regions, and consider regional variations where they meet the stated objectives of this policy and are supported in strategies and schemes.*

The subject lot was previously a part of a larger landholding and originally was a small service centre for the surrounding district, which today comprises a number of heritage buildings which provide a significant opportunity for tourism development within a rural hinterland.

Shire of Northam Local Planning Strategy (2013)

The Shire's Local Planning Strategy identifies the following vision for Agriculture within the Shire:

"To protect and achieve ecologically sustainable use of all productive agricultural land in the Shire whilst providing diverse and compatible development opportunities in agricultural areas which promote the local economy."

In order to achieve this vision, the Shire's Local Planning Strategy provides the following strategies and actions (relevant to this proposal):

Strategies:

- Encourage the continued use of the Shire's agricultural areas for predominately grazing and cropping and identify and protect productive agricultural land from ad hoc subdivision, incompatible development and further land degradation.*
- Promote the diversification of the Shire's economy by encouraging the development of intensive agriculture, downstream processing of primary produce, diversified industries and further tourism opportunities including farm stay accommodation and ecotourism subject to adequate buffers; being maintained between such uses and surrounding broad-acre agricultural activities in order to minimise potential land use conflicts.*

Actions:

- Maintain a clear distinction between the precincts under the Local Planning Strategy to adequately control development and minimise conflicting land uses.*

- *Ensure that the permissibility of land usage in the 'Rural' zone as prescribed in the Zoning Table of Local Planning Scheme No.6 is sufficiently flexible and applied accordingly to facilitate diversification of the Shire's economy by providing opportunity for the establishment of new commerce, industry and agricultural uses within these zones whilst discouraging the diversification of land uses, other than agricultural in nature, within the Avon East Precinct.*
- *Only support the development of value-adding industries in the 'Rural' zone where they comply with all relevant legislation, policies, guidelines and codes of practice applicable at the time and any impacts of such usage are, in-so-far as possible, contained on-site.*

The subject lot is located in an area surrounded by 'Rural' zoned properties and properties utilised for 'Agriculture – Extensive'. The subject lot is located in the Avon West Precinct, and is therefore consistent with the Shire of Northam Local Planning Strategy (2013).

SHIRE OF NORTHAM LOCAL PLANNING SCHEME NO. 6

The subject property is currently zoned Rural under the provisions of LPS6 and the objectives of the 'Rural' zone are:

- *To provide for horticulture, extensive and intensive agriculture, agroforestry, local services and industries, extractive industries and tourist uses which ensure conservation of landscape qualities in accordance with the capability of the land.*
- *To protect the potential of agricultural land for primary production and to preserve the landscape and character of the rural area.*
- *To control the fragmentation of broad-acre farming properties through the process of subdivision.*
- *To protect land from land degradation and further loss of biodiversity by:*
 - (i) Minimising the clearing of remnant vegetation and encouraging the protection of existing remnant vegetation;*
 - (ii) Encouraging the development of and the protection of corridors of native vegetation;*
 - (iii) Encouraging the development of environmentally acceptable surface and sub-surface drainage works; and*
 - (iv) Encouraging rehabilitation of salt affected land.*

The Zoning Table (Table 1) permits the land use 'abattoir' on Rural zoned land as an 'A' use, which means the use is not permitted unless the local government has exercised its discretion by granting development approval after giving special notice in accordance with clause 64 of the deemed provisions.

At present there are no provisions in the Scheme text specifically relating to the subject site or the use as an abattoir, Map No. 1 identifies the property as SU11 and within a buffer area for the use of the site as an abattoir.

SCHEME AMENDMENT PROPOSAL & JUSTIFICATION

Proposal

It is proposed to amend the Shire of Northam Local Planning Scheme No. 6 to establish an appropriate regulatory framework for the use of the land as an abattoir and ancillary uses as follows:

1. Insert into Schedule 4 – Special Use Zones, a new special use zone as follows:

No.	Description of Land	Special Use	Conditions
SU15	Lots 1343 Northam-Pithara Road, Irishtown	Abattoir and ancillary uses as approved by the local government.	<ol style="list-style-type: none"> 1. All development and use shall be subject to an application for development approval. 2. All development and use shall be in accordance with any plans, conditions and management requirements approved by the local government. 3. No alterations or extensions to the land use shall be undertaken without the approval of the local government. 4. Any application for planning approval should be referred to the Environmental Protection Authority.

2. Deleting the Special Control Area – Abattoir buffer (SCA) from the Scheme Maps.
3. Amending the Scheme Map accordingly.

The Amendment is basic under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reason:

- (a) *an amendment to correct an administrative error.*

Justification

The proposed amendment corrects an error that occurred during the gazettal of LPS6 in 2013, which has recently been identified by Shire Officers.

Council's records indicate that the intent was to include provisions in the text in the form of a special use zone, specifically Special Use Zone No. 11 (SU11), together with a special control area to establish controls within an appropriate buffer area.

The proposal was in response to a submission from the Department of Primary Industries and Regional Development (formerly Department of Agriculture), who identified the premise as an important agricultural asset in the Scheme area, and as a consequence was included in the Schedule of Modifications and adopted by Council, but was mistakenly not included in the final gazetted Scheme text. (Refer to **Appendix 2** – Schedule of Submissions (excerpt).

The Department of Planning advised at the time of final approval that the preferred zoning for the subject site was a special use zone, and that the Shire's proposed special control area was not required as it was deemed that the special use zone would provide sufficient controls. Noting that a buffer will continue to be identified on the Shire of Northam's Local Planning Strategy mapping.

Correcting the mapping will also eliminate any confusion between the subject property and the current Special Use Zone No. 11, which was created by a later scheme amendment (No. 3) and relates to the development of land adjoining the Northam Airport.

CONCLUSION

The correction of this administrative error, the insertion of the correct text, and amendment of the maps will provide an appropriate regulatory framework for the current and future use of the subject land as an abattoir and appropriate ancillary activities.

Planning and Development Act 2005

RESOLUTION TO PREPARE AMENDMENT TO LOCAL PLANNING SCHEME

**SHIRE OF NORTHAM LOCAL PLANNING SCHEME NO. 6
 SCHEME AMENDMENT NO. 15**

RESOLVED that the local government pursuant to section 75 of the Planning and Development Act 2005, amend the above Local Planning Scheme by:

1. Insert into Schedule 4 – Special Use Zones, a new special use zone as follows:

No.	Description of Land	Special Use	Conditions
SU15	Lots 1343 Northam-Pithara Road, Irishtown	Abattoir and ancillary uses as approved by the local government.	<ol style="list-style-type: none"> 1. All development and use shall be subject to an application for development approval. 2. All development and use shall be in accordance with any plans, conditions and management requirements approved by the local government. 3. No alterations or extensions to the land use shall be undertaken without the approval of the local government. 4. Any application for planning approval should be referred to the Environmental Protection Authority.

2. Deleting the Special Control Area – Abattoir buffer (SCA) from the Scheme Maps.
3. Amending the Scheme Map accordingly.

The Amendment is basic under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reason:

- (b) *an amendment to correct an administrative error.*

Press Release To Be Issued:	No

BRIEF

A written request has been received by Kevin Neil James of 38 Throssell Street, Northam requesting that Council initiate the permanent closure of the Pedestrian Accessway (PAW) referred to as Laneway 25, at Lot 55 Throssell Street, Northam.

The applicant also seeks the recommendation of Council to support their application to the Department of Planning, Lands and Heritage to acquire Lot 55 Throssell Street, Northam for amalgamation following closure of the PAW from the Department of Planning, Lands and Heritage.

The purpose of this report is to consider the initiation request to close the PAW in accordance with Councils previous Resolution (Minute No. C.1564 of 17/8/2011), and to support the Applicant in making a formal request to acquire and amalgamate the land following the permanent closure of the PAW.

- Council Resolution (C.1564 of 17/8/2011)

A. BACKGROUND/DETAILS

Background

The Shire of Northam Laneway Strategy (2013) identifies Laneway 25 as having no practical use. Laneway 25 is a 3m wide by 50.292m long parcel situated adjacent to 38 Throssell Street (West) and 34 Throssell Street (East), Northam. Refer to the Locality Plan attached to this Report (**Attachment 1**).

During the preparation of the Laneway Review findings, a letter of support in favour of the consultant's recommendations was provided by the Applicant, including a letter expressing interest in acquiring Laneway 25. The recommended action in the Strategy is to close Laneway 25 and amalgamate the lot into an adjoining property.

Details

In accordance with the written request at the time of the preparation of the Draft Laneway Strategy by the landowner of 34 Throssell Street), the landowner has requested to acquire the Laneway, and this is subsequently inferred in the recommendation of Laneway 25.

In accordance with Council Resolution Minute No C.1564 of 17/8/2011, the adoption of the Shire of Northam Laneway Review endorsed the closure of the Pedestrian Access Way (PAW) referred as Laneway 25. The recommendation for Laneway 25 is for the PAW to be closed and amalgamated with the adjoining property to the Eastern Side of the Laneway (34 Throssell Street, Northam).

Subsequent endorsement of modifications and renaming of the Northam Laneway Review to the Northam Laneway Strategy by Council (C.1984 – 20/3/2013) retains the position of Council to close Laneway 25 (refer C.1564 – 17/8/2011).

As per Council's Resolution (C.1564) and the Laneway Strategy, Council is requested to consider the proposal by the owner of 38 Throssell Street, Northam, for the Shire of Northam to permanently close Laneway 25 for acquisition and amalgamation into 38 Throssell Street (**Attachment 2**).

Officers have acted upon the written request by advertising the proposal to the owners of 34 Throssell Street and 38 Throssell Street, and placing an advertisement in the Avon Advocate. No objections were received regarding

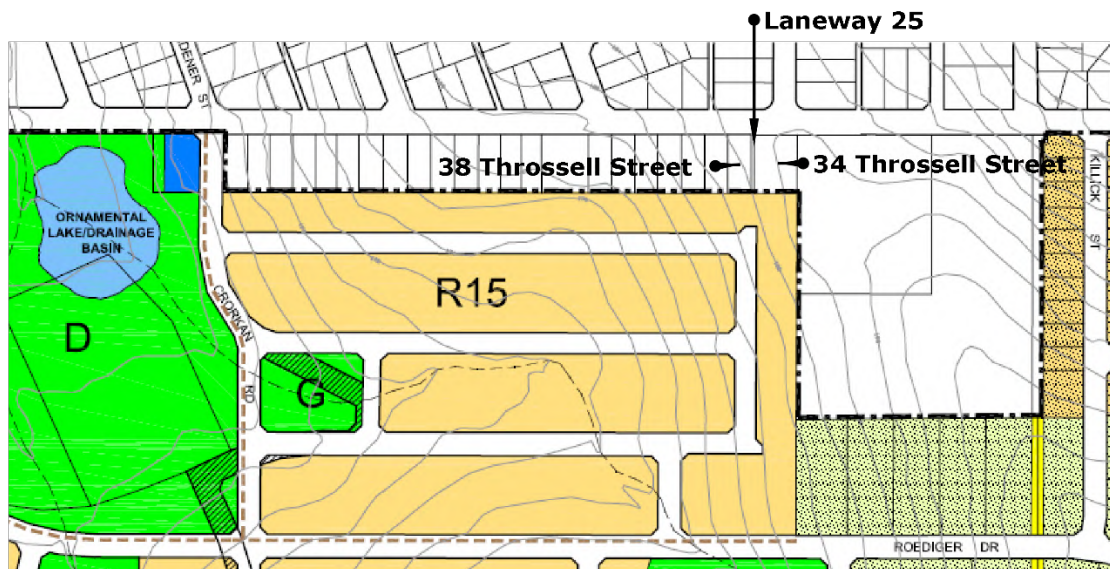

the proposal and no response was provided by owner of 34 Throssell Street, Northam.

The Officer's Recommendation contains the required resolutions associated with the formal closure of Pedestrian Accessways in accordance with the provisions of the *Land Administration Act 1997*.

B. CONSIDERATIONS

B.1 Local Planning Strategy

There are no implications as per the Shire of Northam Local Planning Strategy (2013). Laneway 25 has no formal strategic purpose in accordance with the Northam South Local Structure Plan, and is not indicated for means of pedestrian connectivity with the future subdivision to the South of Throssell Street:

B.2 Financial / Resource Implications

There are no financial implications associated with the recommendation, and minor resource implications are involved with delivering the request to DPLH.

As part of preparing the matter to be considered for Council, advertising fees have been incurred within existing budgetary allocations.

B.3 Legislative Compliance

Council is required to, and has complied with Part 5, Division 1, Section 58 of the Land Administration Act 1997 to the extent that authorisation of the Local Government is required for Officers to initiate referral to the Department of Planning, Lands and Heritage.

If Council endorses the request to close Laneway 25, Officers are required to submit to the Department of Planning, Lands and Heritage a Crown Land Enquiry Form to enable consideration of the permanent

closure of the PAW. If this request is granted by the Minister, the applicant of 38 Throssell Street, Northam can then submit a Crown Land Enquiry Form to initiate the process to acquire for amalgamation the subject land of Laneway 25.

As per the Recommendation of the Laneway Strategy, Laneway 25 is considered to be in accordance with the provisions of Part 6, Division 4, Section 87 (2) of the Land Administration Act 1997 regarding the potential for the sale of land for amalgamation with adjoining land at the discretion of the Minister and Council would be required to provide support within its resolution to permit the applicant to apply to Department of Planning, Lands and Heritage to acquire the land following closure of the PAW.

B.4 Policy Implications

Shire of Northam Laneway Strategy (2013 – Current) – The proposal is consistent with the recommendations of the Laneway Strategy with respect to Laneway 25, where it recommended for closure and amalgamation with adjoining properties.

Local Planning Policy 10: Developments Abutting Rights of Way – Following the closure of the PAW, LPP10 shall no longer apply to the property.

WAPC's Procedure for the Closure of Pedestrian Access Ways Planning Guidelines (2009) – The proposal is consistent with the 'Procedure for the Closure of Pedestrian Access Ways Planning Guidelines (2009) as follows:

- Laneway 25 does not provide pedestrian connectivity to adjoining roads or pedestrian access ways.
- Laneway 25 is not proposed to be connected in any form that would otherwise be consistent with the Guidelines with respect to the Northam Surrounds Structure Plan or the Northam South Structure Plan.

B.5 Stakeholder Engagement / Consultation

Staff have conducted their consultation in accordance with Part 2, Section 9 of the *Land Administration Regulations 1998*, which includes the advertisement to the two landowners on Throssell Street, Avon Advocate and notification to relevant service authorities. (**Attachment 3**).

Two service authorities provided a response, and no objections were received from the adjoining landowners or the community

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Item prepared within existing budgetary allocations.	Low	N/a
Health & Safety	Closure of unused laneways improves safety.	Low	N/A
Reputation	Officers have complied with the requirements of the <i>Land Administration Act 1997</i> .	Low	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Officers have complied with the requirements of the <i>Land Administration Act 1997</i> .	Low	N/A
Property	Amalgamation will be required following acquisition.	Medium	Officers to monitor.
Environment	No risks.	Low	N/A

C. OFFICER'S COMMENT

Laneway 25 is identified in the Shire of Northam's Laneway Strategy (2013) as having no valid function for the current or future pedestrian network as a PAW and is recommended for permanent closure.

Due to wording of the previous resolution of Council, Officers have conducted the formal notification and closure process given that Council resolution (C.1564) did not consider the closure and amalgamation generally with adjoining properties, and instead referenced a particular property.

Given the above information staff recommend closure and amalgamation of the laneway.

RECOMMENDATION

That Council resolves as follows:

- 1. In accordance with Section 58 of the *Land Administration Act 1997*, formally request the Minister of Lands to close the Pedestrian Accessway of Lot 55 Throssell Street, Northam (Volume: 1744, Folio: 319 on Plan 014847).**
- 2. In accordance with Section 87 (2) of the *Land Administration Act 1997*, support the application by the landowner of 38 Throssell Street, Northam to the Department of Planning, Lands and Heritage to acquire Lot 55 Throssell Street following the formal closure of the Pedestrian Accessway.**

Refer : Ben Robbins

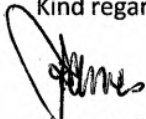

Dear Sir,

Closure of Laneway 25 Throssell Street Northam WA

I am interested in acquiring the parcel of land that comprises Laneway 25 that adjoins my property at 38 Throssell Street Northam. The Laneway has been set for closure since 2011 and I have discussed the matter with the other landowner adjoining the Laneway and they are happy for me to acquire it.

Please let me know if you need any further information to take the matter to the council.

Kind regards

Kevin Neil James

Shire of Northam Laneway Review

4.25 Laneway #25 – Lot 55 Throssel Street, Northam

4.25.1 Summary

Owner Tenure	CT Details	Adjoining Zoning	Dimensions			Condition
			W	L	A	
State of WA (crown)	Volume / Folio: 1744-319 Plan: P14847	Residential (R15)	3.0m	50.29m	150m ²	Unsealed No drainage / services
Photograph: 						
Recommendation: Close and Amalgamate						

4.25.2 Comment

Review of desktop information reveals that there is no practical purpose associated with this parcel of land. It extends from Throssell Street into a large vacant landholding, with a total length of only 50m.

4.25.3 Public Consultation

One submission received one supporting the consultant's recommendations and one expressing interest in reacquiring Laneway as it originally owned by eastern owner.

4.25.4 Recommendation

It is recommended that this land parcel be closed and amalgamated with adjoining eastern properties property.

Voting:	Simple Majority
Date:	3/08/2011

PURPOSE

For Council to consider the adoption of the draft Northam Townsite Laneway Review as a long term direction for laneways within the townsite and the creation of a Local Planning Policy to be adopted under the provisions of Town Planning Scheme No 5 to allow for greater guidance of the development of land abutting Laneways.

The Laneway Review document was initially prepared by RPS consultants and after extensive public consultation and input from the community Shire staff have updated the original document that was considered by Council at its June Ordinary Council Meeting.

BACKGROUND

For many years now, Council has had problems relating with respect to tenureship and/or location of a number of laneways located within the Northam townsite. These problems include drainage, queries over legal access, future redevelopment opportunities and maintenance responsibilities. In order to resolve a number of these issues Council allocated funding to appoint consultants' to undertake an audit of all recognised laneways in the Northam townsite.

The objectives of the Laneway Review - Northam Townsite are:

- To provide a co-ordinated strategy to guide Council's future decision-making in relation to requests for laneway closures;
- To ensure that laneways remain appropriate and relevant to the surrounding land uses;
- To ensure laneways essential for maintaining a permeable street network are retained;
- To close laneways that offer limited benefits to adjacent landowners and the wider community;
- To provide recommendations on prioritising laneways for retention and closure;
- To identify and provide recommendations to improve anti-social behaviour occurring in laneways and address negative impacts on surrounding residents;
- To contribute to the preservation of existing streetscapes;
- To minimise the negative impacts of infill developments by using laneways for access to infill dwellings; and
- To rationalise the land tenure of all laneways.

Background of key dates and determinations:

The following table outlines key dates regarding the process of making the Northam Townsite Laneway Review.

Date	Item/Outcome
November 2010	RPS was appointed as the consultants to undertake the Laneway Review on behalf of the Shire.
March 2011	Draft Laneway Review was submitted to the Shire by RPS Consultants.
March 2011	Public Advertisement of Laneway Review (letters to adjoining properties, newspaper public notice, website) and was made available at Shire offices.
April 2011	RPS completed the Laneway Review and submitted it to the Shire of Northam.
May 2011	Further consultation undertaken with adjoining property owners and compiling changes / alternative recommendations arising from public consultation.
June 2011	Council item was removed from June Council Agenda as further investigation into the recommendations proposed was requested.
June 2011	Further site visits, mapping and consultation with those who made submissions were undertaken.
July 2011	The Review document, agenda item and officer recommendation was updated in line with further investigation and comments received from owners.

Ordinary Council Meeting - Minutes

17/08/2011

STATUTORY REQUIREMENTS

Laneway Review Document

The Laneway Review document outlines the relevant statutory planning requirements such as Western Australian Planning Commission Planning Policies (Liveable Neighbourhoods, Planning Bulletin No.33 "Rights of Way or Laneways in Established Areas – Guidelines", State Planning Policy 3.1 Residential Design Codes of Western Australia) and Shire of Northam Local Planning Policy 1.17 "Development and Subdivision Guidelines".

The existing Local Planning Policy 1.17 "Development and Subdivision Guidelines" is proposed to be amended by deleting the underlined sections to complement the Laneway Review and the proposed Local Planning Policy. The existing Local Planning Policy states:

Upon receiving subdivision approval, the applicant is required to pay a development contribution to the Shire for the provision and enhancement of roads, pathways and drainage. If the existing laneway and / or right-of-way is required to be sealed, the applicant is required to make contribution to the sealing of this dedicated road to the satisfaction of the Shire. This would allow for a constructed primary access and streetscape to the subdivided lot. A minimum width of a trafficable surface is to be 6 metres wide. Therefore should the width of the dedicated laneway or right a-way be less than 6 metres, the applicant would be required to cede land at no cost to allow for the minimum width of a trafficable surface. On a case by case scenario the opposing side of the laneway or right-a-way may need to proportionally cede land at no cost to allow for widening of the laneway or right-a-way. It is recommended that should there be no impact upon residential occupied buildings adjacent to the laneway or right-a-way that the width of the laneway or right-a-way be 10 metres with a 6 metre wide trafficable surface. The ability to have a 10 metre wide dedicated reserve will allow for the subdivided rear lots to be identified and serviced. For every proposal to undertake rear-lot subdivision onto an existing laneway or right-a-way should be accompanied with a streetscape and traffic impact study to demonstrate the impact that rear lot subdivision may have on the existing local road network.

In addition to the planning requirements the Laneway Review document covers the legal requirements of *Transfer of Land Act 1893*, *Local Government Act 1995* and *Land Administration Act 1997*.

Proposed Local Planning Policy – Laneways within the Northam Townsite

Under the provisions of both schemes there is an advertising requirement to publish a notice of the proposed Local Planning Policy once a week for two (2) consecutive weeks in a newspaper circulating in the Scheme area, giving details of:

- (a) Where the draft Policy (s) may be inspected;

14

Ordinary Council Meeting - Minutes

17/08/2011

- (b) The subject and nature of the draft Policy; and
- (c) In what form and during what period (being not less than 21 days from the day the notice is published) submissions may be made.

Under the provisions of both schemes, after the expiry of the period within which submissions may be made, the Shire is to:

- (a) Review the proposed Policy in the light of any submissions made; and
- (b) Resolve to adopt the Policy with or without modification, or not to proceed with the Policy.

Under the provisions of both schemes, should Council resolve to finally adopt the attached Local Planning Policy document, the Shire is to:

- (a) Publish notice of the Local Planning Policy once in a newspaper circulating in the Scheme areas; and
- (b) If, in the opinion of the Shire, the Local Planning Policy affects the Western Australian Planning Commission ("WAPC"), forward a copy of the Policy to the WAPC.

Should the Local Planning Policy – Laneways within the Northam Townsite be supported, an advertisement notice would be placed in the Avon Valley Advocate. It is viewed that the Local Planning Policy – Laneways within the Northam Townsite does affect the WAPC and Department of Regional Development and Lands (State Lands Division) and the draft Policy will be referred to the WAPC and Department of Regional Development and Lands (State Lands Division).

Under the provisions of both schemes, the Local Planning Policy would have effect on publication of a notice in a circulating newspaper should Council resolve to finally adopt the attached Local Planning Policy document. Additionally, it is required that a copy of Local Planning Policy to be kept and made available for public inspection during business hours at the Shire offices.

As the document is of strategic importance it is proposed that an annual review is conducted by the Development Services staff to ensure the Laneway Review is updated with the latest information and provides accurate information regarding Laneways within the Northam Townsite.

CONFORMITY WITH THE PLAN FOR THE FUTURE

Goal - To maintain a balance between maintenance of our lifestyle and sense of community with population growth and accompanying development.

Ordinary Council Meeting - Minutes

17/08/2011

Goal - To anticipate the land use needs within the Shire and implement planning decisions that ensures availability of appropriately zoned land that complements orderly and environmentally sustainable growth and development.

To provide a strategic approach for the laneways within the Northam townsite to assist Council, Shire staff, and the public in making decisions for the development of the townsite. The Laneway Review incorporates a balance of the Plan for the Future 2010 goals in order to achieve sustainable land use in the Northam townsite.

The draft Policy is aimed to provide guidelines to assist Councillors and staff in making decisions under the operative Town Planning Scheme(s). The draft Local Planning Policy – Laneways within the Northam Townsite incorporates a balance of the Plan for the Future goals in order to achieve sustainable land development in the Shire of Northam.

BUDGET IMPLICATIONS

Implementation of the Laneway Review will impact on future budgeting of Shire's resources. Funding for the preparation of the Review was included in Council's 2010/2011 budget allocation. In future, further specific action items will require funding to ensure implementation given the process for the acquisition of laneways is a sometimes lengthy and complex process to undertake and will not only require significant staff resources but will involve liaison with various State Government Departments and Agencies, landowners and other external parties. Should Council agree with the long term recommendation provision will need to be made for capital investment in those laneways proposed to be upgraded. However, there will be some additional funding received from the disposal of laneways held in freehold ownership should Council resolve to dispose of those parcels of land.

In addition these will be the cost of circulating the initial notice of the proposed Local Planning Policy in the local newspaper and, should the Local Planning Policy be adopted, the cost of circulating the adoption notice.

OFFICER'S COMMENT

The Laneway Review undertaken by RPS and reviewed by Shire staff recommends a number of existing laneways within the Northam townsite for closure and amalgamation with adjacent properties. The Review also recognises the opportunity for the Shire to acquire Laneways and in the long term undertake upgrade works to these laneways.

The Review recognises that:

The great majority of the laneways are classified as 'Private Streets' and as such are not within the direct ownership, management and control of the Shire of Northam. Despite their 'private' ownership status, laneways are commonly perceived by the population to

Ordinary Council Meeting - Minutes

17/08/2011

be public areas and look to the Shire to address any related issues including management and safety.

The Review further states that:

The majority of the laneways in the Shire of Northam were created as part of the original Greenfields subdivision in the early 1900s. A common physical feature of many subdivisions which occurred at that time was the inclusion of a laneway at the rear of properties for access by night fill carts. These laneways were typically left as unmade tracks and, with the advent of septic waste disposal systems, became largely redundant for waste disposal purposes.

Consequently, many laneways have been left in poor condition through lack of use and maintenance. Many are overgrown with vegetation and often become targets of illegal rubbish dumping. This has led to many problems affecting residents living adjacent to these laneways, in particular:

- *Security fears associated with low levels of surveillance in laneways;*
- *Fire risks from overgrown vegetation;*
- *Vandalism;*
- *Pests and rodents;*
- *Reduced amenity and blight on the neighbourhood;*
- *Inappropriate use of laneways for storage of materials and private equipment, such as trailers and dumps; and*
- *Disagreements between neighbours over the management of laneways, e.g., where they have been fenced or otherwise obstructed without authority.*

With increased urbanisation, vehicle usage and intensification of land use, interest in the use of laneways as an alternative form of access to properties have regained popularity in recent times. However, as the laneways were originally intended as access for night disposal carts, they were not designed with modern traffic in mind and as a result, a number of difficulties have arisen associated with their current use, including:

- *Poor visibility and manoeuvring space for entering and exiting from private properties;*
- *Frequent minor collisions resulting in damage to vehicles and properties (especially fences);*
- *Inadequate space to pass oncoming and/or parked vehicles;*
- *Excessive dust, noise and vibration, affecting the amenity of adjoining residents;*
- *Reduced safety for pedestrians sharing the laneways; and*
- *Vehicles becoming bogged in loose sand or water-filled holes.*

Even though most of the laneways in the Shire are held in private ownership and are not under its care and management, the Shire still receives a large number of complaints about the various problems associated with laneways and there is mounting community pressure for the Shire to address them. However, there are competing interests.

17

Ordinary Council Meeting - Minutes

17/08/2011

Although many citizens would prefer not to have laneways in their neighbourhood, many others use the laneways for access to their homes or wish to preserve them for future alternative access and vehemently oppose any move to close them.

Consultation

There were a significant number of submissions received from adjoining neighbours and members of the public on the draft Laneway Review and these submissions have assisted in the formation of the final Laneway Review (edited by staff based on comments received from the public). A summary of these submissions are attached to this report. Following initial inclusion in the June Ordinary Council agenda, it was requested that further investigation and consultation be undertaken with those who had originally made submissions in the public advertising period. After further investigation by Shire staff aerial drawings were produced showing the preferred options for certain laneways (1, 2, 3, 4, 5, 7, 15, 16, 17, 18, 22, 24 and 26) a further 14 days notice was given to submitters in the original advertising period. A summary of the submissions received from this further round of consultation is attached to this report. Generally after further consultation the affected parties have supported revised recommendation for certain laneways.

Rationale of laneways within the Northam townsite

The Review has recognised that:

The requirement for infill development to front and gain access to a laneway will contribute to the enhancement of laneways, and will result in an improved urban living environment by providing the following benefits:

- *Existing character dwellings may be retained where a 3.0 metre to 4.0 metre wide vehicular access leg is not required down the side of a property.*
- *An additional amount of useable open space or developable area on a property would be available.*
- *The provision of a 1.5 metre wide pedestrian access leg (which width may be varied to 1.0 metre), instead of a vehicular access leg would reduce the impact on any adjacent dwelling, and reduce the impact on the streetscape. This pedestrian access leg could also contain the necessary connections and extension to required services for where the laneway is not a public road (i.e. is not serviced by reticulated water, sewer).*
- *The increase in the number of dwellings fronting laneways would result in the creation of new streetscape environments.*
- *A dwelling fronting a laneway may have an aspect to a streetscape environment, rather than aspect to the rear of an existing dwelling, which is a more traditional pattern of development.*
- *The use of the laneway limits the number of crossovers onto a property from the primary street, which does not reduce the availability of on-street car parking, does not impact on street trees and vegetation, and maintains a safer pedestrian environment and better visual amenity for the streetscape.*

18

Ordinary Council Meeting - Minutes

17/08/2011

- *The increased use of the laneway by both vehicles and pedestrians improves the security of laneways.*
- *The redevelopment of laneways into new streetscapes would contribute to the character and amenity of a locality.*

The Shire supports the notion of infill development in areas that can support a higher residential density (i.e. within walking distance of shopping centre and recreation areas). The rear lot development of properties and creating new streets (mostly one-way roads) will allow for increase population and greater usage of existing infrastructure available within the central areas of the townsite.

Proposed operation of the Laneway Review and Local Planning Policy

The Laneway Review if adopted will form part of the Shire's strategic direction on the future development of areas adjoining to laneways within the townsite. It should be noted that the Review provides long term guidance on the future planning and action required for these identified in the document, given the number and complexity of actions required to be undertaken it needs to be identified that the proposed actions will take a significant period of time to be fully actioned.

The proposed Local Planning Policy has affect under Town Planning Scheme No 5 and provides guidance on the development of land adjacent to laneways.

The Local Planning Policy does not bind the Council in respect of making decisions on the development of the laneways however the Shire is to have due regard to the priorities of the Policy before making determinations on proposals.

The Review and proposed Policy provides additional guidance to staff and the general public that may be lacking in the current planning documents to assist in achieving more efficient and effective use of land within the Northam townsite.

In the existing Local Planning Policy - 1.17 "Development and Subdivision Guidelines" it is proposed to delete the underlined sections, as shown in the statutory section of this report. The follow sentences are proposed to be deleted:

It is recommended that should there be no impact upon residential occupied buildings adjacent to the laneway or right-a-way that the width of the laneway or right-a-way be 10 metres with a 6 metre wide trafficable surface. The ability to have a 10 metre wide dedicated reserve will allow for the subdivided rear lots to be identified and serviced. For every proposal to undertake rear-lot subdivision onto an existing laneway or right-a-way should be accompanied with a streetscape and traffic impact study to demonstrate the impact that rear lot subdivision may have on the existing local road network.

The proposed Local Planning Policy has been presented in a manner that provides clarity for the future development of laneways within the Northam townsite. Furthermore

Ordinary Council Meeting - Minutes

17/08/2011

the Review and Local Planning Policy will be reviewed annually by Shire staff in order to be updated and kept current.

Conclusion

The further investigation and consultation has resulted in the following changes to the original agenda item:

- Laneway 2 - Lot 123 Enfield Terrace, Northam has been modified from Acquisition by Shire of Northam to Retention of Laneway as in private ownership and no upgrading by Shire is undertaken. This has come from adjoining properties requesting to purchase portions of the laneway. Further investigation has revealed several properties utilising the laneway for access and that this closure and amalgamation would restrict access to existing garages and carports. Given the adjoining landowners have no interest for infill subdivision and development that they do not want the lane upgraded and it would not support a large increase in dwelling yields given the location of existing dwellings on Enfield Terrace;
- Laneway 24 - Lot 60 Stirling Street, Northam has been modified from Acquisition by Shire of Northam to Retention of Laneway as in private ownership and fence off Apex Park. This has come from the adjoining properties signing a letter that they wish for the laneway to be left as is, that Apex Park be fenced off and they will install a gate where the laneway abuts Stirling Street; and
- Laneway 26 - Lot 146 Duke Street, Northam has been modified from Closure and Amalgamation with adjoining properties to assist in the creation of a private road to assist in access and development of adjoining properties.

Based on the abovementioned comments it is recommended the Laneway Review be formally adopted by the Council and that Council resolve to prepare Local Planning Policy – Laneways within the Northam Townsite and amend Local Planning Policy – Development and Subdivision Guidelines.

RECOMMENDATION/COUNCIL DECISION

Minute No C.1564

Moved: Cr R M Head

Seconded: Cr T M Little

That Council:

1. **Formally adopt the Laneway Review and its recommendations as follows:**
 - (a) **Laneway No 1 - Lot 124 Enfield Terrace, Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;**
 - (b) **Laneway No 2 - Lot 123 Enfield Terrace, Northam: Retention of Laneway as is in private ownership and no upgrading by Shire is undertaken;**
 - (c) **Laneway No 3 - Lot 50 Hawes Street, Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;**
 - (d) **Laneway No 4 - Lot 66 Hawes Street, Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;**
 - (e) **Laneway No 5 - Lot 66 Grey Street, Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;**
 - (f) **Laneway No 6 - Lot 66 Cnr Minson Avenue & Peel Terrace, Northam: Close and Amalgamate a portion with Minson Avenue Road Reserve and Remaining Portion with Adjoining Properties;**
 - (g) **Laneway No 7 - Lot 67 Gregory Street, Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;**
 - (h) **Laneway No 8 - Lot 66 Thackrah Avenue, Northam: Retention of Laneway as is in private ownership and no upgrading by Shire is undertaken;**
 - (i) **Laneway No 9 - Lot 98 Grey Street, Northam: Maintain upgraded Laneway.**
 - (j) **Laneway No 10 - Lot 50 Albert Street, Northam: Closure and Amalgamation with adjoining properties to south-eastern side of Laneway;**
 - (k) **Laneway No 11 - Lot 28308 Newcastle Road, Northam: Closure and Amalgamation with adjoining properties, subject to drainage and sewer easements;**
 - (l) **Laneway No 12 - Lot 28307 Perina Way, Northam: Closure and Amalgamation with adjoining properties, subject to drainage and sewer easements;**

- (m) Laneway No 13 - Lot 66 Inkpen Street, Northam: Closure and Amalgamation with adjoining properties, subject to drainage and sewer easements;
 - (n) Laneway No 14 - Lot 66 Hutt Street, Northam: Closure and Amalgamation with adjoining properties, subject to drainage and sewer easements;
 - (o) Laneway No 15 - Lot 100 Gerald Terrace (West), Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;
 - (p) Laneway No 16 - Lot 100 Gerald Terrace (East), Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;
 - (q) Laneway No 17 - Lot 66 Hopetoun Avenue (East), Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;
 - (r) Laneway No 18 - Lot 66 Hopetoun Avenue (West), Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;
 - (s) Laneway No 19 - Lot 28501 Newcastle Road, Northam: Closure and Amalgamation, subject to drainage and sewer easements;
 - (t) Laneway No 20 - Lot 500 Newcastle Street and Lot 502 Martin Street, Northam: Closure and Amalgamation, subject to drainage and sewer easements;
 - (u) Laneway No 21 - Lots 550 & 29759 Roediger Drive, Northam: Retention of Laneway as required for Water Corporation purposes;
 - (v) Laneway No 22 - Lot 66 Rockett Street, Northam: Acquisition by Shire of Northam, Conversion to Public Road and Upgrade;
 - (w) Laneway No 23 - Lot 375 Roediger Street, Northam: Retention of Laneway as required for Water Corporation purposes;
 - (x) Laneway No 24 - Lot 60 Stirling Street, Northam: Retention of Laneway as is in private ownership and fence off Apex Park;
 - (y) Laneway No 25 - Lot 55 Throssel Street, Northam: Closure and Amalgamation with adjoining property to eastern side of Laneway;
 - (z) Laneway No 26 - Lot 146 Duke Street, Northam: Assist in the creation of a private road to assist in access and development of adjoining properties.
2. Make the Laneway Review document available for public inspection during business hours at the Shire offices.
 3. Note that Shire staff will liaise with government agencies and landowners to achieve the recommendations by the Laneway Review.

Ordinary Council Meeting - Minutes

17/08/2011

4. **Request that Shire staff undertake annual review and modifications to the endorsed Laneway Review as required to ensure the study has been updated.**
5. **Advertise the proposed Local Planning Policy - Developments Abutting Rights of Ways and changes to existing Local Planning Policy - Development and Subdivision Guidelines in accordance with the provisions of Town Planning Scheme No.5.**
6. **After the expiry of the advertising period consider a report detailing the submissions made relating to the proposed Local Planning Policy - Developments Abutting Rights of Ways and changes to existing Local Planning Policy - Development and Subdivision Guidelines.**

CARRIED 5/2

Cr R M Head requested that the vote be recorded:

For the Motion: Cr K D Saunders, Cr T M Little, Cr R M Head, Cr D A Hughes,
Cr T M Letch

Against the Motion: Cr U Rumjantsev, Cr A W Llewellyn

Cr S B Pollard returned to the Chambers at 6:16pm and resumed the Chair.

Cr R W Tinetti returned to the Chambers at 6:16pm.

12.3.4 Proposed Local Planning Policy No. 26 – Container Deposit Infrastructure

Address:	Container Deposit Infrastructure
Owner:	Shire-wide
Applicant:	Shire of Northam
File Reference:	2.3.1.2
Reporting Officer:	Jacky Jurmann – Manager Planning Services
Responsible Officer:	Chadd Hunt – Executive Manager Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

The Western Australian Planning Commission released a Position Statement in May 2019 in response to the State Government's implementation of a Container Deposit Scheme. Appendix 1 of the Position Statement contains a Model Local Planning Policy.

It is proposed to adopt a Local Planning Policy to guide the assessment of container deposit scheme infrastructure based on the WAPC's Model Local Planning Policy.

The draft policy is presented to Council for adoption for advertising purposes in accordance with the process outlined in the *Planning and Development (Local Planning Schemes) Regulations 2015 (Deemed Provisions)*.

ATTACHMENTS

- Attachment 1: Draft Local Planning Policy No. 26
- Attachment 2: WAPC's Position Statement: Container Deposit Scheme Infrastructure

A. BACKGROUND / DETAILS

The Western Australian Government is implementing a Container Deposit Scheme (CDS) to complement existing kerbside recycling services. The CDS provides for a refund to be paid to any person who returns an eligible beverage container through the scheme. The CDS operates by the return of containers via various container return points. In the context of the position

statement, the return points are referred to as CDS infrastructure. The CDS is not intended to collect normal household waste.

The role of planning in the implementation of the CDS is to ensure that the infrastructure required to facilitate the scheme is established in appropriate locations.

B. CONSIDERATIONS

B.1 Strategic Implications

There are no strategic implications associated with this proposed. The LPP is based on the WAPC's Model LPP and is consistent with their Position Statement.

B.2 Financial / Resource Implications

There are no financial / resource implications associated with this proposal. Existing budgetary allocations will be used for the advertising required to adopt the policy.

B.3 Legislative Compliance

The proposed LPP has been drafted, and will be advertised and adopted, in accordance with the requirements of the Planning and Development (Local Planning Schemes) Regulations 2015.

B.4 Policy Implications

The proposed LPP will establish an appropriate and consistent regulatory framework for the assessment of proposed container deposit infrastructure.

B.5 Stakeholder Engagement / Consultation

The proposed LPP will be advertised in accordance with clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Deemed Provisions) for a minimum period of 21 days.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Advertising costs associated with development of LPPs is within the existing budget.	Low	N/A
Health & Safety	LPP will introduce a regulatory framework.	Low	N/A
Reputation	The LPP will be adopted in accordance with	Low	N/A

	legislative requirements.		
Service Interruption	Nil.	Low	N/A
Compliance	The LPP will be adopted in accordance with legislative requirements.	Low	N/A
Property	N/A	N/A	N/A
Environment	LPP will introduce a regulatory framework.	Low	N/A

C. OFFICER'S COMMENT

WALGA are encouraging local governments to adopt the Model Local Planning Policy as outlined in the WAPC's Position Statement to provide development standards related to location, visual amenity, operational amenity, size and the scale of container deposit refund points to exempt certain infrastructure and to inform decision making when considering applications for development approval.

RECOMMENDATION

That Council:

1. **Adopts the draft Local Planning Policy No. 26 – Container Deposit Infrastructure (Attachment 1) for the purposes of advertising;**
2. **Advertise the draft Local Planning Policy No. 26 – Container Deposit Infrastructure in accordance with the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for a minimum period of 21 days.**
3. **Receive a further Report to consider any submissions and modifications prior to adopting for final approval, the Local Planning Policy No. 26 – Container Deposit Infrastructure.**

Attachment 1

SHIRE OF NORTHAM LOCAL PLANNING POLICY NO. 24 CONTAINER DEPOSIT SCHEME

Background

The Western Australian Government is implementing a Container Deposit Scheme (CDS) to complement existing kerbside recycling services. The CDS provides for a refund to be paid to any person who returns an eligible beverage container through the scheme. The CDS operates by the return of containers via various container return points. In the context of the position statement, the return points are referred to as CDS infrastructure. The CDS is not intended to collect normal household waste. The role of planning in the implementation of the CDS is to ensure that the infrastructure required to facilitate the scheme is established in appropriate locations.

Purpose

Local Planning Policies are guidelines used to assist the local government in making decisions and to provide an exemption in accordance with Clause 61(1)(i) and (2)(e) of the *Planning and Development (Local Planning Schemes) Regulations 2015* from the requirement to obtain development approval for container deposit scheme infrastructure proposals which satisfy minimum development standards.

It is not intended that a policy be applied rigidly, but each application be examined on its merits, with the objectives and intent of the policy the key assessment.

The Shire encourages applicants to produce innovative ways of achieving the stated objectives and acknowledges that these may sit outside the more traditional planning and architectural approaches. In these instances the local government is open to considering (and encourages) well-presented cases having due regard to the outcome of any public consultation undertaken and the orderly and proper planning of the locality.

Objectives

The objectives of this policy are as follows:

- (a) To establish clear guidelines for the placement of Container Deposit Infrastructure used within the Shire;
- (b) To ensure that any Container Deposit Infrastructure does not detract from an existing (or reasonably desired) streetscape;
- (c) To prevent negative impacts on local amenity from the operation of Container Deposit Infrastructure;
- (d) To enable the timely, cost effective delivery of essential Container Deposit Infrastructure;
- (e) To provide conveniently located infrastructure to ensure the Container Deposit Schemes effective reduction of litter, increased recycling and protection of the environment; and
- (f) To achieve a balance between providing the legitimate need for Container Deposit Infrastructure to reduce/recycle litter and minimising the impacts on the locality.

Definitions / abbreviations

the Heritage Act	means the <i>Heritage of Western Australia Act 1990</i> .
the Regulations	means the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> prepared under the <i>Planning and Development Act 2005</i> .
the Noise Regulations	means <i>Environmental Protection (Noise) Regulations 1997</i> (as amended) prepared under the <i>Environmental Protection Act 1986</i> .
the Scheme	means the Shire of Northam Local Planning Scheme No. 6 (LPS6).
Container deposit scheme infrastructure	means a reverse vending machine or a container collection cage.
Reverse vending machine	means a permanently-located unattended device that accepts empty beverage containers, and is incidental the predominant land use.

Container collection cage	means a cage, or other structure, that is designed to store containers deposited at return points, and is incidental to the predominant land use.
total lot area	means the total land area of a freehold or survey strata lot.

Scope

Division 2 of the Planning and Development (Local Planning Schemes) Regulations 2015 (the Deemed Provisions) provides for the preparation of local planning policies to apply generally or to a particular class or classes or matters and throughout the scheme area or in one or more parts of the Scheme area.

This policy will apply to the use and installation of Container Deposit Infrastructure and throughout the scheme area that is the whole of the Shire of Northam.

A Local Planning Policy is not part of the Scheme and does not bind the local government in respect of any application for planning approval but the local government is to have due regard to the provisions of the Policy and the objectives with the policy is designed to achieve before making its determination.

Statutory provisions

Development approval will not be required for container deposit scheme infrastructure proposals that comply with the provisions of this policy, in accordance with Clause 61 (1) (i) and (2) (e) of the deemed provisions of the scheme provided for by the Regulations, unless the development is proposed on land in a place that is:

- (a) entered in the Register of Heritage Places under the Heritage Act; or
- (b) the subject of an order under Part 6 of the Heritage Act; or
- (c) included on a heritage list prepared in accordance with the Scheme; or
- (d) within an area designated under the Scheme as a heritage area; or
- (e) the subject of a heritage agreement entered into under section 29 of the Heritage Act.

Container deposit scheme infrastructure proposed to be erected on a temporary basis of not more than 48 hours within a 12 month period are typically exempt from approval, as per the requirements of 61 (1) (f) and (2) (d) of the deemed provisions provided in the Regulations and contained within the Scheme. As such, the policy provisions would not apply.

Policy provisions

1. Specified exemption	
1.1	The development or operation of a large reverse vending machine is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, with the exception of: <ul style="list-style-type: none"> (a) residential, urban development, and special residential zones; and (b) rural, rural residential, and rural smallholding zones.
1.2	The development of a container collection cage is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, including a residential or rural zone or public purpose reserve where the land is lawfully used for the purposes of: <ul style="list-style-type: none"> (a) civic use; and/or (b) community purpose; and/or (c) educational establishment.

2. Development standards	
General	
2.1	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not result in any change to the approved land use in a way that would result in the use no longer complying with any relevant development standards and/or requirements of the Scheme.
Location	
2.2	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not be erected within 10 metres of an adjoining lot boundary that accommodates a residential use.
2.3	Where the development of a reverse vending machine and/or container collection cage is proposed, the infrastructure must not restrict any vehicular or pedestrian access to or from, or entry to any building on, the land on which the infrastructure is located.

2.4	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not obstruct the operation of, or access to, any utility services on the land on which the infrastructure is located or on adjacent land.
2.5	Where the development of a large reverse vending machine and/or container collection cage is proposed, to preserve pedestrian and vehicular sightlines, and servicing access, the infrastructure must not be erected within 2 metres of any road reserve or right-of-way intersection or crossover, and shall be located in such a way that it does not reduce existing car park sightlines, aisle widths and manoeuvring spaces.
2.6	Where the development of a container collection cage is proposed, the collection cage must be located in a car park or service area to be visually unobtrusive, and must be secured, locked and immovable.
Visual amenity	
2.7	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, placement of the infrastructure must not result in the removal of any vegetation, landscaping or street tree.
2.8	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure must be constructed and clad with low-reflective, graffiti-resistant materials, which provide protection from the elements and, where not consisting of promotional or branding material approved under the operation of the container deposit scheme, are consistent in colour and finish to that of nearby existing buildings.
2.9	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure must not display any advertising signage other than promotional or brand signage approved under the operation of the container deposit scheme.
2.10	Where the development of a large reverse vending machine is proposed outdoors, and the infrastructure exceeds a development footprint of 10 square metres, bins for the removal of waste or recyclable materials not accepted by the infrastructure are to be provided, and serviced regularly to maintain the amenity of the area, at a rate of one (1) waste bin and 0.5 recycling bins (both 240L in volume) per 10m ² of development footprint.
Operational amenity	
2.11	Where the development of a large reverse vending machine and/or container collection cage is proposed, the operation of the infrastructure must not prejudicially affect the amenity of the locality due to the emission

	of light, noise, vibration, electrical interference, smell or any other by-product.
2.12	Where the development or operation of a large reverse vending machine is proposed adjacent to land that accommodates a residential use, the machine must operate only between the approved opening hours of the predominant land use, or in the absence of any other use: (a) between 7.00 am and 7.00 pm Monday to Saturday; and (b) between 9.00 am and 7.00 pm on Sunday and public holidays.
2.13	Where the development or operation of a large reverse vending machine is proposed, the reverse vending machine when in operation must not emit noise at a level which exceeds any requirement(s) under the Noise Regulations.
2.14	Where the development or operation of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must be provided with lighting that complies with AS/NZS 1158.3.1: 2005 Lighting for roads and public spaces, Part 3.1: Pedestrian area (Category P) lighting- Performance and design requirements (as amended).
2.15	Where the development or operation of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must be accessible to any person with a disability.
Development footprint	
2.16	Where the development of a container collection cage is proposed outdoors, the cage must not: (a) have a development footprint of more than 8m ² ; or (b) be more than 2 metres in height.
2.17	Where the development of a large reverse vending machine is proposed outdoors, on land not used for car parking, the machine must not: (a) have a development footprint of more than 48m ² , and (b) be more than 3 metres in height, or have dimensions greater than 8 metres by 6 metres.
2.18	Where the development of a large reverse vending machine is proposed within an existing car park comprising more than 40 car parking spaces, the area occupied by the reverse vending machine must not exceed the greater of the following areas: (a) the area comprising 4 car parking spaces; or (b) 45m ² , where the car park contains 200 car parking spaces or less; or (c) 75m ² , where the car park contains 200 or more car parking spaces.

2.19	<p>Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure shall be installed at a rate no greater than:</p> <ul style="list-style-type: none">(a) container collections cage – 1 per lot;(b) large reverse vending machine proposed on land not used for car parking – 1 per 15,000m² of total lot area; or(c) large reverse vending machine proposed in an existing car park comprising more than 40 car parking spaces – 1 per 1000 car parking spaces.

Position Statement:
Container Deposit Scheme Infrastructure
May 2019

1

1. Policy Intent

This position statement outlines how container deposit scheme infrastructure should be considered and assessed in the Western Australian planning system.

2. Container deposit schemes in Western Australia

The Western Australian Government is implementing a Container Deposit Scheme (CDS) to complement existing kerbside recycling services. The CDS provides for a refund to be paid to any person who returns an eligible beverage container through the scheme. The CDS operates by the return of containers via various container return points. In the context of the position statement, the return points are referred to as CDS infrastructure. The CDS is not intended to collect normal household waste.

The role of planning in the implementation of the CDS is to ensure that the infrastructure required to facilitate the scheme is established in appropriate locations.

3. Application of this Position Statement

This position statement applies across Western Australia to all CDS infrastructure.

4. Policy objectives

This position statement seeks to achieve the following objectives:

- ensure a coordinated approach to the provision of CDS infrastructure throughout WA
- ensure that appropriate locations are chosen for the installation of CDS infrastructure
- ensure the timely roll out of infrastructure in support of the scheme's establishment and ongoing operational needs
- establish minimum development requirements to exempt certain CDS infrastructure from requiring planning approval, for a adoption by local governments.

5. Policy Measures

5.1 Container Deposit Scheme infrastructure

There are broadly five types of CDS infrastructure to facilitate the return of containers in WA. These are:

Container collection cages:
This infrastructure comprises a cage which containers are placed in and stored before collection and return for refund. These cages will generally be donation points, rather than refund points. They may be located in association with schools, sporting or other clubs or not-for-profit organisations. Individuals will deposit the containers into the collection cages and the receiving organisation will arrange collection of the containers and receive the refund as a donation to their organisation.

In shop / over-the-counter / bag drop return points: This infrastructure incorporates the use of a new or existing retail outlet or shop where participants can deposit individual containers or bags of containers that are collected and returned to a retailer on behalf of the scheme, with a refund given to the participant. This infrastructure will typically be located within existing retail and commercial areas.

Reverse vending machines:
These are permanently-located, unattended infrastructure that accept the return of empty beverage containers in exchange for a refund. Reverse vending machines come in various shapes and sizes.

Small reverse vending machines are similar in size to 'traditional' food and drink vending machines, and can be located in shopping centres, train stations or other public places where people are likely to return one or two containers at a time. Small reverse vending machines will generally be incidental to the predominant land use, often located internally or adjacent high traffic locations such as foyers and passageways. Accordingly, small reverse vending machines are likely to be exempt from requiring development approvals.

Large reverse vending machines (see figures on page 6) are generally mounted onto a storage structure similar to a sea container. The location of large reverse vending machines may vary, but they could be placed within existing commercial or industrial premises. These machines allow for greater volume of returns and it is likely that participants would travel to these sites with a variety of eligible containers.

Container deposit recycling centres:
This infrastructure, depicted on page 6, provides solely for the return of eligible containers for refund and associated sorting and storage in bulk. While similar in nature to *in shop / over-the-counter / bag drop* return points, these facilities are likely to service a significantly larger turnover of customers and have greater storage demands.

Container deposit recycling centres will generally only accept, store and sort materials collected in accordance with, and regulated by, the State's CDS management framework and associated contractual agreements (plastic, glass and aluminium drink containers). Accordingly, they differ from resource recovery, waste storage and other industry land uses, as they do not deal with organic, toxic or large-scale waste material, with the associated issues of odour, risk or other off-site impact.

Large-scale facilities: These include uses such as resource recovery centres, waste storage facilities and other industrial uses that are defined under the *Planning and Development (Local Planning Scheme) Regulations 2015* (the Regulations), as well as other definitions included in existing local planning schemes. Existing facilities may be expanded for uses associated with the CDS, or new large-scale facilities established.

5.2 Assessing CDS infrastructure

5.2.1 Incidental development

Generally, CDS infrastructure will be incidental to the existing use of a lot. For example, a small reverse vending machine in a supermarket would be incidental to the use of the land as a shop, as would be an over the counter or bag drop return point.

Development approval may be required to install infrastructure outside an existing building.

If approval is required for CDS infrastructure, it should be assessed in accordance with the requirements of Parts 7 and 8 of the deemed provisions in Schedule 2 of the Regulations.

5.2.2 Pre-judgement consultation

Proponents seeking to install CDS infrastructure should engage with the relevant local government(s) as part of the site selection process. This early engagement will allow local government to assess if the site being proposed is appropriate, and how it might relate to the CDS network more broadly as well as servicing considerations. The matters outlined below should be considered when determining if a location is appropriate for CDS infrastructure.

5.2.3 Assessment considerations

5.2.3.1 General assessment considerations

CDS infrastructure and return points are likely to come in many varying shapes, sizes and typologies. Importantly, return points should be designed and located in such a manner that they are sympathetic to the character of the local area. A number of key considerations will apply universally when considering applications for CDS infrastructure development.

The key matters for consideration include:

- Local amenity – how does the infrastructure fit in with the surrounding built context? Does it impact upon visual amenity, or result in the vegetation removal which requires offset? What are its hours of operation and timing of service vehicles attending the return point?
- Car parking – is additional parking required to service the return point? Will it impact the existing car parking requirements of the site?
- Accessibility – is it universally accessible? Will its location have an impact on pedestrian or vehicular circulation? Is appropriate manoeuvring space provided to allow service vehicle access?

- Waste and recycling bins – does the infrastructure necessitate the provision of waste bins to dispose of goods that are not accepted by the CDS in a tidy manner?
- Signage – what size and scale is appropriate for signage or screens?
- Safety and security – does its location allow for passive surveillance, and what form of lighting is provided?

5.2.3.2 Container collection cages

Where collection cages are located in association with a school, sporting or other club, and on land which is managed by State or local government, the collection cage will be incidental to the predominant use of the site. As such, the collection cage is likely to fall under the public works exemptions which generally apply to local and State Government developments, under the *Planning and Development Act 2005*, the Metropolitan, Peel and Greater Bunbury Region Schemes and local planning schemes.

The management of these collection cages should be included in any leasing or other operational arrangements that are in place to manage the use of these buildings and land.

Where collection cages are sought to be located on private land they should be subject to the same requirements as reverse vending machines identified by this position statement.

5.2.3.3 In shop / over-the-counter / bag drop return points

The CDS is, in essence, the return of containers that were purchased from a shop. The transaction is the same as any other transaction that occurs in a shop except in reverse, with the customer bringing goods to the shop and leaving without goods.

The operations, including access, parking requirements and the need for service vehicles to access the return points, are identical to that of a shop. On this basis, return points should be assessed as a shop, in accordance with the requirements of the relevant local planning scheme.

For shops, the operations of the return point need to be contained within the building, including any manual sorting, low-scale crushing and storage. Approval would be required to extend outside the approved operational boundaries of an existing building used as a shop. Food shops that are considered a Food Business under the *Food Act 2008* should seek local government advice before considering the operation of an in shop CDS return point.

To clarify the WAPC's position on in shop / over-the-counter / bag drop CDS return points, the definition of *shop* in the Regulations is to be taken to mean:

....premises other than a bulky goods showroom, a liquor store – large or a liquor store – small used to sell goods by retail, to hire goods, or to provide

services of a personal nature, including hairdressing or beauty therapy services, and can include a container deposit scheme return point.

It is intended that the additional words, as underlined above, will be incorporated into the Regulations as a model provision as part of the State planning reform process.

5.2.3.4 Small reverse vending machines

Due to the small-scale nature of this type of CDS infrastructure, with footprints generally less than three square metres, it is expected that small reverse vending machines will be exempt from requiring any development approvals.

5.2.3.5 Large reverse vending machines

Due to the variety of sizes and potential locations for large reverse vending machines, development applications may be required to consider any impacts on nearby existing sensitive land uses. This position statement seeks to outline where exemptions for large reverse vending machines may apply, for local governments to consider and adopt.

Large reverse vending machines should not be confused with sea containers or subjected to assessment under local planning policies which seek to control the location and use of sea containers in the urban environment.

5.2.3.6 Container deposit recycling centres

Container deposit recycling centres rely on being convenient, accessible and visible. These return points are likely to provide a customer interface which provides for the quick turnover of users, and are therefore best collocated with land uses where trips can be shared. Accordingly, it is anticipated that these return points might typically be found in 'big box' commercial precincts.

Where the development of a container deposit recycling centre is proposed, the following key matters should be considered:

- Visual appearance – the development should integrate seamlessly with surrounding development, and not propose outdoor sorting or storage which is visible from the public realm
- Onsite operations – generally, only the return, sorting and storage of material associated with the CDS should occur
- Car parking – parking requirements should have regard for the generally quick turnover of users, and the collocation of such return points with uses where trips are likely to be shared

In preparing and assessing development applications, it is reasonable that a variety of different land uses might currently be used to account for container deposit recycling centres, or that an application could be deemed as a use not listed by the local planning scheme. To address this and

clarify the WAPC's position on container deposit recycling centres, the following definition is proposed:

container deposit recycling centre means premises used to return, consolidate, temporarily store and sort material associated with a container deposit scheme established under Part 5A of the Waste Avoidance and Resource Recovery Act 2007 before transfer to a waste storage facility or resource recovery centre, and may also include the return of small consumer goods or products as an incidental use.

It is intended that this definition will be incorporated into the Regulations as a model provision, when the Regulations are next amended.

Container deposit recycling centres are suitable for development in mixed business/service commercial and bulky goods areas, along with some commercial and light/service industrial areas, and should be included as a 'P' (permitted) use within these zones under local planning schemes. In centre/shopping/town centre type zones the use may be included as a 'D' (discretionary) use.

5.2.3.7 Large-scale facilities

For large-scale facilities in industrial areas, where the processing of recyclables and storage of other waste materials occurs, the normal considerations under Schedule 2 Parts 7 and 8 of the Regulations apply. It

is possible that existing large-scale facilities that will accept containers arising from the CDS would be operating consistent with existing approvals. However, a development application would be required for new or upgraded facilities.

5.3 Exemptions for collection cages and large reverse vending machines

Local governments are encouraged to adopt a local planning policy to ensure that specified CDS development and works are exempt from the requirement to obtain development approval, pursuant to Schedule 2, Part 7, Clause 61(1)(i) and (2)(e) of the Regulations. Particular consideration should be given to exempting collection cages and large reverse vending machines within supermarket and shopping centre car parks.

Large reverse vending machine or collection cage proposals which vary the provisions outlined in an adopted local planning policy, or where no policy exists, will require development approval.

A model local planning policy is contained in Appendix 1. Local government is encouraged to consider and adopt this model local planning policy.

Where a local government resolves to adopt the model local planning policy provided at Appendix 1 without modification, pursuant to Schedule 2, Part

2, Clause 4(1) of the Regulations the WAPC agrees that advertising of the proposed policy shall not be required.

The local government, prior to making a resolution to adopt the model local planning policy without modification and not advertise the policy, is required to notify the WAPC of its intention to do so, in accordance with Clause 4(1).

Where a local government determines to prepare a new local planning policy to deal with CDS infrastructure, or modify the model local planning policy provided, all requirements of Clause 4, including advertising, shall apply.

Note – the zoning and land use terms used by the model local planning policy are consistent with the terms provided by the model provisions for local planning schemes of the Regulations. Where planning schemes have not been amended to be consistent with the model provisions, the local government may amend these terms to be consistent with its planning scheme.

6. Other matters

6.1 Applications for development approval

Where an application for development approval is required, applications are to be submitted to the relevant local government in accordance with the requirements of Schedule 2 Part 8 of the Regulations, together with the following information:

- A site plan showing the proposed location of the infrastructure on the property and the location of any existing buildings/structures
- Plans, dimensions and details of the infrastructure
- Photographs/diagrams of any proposed supporting or storage structure(s)
- Details of proposed modifications and other works to be carried out to improve appearance and address amenity concerns

Local governments reserve the right to request any other information deemed necessary to assess applications in accordance with the requirements of a Local Planning Scheme and/or Local Planning Policy.

6.2 Building approval

Notwithstanding that development approval may not be required for the development of some forms of CDS infrastructure, particularly those specified in Appendix 1, a building permit may be required to be sought and issued prior to container deposit scheme infrastructure being erected on site.

Accordingly, proponents should liaise with the relevant local government noting that a Building Permit is required for any building or structure not listed by Schedule 4 of the Building Regulations 2012, which deals with building work for which a building permit is not required.

6.3 Compliance

If CDS infrastructure is installed, and in the opinion of the local government it is not in accordance with the exemptions outline in an adopted local planning policy, a local government may require development application for the infrastructure to be lodged for assessment.

Position Statement:
Container Deposit Scheme Infrastructure
May 2019

6

Large reverse vending machines

Container deposit recycling centres

Appendix 1

Model Local Planning Policy

Container deposit scheme development provisions

Purpose

To provide an exemption in accordance with Clause 61(1)(i) and (2)(e) of the *Planning and Development (Local Planning Schemes) Regulations 2015* from the requirement to obtain development approval for container deposit scheme infrastructure proposals which satisfy minimum development standards.

Objectives

- To ensure the location, design and siting of CDS infrastructure is complementary to the character, functionality and amenity of urban localities.
- To prevent negative impacts on local amenity from the operation of CDS infrastructure.
- To enable the timely, cost effective delivery of essential CDS infrastructure.
- To provide conveniently located infrastructure to ensure the CDS' effective reduction of litter, increased recycling and protection of the environment.

Definitions / abbreviations

<i>the Heritage Act</i>	means the <i>Heritage of Western Australia Act 1990</i> .
<i>the Regulations</i>	means the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> prepared under the <i>Planning and Development Act 2005</i> .
<i>the Noise Regulations</i>	means <i>Environmental Protection (Noise) Regulations 1997</i> (as amended) prepared under the <i>Environmental Protection Act 1986</i> .
<i>the Scheme</i>	means the City/Shire [DELETE AS APPLICABLE] of [INSERT NAME] Local Planning Scheme No. [INSERT NUMBER].
<i>Container deposit scheme infrastructure</i>	means a reverse vending machine or a container collection cage.
<i>Reverse vending machine</i>	means a permanently-located unattended device that accepts empty beverage containers, and is incidental the predominant land use.
<i>Container collection cage</i>	means a cage, or other structure, that is designed to store containers deposited at return points, and is incidental to the predominant land use.
<i>total lot area</i>	means the total land area of a freehold or survey strata lot.

Statutory provisions

Development approval will not be required for container deposit scheme infrastructure proposals that comply with the provisions of this policy, in accordance with Clause 61(1)(i) and (2)(e) of the deemed provisions of the scheme provided for by the Regulations, unless the development is proposed on land in a place that is:

1. entered in the Register of Heritage Places under the Heritage Act; or
2. the subject of an order under Part 6 of the Heritage Act; or
3. included on a heritage list prepared in accordance with the Scheme; or
4. within an area designated under the Scheme as a heritage area; or
5. the subject of a heritage agreement entered into under section 29 of the Heritage Act.

Container deposit scheme infrastructure proposed to be erected on a temporary basis of not more than 48 hours within a 12 month period are typically exempt from approval, as per the requirements of 61(1)(f) and (2)(d) of the deemed provisions provided in the Regulations and contained within the Scheme. As such, the policy provisions would not apply.

Policy provisions

1. Specified exemption	
1.1	The development or operation of a large reverse vending machine is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, with the exception of: (a) residential, urban development, and special residential zones; and (b) rural, rural residential, and rural smallholding zones.
1.2	The development of a container collection cage is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, including a residential or rural zone or public purpose reserve where the land is lawfully used for the purposes of: (a) civic use; and/or (b) community purpose; and/or (c) educational establishment.

2. Development standards	
<i>General</i>	
2.1	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not result in any change to the approved land use in a way that would result in the use no longer complying with any relevant development standards and/or requirements of the Scheme.
<i>Location</i>	
2.2	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not be erected within 10 metres of an adjoining lot boundary that accommodates a residential use.
2.3	Where the development of a reverse vending machine and/or container collection cage is proposed, the infrastructure must not restrict any vehicular or pedestrian access to or from, or entry to any building on, the land on which the infrastructure is located.
2.4	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not obstruct the operation of, or access to, any utility services on the land on which the infrastructure is located or on adjacent land.
2.5	Where the development of a large reverse vending machine and/or container collection cage is proposed, to preserve pedestrian and vehicular sightlines, and servicing access, the infrastructure must not be erected within two (2) metres of any road reserve or right-of-way intersection or crossover, and shall be located in such a way that it does not reduce existing car park sightlines, aisle widths and manoeuvring spaces.
2.6	Where the development of a container collection cage is proposed, the collection cage must be located in a car park or service area to be visually unobtrusive, and must be secured, locked and immovable.
<i>Visual amenity</i>	
2.7	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, placement of the infrastructure must not result in the removal of any vegetation, landscaping or street tree.
2.8	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure must be constructed and clad with low-reflective, graffiti-resistant materials, which provide protection from the elements and, where not consisting of promotional or branding material approved under the operation of the container deposit scheme, are consistent in colour and finish to that of nearby existing buildings.

Position Statement:
Container Deposit Scheme Infrastructure
May 2019

10

2.9	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure must not display any advertising signage other than promotional or brand signage approved under the operation of the container deposit scheme.
2.10	Where the development of a large reverse vending machine is proposed outdoors, and the infrastructure exceeds a development footprint of 10 square metres, bins for the removal of waste or recyclable materials not accepted by the infrastructure are to be provided, and serviced regularly to maintain the amenity of the area, at a rate of one (1) waste bin and 0.5 recycling bins (both 240L in volume) per 10 square metres of development footprint.
<i>Operational amenity</i>	
2.11	Where the development of a large reverse vending machine and/or container collection cage is proposed, the operation of the infrastructure must not prejudicially affect the amenity of the locality due to the emission of light, noise, vibration, electrical interference, smell or any other by-product.
2.12	Where the development or operation of a large reverse vending machine is proposed adjacent to land that accommodates a residential use, the machine must operate only between the approved opening hours of the predominant land use, or in the absence of any other use: (a) between 7.00 am and 7.00 pm Monday to Saturday; and (b) between 9.00 am and 7.00 pm on Sunday and public holidays.
2.13	Where the development or operation of a large reverse vending machine is proposed, the reverse vending machine when in operation must not emit noise at a level which exceeds any requirement(s) under the Noise Regulations.
2.14	Where the development or operation of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must be provided with lighting that complies with AS/NZS 1158.3.1: 2005 Lighting for roads and public spaces, Part 3.1: Pedestrian area (Category P) lighting-Performance and design requirements (as amended).
2.15	Where the development or operation of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must be accessible to any person with a disability.

Position Statement:
 Container Deposit Scheme Infrastructure
 May 2019

11

<i>Development footprint</i>	
2.16	Where the development of a container collection cage is proposed outdoors, the cage must not: (a) have a development footprint of more than eight (8) square metres; or (b) be more than two (2) metres in height.
2.17	Where the development of a large reverse vending machine is proposed outdoors, on land not used for car parking, the machine must not: (a) have a development footprint of more than 45 square metres, and (b) be more than three (3) metres in height, or have dimensions greater than eight (8) metres by six (6) metres.
2.18	Where the development of a large reverse vending machine is proposed within an existing car park comprising more than 40 car parking spaces, the area occupied by the reverse vending machine must not exceed the greater of the following areas: (a) the area comprising four (4) car parking spaces; or (b) 45 square metres, where the car park contains 200 car parking spaces or less; or (c) 75 square metres, where the car park contains 200 or more car parking spaces.
2.19	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure shall be installed at a rate no greater than: (a) container collections cage – one (1) per lot; (b) large reverse vending machine proposed on land not used for car parking – one (1) per 15,000 square metres of total lot area; or (c) large reverse vending machine proposed in an existing car park comprising more than 40 car parking spaces – one (1) per 1000 car parking spaces.

12.4 CORPORATE SERVICES

12.4.1 Accounts & Statements of Accounts – July 2019

Address:	N/A
Owner:	N/A
Applicant:	N/A
File Reference:	2.1.3.4
Reporting Officer:	Kathy Scholz – Creditors Officer
Responsible Officer:	Colin Young - Executive Manager Corporate Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple majority
Press release to be issued:	No

BRIEF

For Council to receive the accounts for the period from 1 July 2019 to 31 July 2019.

ATTACHMENTS

Attachment 1: Accounts & Statements of Accounts – July 2019.
Attachment 2: Declaration.

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

Pursuant to Financial Management Regulation 13, a list of payments made from Municipal and Trust accounts is required to be presented to Council on a periodical basis. These details are included as Attachment 1. In accordance with Financial Management Regulation 12, the Chief Executive Officer has delegated authority to make these payments.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

Payments of accounts are in accordance with Council's 2019/20 Budget.

B.3 Legislative Compliance

Section 6.4 & 6.26(2) (g) of the Local Government Act 1995.
 Financial Management Regulations 2007, Regulation 12 & 13.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Not applicable.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Figures not reflecting the true financial situation	Low	There are processes in place to show compliance with relevant legislation
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Report not being accepted by Council	Low	There are processes in place to show compliance with relevant legislation
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

- Staff Reimbursement
- Purchased from Shire of Northam Businesses or Individuals
- No Organisation or Business in Shire of Northam that can offer service required
- Purchase from Businesses or Individuals outside Shire of Northam
- Contract has gone to Tender

RECOMMENDATION

That Council endorse the payments for the period 1 July 2019 to 31 July 2019, as listed, which have been made in accordance with the delegated authority reference number (M/F/F/Regs LGA 1995 S5.42).

CERTIFICATION OF THE PRESIDENT

I hereby certify that this schedule of account covering vouchers and electronic fund transfer payments as per above and totalling \$4,023,839.83 was submitted to the Ordinary Meeting of Council on Wednesday, 21 August 2019.

_____ CERTIFICATION OF THE PRESIDENT

CERTIFICATE OF THE CHIEF EXECUTIVE OFFICER

This schedule of accounts paid covering vouchers \$4,023,839.83 was submitted to each member of the Council on Wednesday, 21 August 2019, has been checked and is fully supported by vouchers and invoices which are submitted herewith and which have been duly certified as to the receipt of goods and the rendition of services and as to prices, computations and casting and the amounts shown are due for payment.

_____ CHIEF EXECUTIVE OFFICER

Cr C R Antonio declared an "Impartiality" interest in item 12.4.2 - Lease of Lots 470 and 471 Great Eastern Highway as potential lessees are known to him.

Cr S B Pollard declared an "Impartiality" interest in item 12.4.2 - Lease of Lots 470 and 471 Great Eastern Highway as potential lessees are known to him.

Cr R W Tinetti declared an "Impartiality" interest in item 12.4.2 - Lease of Lots 470 and 471 Great Eastern Highway as he is a patron of the Northam and Districts Motor Cycle Club.

12.4.2 Lease of Lots 470 and 471 Great Eastern Highway

Address:	Lots 470 and 471 Great Eastern Highway
Owner:	Shire of Northam
Applicant:	Various
File Reference:	A15887
Reporting Officer:	Cheryl Greenough Governance/Administration Coordinator
Responsible Officer:	Colin Young Executive Manager Corporate Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

The leasing of Lots 470 and 471 Great Eastern Highway was previously raised at the Council meeting and was subsequently laid on the table. This matter is being raised from the table, however there have been significant changes to the original report.

ATTACHMENTS

Attachment 1: Map of leased area.

A. BACKGROUND / DETAILS

At the Ordinary Council meeting 17 May 2017 the following motion was carried:

Minute No: C.3029

That Council:

1. Approve the lease between the Federals Football Club and the Shire of Northam for a portion of Lot 495 Trimmer Road and a portion of Lot

470 and 471 Great Eastern Highway for a period of 2 years in accordance with Policy A8.5 with the following conditions:

- a) All proceeds from agricultural pursuits belong to the Club and not an individual person, company or trust;
- b) The club is to pay the fee to draw up of the lease;
- c) A combined annual rental of \$2,000;
- d) any water rates payable during the term of the lease; and
- e) Both leases are subject to approval by the Minister of Lands

2. Request the Chief Executive Officer to advertise 8 weeks prior to the conclusion of this 2 year lease for the expressions of interest from Community Clubs to lease Lot 470 and 471.

CARRIED 10/0

The lease has expired and the Shire advertised for any interest in leasing the Commonage by either commercial groups or community groups. Three community groups applied as well as two commercial groups. The Shire initially considered the expressions of interest at the 15 May 2019 meeting where Council asked for further discussions to occur between TECon and the existing Motorcycle club and laid the matter on the table.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth

Outcome 1.1: The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objectives: Ensure the Shire of Northam is a welcoming and easy place for quality investment to occur;
Communicate clearly and widely the benefits of doing business in the Shire of Northam; and
Pursue a range of developments in sectors including retirement living, renewable energy, agribusiness, innovation, logistics and aviation.

B.2 Financial / Resource Implications

\$360 for advertising if a commercial group have been chosen.

\$1,000 per annum rental for a community group.

Unknown rental capacity for commercial group and the cost of valuation.

B.3 Legislative Compliance

Local Government Act 1995 section 3.58 Disposition of Property

(2) Except as stated in this section, a local government can only dispose of property to —

(a) the highest bidder at public auction; or

- (b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.
- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —
 - (a) it gives local public notice of the proposed disposition —
 - (i) describing the property concerned; and
 - (ii) giving details of the proposed disposition; and
 - (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given; and
 - (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.
- (4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —
 - (a) the names of all other parties concerned; and
 - (b) the consideration to be received by the local government for the disposition; and
 - (c) the market value of the disposition —
 - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
 - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.

*Local Government (Functions and General) Regulations 1996 Section 30.2(b).
Dispositions of property excluded from Act s. 3.58.*

- (2) *A disposition of land is an exempt disposition if —*
 - (b) *the land is disposed of to a body, whether incorporated or not —*
 - (i) *the objects of which are of a charitable, benevolent, religious, cultural, educational, recreational, sporting or other like nature; and*
 - (ii) *the members of which are not entitled or permitted to receive any pecuniary profit from the body's transactions*

B.4 Policy Implications

Shire of Northam Lease Policy A8.4:

2.0 Not-for-profit Lease:

The basic principles considered in establishing a standard lease fee reflects a fair and equitable contribution of provision of a facility, the venue's

pattern of use, location and the potential to obtain Community Grants assistance, as follows:-

- 2.1 The Shire levy an annual administration rent to all community, sport and recreation groups, that is not for an abovementioned community Hall, which is the equivalent amount of the building insurance applicable to the building and is reviewed annually.
- 2.2 Lessees or Licensees will be responsible for the full cost of the lease document preparation, registration and other costs associated with the execution of the agreement.
- 2.3 Lessees or Licensees must agree with Council to manage the "Demised Premises" on behalf of the community and to offer a service to the community that provides a net benefit.
- 2.4 The Lessee or Licensee will be responsible for the payment of outgoing, operating costs, and minor maintenance obligations.
- 2.5 The Lessee or Licensee will not be responsible for Shire Rates, apart from rubbish service rates.
- 2.6 The Shire will insure the "Demised Premises" at replacement value and perform any structural repairs, improvements and maintenance in accordance with levels determined within its budget forecast.
- 2.7 In the case of the Lessee or Licensee who leases a Council building and obtains approval to carry out extensions, alterations and/or additions, Council will insure the improvements as part of its insurance portfolio at replacement value.
- 2.8 The Lessee or Licensee will be responsible for contents insurance for their contents, and also hold public liability for their activities and workers compensation insurance for their employees (if applicable) to the value stipulated in the agreement.
- 2.9 The Lessee or Licensee will be responsible for the cost of repair of any internal damage, vandalism, corrective maintenance or damage to external doors, glass windows, security lighting and any other external facility through misuse by a club representative, member or guest. The Shire may carry out any corrective works and recoup the full cost from the Lessee.
- 2.10 The Lessee or Licensee will be responsible for keeping the building clean and tidy at levels predetermined within the agreement.
- 2.11 The Lessee or Licensee will not incur any costs for property damage excluding contents occasioned by fire, fusion, explosion, lightning, civil commotion, storm, tempest, or earthquake.
- 2.12 On an annual basis, Lessees and Shire representatives will meet to carry out a property inspection to determine the extent to which the Lessee or Licensee have met their lease/licence obligation and to consider any specified building maintenance schedules for the following twelve month period within the Shire's budget parameters.

B.5 Stakeholder Engagement / Consultation

Avon Valley Advocate 13 March 2019
 Staff discussions

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Loss of rental fees	High	Lease the property to mitigate financial loss
Health & Safety	N/A		
Reputation	Making a decision which is not in the best interest of the Shire	Medium	Ensure decision is made with community interest at heart
Service Interruption	N/A		
Compliance	Legislative requirements for disposal of property	Medium	Ensure legislation is followed
Property	Property not being looked after/firebreaks	High	Lease to a community group until all waste information has been considered
Environment	Waste environment not being correctly identified	Medium	Ensure all aspects of waste cell has been explored

C. OFFICER'S COMMENT

The Shire advertised the properties for lease and the advertisement closed on 27th March 2019. Three community groups and two commercial groups applied. The Shire previously considered the expressions of interest at the 15 May 2019 meeting and the item was laid on the table to allow further discussions between TECon and the Motorcycle Club.

Initially the recommendation put to Council was for TECon Australia Pty Ltd to lease the land, because as a commercial group they would provide greater revenue for the Shire, being a commercial tenant for the land.

RECOMMENDATION

That Council:

- 1. Lease Lots 470 and 471 Great Eastern Highway to Eadine Road Pty Ltd for a period of ten (10) years with an option to renew for a further ten (10) years, in accordance with Policy A8.4, section 5.0 and subject to the following conditions:**
 - **Development approval being obtained from the local government;**

- **Eadine Road Pty Ltd being required to engage with Northam and Districts Motor Cycle Club with the view of identifying shared facilities opportunities;**
 - **An annual contribution of \$5,000 being provided to be provided to a local sporting group**
 - **Annual Lease fee's to be determined by independent valuation**
 - **Installing of contour banks to prevent soil erosion;**
 - **Undertaking a fencing program to fence 500m – 1km per annum; and**
 - **Maintaining firebreaks in accordance with the requirements of the local government.**
2. **Request the Chief Executive Officer to obtain a valuation to determine the annual rent;**
 3. **Request the Chief Executive Officer to prepare a lease agreement to be executed under common seal.**

After discussion the matter was laid on the table as per Minute No: C.3669
There must be a resolution to raise the item from the table.

MOTION / COUNCIL DECISION

Minute No: C.3669

Moved: Cr Tinetti

Seconded: Cr Ryan

That Council the matter 'lie on the table' on the table and the Chief Executive Officer be requested to facilitate a meeting between Eadine Road Pty Ltd and the Northam and Districts Motor Cycle Club in relation to their two proposals and that the outcomes form a future report to Council.

CARRIED 6/2

However Waste Engineering consultants have raised with the Shire, that Lot 471 is very close to the existing waste facility and potentially has been earmarked as the site for expansion of the waste facility within the next eight to ten years.

After discussions with our consultant IW Projects, they have recommended the Shire undertake a cost analysis between constructing our own new land fill cells and utilising alternate facilities such as Red Hill, another private facility or a potential waste to energy process.

The Shire would engage the services of a waste consultant over the next 18 months to undertake a feasibility study and the findings would be presented to Council.

However if Council resolves to lease the land for motorcycling activities, which is defined as 'private recreation', an application to obtain development approval shall need to be submitted in accordance with the provisions of Part 2 of the Shire of Northam Local Planning Scheme No. 6.

The application will be assessed in accordance with the matters for consideration set out in clause 67 of the Deemed Provisions, and will include potential impacts on adjoining properties and the locality, resulting from the proposed land use, such as noise emissions and traffic generation.

Noting that this process is merit-based and the granting of a lease by Council does not influence the outcomes of the development application process.

In the interim it is suggested that the Shire lease the land to a community group for a period of two years for cropping or grazing as a fund raiser for the club, to allow enough time for the study to be completed.

The reasoning behind the Northam Districts Motorcycle Club being selected as the successful club was due mostly to proximity. Currently there is a licence agreement between Federals Football Club and Northam District Motorcycle Club for ingress and egress to the property.

It is administratively easier to lease lot 470 & 471 to the Motorcycle Club for the two years until their lease expires at which time consideration can be given to other potential lessees and a new agreement being drawn up at that time.

RECOMMENDATION

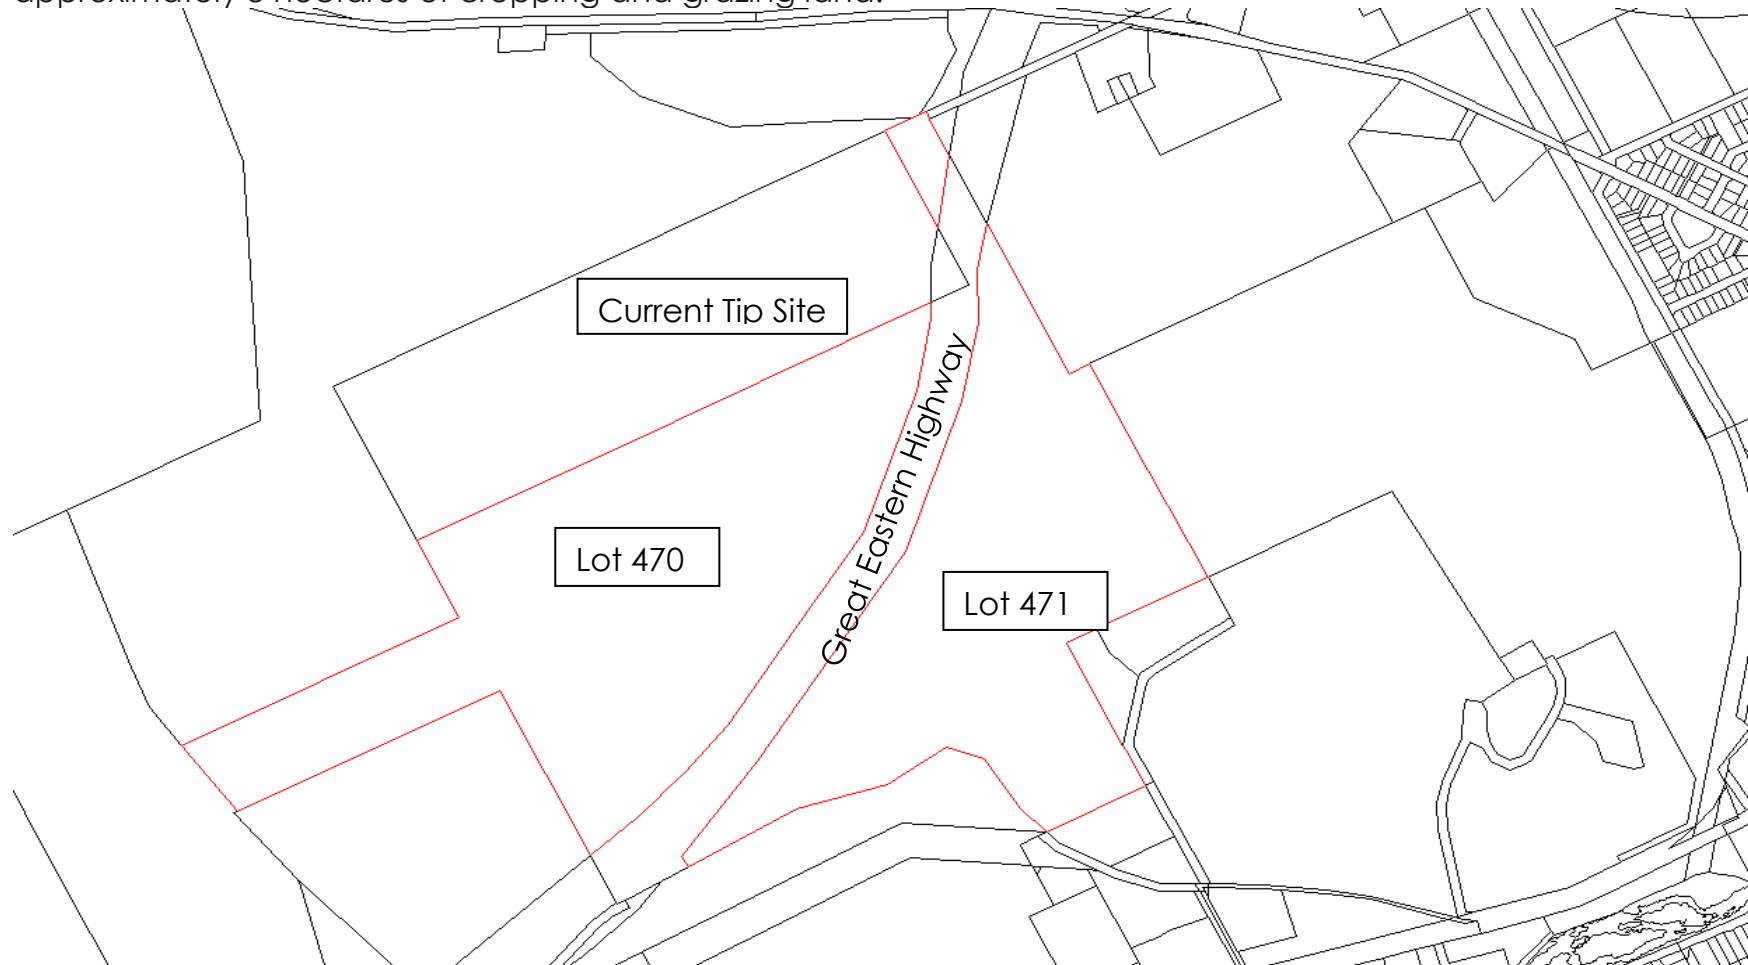

That Council:

1. Lease Lots 470 and 471 Great Eastern Highway to the Northam Districts Motorcycle Club for a period of two years for the following considerations.
 - (a) All proceeds from any agricultural pursuits to go to the club and not an individual person;
 - (b) The club is to pay a fee of \$1,000 per annum
 - (c) The club is to pay for any costs relating to lease preparation;
 - (d) The club to be responsible for firebreaks;
 - (e) The club to pay for water usage relating to Lot 470 and 471; and
 - (f) Any other considerations under the Shire of Northam Leasing Policy.
2. Request the Chief Executive Officer to prepare a lease agreement to be executed under common seal subject to approval by the Minister of Lands.

Attachment 1

Part Reserve 51213 Lot 471 on Deposited Plan 44376 as contained in Crown Lease Volume LR3158 Folio 779 approximately 70 hectares of cropping and grazing land.

Part Reserve 51213 Lot 470 on Deposited Plan 221055 as contained in Crown Lease Volume LR3158 Folio 779 approximately 8 hectares of cropping and grazing land.

12.4.3 Annual Budget Adoption

Press release to be issued:	No

BRIEF

To consider and adopt the Shire of Northam Budget for the 2019/20 financial year together with supporting schedules, including striking of the municipal fund rates, setting of the rubbish and recycling fees, setting of elected members fees for the year and other consequential matters arising from the budget papers.

ATTACHMENTS

Attachment 1: Draft Budget (supplied separately).

A. BACKGROUND / DETAILS

The draft 2019/20 budget has been provided as a separate attachment to this agenda and has been compiled based on the parameters established in the Council integrated planning documents including, long term financial plan, corporate business plan and strategic community plan.

Council gave consideration to the detail within the budget via a series of workshops and a budget meeting held on July 24, 2019. At this meeting Council endorsed a draft budget and requested the Chief Executive Officer to give local public notice of the differential rating requirements required to fund the budget, based on a 2.25% increase in rates levied.

The proposed differential rates have subsequently been advertised for public comment and at the time of publishing this agenda no comments had been received. The submissions close at 3.00pm on Wednesday August 21st 2019, consequently any comments received between the publishing date of this agenda and the budget adoption meeting will be fully disclosed and responded to by staff.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam Council is a sustainable, responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

Refer to Attachment 1.

B.3 Legislative Compliance

Section 6.2 of the *Local Government Act 1995* requires that not later than 31 August in each financial year, or such extended time as the Minister allows, each local government is to prepare and adopt, (Absolute Majority required) in the form and manner prescribed, a budget for its municipal fund for the financial year ending on the next day following 30 June.

Divisions 5 and 6 of the *Local Government Act 1995* refer to the setting of budgets and raising of rates and charges. *The Local Government (Financial Management) Regulations 1996* details the form and content of the budget. The draft 2019/20 budget as presented is considered to meet statutory requirements.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Consultation with Councillors, Staff, in addition the differential rate has been advertised for comment.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	N/A		
Health & Safety	N/A		
Reputation	N/A		
Service Interruption	If not adopted in a timely fashion delays to projects could occur.	Low	Ensure it is presented to council in a timely fashion
Compliance	Does not apply with Legislation	Low	Ensure the <i>Local Government Act 1995</i> and the <i>Australian Accounting</i>

			Standards are adhered to.
Property	N/A		
Environment	N/A		

C. OFFICER'S COMMENT

The budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards. The main features of the draft budget include:

Rate Increase

The budget provides an average 2.25% increase in rates collected, this excludes any newly rated properties created through subdivisions or developments. The rate in the dollar has increased from 9.7975 to 10.0200 for the residential GRV, with the differential GRV increasing from 10.7376 to 10.8522 to achieve the average 2.25% increase, however there will be variances greater and lesser than the average increase.

The graph below as presented has the majority of ratepayers receiving increases not greater than \$100, for GRV Residential 100% is achieved, GRV Industrial/Commercial 91%.

Figure 1 - Rates Increases by Rating Category

The Unimproved Valuations (UV) were completed on 1 August 2018 and effective from 30 June 2019. The overall change in valuations was negligible.

Although this is the case, there will also be variances greater or less than the 2.25% average. Comments from the District Valuer were;

“Generally, broadacre unimproved values have increased in the eastern portion of the shire with little to no changes in the western portion. However, the rural small holding market has softened, and small block values have been reduced across the shire. The overall average increase is relatively modest due to the reduction in small holding values.

Some changes to individual assessments may have occurred either as a product of the mass valuation process or where records have been amended or corrected for more up to date information about soil types etc.”

It is noted that property owners have the right to appeal against the valuation of their property. This appeal is made to Landgate the agency responsible for conducting the valuation service

The graph below as presented has the majority of ratepayers receiving increases not greater than \$100, UV Local 84%, UV Regional 66% and UV Small Holdings 29%. This year was particularly challenging; UV Small Holdings had large variances within the valuation with some valuations dropping up to 20%. UV Regional also saw increases in the larger properties with reductions in the smaller properties, as a result the minimum rate had to be reduced to stay within the 50% minimum as per S6.35 of the *Local Government ACT 1995*.

Figure 1 - Rates Increases by Rating Category

The minimum rates are proposed to be increased from \$923 to \$944 apart from UV Regional which was reduced to \$874 to achieve a minimum rate of not less than 50% of the total rateable properties in the category.

Rubbish and Recycling Fees

Management are recommending that the Waste Charges increase based on the Perth CPI of 1.1% over the 2018/19 financial year which is a rate not greater than that required to cover the running costs of Councils waste facilities. Residential and commercial rubbish collection has increased by an additional \$5 per bin for the purchase of new bins as per Council Motion C.3629.

Service	2018/19 charge	2019/20 charge
Residential and Commercial rubbish collection	\$163.00	\$170.00
Residential and Commercial recycling levy	\$87.00	\$90.00
Pensioner recycling	\$66.00	\$70.00
1500L Commercial bin weekly	\$1,000.00	\$1,010.00
1500L Commercial bin fortnightly	\$500.00	\$505.00
3000L Commercial bin weekly	\$2,000.00	\$2,020.00
3000L Commercial bin fortnightly	\$1,000.00	\$1,010.00
1500L Commercial recycling bin fortnightly	\$1,100.00	\$1,110.00
3000L Commercial recycling bin fortnightly	\$2,200.00	\$2,220.00
4500L Commercial recycling bin fortnightly	\$3,300.00	\$3,330.00
4500L Commercial bin weekly	\$3,000.00	\$3,030.00
4500L Commercial bin fortnightly	\$1,500.00	\$1,515.00

End of year position

The 2018/19 end of year position is summarised below;

	2018/19 Actual
NET CURRENT ASSETS

13452002	Ready Set Go	\$40,000
	<u>Untied Surplus</u>	
	Transfer to the Recreation & Community Facilities Reserve	\$22,338
	Total	\$4,463,884

The result of the final surplus calculations are that Council has an end of year untied surplus of \$22,338.

Minor adjustments to the timing of projects have been carried out, these affect both the surplus and the budget as presented. In addition, grant funding was received from DEFES for various projects plus a contribution has been accounted for from the Northam Hockey Club that has been allocated to the new hockey turf. The amendments have no impact on the budget.

Annual fees and reimbursement of costs

The recommendations include the setting of annual sitting fees and allowances for members. This includes the Presidents allowance of \$45,000 the Deputy President's allowance \$11,250 and members annual sitting fees of \$19,750 and \$23,600 for the President. A \$3,500 allowance is included for each member to provide for costs associated with information and communication technology expenses incurred by members in carrying out their functions on behalf of the Shire. Other claims such as travelling will need to be submitted quarterly or more frequently should a member so require. All payments may be made direct to Members designated bank accounts. These fees and allowances are in accordance with Sec 5.98, 5.98A, 5.99 and 5.99A of the Local Government Act and the Local Government (Administration) Regulations.

These fees are within the determinations for Band 2 as set by the Salaries and Allowances Tribunal 10 April 2019. These annual fees & Allowances remain unchanged from the 2018/19 financial year. Please follow the link for review <https://www.saf.wa.gov.au/LocalGovernmentCEOsandElectedMembers/Pages/Default.aspx>

PART A – ELECTED MEMBER’S FEES AND ALLOWANCES FOR 2019/20

RECOMMENDATION

1. That Council, pursuant to section 5.99 of the *Local Government Act 1995*, and within the range determined by the Salaries and Allowances Tribunal, adopts the following annual fees for payment of elected members in lieu of individual meeting attendance fees:

President	\$23,600
Councillors	\$19,750

2. That Council, pursuant to section 5.99A of the *Local Government Act 1995* and within the range determined by the Salaries and Allowances Tribunal, adopts the following annual Information & Communication Technology (ICT) expenses allowance for elected members:

ICT Expenses Allowance	\$3,500
------------------------	---------

3. That Council, pursuant to section 5.98(5) of the *Local Government Act 1995* and within the range determined by the Salaries and Allowances Tribunal, adopts the following annual local government allowance to be paid in addition to the annual meeting allowance:

President	\$45,000
-----------	----------

4. That Council, pursuant to section 5.98A of the *Local Government Act 1995* and within the range determined by the Salaries and Allowances Tribunal, adopts the following annual local government allowance to be paid in addition of the annual meeting allowance:

Deputy President	\$11,250
------------------	----------

ABSOLUTE MAJORITY VOTE OF 6 REQUIRED

PART B – RUBBISH AND RECYCLING FEES FOR 2019/20

RECOMMENDATION

That Council adopts the following Rubbish and Recycling Fees for the 2019/20 financial year:

• Residential and commercial rubbish collection Charge	\$170.00
• Residential and commercial recycling levy	\$90.00
• Pensioner recycling levy	\$70.00
• 1500L commercial bin weekly	\$1,010.00
• 1500L commercial bin fortnightly	\$505.00
• 3000L commercial bin weekly	\$2,020.00
• 3000L commercial bin fortnightly	\$1,010.00
• 4500L commercial bin weekly	\$3,030.00
• 4500L commercial bin fortnightly	\$1,515.00
• 1500L commercial recycling bin fortnightly	\$1,110.00
• 3000L commercial recycling bin fortnightly	\$2,220.00
• 4500L commercial recycling bin fortnightly	\$3,330.00

ABSOLUTE MAJORITY VOTE OF 6 REQUIRED

PART C – GENERAL AND MINIMUM RATES, INSTALMENT PAYMENT ARRANGEMENTS

RECOMMENDATION

1. That Council, for the purpose of yielding the deficiency disclosed by the Municipal Fund Budget adopted at Part A above, council pursuant to sections 6.32, 6.33, 6.34 and 6.35 of the *Local Government Act 1995* impose the following differential general and minimum rates on Gross Rental and Unimproved Values for the 2019/20 financial year.

1.1 Differential General Rates

• Residential (GRV)	10.0200 cents in the dollar
• Commercial / Industrial (GRV)	10.8522 cents in the dollar
• Agriculture Local (UV)	0.6189 cents in the dollar
• Agriculture Regional (UV)	0.5099 cents in the dollar
• Rural Small Holdings (UV)	0.8372 cents in the dollar

1.2 Minimum Rates

• Residential (GRV)	\$944
• Commercial / Industrial (GRV)	\$944
• Agriculture Local (UV)	\$944
• Agriculture Regional (UV)	\$874

• Rural Small Holdings (UV)

\$944

2. That Council, pursuant to section 6.45 of the *Local Government Act 1995* and regulation 64(2) of the *Local Government (Financial Management) Regulations 1996*, offers a one, two and four instalment payment option, and nominates the following due dates for the payment in full by instalments:
- Full payment & 1st instalment due date 7 October 2019
 - 2nd half instalment due date 7 December 2019
 - 2nd quarterly instalment due date 7 December 2019
 - 3rd quarterly instalment due date 7 February 2020
 - 4th & final quarterly instalment due date 7 April 2020
4. That Council, pursuant to section 6.45 of the *Local Government Act 1995* and regulation 67 of the *Local Government (Financial Management) Regulations 1996*, council adopts an instalment administration charge where the owner has elected to pay rates (and charges) through an instalment option of \$10 for each instalment after the initial instalment is paid.
5. That Council, pursuant to section 6.45 of the *Local Government Act 1995* and regulation 68 of the *Local Government (Financial Management) Regulations 1996*, council adopts an interest rate of 5.5% where the owner has elected to pay rates and charges through an instalment option.
6. That Council, pursuant to section 6.51(1) and subject to section 6.51(4) of the *Local Government Act 1995* and regulation 70 of the *Local Government (Financial Management) Regulations 1996*, council adopts an interest rate of 11% for rates (and charges) and costs of proceedings to recover such charges that remains unpaid after becoming due and payable.

ABSOLUTE MAJORITY VOTE OF 6 REQUIRED

PART D – MUNICIPAL FUND BUDGET FOR 2019/20

RECOMMENDATION

1. That Council allocate the untied surplus of \$22,338 to the Recreation and Community Facilities reserve
2. That Council, Pursuant to the provisions of section 6.2 of the *Local Government Act 1995* and Part 3 of the *Local Government (Financial Management) Regulations 1996*, adopt the Municipal Fund Budget as contained in the Attachment of this agenda and the minutes, for the Shire of Northam for the 2019/20 financial year as prepared and presented.

ABSOLUTE MAJORITY VOTE OF 6 REQUIRED

PART E – MATERIAL VARIANCE REPORTING FOR 2019/20

RECOMMENDATION

That Council, In accordance with regulation 34(5) of the *Local Government (Financial Management) Regulations 1996*, and AASB 1031 Materiality, the level to be used in statements of financial activity in 2019/20 for reporting material variances shall be a percentage of ten (10) or a minimum of \$20,000, whichever is greater.

SIMPLE MAJORITY REQUIRED

12.5 COMMUNITY SERVICES

Cr C R Antonio declared an "Impartiality" interest in item 12.5.1 - Adoption of Grass Valley Community Plan as he is a member of Grass Valley Progress Association.

BRIEF

To present Council with the final Grass Valley community plan for adoption.

ATTACHMENTS

Attachment 1: Grass Valley Community Plan 2019-2029.

Attachment 2: Public Comments (provided as a separate attachment to this agenda / minutes).

A. BACKGROUND / DETAILS

The Grass Valley Community Plan 2019-2029 has brought together residents and stakeholders with an interest in Grass Valley's future. It identifies opportunities, initiatives and priorities for the Grass Valley area to achieve a vibrant and sustainable future through population and economic growth.

The Grass Valley Community Plan 2019-2029 aims to:

- Encourage diverse investment in the region;
- Inform infrastructure, planning and investment decisions; and
- Maximise social, environmental and economic outcomes for the local community.

The planning process, facilitated by the Shire of Northam was undertaken in four stages:

1. Project Initiation and Desktop Research;
2. Community Consultation;
 - a. Facilitated through an online and paper based survey, which asked questions about the economy, services, infrastructure and liveability of Grass Valley covering both present and future needs. The survey was distributed to all residents with a Grass Valley post box.
 - b. A community workshop for all members of the Grass Valley community. The focus of the workshop was on identifying strengths and opportunities for Grass Valley
3. Plan Development; and
4. Plan Delivery.

The consultation has identified Grass Valley as a unique community, proud of their history as a rich agricultural district and chaff producer, and identified the key issues and aspirations of the community over the next ten years. A range of strategic goals have been established, which will become the focus of both the Community and the Shire of Northam.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 2: Community Wellbeing

Outcome 2.1: People in the Shire of Northam feel that their community is caring and inclusive.

Objectives: Residents are well informed about activities and services in the Shire
Improved facilities and activities for youth are available within the Shire.

B.2 Financial / Resource Implications

The financial implications for Council over the next 10 years are outlined within the plan. The projects arising from the plan will be identified within the annual budget cycle and within the Long term Financial Plan.

B.3 Legislative Compliance

Nil.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Community consultation consisted of:

- An online and paper based survey – 32 respondents
- Community workshop attended by 18 community members. It should be noted that most attendees were from the township, with minimal representation from the surrounding rural area.
- Draft plan development
- Consultation with Grass Valley Progress Association
- Final Community workshop attended by approximately 20 people.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Funding is not available to undertake the Community Plan actions	Low	The recommended options will be identified within the annual budget cycle and within the Long term Financial Plan.
Health & Safety	The actions identified in the community plan which address some elements of community Health & Safety are not actioned	Low	Council commits to the plan by including actions in future budget and corporate planning cycles.
Reputation	Council does not undertake the actions as identified in the adopted plan	Moderate	Council commits to the plan by including actions in future budget and corporate planning cycles.
Service Interruption	Nil	N/A	N/A
Compliance	The plan study was conducted within the parameters of the project brief.	Low	N/A
Property	Council does not undertake the actions as identified in the adopted plan	Low	Council does not undertake the actions as identified in the adopted plan
Environment	Nil	N/A	N/A

C. OFFICER'S COMMENT

The development of the Grass Valley Community Plan 2019- 2029 will be a key informing document for Council and the local community.

Whilst the numbers of community members who participated in the community consultation appear small, officers believe that they represented a significant cross section of the community. Participation and input from the Grass Valley Progress Association was also significant in the development of this plan.

Whilst it has taken longer than anticipated to finalise the plan, officers believe that the resultant plan is representative of the community, and recommend that Council adopt the plan as presented.

RECOMMENDATION

That Council endorse the Grass Valley Community Plan 2019- 2029 as provided in Attachment 1.

Attachment 1

**DRAFT GRASS VALLEY
COMMUNITY PLAN 2019 -
2029**

Acknowledgements

The Shire of Northam would like to thank all of the many individuals who contributed to the development of the Shire of Northam Grass Valley Community Plan 2019 - 2029.

Specifically we wish to acknowledge the contribution of the following:

- The Grass Valley Progress Association for providing ongoing advice and support to the project.
- The Wundowie & Districts Men's Shed for their amazing iron Wheat Sheaf developed as a focal point for the launch of the planning process.
- Randle Beavis for assisting in promoting the planning workshop, providing local photographs and willingly sharing his local knowledge for the development of this plan.
- Councillor Chris Antonio for his assistance in promoting the project and engaging the community.

Disclaimer

The Grass Valley Community Plan 2019-2029 is the Shire of Northam's 10 year prioritisation guide on Council investment for the gazetted locality of Grass Valley. It is aligned to the Corporate Business Plan 2018-2019 and the Strategic Community Plan 2012-2022.

The Corporate Business Plan is reviewed annually and is aligned to the Annual Budget process of the Shire to ensure that priorities are achievable and effectively timed.

Not everything within the Grass Valley Community Plan 2019-2029 is within the delegated authority of the Shire of Northam to deliver. The Shire's role ranges from lead agency to support and lobbying among the priorities and projects listed within this Plan

Whilst the shire recognises the importance of long term planning it is also cognisant of the importance flexibility and adaptability is within the fast paced environment in which we live and operate. As such it is critical that the Grass Valley Community Plan 2019-2029 is read in this context.

EXECUTIVE SUMMARY

The Grass Valley Community Plan 2019-2029 has brought together residents and stakeholders with an interest in Grass Valley's future. It identifies opportunities, initiatives and priorities for the Grass Valley area to achieve a vibrant and sustainable future through population and economic growth.

The Grass Valley Community Plan aims to:

- Encourage diverse investment in the region
- Inform infrastructure, planning and investment decisions
- Maximise social, environmental and economic outcomes for the local community.

The planning process, facilitated by the Shire of Northam, was undertaken in four stages:

1. Project Initiation and Desktop Research
2. Community Consultation
3. Plan Development
4. Plan Delivery

Community consultation was facilitated through an online and paper based survey, which asked questions about the economy, services, infrastructure and liveability of Grass Valley covering both present and future needs. The survey was distributed to all residents with a Grass Valley post box. Following the survey a community workshop was held for all members of the Grass Valley community. The focus of the workshop was on identifying strengths and opportunities for Grass Valley, using an abbreviated "SOAR" approach. The SOAR approach stands for Strengths, Opportunities, Aspirations and Results. A simple voting method was used to assist the workshop group to identify its top priorities.

In essence the community planning process has identified Grass Valley as a unique community, proud of their history as a rich agricultural district and chaff producer. Grass Valley residents demonstrate a strong community resilience, with the ability to get on with whatever is needed. It is the liveability aspects of the town that are most valued by the community, as opposed to infrastructure.

A range of strategic goals have been established, which will become the focus of both the Community and the Shire of Northam. These goals are further developed into specific tasks or strategies. The main goals are around Community & Liveability, Services, Infrastructure and Economy.

The following represent the main focus tasks and strategies within each of these goals:

- Community & Liveability
 - Show casing the local history through written and pictorial signage and encouraging owners to maintain heritage buildings.

- Organising more family events and activities.
 - Improving street scaping in the town site.
- Services
 - Improved general maintenance of public spaces and local reserves.
 - Mosquito control.
- Infrastructure
 - Improve school bus turn around area.
 - Improved drainage.
 - Improved footpaths in the town site
- Economy
 - Form linkage to Avon Industrial Park.

In addition to the strategic matters a range of infrastructure projects have been identified. These projects will be incorporated into the Shire of Northam Long Term Financial Plan (LTFP). Incorporation into the LTFP does not 'guarantee' the works will be undertaken in the identified timeframe as there may be a range of factors (including the availability of external funding) that influence the final decision of Council. Inclusion in the LTFP does however ensure that the projects are on the Council 'agenda' and will be given strong consideration, in the context of a range of other internal and external factors.

The infrastructure plan, including provision estimated costing, is provided:

PROPOSED CAPITAL EXPENDITURE PROJECTS GRASS VALLEY				
Capital Expenditure Item	Dept	Total	Shire	Year/s
Install BBQ facilities at the park	Works		\$40,000	2021/2022
Upgrade Tennis Courts	Resurface Court Works		\$80,000	2024/2025
Upgrade play equipment at the park	Works		\$50,000	2021/2022
Upgrade BMX Track	Works		\$5,000	2023/2024
Improved road conditions	Works		\$30,000	Ongoing
Improved road markings on local roads	Works		\$5,000	Ongoing
Improved town street scaping e.g. footpaths, kerbs, lighting and plantings	Works		\$75,000	Ongoing
Traffic signage to encourage motorist to slow down	Works		\$2,500	2020/2021
Upgrades to storm water drainage	Works		\$75,000	Ongoing
Local history signage with pictorial information	Community	TBC		2021/2022
Develop and install a town entry statement	Community	TBC		2022/2023

Note: Where Shire contribution falls short of total budget, there is an assumption that external grant funding will be sought.

FOREWORD

The Grass Valley town site is located just off the Great Eastern Highway, 110km east of Perth and approximately 13km on from Northam. The town was named after a local property of the same name established in 1833 by William Nairn.

The Northam to Kalgoorlie Eastern Goldfields Railway line passes through the town and includes a crossing loop. The railway was built through the area in 1894 and opened for traffic in January 1895. Grass Valley was one of the original stations when the railway line opened and the government subsequently subdivided land in the area. Land for a town site was set aside in 1898 with the town being formally gazetted in that same year.

The town is identified in the Avon Arc Sub-Regional Strategy as a 'Village Centre' providing for the daily needs of the residents of the town.

Other notable features and characteristics of the town include:

- Its close proximity and controlled access to Great Eastern Highway which runs east-west along the town's northern boundary;
- Its location on the north side of the Northam to Kalgoorlie Eastern Goldfields Railway line which runs through the town in a generally east-west direction;
- Its close proximity to the floodplain area of Grass Valley Brook, a small tributary of the Mortlock River along the town's north-eastern boundary;
- The gentle topography which provides expansive views to the north and east from the majority of the town's lots across the shallow valley of the Grass Valley Brook;
- The large stands of native remnant vegetation throughout most of the town site;
- A variety of buildings and styles reflecting distinct phases of development over the last 100 years including a small number of heritage buildings;
- A small recreation oval in the southern part of the town site set amongst significant stands of native remnant vegetation;
- Large areas of undeveloped Crown land in the central and western parts of the town site originally set aside for community and recreational purposes;
- Broad acre agricultural land of varying productive capacity in areas immediately adjacent to the town's boundaries;
- Its close proximity to the Goldfields Water Supply Scheme pipeline south of the railway line;
- Its close proximity to Cooperative Bulk Handling's Grass Valley grain handling and storage facility located within the railway reserve approximately 1 kilometre west; and
- Its close proximity to the Avon Industrial Park located approximately 3 kilometres east.

INTRODUCTION

1.1 Towards a Strong and Vibrant Grass Valley

This Plan seeks to bring together residents and those with an interest in Grass Valley's future to identify opportunities, initiatives and priorities for the region to achieve a vibrant and sustainable future through population and economic growth.

The Grass Valley Community Plan aims to:

- Encourage diverse investment in the region
- Inform infrastructure, planning and investment decisions
- Maximise social, environmental and economic outcomes for the local community.

Creating partnerships between residents, community groups, local business and industry, service providers and government is recognised in this plan as being central to accomplishing the desired outcome of 'a strong and vibrant Grass Valley'.

1.2 Why Planning for Growth is Important

Fundamentally planning for growth sets achievable targets for Grass Valley's future development and establishes investment and initiatives required to meet the established targets. It analyses trends and opportunities that may impact growth and identifies economic levers that can be manipulated to maximise growth outcomes.

Planning can empower local communities to determine their own development priorities and opportunities within an overarching policy framework.

Planning is important for government policy-making, dialogue and coordination within and across levels of government. It ensures that local knowledge and views are able to influence policy development and implementation.

Planning can provide a clear and practical vision for the Grass Valley region. This includes identifying agreed priority areas for investment, coordinated support and action. It highlights the challenges Grass Valley needs to address to achieve sustainable growth. The vision needs to be realistic, supported by an analysis of the region's economic, social and environmental performance, opportunities and future challenges.

Regional planning can help governments agree on issues faced by regions and encourage a cohesive approach to problem solving. Planning builds upon existing planning documents, and includes extensive consultation mechanisms.

1.3 Planning Framework

The Grass Valley Community Plan is being developed by The Shire of Northam. It sits within a planning framework at the local, state and Federal level.

The following table details the most relevant planning documents to the Grass Valley Community Plan.

Planning Framework			
Grass Valley	Shire of Northam	Avon Sub-Region	Wheatbelt
Grass Valley Master Plan 2002 – Relix Consultants	Shire of Northam Strategic Community Plan 2017-2027	Avon Sub-regional Economic Strategy 2013 – Wheatbelt Development Commission	Wheatbelt Regional Blueprint 2015 – Wheatbelt Development Commission
	Shire of Northam Corporate Business Plan 2013-2019		Wheatbelt Regional Plan 2013-2018 – RDA Wheatbelt
	Shire of Northam Corporate Business Plan 17/18 [annual operation plan]		Wheatbelt Health Profile 2015 – WA Country Health Service
	Shire of Northam Local Planning Strategy		Wheatbelt Workforce Development Plan 2013-2016 – Wheatbelt Workforce Development Alliance.
	Shire of Northam local Biodiversity Plan 2015		
	Shire of Northam Community Infrastructure Plan 2012-2032		
	Shire of Northam Community Infrastructure Plan 2012-2032 – Addendum 2015		

1.4 The Approach Taken

The Grass Valley Community Plan has been divided into four stages:

5. Project Initiation and Desktop Research
6. Community Consultation
7. Plan Development
8. Plan Delivery

Stage One Project Initiation and Desktop Research

The first stage of the planning process has been to develop an evidence base of what characterises Grass Valley today, what factors are driving the region's future growth, regional influences, growth capacity and predicted growth scenarios.

Stage Two Community Consultation

The second stage has been to take this information to the local community to 'truth-test' what the Shire had prepared and to ask the community about their aspirations for the future of Grass Valley.

This has been achieved through online surveys, mail out surveys and a public community workshop.

The primary outcome of this stage is the development of a vision for Grass Valley's future.

Stage Three Plan Development

Stage three brings together the research and consultation findings to develop strategies to achieve the shared vision.

Stage Four Plan Delivery

The fourth stage of the project has been to obtain final feedback and comment from key stakeholders via public comment and Northam Shire Council prior to public release.

LOCAL CHARACTERISTICS

2.1 The Grass Valley Study Area

For the purposes of this Plan the study area was identified according to the 2016 ABS statistical area of Grass Valley. This includes the township of Grass Valley and the farming land surrounding the town both north and south of the Great Eastern Highway. The boundary extends south to Richter Road, and extends to the north roughly following the Grass Valley North Road, but not as far as Semon Road. It is bounded by Christmas and Tank Road in the west and extends to where the railway crosses the Great Eastern Highway in the east.

See Appendix 1 for a map of the Grass Valley Study area.

2.2 People

2.2.1 Demographic profile

In the 2016 census the ABS recorded a population of 176 in the locality, representing 1.6% of the total Shire of Northam population. As the ABS boundary area for Grass Valley has changed since the 2011 Census it is difficult to accurately compare the population change, however long term indications show that the population of Grass Valley has been declining.

Some of the features of the statistics for the Grass Valley population include:

- There is high proportion of males (51.2%) than females (48.8%)
- The median age of the population is 47.
- 20.2% of the population is aged over 65, compared to 17% in Western Australia and 15.8% in Australia

Ratio Percentage of Population, sex by location 2016.

Grass Valley has more men than women.

Grass Valley by Age (percentage) 2016

Grass Valley has a higher percentage of the population aged 65 years or older and lower percentage aged under 20 years, compared to the whole of the Shire of Northam, Western Australia and Australia.

Median Age 2016

Grass Valley	Northam Shire	WA	Australia
47	42	36	38

Ancestry Percentages, Top Responses 2016

The Ancestry population shows a strong United Kingdom and European cultural ancestry.

Education, 2016

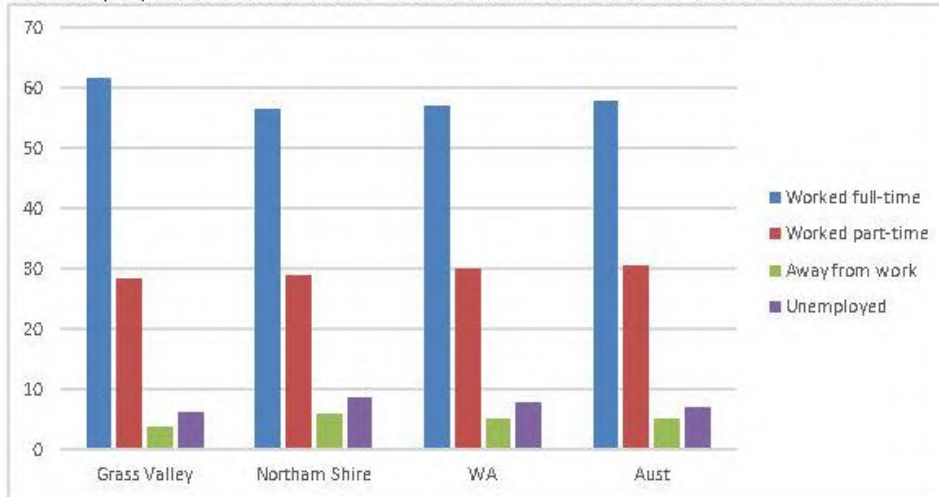

Family Composition, 2016

Employment 2016

The population of Grass Valley has a greater percentage of residents in full or part time employment than the Shire of Northam, Western Australia and Australia.

Occupation, Employed People over 15 years, 2016

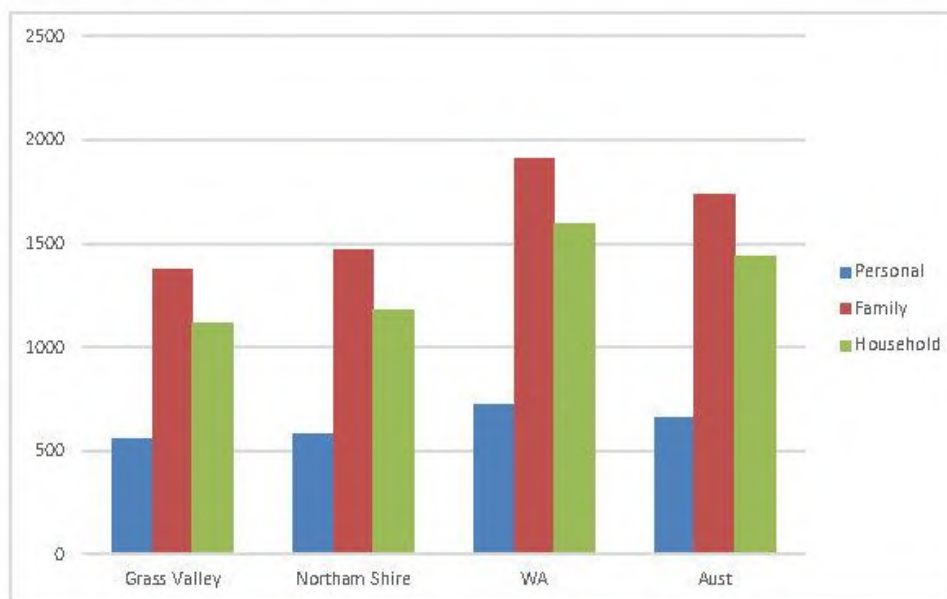

Industry of Employment, top Responses 2016

Building/Industrial Cleaning	Gardening	Farming	Liquor Retailing	Road Freight Transport
16.7%	13.9%	11.1%	8.3%	8.3%

Median Weekly Income, 2016

The median weekly income for the Grass Valley population is below the state and national average.

Volunteering, Unpaid Voluntary Work in Organisation or Group, 2016

The residents of Grass Valley are more likely to volunteer with a community organisation or group.

Grass Valley	Northam Shire	WA	Australia
28.4%	20.3%	19%	19%

2.3 The Economy

2.3.1 Agriculture

Grass Valley has a proud history as an agricultural town. This was reflected in the selection of a sheath of wheat for the artwork which was developed as a focal point for discussion at the community workshop.

The agricultural industry continues to be the main economic driver for the Grass Valley area with broad acre wheat and cereal crop production.

Historically the Agriculture industry has been a major industry sector for the Shire of Northam. While the sector continues to be an important land use and economic contributor, employment in the sector has been declining in recent decades. Unlike the western areas of the Shire, Grass Valley's agriculture industry is under less threat from encroaching urbanisation and demand for rural living lots. For this reason Wheatbelt agricultural areas such as Grass Valley offer greater opportunity to keep ahead of declining terms of trade (Australian Institute of Family Change, 2011). Threatening the opportunity however are the effects of climate change, increasing soil salinity, surface and sub-surface soil acidification, erosion, water logging and soil compaction.

Only support the development of tourist activities in the 'Rural' zone where they are complementary to the agricultural use of land and any impacts arising from these activities are contained on-site so as to not compromise agricultural productive capacity whilst maintaining that rezoning for tourist activities is not supported within the Avon East Precinct.

Shire of Northam Local Planning Strategy 2013

2.3.2 Manufacturing and Industry

The Avon Industrial Park was established in the 1990's to attract business and industry and create employment opportunities. It was thought the location of this industrial land would strategically serve the Wheatbelt region and the State resources industry, however the Avon Industrial Park has not been as successful as was envisioned.

The proximity of Grass Valley to the Industrial Park provides the community an opportunity to link in and benefit from new and existing industry within the area. Successfully encouraging Industrial Park businesses to live and invest in the town would provide a boost for the Grass Valley economy.

Grass Valley has previously had a local community representative on the Board of the Avon Industrial Park. In June 2019 this position was removed from the Board. The community view this as disappointing outcome as they feel there is now a disconnect between the Avon Industrial Park and the surrounding community.

Continue to encourage and support the establishment of a wide range of general industrial uses including manufacturing, processing and distribution activities in the Avon Industrial Park.

Shire of Northam Local Planning Strategy 2013

2.3.3 Retail and Business

The only retail business identified for Grass Valley is the Grass Valley Tavern, however this business is no longer regularly trading, opening only for accommodation, special functions and events. The historic tavern is iconic to Grass Valley and has been known to attract day and occasional short stay tourists. Despite being acknowledged as a major asset to Grass Valley, the viability to maintain the business is unclear.

2.3.4 Home Based Business

According to the 2016 Census 11.3% of the Grass Valley Population identify as working from home. There is no clear indication of which industries these account for, but could possibly be attributed to working from a home office, agriculture or trade services.

2.3.5 Urban Commuters

48% of the population say they drive to work. This statistic along with very few business registrations for Grass Valley indicates that a large proportion of residents work outside of Grass Valley. The majority of these are likely to commute to Northam for employment.

2.3.6 Tourism

Grass Valley currently has no developed tourism product and very limited amenity.

Tourism is recognised by the residents of Grass Valley as an opportunity, however there are mixed perspectives regarding the extent to which it should be promoted given the lack of local businesses who would receive any economic benefit from tourism. There is concern that external visitors could have a negative impact upon the local environment of the Reserves and disrupt the peace and quiet which is highly regarded by residents.

Promote further development and diversification of tourism in the Shire by providing infrastructure support to encourage investment in tourism infrastructure and services.

Make investment in tourism an attractive and simple proposition by recognising tourism as a legitimate land use compatible with a range of existing land uses.

Ensure that due consideration is given to protecting the natural environment and cultural heritage places and values in planning for tourism development.

Shire of Northam Local Planning Strategy 2013

2.4 Services and Amenities

2.4.1 Community Postal Agency

Local postal services are operated by the community through the Community Postal Agency. Local mail and parcels are sorted at the Agency which is open for an hour per day.

2.4.2 Health services

The nearest health services are located approximately 13km away within the town site of Northam.

2.4.3 Childcare and Learning

Childcare, primary and secondary schooling are all provided through Northam approximately 13km away.

There are two school bus runs operating that transport school children to schooling in Northam.

2.4.4 Youth

Facilities and activities for youth in Grass Valley are very limited. There is a BMX track on Wilson Street, but it is in a poor condition and requires maintenance.

2.4.5 Aged Care

Aged care facilities and services are located in Northam.

2.4.6 Sport and Recreation

Grass Valley boasts local cricket teams. The teams practice at the cricket nets located at the Grass Valley oval. There are 2 nets with a synthetic pitch which is well worn. The oval is not maintained to a standard suitable for sporting activities.

Grass Valley has 2 hard court tennis courts located adjacent to the Community Hall. These courts are used on a casual basis by local families and caravan clubs, but are in a state of disrepair with tree roots causing major damage to the surface. The Grass Valley Progress Association has investigated having the courts repaired, however the cost was prohibitive for this small community organisation.

The Grass Valley Hall is suitable for use for public gatherings, live music and dance. It comprises of the main hall and stage and a large, but not commercial kitchen that is suitable for basic food preparation.

2.4.7 Safety and Emergency Services

Grass Valley has an active Volunteer Bush Fire Brigade, who can respond to fire emergencies within the Shire of Northam.

2.4.8 Parks & Gardens

Grass Valley has some significant open space, with recreation and conservation reserves surrounding the town site. The only playground is located besides the Grass Valley Hall, between the hall and the tennis courts.

2.4.9 History & Culture

Long term Grass Valley residents are proud of their history which is primarily centred on the Chaff Industry.

Grass Valley was officially gazetted as a town in 1898, but its origins may be traced back to a farm of the same name which was established in 1833.

Significant historical buildings and sites in Grass Valley include the Grass Valley Tavern, Grass Valley Hall, former Grass Valley Stores in Carter and George Street, the former Post Office, Goods Shed and two original railway worker homes in Carter Street.

2.5 Housing and Affordability

Private Dwelling Occupation, 2016

Dwelling Tenure, 2016

Median Weekly Rent, 2016

	Grass Valley	Northam	WA	Australia

Housing Cost as Percentage of Household Income, 2016

DRIVERS OF GROWTH

3.1 Proximity to Perth

Grass Valley is within a reasonably commutable distance to Perth being 110km from the Perth CBD. Shopping, medical and every day needs can be provided through Northam just 13km away.

The Western Australian Planning Commission predicts that population growth in the Shire will be driven by its proximity to Perth and the continuing 'tree change' phenomenon

Shire of Northam Planning Strategy 2013

3.2 Housing/Land Choice and Affordability

The median mortgage repayment and rental prices are lower in the Grass Valley town site than the Shire of Northam, state and national average. This does not take into account large agricultural lots and their homesteads. There are few vacant residential blocks within Grass Valley.

The Shire of Northam's Local Planning Strategy identifies that within the current zoning there is the potential for some future residential and rural residential developments surrounding the town site, however there has been no demand for this.

See Appendix 2 for Grass Valley zoning.

The majority of the large rural landholdings in the Shire comprising of an area equal to or greater than 100 hectares are located in the eastern precinct of the Shire which incorporates Grass Valley. As mentioned above these landholding are not under any immediate threat of potential subdivision and are protected under the Shire's Local Planning Strategy from any ad-hoc subdivision and incompatible development.

3.3 Digital Communication

National Broadband Network (NBN) has been rolled out in the Grass Valley locality. The fixed wireless NBN has improved internet reliability and speed for most residents, which increases the capacity of people to work from home and improving liveability for many residents. Fixed wireless NBN does not reach all Grass Valley residents with some on outlying rural properties reliant on more expensive satellite internet services.

Mobile phone reception is said to have improved greatly, with Telstra customers able to receive full reception within Grass Valley. There are still some outlying areas where

phone reception may be patchy and inconsistent. Phone reception through providers other than Telstra is poor.

REGIONAL AND GLOBAL INFLUENCES

4.1 The rise of the Urban Farmer/Tree Change

Although dominated by large scale broad acre agricultural properties, Grass Valley still has the potential to be influenced by the rise of the tree change phenomenon, being within a reasonable commute to the Perth and having services readily available a short distance away in Northam.

Bernard Salt, partner KPMG 2006 in an editorial on the emerging tree-change phenomenon "And, oddly enough, I think Perthlings have yet to discover the delights of tree-change, although this is probably because they've all gone either down the coast or up the coast."

New residents of Grass Valley are attracted by the peace and quiet the small rural town has to offer, the sense of community and the affordability of property.

4.2 Technological Advances

Internet technology is changing the way people work and allowing them to bring work to where they want to live as opposed to driving them to live where they work.

This trend is increasing as is a corporate cultural seeking to offer flexible, family friendly working options.

With NBN technology having been rolled out into Grass Valley there is the potential for people to overcome the hurdle of limited work opportunities in the local area by working from home. This is expected to provide the region opportunity in the attraction of the tree change market.

4.3 Ageing Population

Grass Valley has a high proportion of older residents with 20.2% of its population 65 years or older. This is higher than Northam (17.8%), WA (17%) and the Nation (15.8%).

While this is a national trend caused by lowering birth rates and increased life expectancy, it is particularly true of the Wheatbelt and Grass Valley.

The Western Australian Planning Commission predicts that there will be a continued decline in the proportion of the population aged less than 19 years and a growth in the proportion of the population of more than 60 years, reflecting an ageing population.

Source Shire of Northam Planning Strategy 2013

Meeting the needs of an increasing number of older residents will impact on the need for health services and a range of other services and amenities. New infrastructure and development in Grass Valley should consider the principals outlined in the World Health Organisations Age Friendly Communities Guidelines.

CAPACITY FOR GROWTH

5.1 Land Availability

The Shire of Northam Local Planning Strategy Grass Valley Townsite Map (see Appendix 2) shows that there is the potential for future residential, rural residential and mixed use development within Grass Valley. Any further development in Grass Valley would be subject to there being substantial demand.

5.2 Power and Water

Potable water in Grass Valley is supplied by the Water Corporation via the Goldfields and Agricultural Water supply Scheme (GAWSS). Those not served by scheme water generally obtain water via on-site storage tanks, as well as farm dams and associated catchments. Water for rural properties can also be carted from numerous scheme water standpipes.

There is no reticulated gas and no plans to introduce reticulated natural gas at this stage.

5.3 Transport Networks

Grass Valley roads fall under the jurisdiction of the Shire of Northam with the exception of the Great Eastern Highway which is managed by the State Main Roads Department.

The Highway services the haulage requirements of the Goldfields Mining Industry, grain and stock plus goods moved between the East and West of the Nation. Increasing size of heavy haulage vehicles and frequency is impacting on the Hwy.

There is no public transport services within Grass Valley.

5.4 Effluent Disposal

There is no reticulated sewerage disposal in Grass Valley. As such effluent disposal within these settlement is via conventional septic tanks and leach drains or alternative on-site disposal systems.

GROWTH SCENARIOS

6.1 Forecast Growth

According to the Northam Regional Growth Plan 2012, growth in Grass Valley was likely to occur due to the close proximity of the town site to the Avon Industrial Park. At this stage the Avon Industrial Park has not resulted in any significant growth of Grass Valley, however this potential still remains should the success of the Industrial Park improve.

As Northam develops into a major transportation hub to the industrial development will drive employment nearby. As a result Grass Valley may experience a substantial amount of growth and service provision and the settlement will need to be examined to determine whether major constraints will negatively affect this potential growth. One potential growth limiting factor is the lack of reticulated sewerage for the town site.

Northam Regional Growth Plan, 2012

Plan for a Shire population of 12,300 in 2021 and 13,200 in 2031. Seek to ensure that future population growth is environmentally, socially and economically sustainable.

Shire of Northam Local Planning Strategy 2013

The Western Australian Planning Commission predicts that population growth in the Shire will be driven by its close proximity to the metropolitan regions and the continuing 'tree change' phenomenon. (i.e. Lifestyle Choice)

Shire of Northam Local Planning Strategy 2013

A VISION FOR THE FUTURE

By 2029 Grass Valley will be a vibrant, connected and healthy community attracting families who respect the heritage, appearance and peaceful nature of the town.

7.1 Mission

The Shire of Northam will work in partnership with community, government and private enterprise to promote Grass Valley for its unique heritage and lifestyle while diversifying the economic base and improving amenity and services.

7.2 Strategic Goals

1. Community & Liveability

Grass Valley will be a vibrant, family friendly community with a strong community spirit; offering a healthy lifestyle where people feel safe, are connected, engaged, proud to call Grass Valley home. Achieved by:

- Building a healthy, active, safe and informed local community.
- Encouraging local community involvement and participation.
- Acknowledging the history and heritage of the town and its strong agricultural roots.

2. Services

Grass Valley will have accessible public and social services that support the needs of all age groups within the local community. Achieved by:

- Supporting affordable and accessible services that meet community expectations.
- Providing quality services to facilitate appropriate population growth.

3. Infrastructure

Grass Valley's infrastructure will meet the needs of growth, lifestyle and commerce. Achieved by:

- Enhancing Grass Valley's lifestyle and business development;
- Providing quality local infrastructure to facilitate appropriate population growth;
- Encouraging energy efficiency and sustainability.

4. Economy

Grass Valley will have a healthy economy that will benefit the local community. Achieved by:

- Improving the viability of the Grass Valley Tavern
- Re-establishing partnerships with the Avon Industrial Park.
- Developing day trip and short stay tourism amenity.

7.4 Implementation Plan

1. Community and Liveability				
Grass Valley will be a vibrant, family friendly community with a strong community spirit; offering a healthy lifestyle where people feel safe, are connected, engaged, proud to call Grass Valley home. Achieved by:				
<ul style="list-style-type: none"> • Building a healthy, active, safe and informed local community. • Encouraging local community involvement and participation. • Acknowledging the history and heritage of the town and its strong agricultural roots. 				
1.1 Connectivity				
Action	Pr	Who's Responsible	Shire Role	Timeframe
Develop a calendar of events with identified actions for each event	H	Community	Support	Ongoing
More family events and activities e.g. concerts and movies	H	Community	Partner	Ongoing
Encourage community involvement	H	Community	Partner	Ongoing
Improved two way communication with the Shire	H	Community / SoN	Partner	Ongoing
1.2 Sport & Recreation				
Upgrade tennis courts	M	SoN	Lead	Med
Upgrade BMX track	H	SoN	Lead	Med
Redevelop and maintain oval	L	SoN	Lead	Med / Long
Utilise Grass Valley Hall for events	M	Community	Support	Ongoing
1.3 Parks & Gardens				
Create and support a Community Garden	H	Community	Partner	Med
Install BBQ facilities at the playground	M	SoN	Lead	Med
Upgrade play equipment at the playground	H	SoN	Lead	Short
Signage at the park	L	SoN	Lead	Med
Improve maintenance of local reserves, including weed and pest management	H	SoN	Lead	Ongoing
Improve and develop walk and bike trails	M	SoN	Lead	Short/ med
1.4 History & Culture				

Develop local history signage incorporating written and pictorial information on the history and development of Grass Valley	H	Community	Support	Short/ Med
Encourage the maintenance of historical buildings (i.e. Hall, Goods Shed, Post Office and Tavern)	H	Private	Lobbyist / Support	Ongoing
1.5 Streetscaping				
Encourage residents to maintain verges and front yards to improve the streetscape.	H	SoN	Lead	Ongoing
Improved streetscaping including footpaths, kerbs, lighting and plantings around the townsite	H	SoN	Lead	Ongoing
1.6 Children & Youth				
Provide an event services bus that enables youth to safely access activities in Northam	M	SoN	Lead	Short
1.7 Seniors				
More self-sufficient housing for pensioners	H	State Housing	Lobbyist	Med/ Long

2. Services				
Grass Valley will have accessible public and social services that support the needs of all age groups within the local community. Achieved by:				
<ul style="list-style-type: none"> Supporting affordable and accessible services that meet community expectations. Providing quality services to facilitate appropriate population growth. 				
2.1 Public Transport				
Action	Pr	Who's Responsible	Shire Role	Timeframe
Support and encourage improved public transport links from Grass Valley to Northam.	L	SoN	Lead	ongoing

Collection of litter from roadsides e.g. Adopt a Spot	M	Community	Support	Short/Med
Mosquito control	H	SoN	Lead	Ongoing
Maintain local footpaths	H	SoN	Lead	Ongoing
Retain local recycling service	H	SoN	Lead	Ongoing
Improve general Shire maintenance of public spaces	H	SoN	Lead	Ongoing
Weed control of reserves around town	H	SoN	Lead	Ongoing

3. Infrastructure				
Grass Valley's infrastructure will meet the needs of growth, lifestyle and commerce. Achieved by:				
<ul style="list-style-type: none"> Enhancing Grass Valley's lifestyle and business development; Providing quality local infrastructure to facilitate appropriate population growth; Encouraging energy efficiency and sustainability. 				
3.1 Internet and mobile phone access				
Action	Pr	Who's Responsible	Shire Role	Timeframe
Support and encourage the rollout of National Broadband Network for outlying areas correspondence	H	Cmwlth	lobbyist	Short/Med
Investigate options for improvement of mobile phone service within the locality, particularly in the rural area.	H	Telstra State	lobbyist	Short/Med
3.2 Local Roads				
Improve road markings and conditions of local roads	H	SoN / Main Roads	Lead	Ongoing
Maintain conditions of school bus turn around area	H	SoN	Lead	Ongoing
Improve road conditions on Vivian St at the intersection with Great Eastern Highway	H	SoN	Lead	Short/Med
Maintain vegetation on highway to improve line of sight at intersection of Vivian St and Great Eastern Highway.	H	Main Roads	Lobbyist	Short
Speed control roadworks	H	SoN	Lead	Short/Med
Conduct verge works to Vivian, Keene, Carter & Jennapulin Rd, in conjunction with drainage improvements.	H	SoN	Lead	Ongoing
Signage on highway to inform distance to Avon Industrial park to avoid large trucks accidently turning into Grass Valley townsite and causing damage to local roads.	H	Main Roads	Lobbyist	Short
3.5 Drainage				
Upgrade storm water drainage along Vivian, Keene, Carter & Jennapullin Rd	H	SoN	Lead	Ongoing
3.6 Lighting				
Increased lighting on townsite roads	H	SoN	Lead	Med

4. Economy				
Grass Valley will have a thriving economy. Achieved by:				
<ul style="list-style-type: none"> Improving the viability of the Grass Valley Tavern Re-establishing partnerships with the Avon Industrial Park. Developing day trip and short stay tourism amenity 				
4.2 Tourism Development				
Develop Old Railway Station for short stay RV facilities with camp kitchen and dump point.	L	Community	Partner	Long
Capture ballooning market, encouraging activities and links to Grass Valley	L	Community	Support	Short/ Med
Develop an interpretive historical walk around the town	M	Community	Partner	Short/Med
Improve highway signage and develop a tourist information point	H	Community	Partner	Short
Install town entry statement signage	H	Community	Partner	Short /Med
Ensure tourism marketing is sensitive to Grass Valley environmental factors and the peaceful lifestyle residents enjoy.	H	SoN	Lead	Short/Med
4.3 Small to Medium Business Development				
Re-establish representation to Avon Industrial Park.	H	State	Lobbyist	Short
Support/maintain the Grass Valley tavern as an important business to the town	H	Private	Support	Ongoing
Actively promote and market the opportunities and lifestyle benefits to attract new business to the locality	H	SoN	Lead	Ongoing
Support and encourage home based business and cottage industry.	H	SoN	Lead	Ongoing

Priority

H = High

M = Medium

L = Low

Timeframe

Short = 1-3 yrs

Med = 3-6 yrs

Long = 6-10 yrs

IMPLEMENTATION AND REVIEW

This community plan has been completed as a partnership between the Shire of Northam and the Grass Valley Community.

Not all the actions listed in the plan are in the control of the Shire so implementation will depend upon strong partnerships and commitments from a range of community groups, government agencies and private enterprise.

The Shire will take the lead in implementing and monitoring the success of the Plan.

An audit of community assets has been undertaken as part of this planning process, this will provide a benchmark upon which to measure success.

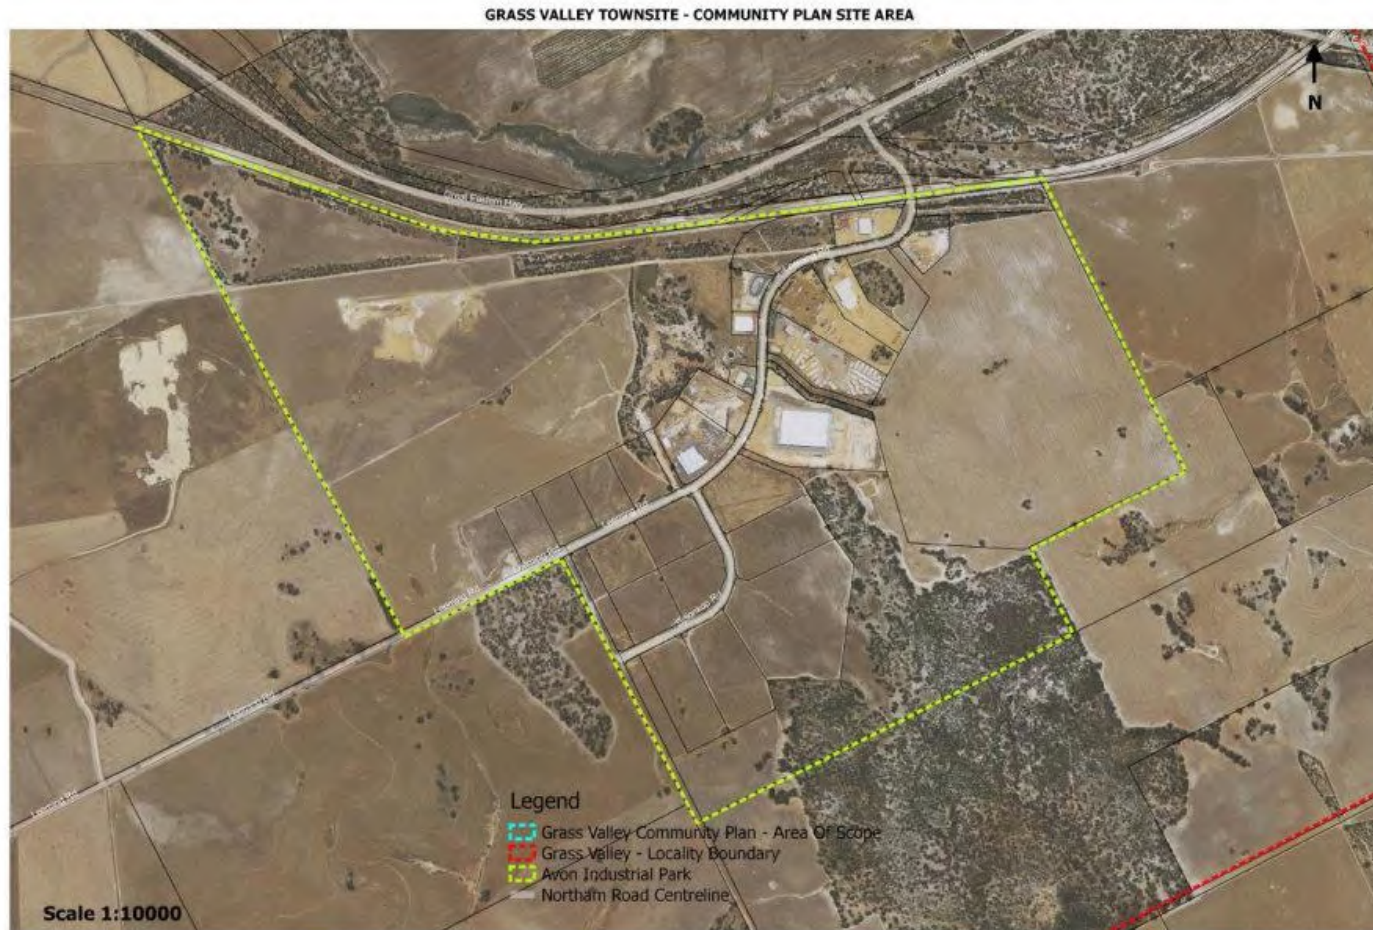

Other key performance indicators will be established and reported on to determine the achievements on the plan.
