Ordinary Council Meeting

20 November 2019

UNCONFIRMED

DISCLAIMER

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. 10. ITEMS BROUGHT FORWARD FOR THE CONVENIENCE OF THOSE IN THE PUBLIC GALLERY

No agenda items were brought forward.

11. REPORTS OF COMMITTEE MEETINGS

11.1 AUDIT COMMITTEE MEETING HELD ON 9 OCTOBER 2019

Clarification was sought in relation to the following:

- There are no risk implications for the progress reports, is this correct? The Chief Executive Officer advised that at the time of writing the report there were no risk implications. The risk assessment would have been undertaken initially when the report was first prepared. It was raised whether this should be maintained from when this was originally

Council Forum Meeting Notes
20 November 2019

assessed. The Chief Executive Officer advised that this can be maintained however the format of the assessments has changed. Clarification was provided for how the risk assessment is used, which is in accordance with the recently adopted risk management policy / framework of Council.

- Page 75 of the Audit Committee Minutes, section B.3 references the Australian Standard, is this the correct iteration referenced? The Chief Executive Officer took the question on notice.

Response to Question Taken on Notice:

Since the Council Forum, the Chief Executive Officer has confirmed that the correct reference is AS ISO 31000:2018. The Audit Committee minutes have been updated accordingly.

- The reference to per capita on page 114 of the Audit Committee Minutes, is this interpreted as per person? The Chief Executive Officer confirmed that per capita is understood to be per person. It was raised that the consultant references per capita as per 1,000 persons.

Cr Little entered the meeting at 5:43pm.

12. OFFICER REPORTS

12.1 CEO'S Office

12.1.1 Shire of Northam Committees of Council

Clarification was sought in relation to the following:

- Whether all committees are still relevant. The Chief Executive Officer advised that staff have previously raised the relevance of the Art Collection Committee.
- Whether the Audit and Risk Committee Terms of Reference can be changed to require a quorum which consists of half, plus one of the voting members. The Chief Executive Officer advised that the Terms of Reference will be updated in the Ordinary Council Meeting agenda.
- It was raised that some Committees struggle to achieve a quorum, such as the CEO Review Committee and it was queried whether the numbers should be adjusted. The Chief Executive Officer raised that it would be more appropriate to attempt to schedule meetings at times that suit all elected members where possible.

The Chief Executive Officer advised that if Councillors are interested in sitting on some committees, it would be useful to have this information in advance, as it would assist next week's meeting running efficiently.

Council Forum Meeting Notes
20 November 2019

12.1.2 Delegates or Representatives to Community Based Committees / Groups

Clarification was sought in relation to the following:

- Whether Councillors should have more involvement with these groups, i.e. be on the board/committee. The Chief Executive Officer advised that Council generally nominates someone to these groups as the groups have requested a Council representative be a member.
- Attendance at the meeting and what if nominated Elected Members are not being invited. The Chief Executive Officer advised it is up to the individual elected member to report to Council on matters relating to the committee/group. As they are appointed by Council in the event they are not being invited this should be firstly raised with the group and secondly raised through Council.
- What is the purpose of serving on the group, (e.g. does the group believe that it will impact them favourably), should other community groups be included? The Chief Executive Officer advised that Council has made significant financial contributions to some of the groups and therefore Council may wish to be involved in the decision making these events (e.g. Chamber of Commerce and Northam Flying Fifty). It is up to the Council to make a decision on whether it is warranted to have a representative and establish whether it sees value from a Council perspective. In relation to other groups where Council sees no benefit in having formal representation, it is encouraged that these groups approach individual Elected Members to become members in their own right.

12.1.3 Dress Code for Citizenship Ceremonies

Clarification was sought in relation to defining what is not considered appropriate. The Chief Executive Officer advised that the policy parameters / dress standard details, was formulated by staff and is recommended, however Council can make a determination on what it wishes to adopt as its dress code which is a requirement of the Department of Home Affairs. It was raised that this could be listed as formal or smart casual clothing only. The Chief Executive Officer advised that the Dress Code will be updated in the Ordinary Council meeting agenda to this effect in response to the feedback received.

The Coordinator Governance / Administration left the meeting at 6:04pm and returned at 6:07pm.

12.1.4 Council Meeting Dates 2020

Clarification was sought in relation to the following:

- Whether the September meeting could be changed to Southern Brook, the possibility of holding a meeting at Clackline was also raised. The

Council Forum Meeting Notes
20 November 2019

- Chief Executive Officer advised that the September meeting location will be updated in the recommendation of the Ordinary Council meeting agenda.
- Whether the intent is to attend the location one hour earlier for the meeting in Southern Brook, should this be endorsed. The Chief Executive Officer advised that the intent is only for Bakers Hill, Grass Valley and Wundowie, it was also noted that staff see no value in doing this.
 - Whether the January Forum should be on the Monday in the week of the Ordinary Council meeting or on the same day prior to the Ordinary Council meeting, if this occurred would it allow sufficient time to respond to queries that cannot be answered at the meeting? The Chief Executive Officer advised that holding the Forum on the same day as the Ordinary Council meeting would not allow Officers sufficient time to respond to queries and Council would be better off simply holding the one meeting and allowing more questions at the meeting. The Monday in the week of the Ordinary meeting should allow sufficient time however it depends on the nature of the queries.
 - Whether there is a large turnout at meetings held at external locations. The Shire President advised that there is generally high attendance, however the meeting held at Quellington Hall did have less attendees.

Mr J B Whiteaker declared an "Impartiality" interest in item 12.1.5 - Draft Standards and Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination & Draft Mandatory Code of Conduct for Council Members, Committee Members and Candidates as he is the current CEO at the Shire of Northam and the draft standards and guidelines apply to this position.

12.1.5 Draft Standards and Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination & Draft Mandatory Code of Conduct for Council Members, Committee Members and Candidates

Clarification was sought in relation to the following:

- Whether there is a survey that can be completed. The Chief Executive Officer advised that there is a survey which individuals can complete, it is believed that this survey is still open.
- Whether a survey was completed for WALGA. The Chief Executive Officer advised that he completed a survey for WALGA relating to this matter.
- Whether the reference to an individual observer is for a member of the public or staff member. The Chief Executive Officer advised that it is not specific, it can simply be someone independent, however the CEO queried the value this would provide, unless it was specified that the independent person should or must have some relevant skills or experience that would add value to the process.

Council Forum Meeting Notes
20 November 2019

- The Chief Executive Officer tenure being restricted to 10 years. The Chief Executive Officer advised he could see no value in this requirement, given CEO contracts are set for specific terms in any case and at the end of these terms Council has the option of going to the open market if it chooses.
- Whether points not covered by WALGA can be raised. The Chief Executive Officer advised that this can be raised tonight or Elected Members can contact him directly for clarification or assistance prior to the next meeting.

Ms Eliza Wynn left the meeting at 6:19pm and returned at 6:20pm.

12.2 ENGINEERING SERVICES

12.2.1 Road Closure – Gordon Place, Northam

Clarification was sought in relation to the following:

- Why is this set until 7am Monday morning? The Executive Manager Engineering Services advised that the owner of the Wine Bar does have a key however this allows staff to take the barrier down if this does not occur Sunday night, e.g. if it runs late.
- Were there feedback from the previous closure implemented under delegated authority? The Chief Executive Officer advised that no feedback has been received.
- The commencement date and the date for submissions closing. The Chief Executive Officer advised that this recommendation will need to be amended to incorporate the period for submissions being 1 week and also to allow the road closure to be implemented if there are no negative submissions received.

12.3 DEVELOPMENT SERVICES

12.3.1 Proposed Amendment – CBD & Heritage Assistance Grant

Clarification was sought in relation to the following:

- Whether rear fencing is an eligible project. The Executive Manager Development Services advised that the guidelines reference front fencing however this will be updated to be listed as prominent fencing.
- The reason for removing properties that are listed on the Municipal Heritage Inventory. The Executive Manager Development Services advised that this has been removed to try and encourage redevelopment in the CBD, in addition there have been no applications for heritage properties. It was raised that this may be due to people not being aware of the fund.
- Whether this should have a Shire focus, not just Northam. The Chief Executive Officer advised that the reasoning behind this being for the

Council Forum Meeting Notes

Northam CBD is because Council has a strategy in place for the CBD and its activation. In relation to other communities within the Shire, they have their own specific focuses and aspiration (shop front or CBD enhancements were not in any of their community plans). Each community has different focusses and it is preferred to focus on their specific needs and aspirations rather than take a generic approach across the Shire which would result in all communities have the same programs and initiatives.

12.3.2 Mid-West Wheatbelt (Central) Joint Development Assessment Panel (Wheatbelt Joint DAP) - Local Government Nominations

Clarification was sought in relation to the following:

- What determines if an application is considered by the DAP. The Executive Manager Development Services advised that anything over \$10 million is considered by the DAP and anything between \$2 million and \$10 million is optional (i.e. can be considered by Council or the DAP and is up to the proponent).
- Whether there is any upcoming training. The Executive Manager Development Services advised that there is likely to be training scheduled shortly as all Councils will be going through the process of appointing its DAP representatives.
- How often are DAP meetings held. The Executive Manager Development Services advised that these are not frequent, it is believed the last application was for the solar farm.
- Whether there is a risk for not having trained DAP representatives. Cr Williams advised that Elected Members are appointed as community representatives, not Council. If there were no Council representatives trained they can request another representative from another Council to attend the meeting.

12.3.3 Proposed Local Planning Policy No. 26 – Container Deposit Infrastructure

Clarification was sought in relation to the following:

- Whether there were any submissions. The Executive Manager Development Services advised that there were no submissions received and no changes since the policy was last presented to Council.
- Whether item 2 of the recommendation references the incorrect policy. The Chief Executive Officer confirmed that it did and advised that this was amended and Council advised via email.

12.4 CORPORATE SERVICES

Council Forum Meeting Notes
20 November 2019

12.4.1 Accounts & Statements of Accounts – October 2019

The Chief Executive Officer advised that Cr Galloway does not need to declare a financial interest in this item as there is an exemption for this matter, he will provide information to Cr Galloway for this.

Clarification was sought in relation to whether the Staff Reimbursements category can be removed from the chart. It was raised that this may be more useful if it included all staff expenses. The Chief Executive Officer advised that this category can be removed from the chart.

12.4.3 Repeal of Policy A8.1 Policy on Harvest, Vehicle Movement and/or Hot Works Bans

The Chief Executive Officer clarified that this is covered by the Bush Fire Manual and therefore it is recommending to repeal the policy.

12.4.4 Adoption of Pest Plant Local Law 2019

Clarification was sought in relation to the following:

- Item 2 of the recommendation lists 5-7 however 7 is not listed in the report. The Chief Executive Officer advised that this will be included.
- The reference to 'permitted species in the BAM Act' in Attachment 2. The Chief Executive Officer advised that this means they are permitted to be listed in the local law.

The Executive Manager Development Services advised that listing caltrop will be challenging to manage. It was advised that resources will need to be allocated in order to do this.

12.5 COMMUNITY SERVICES

12.5.1 Redesign of Layout of Northam Library

Clarification was sought in relation to the following:

Council Forum Meeting Notes
20 November 2019

- The plan in Attachment 1. The Executive Manager Community Services advised that this details the ground floor of the Library, Create298 building and a proposed new building.
- Whether there is work currently being undertaken at the Library. The Executive Manager Community Services confirmed that there is work being completed for the installation of disabled toilets, the consultant has taken this work into consideration.
- Whether the colours indicate anything on the plan in Attachment 1. The Chief Executive Officer advised that he believes this relates to items which are disability accessible however will be confirmed. Since the Council Forum Meeting, the Architect has confirmed that the red/orange/yellow shading on the drawings was intended to show new furniture and built in cabinetwork.
- Whether the new building would be of the same style as the Northam Library. The Chief Executive Officer advised that this would need to come back to Council to be determined.
- Whether making internal adjustments is practical. The Chief Executive Officer advised that if Council wants to reduce the service level then Council could resolve option 2. There are not believed to be any practical small adjustments that would resolve the issue at hand and if Council wants to resolve the issue in the longer term to make the building fully accessible, it is a significant undertaking. It was raised that the Council needs to understand the financial exposure and determine if allocating such a significant amount of money is in the best interest of the community. Acknowledgement was made to the Disability Access and Inclusion Plan and the disability legislation which requires you to consider and assess, which Council has done.

BRIEF

To provide Council with an update of the progress made towards the Better Practice Review (BPR) Action Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the Better Practice Review Program to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: BPR Action Plan.

A. BACKGROUND / DETAILS

The Local Government BPR Program is an initiative undertaken in October 2015, with the Final Report received by Council in March 2016, by the Department of Local Government and Communities to recognise and promote good practice in Western Australian country local government. The BPR Program involved a team reviewing key areas of the Shire of Northam's activities and operations. The BPR Program objectives are to:

- Generate momentum for a culture of continuous improvement and greater compliance across the local government sector;
- Promote good governance and ethical regulation;
- Identify and share innovation and best practice in the local government sector; and
- Act as a 'health check' by providing departmental advice and support to local governments that may be experiencing operational problems.

Audit Committee Meeting Minutes
9 October 2019

The key findings from the review are summarised in the areas of Governance, Planning and Regulatory function, Plan for the Future (strategic and corporate planning), assets and finance, workforce planning / Human Resource (HR) management and community and consultation. The report aims to highlight areas where the local government is demonstrating better practice as well as providing constructive feedback on addressing any areas for further development. The areas requiring further development are provided to the local government with suggested recommendations that the local government can aim to address through a documented action plan (Attachment 1).

C. OFFICER'S COMMENT

This review found that overall the Shire is an organisation that functions well. Areas of further development identified related to enabling planning, building and health staff to work more cohesively to deliver consistent information to the community, the improvement of asset management, financial reporting practices, meeting/briefing procedures and standing orders. Areas for further development and recommendations have been detailed in Attachment 1 with comments in respect to the progress made towards each of these.

BRIEF

This report provides Council with an update on the progress made towards the Customer Service Audit in order to ensure continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Customer Service Audit Plan.

A. BACKGROUND / DETAILS

The Shire of Northam procured Aveling to conduct a Customer Service Management System Audit at the end of 2017 which included a review of the effectiveness of our ICS system and our Customer Service Charter. The report included an internal survey as well as an external customer survey.

Key findings of the review related to areas of recommended improvement for both ICS and the Customer Service Charter. Suggested improvements relating to the Customer Service Charter included document control and ensuring the document is easily accessible by customers.

For ICS' the recommended improvement areas included the ICS' were not closed out prior to action being taken and ensuring that the customer is kept up to date on the actions taken by staff.

C. OFFICER'S COMMENT

The Customer Service Charter is a document which may have ongoing changes as the needs of the Shire grow and change. The Customer Service Charter is included as a controlled document.

A whistle-blower policy was discussed with Executive Managers who considered the matter was covered by the Public Interest Disclosure legislation and the Freedom of Information legislation which provides for confidentiality for anyone including staff who may have information of a sensitive nature they wish to report.

Audit Committee Meeting Minutes
9 October 2019

The Customer Service Charter has been made accessible at the front Administrative area and also on the television screen where there is a rolling information session which includes the customer service charter.

The process has been reviewed and changed on Promapp to ensure customers are aware of the steps taken in their ICS including the close out stage.

As all the areas of concern have been acted upon with some continually ongoing, it is recommended that this Audit be finalised.

(ISO10001 6.2)	2	Charter identifies major stakeholders and attempts to provide them with workable solutions. The main areas missing are stakeholder closeout and reporting to elected members. The elected member monthly report for October 2017 appears to be flawed closeout numbers. It shows approximately 30% of year to date requests are still not closed, but does not seem to trigger any alarm. It is also suspected that significant numbers of complaints have been closed out on the ICS system, without being actually closed. Examples of this include where a letter has been sent by Shire staff requesting action and then closed on the system, but no follow up visit to ensure that the action has been completed.	Executive Managers	Weekly reporting is occurring for complaints and ICS's received. Complaints outstanding and completed over the period are monitored to ensure that complaints are not closed without actioning. Changes have been made to the Customer Requests process so that these are only allocated to one officer to ensure ownership of the complain/ICS. This reporting is ongoing and the total number of ICS's/complaints received will be monitored.

BRIEF

To provide Council with an update on the progress made towards the Procurement Review Report in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Outcomes from the Procurement Process Review Report.

A. BACKGROUND / DETAILS

In July 2017 under the direction of the CEO, staff called for quotes from qualified business to conduct a Procurement Process Review on the Shire of Northam's purchasing policy particularly focusing on, Tenders, Records Management, Probity and Credit Card Usage.

The Audit was designed to provide both the CEO and the Council with an additional element of accountability through a check on current procurement processes, ensuring these are being adhered to by staff.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6 Governance and Leadership

Outcome 6.3 The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Ensure robust financial management.

That Council receives the update toward the Procurement Process review as provided in Attachment 1.

CARRIED 2/0

The Executive Manager Corporate Services provided an update in relation to the Vendor Panel software which has a \$10,000 budget allocation. It was noted that this would be purchased in the next couple of months, once this is in place this audit can be closed off.

Clarification was sought in relation to whether there were any other plumbers and electricians interested. The Acting Chief Executive Officer advised that all trades persons that staff are aware of had been approached. It was also advised that with significant purchases, information is provided to the Chamber of Commerce and circulated accordingly.

<p>Per the Local Gov't (Functions and General) Regulations 1996, Part 4A, Section 24D (Discounts permitted for regional price preferences), there are three scenarios where the bid from the tenderer can be considered for a price reduction.</p> <p>The legislation allows for:</p> <ul style="list-style-type: none"> up to 10% reduction for goods or services up to a maximum of \$50,000; up to 5% reduction for construction (building) services up to maximum of \$50,000; or up to 10% where the contract is for construction (building) services up to a maximum price reduction of \$500,000. <p>The Shire's Local Price Preference Policy (F 4.4), Section 3 - Local Price Preference Value, allows for a maximum price reduction of \$100,000 (excluding GST) for goods and services from within the Shire. IMPROVEMENT OPPORTUNITIES				
ESTABLISHMENT OF PRE-QUALIFIED PANEL OF SUPPLIERS				
Observation	Potential Risks	Recommendation	Management Comment	Progress
<p>It was noted during the audit that the Shire currently does not operate any formal panels of pre-qualified suppliers. Rather, through the years, it has maintained an informal list of suppliers which it has consistently used for recurring needs such as electrical services, painting, etc. Use of an informal list may present the following limitations:</p> <ul style="list-style-type: none"> precludes consideration of other suitable service providers which are new market entrants; rates quoted by known suppliers are often not market tested; and pre-qualified panel provides greater transparency in the selection process and if implemented follows a prescribed set of rules governing how the panel will operate to manage risks and to ensure a more efficient procurement process. 	<p>The following contractors were used multiple times for the period 1 July 2017 to 31 January 2018. Examples:</p> <p><u>Plumbing Services</u></p> <ul style="list-style-type: none"> Andy's Plumbing [43 POs; spend @ \$14,000] Blackwell Plumbing [17 POs; spend @ \$15,500] <p><u>Electrical Services</u></p> <ul style="list-style-type: none"> Grafton Electrics [46 POs; \$22,000] Verlindens Electrical [4 POs; \$11,600] 	<p>It is recommended that goods and services which are:</p> <ul style="list-style-type: none"> recurring, purchased frequently throughout the year; and deemed to be low or medium procurement risk, be considered for establishment as a pre-qualified panel under Division 3 of Regulations. <p>Determination of these services could be based on spend data by service category for the past 2 or 3 years. Any services which are likely to reach \$150,000 however, must undergo a public tender process as per Section 11.</p>	<p>Staff will investigate and establish pre-qualified panels where appropriate.</p>	<p>Limited Progress staff investigating No changes – Have budgeted for vendor panel software. 3/10/2019.</p>

SPEND ANALYSIS				
Observation	Potential Risks	Recommendation	Management Comment	Progress
<p>Spend analysis will provide insight into current procurement arrangements and identify opportunities for strategic procurement by spend category such as assessment of sole source arrangements and the use of pre-qualified panels (refer to point 1.0 Establishment of Pre-qualified panels).</p> <p>A regular review will also contribute to the understanding of historical spend patterns and whether anticipated value for money outcomes were achieved, thus providing input into subsequent tender planning processes.</p> <p>Spend analysis will also enable the Shire to benchmark suppliers which provide similar services for the purposes of "value for money" assessment for future reference.</p>	<p>The following examples illustrate the information that was obtained through a quick analysis of spend data from 1 July 2017 to 31 January 2018:</p> <ul style="list-style-type: none"> Glenn Stuart Beveridge @ 9 months is \$91,000; this supplier could reach the \$150,000 threshold if not monitored. Several contractors provide ongoing technical services which require specialist environmental, health and safety knowledge. However, there is no contract or service agreement in place i.e. Avon Valley Contractors, Central Mobile Mechanical Repairs. Avon Valley Contractors; POs for \$8,800 for 3 months has been sole source supplier for hire of graders. 	<p>It is recommended that at least annually, a review is performed by a person independent of the Procurement function of spend by supplier, by service type and other relevant criteria to ensure that overall procurement for goods and services is a strategic activity.</p> <p>Procurement planning may also alleviate the reliance on sole source suppliers if request for goods and services on short notice is minimised.</p>	<p>Procedures will be put in place ensuring suppliers that have recurring purchases that may reach the \$150,000 tender threshold are reviewed annually.</p>	<p>Spend Analysis now being performed as part of EOFY procedures, updated 28/02/2019</p>

BRIEF

To provide Council with an update of the progress made towards the Safety & Risk Management Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the audit undertaken by LGIS in 2014 and 2016 in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Safety & Risk Management Plan.

A. BACKGROUND / DETAILS

The AS/NZS 4801:2001 Audit Report undertaken by LGIS in August 2016 has highlighted significant improvements pertaining to all aspects of Occupational Safety and Health at the Shire of Northam. The total 'average' score for the Shire of Northam was 67% which is significantly higher than the previous audit result of 28% which was achieved in 2014.

As a consequence and to ensure that any shortfalls identified during the audit are addressed, the Safety & Risk Management Plan has been developed to ensure that required improvements are made in a timely manner. This Plans demonstrates the commitment of the Executive team together with the Occupational Safety & Health Committee to the achievement of a safe working environment.

C. OFFICER'S COMMENT

The Shire, as an employer, must ensure that all employees and contractors across the entire scope of operations are considered and included in the application of occupational health and safety management systems.

As with all system based programs there is opportunity for continuous improvement aligned with AS/NZS 4801 guidance specifications. The implementation of the recommendations contained in audit report have

BRIEF

To provide Council with an update of the progress made towards the Regulation 17 Review Action Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the Regulation 17 Review to ensure that Council's risk management, internal controls and legislative compliance is appropriate and effective.

ATTACHMENTS

Attachment 1: Regulation 17 Review Action Plan. Appendix A, B, & C

A. BACKGROUND / DETAILS

The Shire of Northam procured AMD Chartered Accountants to undertake the Shire of Northam's Regulation 17 Review in accordance with Local Government (Audit) Regulations 1996, Regulation 17 for the period ending 31 December 2016. This Regulation 17 Review includes a review of the appropriateness and effectiveness of the risk management, internal controls and legislative compliance of the Shire of Northam. A report has then been prepared identifying the findings from the review along with recommendations (if applicable). These findings and recommendation have been developed into an action plan and provided in Attachment 1.

CARRIED 2/0

Clarification was sought in relation to the reference to 2016 in the Background/Detail of the report. The Executive Manager Corporate Services confirmed this is correct and advised that it is due again this calendar year. It is a statutory requirement for this to be completed every 3 calendar years.

It was noted that the Risk Policy has now been adopted by Council.

1	<p>Shire of Northam have not developed an organisational-wide risk register which identifies risks, assesses the impact of the risk and identifies controls to mitigate risk.</p> <p>We would expect the organisational risk register to encompass each business unit incorporating the following categories for each business unit:</p> <ul style="list-style-type: none"> ▪ Operational; ▪ Strategic; ▪ Finance; ▪ Technological; and ▪ Compliance risks (also refer Appendix C) <p>While we acknowledge Shire of Northam has developed a Risk Management Framework, Risk Dashboard and many individual policies and operational procedures,</p>	Medium	Lack of documentation in place to evidence risks have been identified.	<p>We recommend the Shire of Northam develop an organisational risk register. This should include conducting a comprehensive risk identification process to identify potential Shire of Northam risks within each business unit and incorporating the following categories:</p> <ul style="list-style-type: none"> (a) Operational; (b) Strategic; (c) Finance; (d) Technological; and (e) Compliance risks. <p>The risk register should identify the risk, analyse the risk by determining the likelihood, consequence and current controls in respect to each identified risk; evaluate the risk by deciding whether the risk is to be treated/controlled,</p>	<p>A current register exists even though it is not as extensive as that suggested, the risk register will be updated in the future as recommended. Agree, the three identified policies will be developed.</p>	Chief Executive Officer	Detailed risk register has been completed and is populated within Promapps

	<p>the risk identification process is the first step to effective risk management.</p> <p>In addition, we noted Shire of Northam's Risk policies and procedures do not include:</p> <p>(a) Litigation/Claims Policy;</p> <p>(b) Fraud Control Policy; and</p> <p>(c) Whistleblower/Public Interest Disclosure (PID) Policy (allowing anonymous reporting and to be available on the Shire's website to ensure external parties can report).</p>			<p>reassessed or accepted and determine the action to be taken to treat or control each risk.</p> <p>The risk register should also be monitored and reviewed on a regular basis to ensure up to date and integrates with existing Shire of Northam Risk Management Framework policies and procedures.</p>			
2	<p>We noted at the time of our on-site visit the following plans are currently under review and require finalisation:</p> <p>(a) Landfill Site Waste Management Plan;</p> <p>(b) Local Emergency Response Plan;</p> <p>(c) Bushfire Management Plan;</p> <p>(d) Asset Management Plan; and</p> <p>(e) Long Term Financial Management Plan.</p>	Medium	<p>Risk of significant delays and business interruption in the event of unforeseen circumstances in respect to Northam Community and District operations. Risk of the plan being out of date and non-compliance with the plan.</p>	<p>Once the plans have been completed, we recommend they are endorsed and communicated to all staff, implemented and monitored on a regular basis including testing the plans to ensure that in the event of a disaster, appropriate actions can be taken.</p>	<p>Noted, all plans are expected to be finalized and adopted early 2017, current plans in place reduce the risk until the reviews are completed.</p>	<p>Various</p> <p>CESM</p>	<p>A – Inkpen Road Waste Management Facility Plan was adopted by Council on 25.01.2017. The Old Quarry Road Waste Management was endorsed by Council on 17/05/2017.</p> <p>B – Completion of Local Emergency Management Arrangements adopted by Council 16/11/16.</p> <p>C – Bush Fire Manual was endorsed by Council on 19/09/2018</p>

3	<p>We noted that the following from the sample of lease agreements tested:</p> <p>(a) Lease agreement for Northam Aero Club Management is not signed and the details on the lease register are out of the date;</p> <p>(b) Lease register not updated to reflect the lease agreement terms for Northam Airport – Hanger 13; and</p> <p>(c) The commencement date in the lease register for Blackberry Close Bakers Hill differs to that reflected in the lease agreement.</p>	Medium	Risk the Shire is exposed to risks due to lessee non-compliance with lease terms.	We recommend a sample lessee compliance check be completed to ensure lessees are complying with stated lease terms, including obtaining documentation to support adequate insurance is maintained by the lessee. This could be completed on a rolling basis over several years to ensure all lessees are contacted at least once within the lease term.	<p>(a) As discussed with the Auditor, the lease agreement for Northam Aero Club is not yet signed because it is with them (Aero Club) for their approval and signing.</p> <p>(b) Register for Hangar 13 has been updated.</p> <p>(c) The reason is that the original lease commenced in 2004 and went for 5 years, a new lease was initiated 1/7/2009 for two years with 4x2year options to renew. The lease register is currently being updated so this will be rectified.</p> <p>The Governance officer is the designated officer with the responsibility for ensuring compliance and random checks are done several times a year to ensure compliance.</p>	Governance Officer	Completed

4	<p>While the "Declaration of Interest" step was added to the Purchasing Process in Promapp post the Projects and Contracts Administration Officer and Procurement Officer attending the WALGA procurement training in August 2016, there is no centrally maintained register that records any disclosed Councillor and staff conflicts of interests.</p> <p>We acknowledge the Shire of Northam records those interests disclosed at the Council and Committee meetings in the Register of Financial Interest. However this register does not currently record any conflicts (whether perceived or actual) disclosed outside these meetings.</p>	Medium	<p>Risk that a Councillor/staff have a perceived/actual conflict of interest which is not recorded and managed appropriately by the Council.</p>	<p>We recommend that the Shire of Northam design and implement a conflict of interest register. This register should be monitored to ensure that all conflicts (whether perceived/actual) are disclosed. All conflicts of interest should be managed accordingly by the Shire.</p>	<p>Noted, management will investigate the establishment of a central register</p>	CEO	<p>Executive Assistant – CEO (EA – CEO) has posted an improvement idea/request onto the 'Manage Purchasing' process for an additional task outlining that a disclosure of interest form is to be completed (if applicable) and forwarded the EA – CEO. This will then be added to the existing Register for Interest Disclosures. This improvement idea/request is currently pending approval of the process owner (Executive Manager Corporate Services). The EA – CEO has also amended the register to add an additional field for the person/party/location which the disclosure relates to allow for a quick search to be undertaken when reviewing whether interests should be declared.</p>

5	Our inquiries of the Human Resources Officer identified that the Shire of Northam does not maintain a central Contractor/Sub-contractor Insurance Register and that the responsibility for checking insurances currently rests with the Responsible Officer who has arranged the Contract.	Medium	Risk that the Contractors/Sub-contractors insurances expire whilst providing the service to the Shire and that this is not identified in a timely manner.	We recommend that the Shire designs and implements a central Contractor/Sub-contractor Insurance Register which is maintained by one or two individual to ensure that all insurances are up to date.	Noted and will implement.	Human Resource Officer	Central contractor/sub contractor insurance register created and will be maintained by Engineering Services.
6	Our inquiries indicated Shire of Northam has no documented policy or procedure in respect to personally owned IT devices including laptops, smartphones, tablets, thumb drives etc.	Medium	Risk that existing procedures and practices in respect to personally owned devices are not formally documented.	In accordance with the Department of Local Government IT Framework (best practice guidelines), we recommend policies and procedures outlining the terms and conditions is respect to the use of personally owned devices and access be documented, approved, implemented and monitored on an ongoing basis.	Noted, a policy will be developed and implemented.	Exec Manager Corporate Services	Limited, policy to be developed as part of overall IT Strategy.

7	While our inquiries indicate that the Shire of Northam's prior period Audit Regulation 17 Risk Report (being the risk dashboard) was presented to the Audit Committee, an updated risk report is not provided to the Audit Committee / Council on a regular basis.	Low	Lack of communication with those charged with governance.	Once the development of the organisation risk register (as noted at number 1 above) is completed, we recommend this register and / or risk dashboard is tabled at Audit Committee and subsequent Council meetings on a periodic basis.	Notes, currently in the process of reviewing the functions for the Audit committee.	CEO	Completed, per this report to the Audit Committee.
8	We note Shire of Northam does not currently hold Cybercrime insurance.	Low	Risk of being uninsured against cybercrime.	We recommend Council investigate obtaining cybercrime insurance.	Insurance coverage is reviewed annually in consultation with the council Insurance Company (LGIS), in the past this has not been identified as a 'high' risk area, will investigate as part of the annual insurance review.	Exec Manager Corporate Services	Complete – The Shire now has cover for Cybercrime.

9	We noted the Shire of Northam Insurance Register does not currently record the date insurance claims are submitted to the Shire of Northam, to ensure insurance claims are subsequently lodged and followed up in a timely manner after an incident.	Low	Untimely recovery of costs associated with insurance events.	We recommend insurance claims be lodged on a timely basis after incidents occur (we suggest no longer than one month) and the date the claim is submitted to the Shire be recorded in the insurance claims register.	Noted.	Governance Officer	Completed August 2018
10	Our review identified that the: (a) Community Engagement Plan was last endorsed on 12 October 2011; and (b) Management of Council Property Leases was last reviewed on 16 October 2013.	Low	Risk that outdated documents are being referenced by Council staff.	We recommend all Council plans, policies and procedures are reviewed and updated regularly. We also recommend that reviews of policies and procedures include ensuring all references to legislation / guidelines are current and if legislation / guidelines have changed, the policy is updated to reflect those changes.	Plans and policies are monitored and reviewed (as required) internally on a regular basis.	Various CEO Governance	a) Not yet reviewed. No change since previous update. b) Completed Endorsed by Council in August 2018.

11	Our inquiries of the Executive Manager, Corporate Services indicated that there is currently no Council signature specimen list in place.	Low	Risk that someone without the appropriate delegated authority signs a document approving a Contract, transaction etc. which could be enforceable by another party.	We recommend that the Shire of Northam develops a signature specimen list for all those with delegated authority.	A signature register is currently being developed.	Exec Manager Corporate Services	Completed.
12	Our inquiries of the Projects and Contracts Administration Officer identified that Council has not developed any probity plan(s) or Statement of Purchasing Ethics requiring acknowledgement by third parties.	Low	Risk of the third party not acting in accordance with the Shire's policies and procedures.	We recommend that the Shire develops and implements a Statement of Purchasing Ethics which sets out the way the third party conducts business with the Shire. Terms and conditions included within supplier contracts would require suppliers to comply with Council's Statement of Purchasing Ethics.	Will investigate the implementation. 1	Our inquiries of the Executive Manager, Corporate Services identified that the Shire of Northam does not currently have a formal documented IT Disaster Recovery Plan in place. We acknowledge that IT Disaster Recovery is briefly commented on in the Business Continuity Plan and that by coincidence the Shire put to test the recovery of the Shire's back-up due to an incident that occurred on 22 September 2016.	Medium	Risk of significant delays and business interruption in the event of unforeseen circumstances in respect to Council organisational business.	We recommend the IT Disaster Recovery Plan be developed and implemented by the Shire of Northam. Once the plan has been completed, we recommend it is endorsed and communicated to all staff, implemented and monitored on a regular basis including testing the plan to ensure that in the event of a disaster, appropriate actions can be taken.	Staff are currently looking to develop an IT disaster recovery plan.	Exec Manager Corporate Services	Processes have been put in place they are, onsite and offsite backups, active monitoring for potential cyber attacks etc, new ups for protection against power surges. Documentation of the steps is still pending, expected to be carried out 2 nd or 3 rd Qtr 2019. Updated 28/02/2019
2	We noted there is a Contractor Induction process in place. However, testing identified no evidence that the contractor had attended/completed the Contractor Induction process.	Medium	Risk of non-compliance with stated policies, procedures including relevant health and safety requirements.	We recommend contractors be required to complete some level of induction (the level of induction completed should be determined based on the risks associated with the service or product provided) and the induction process be formally documented as evidence of attendance.	A current register exists even though it is not as extensive as that suggested, the risk register will be updated in the future as recommended. 3	Our inquiries of the Executive Manager, Corporate Services indicated that the Shire of Northam does not currently have an ICT Framework in place.	Medium	Risk that existing procedures and practices in respect to information and communication technology are not formally documented.	We recommend the ICT Framework be developed to ensure procedures and practices in respect to information and communication technology is documented and presented to Council for review and adoption. The framework should be monitored on a pre-determined basis to ensure compliance with stated policies and procedures. As part of the development of the ICT framework, we suggest consideration be given to: <ul style="list-style-type: none"> • A formal cost v benefit analysis or feasibility study be completed prior to major ITC projects, including post implementation reviews; • KPI's are set for the IT process and regular monitoring against KPI be performed, including user satisfaction reviews; • Confidentiality clause be included in key service level agreements with external supplies; and • Review of external service level agreements be completed against targets included within those agreements. 	Currently investigating available options. 4	Our inquiries of Council's Building Supervisor indicated the Shire of Northam does not currently have a signed contract in place with the external security companies used for monitoring and call-outs.	Medium	Risk of the Shire of Northam locations not being protected from break-ins, vandalism etc.	We recommend that contracts are in place with all third parties engaged to provide said security services.	Staff will develop an agreement.	Exec Manager Engineering Services	Contract expired on 30 June 2017. Extension granted until RFQ has been prepared and advertised. For the monitoring and servicing we have some monitoring agreements for individual buildings as they were upgraded to 4g monitoring however we don't have an overall contract for monitoring and servicing. Staff are further investigating.
5	Our inquiries of the Executive Manager, Corporate Services indicated there is no ongoing security awareness program in respect to IT.	Low	Risk of security breaches due to changing security environment.	We recommend an ongoing security awareness program be developed to ensure security needs of the Shire is updated as required (for example due to IT infrastructure or application changes) and to prevent any security breaches from occurring. This could be incorporated as part of Shire of Northam's overall Risk Management Framework.	Staff to investigate. BRIEF

This report is to update Council on the progress of the IT Audit Service Report provided by Focus Networks in September 2018.

ATTACHMENTS

Attachment 1: IT Audit Review

A. BACKGROUND / DETAILS

In June 2018 via the audit committee, Council adopted that an internal audit was to be carried out on the resourcing requirements of Council's Information Technology Resourcing. Focus Networks was contracted to carry out a review of Council's IT Infrastructure. There were four objectives noted as requiring attention;

1. Review the Current IT Environment
 - a. Physically inspect certain core IT areas
 - b. Electronically inspect certain core IT areas
 - c. Document current configurations
2. Compare to Industry Best Standards
 - a. Generate a Technology Scorecard
 - b. Generate a priority Timeframes
 - c. Highlight the differences
3. Make Recommendations for the Future
 - a. Rate core IT areas based on risk
 - b. Document areas of concern

Audit Committee Meeting Minutes
9 October 2019

c. Suggest the implications

4. Suggest Budget Estimates
 - a. Propose alternative solutions
 - b. High and medium IT areas
 - c. Include hardware/software/labour

The core areas audited and documented where:

1. Plans Procedures & Designs
2. Environment & Communications
3. Computers & Network Hardware

Furthermore, Council's network was hit by a crypto virus on 18 August 2018, this attack highlighted the need for an urgent review of Council's network.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Provide outstanding customer service.
Maintain a high standard of corporate governance.

C. OFFICER'S COMMENT

Since the last Cyber-attack in 2018, an agreement has been signed between the Shire and JH Computer Services to provide two levels of support.

Level 1 Monitoring and Maintenance

Examples include but are not limited to:

- Monitoring Server Uptime;
- Being made aware if Server goes offline;
- Monitoring and maintain Backups;
- Monitoring and managing Hard Disk Utilisation;
- Monitoring, notifying and instigating repair of Hardware faults; and
- Checking Windows updates that are required.

Level 2 Support Packs

Such as auditing and review services which include:

- Backup and Disaster Recovery Assessment;
- Network Performance Assessments;
- Virus and Security Assessments;
- Network Hardware Review; and
- Communications Review (ie. ADSL connections)

In the attached table it describes the actions taken by the Shire to address the IT issues raised by Focus Networks.

Underway

Officers are working towards addressing the areas for further development whilst continuing the improvements already underway in order to achieve good practice, governance and legislative compliance into the future. The action plan for the review has been provided in Attachment 1 with an update of the progress made towards the recommendations.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.128

Moved: Cr Antonio

Seconded: Cr Mencshelyi

That Council receive the update as provided in Attachment 1 in relation to the progress made towards the IT Audit Review.

CARRIED 2/0

The Executive Manager Corporate Services advised that everything high risk has been dealt with and many of the outstanding items have measures in place however these are not documented. Officers are confident that these are under control and the risk is managed.

Clarification was sought in relation to whether there is off site backups? The Executive Manager Corporate Services confirmed that this is occurring in addition to on site backups. There are procedures in place for IT recovery. It was noted that Council has changed IT providers which are providing a better service than the previous providers.

1	Backups	HIGH Score 1.5	<p>Two backup technologies are used</p> <p>The backup runs daily Monday to Friday and are stored on a share on the NSC-HYPERV physical server. A retention period for NSC-DATABASE could not be documented.</p> <p>A backup exists on the NSC-FILE virtual server and NSC-TS physical server. This backup runs daily Monday to Sunday at 9PM. A retention period of 7 days exists for NSC-TS and 28 days for NSC-DATABASE. These are stored onsite in a fire proof safe right next to the server room. Once a week the hard drives are taken offsite by staff. Notifications are emailed to the ICT shared mailbox.</p> <p>Focus Networks could not confirm failures for the past month.</p>	<p>An onsite and offsite backup and recovery solution should be kept as simple as possible and include the following.</p> <ul style="list-style-type: none"> Onsite and offsite retention of backups Minimum hourly snapshots Hourly dailey, weekly, monthly and annual retention periods Regular recovery testing Daly backup notifications <p>It is important to do regular scheduled Disaster recovery testing to ensure all is working as intended.</p>	Executive Manager Corporate Services	Now utilising Acronis, taking multiple daily snapshots as well as offsite backups.
2	Internet Gateway	HIGH Score 1.5	<p>Current firewall offers protection for less than 1% of these vulnerabilities.</p> <p>A Juniper device managed by Telstra is a basic router that offers no security services for Website Content Filtering, Gateway Anti-virus or Gateway Anti-Spyware (also referred to as Deep Packet Inspection). These security services are supposed to be the first line of defence for incoming Internet traffic.</p>	<p>It is imperative that a deep packet scanning corporate firewall be utilised at all sites for both unencrypted and encrypted traffic providing protection from Internet attacks and misbehaving users. As of today, known virus, intrusion and spyware vulnerabilities are numbered at over 31,000.</p>	Executive Manager Corporate Services	Hardware based deep packet scanning corporate firewall has been implemented via a Fortigate router. This has also allowed us to better manage and monitor our network and circumvent the complications and delays brought about by

						the Telstra MPLS side of things.
3	Anti-Virus	HIGH Score 1	The cloud based solution is used this makes remote agent monitoring and management a little easier. It is confirmed there is a license count of 80 with 75 in use. 17 agents were outdated and ransomware protection was disabled. No scheduled scans have been created for the servers or desktops and no scheduled reporting was enabled. Notifications were set to email ithelp@northam.wa.gov.au	Corporate grade anti-virus and anti-spam protection is a priority and proactive monitoring is required. Weekly scanning and reporting is imperative. A centrally located management console must be used to push out and update all machines at all sites	Executive Manager Corporate Services	Have upgraded to the latest Trend, WFBS is implemented on servers, all workstations are also using Trend as an anti-spam solution for emails.
4	IT Support	HIGH Score 1	IT support is delivered using a mix of internal resources and an external contractor being PCS. Neither have full visibility of all components and no sharing mechanisms. This can lead to confusion and inevitably a finger pointing exercise. The Telstra MPLS network is fully managed generally locking out the client to making network/security modifications unless a ticket is generated. The response times from Telstra on these tickets can take days/weeks. The Library was following a different strategy and appeared to run under an independent IT model.	A proactive support mechanism implemented with a helpdesk solution should aim at keeping all parties up to date at all times. Helpdesk calls should be updated when a system change is required or when a request is completed. Regular helpdesk reporting can help identify underlying issues and a searching ability should allow engineers to track and troubleshoot problems. Documentation and communication build a strong relationship.	Executive Manager Corporate Services	We now have a ticketing system using Fresh desk as our online ticketing system. Goes to all on the IT team including our external support. The system gives IT staff the ability to monitor and review work history for trends. We also have a support agreement in place with JHCS, whom monitor Councils servers, backups etc remotely.

			<p>Calls for help are not documented in a helpdesk ticketing system. No utilisation statistics can be documented.</p> <p>PCS provide Level 2 and Level 3 remote IT support on an adhoc basis which can total up to 3 hours per week.</p> <p>No remote monitoring or infrastructure maintenance is delivered but after hours support is offered via mobile phone.</p> <p>There are no Service Level Agreements (SLA's) or minimum response times provided and no management reports.</p>			
5	ISP Links	<u>MEDIUM</u> Score 1.5	<p>The Telstra MPLS NBN link uses FTN. This services uploads and downloads speeds are different. The Telstra MPLS NBN link was running at a speed of 43Mbps down and 2Mbps up.</p> <p>The secondary link is a Telstra ADSL link that uses copper. This service is an asynchronous service which means the upload and download speeds are different.</p> <p>The Head office lacks a fast redundant ISP link but this would be due to the design of the MPLS network as the hop off point for the Internet would be in the Telstra MPLS cloud. The NBN FTN disconnection for copper services would affect ADSL services.</p>	<p>Business grade Internet services will offer better contention ratios. Redundant links using different Internet technologies on a corporate firewall can increase uptime and will improve Internet browsing, site to site connectivity or cloud connections.</p>	Executive Manager Corporate Services	<p>MPLS given 30 days notice. We are going with TPG to give us a link to the building. They will replace what Telstra couldn't deliver.</p> <p>We are also in process of linking remote offices with Administration building via own airfibre / wireless links which replace our dependence on NBN and ADSL services.</p>

6	IT DR Plan	<u>MEDIUM</u> Score 0	<p>There is no current IT DR plan. A very basic document called "Information & Communication Technology Strategy 2018-2022" did contain one page on disaster recovery but the content was extremely poor. It was also noted that a document from LGIS called "Crisis Management & Business Continuity response Plan" did exist and referenced the IT DR Plan on page 25 but no current IT DR plan exists.</p> <p>As no plan exists, the organisation is relying on the current backup regime to restore data in the event of a disaster. Unfortunately as recent events have shown, the backup regime was proved to be inefficient.</p>	<p>An IT Disaster Recovery Plan is a key element of business continuity management. It should be clear and concise, focus on the key activities required to recover the critical IT services, be tested reviewed and updated on a regular basis, have an owner and enable the recovery objectives to be met. As part of this exercise a Critical Systems Analysis document is to be completed to document business functions which are delivered using internal and external technologies.</p>	Executive Manager Corporate Services	<p>Our IT DR plan is still more adhoc than formalised but has been formally identified for actioning at a recent IT forward planning meeting with JHCS, our main ICT support vendor. A form of DR testing has been carried out by way of migration of servers / data to new servers. We are also in the process of repurposing our old servers and NAS devices for DR / service continuity.</p>
7	Strategic IT Plan	<u>MEDIUM</u> Score 0	<p>There is no current Strategic IT Plan. The "Information & Communication Technology Strategy 2018-2022" did contain four pages on strategy but the content was extremely poor.</p> <p>No standard purchasing policy is defined for replacing computers based on time, age or life cycle. No other structured plans are set for larger IT related projects as no particular direction for strategy is defined. Very little detailed technical documentation exists.</p>	<p>There needs to be an overall approach for the selection, use and support of technology that aligns with the client's resources, business needs and processes. A Strategic IT Plan provides direction for addressing both short-term needs and long-term requirements for cost-effective, practical technological solutions.</p>	Executive Manager Corporate Services	<p>The "strategic IT plan" for the last year has been more about recovery and rebuilding the essentials while retaining service delivery but we are now finally in a far better position to develop a broader IT strategy. Identification of priorities has been determined and JHCS, our main ICT support</p>

8	Windows Updates	<u>MEDIUM</u> Score 1	<p>The two physical servers were last updated on the 19th of August. As this is a Sunday we assume IT completed the updates.</p> <p>The single virtual server NSC-FILE was last updated on the 21st of August which places the network at significant risk.</p> <p>All desktops are configured to receive updates through group policy, forcing all machines to update from Microsoft servers. No central WSUS server is present, which places more load on the internet links, and prevents reporting on the current state of patching. All desktops audited had less than 10 important updates pending.</p> <p>No test groups or pilot groups for desktops were evident for updates. This means that all updates are simply</p>	<p>Microsoft Windows Server Update Services (WSUS) or alternative 3rd party management tools, enable administrators to deploy the latest Microsoft product updates to computers running the Windows operating system. By using WSUS or these tools, administrators can fully manage the distribution of updates that are released through Microsoft Update to computers in their network.</p>	Executive Manager Corporate Services	Equipment has been identified and reserved for the creation of a suitable test environment that will occur once higher priority issues are resolved. Better control of windows desktop updates is planned and updates of windows servers are monitored.

9	Printing	<u>MEDIUM</u> Score 1	<p>Centralised printing is via at least ten printers setup as direct IP printing on Server 2008 R2. The IP addresses used for the network were not all in sequential order.</p> <p>Canon, HP and Brother printers were confirmed onsite no standard purchasing policy exists.</p> <p>No secure print functionality was witnessed on the larger multi function printers.</p>	<p>Centralised printing should be implemented to reduce ongoing consumable costs. Highly sensitive printing for the payroll or HR department should be implemented with a private/local printer. Network sharing should always be chosen over direct printing and the secure or distributed option of printing should be investigated.</p> <p>Locations of printers from an OHS point of view should be addressed for ventilation and noise requirements.</p>	Executive Manager Corporate Services	We are currently investigating options.

10	Servers	<u>LOW</u> Score 0.5	Three white box physical servers reside in the server cabinet. They are all configured with redundant power supplies running from a single Eaton UPS. The second Eaton UPS in the rack is faulty and not in use. There is no remote management port options available on these servers. The white box physical servers are not covered under a warranty. Connectivity to the network is 1Gb via a single CAT5 Ethernet cable. Redundant network interfaces are not utilised on all servers	A tier 1 server platform utilising the N+1 architecture delivers an increased uptime by offering redundant power supplies, redundant network connections, onboard remote management and extended warranties.	Executive Manager Corporate Services	Servers have been upgraded and storage increased and connectivity to the network is via managed switches configured to deliver 4Gb (bonded 4 x 1Gb) links. Servers are remotely monitored by JHCS our main ICT support vendor.
11	Local Area Network	<u>LOW</u> Score 1	Three switches are rack mounted in the comms cupboard. Unfortunately all devices are powered by mains power only. A Netgear FS524 24 port 10/100 switch has no ports free. A Netgear Prosafe GS748T 48 port gigabit switch has approximately 8 ports free. A HP J3188A 16 port 10Base-T hub has approximately 10 ports free. One switch is rack mounted in the server rack in the printing room. A Netgear Prosafe JGS524 24 port gigabit switch has 18 ports free.	Managed switches should be backed by a lifetime product warranty. Power over Ethernet (PoE) functionality should be investigated if a VOIP phone system is utilised. Management capabilities (HTTP and SNMP) will also aid in network fault finding and usage reporting. Non managed switches can decrease intelligence and performance. Wi-Fi access points can be configured on different frequency ranges. Each range is divided into channels. Fine tuning can increase performance gains. Wireless network access can also be configured using SSIDs and VLANs for internal use and/or public use.	Executive Manager Corporate Services	Most gear mentioned in this section of the audit has since been replaced and all of it is now on a UPS. We are now running smart / managed PoE switches and a Fortigate router configured to handle multiple sources of network connectivity, deep packet scanning, VPNs, VLANs, and Wifi hotspots, etc.

BRIEF

To provide Council with information pertaining to the organisational risk register

ATTACHMENTS

- Attachment 1: Overdue Non-compliant Risks.
Attachment 2: Risk Register.

A. BACKGROUND / DETAILS

The Shire of Northam have an organisational wide risk register which has been developed over a period of time. Council has been advised previously that the management of risk is an area which has been under developed within the Shire of Northam and an area which was receiving a focus to ensure the Elected Council was aware of the identified risks and treatments strategies in place.

To assist in the effective management of risk the Shire of Northam are using the Promapp system, which allows for recording of organisational risks and the tracking of the associated treatment actions.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area6: Governance & Leadership.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

Audit Committee Meeting Minutes
9 October 2019

Objective: Develop clear policy settings to guide our organisation and community.

B.2 Financial / Resource Implications

Council allocates \$27,000 per annum for the Promapp system. Promapp is used for process mapping, risk management and OHS management.

B.3 Legislative Compliance

AS ISO 31000:2018.

B.4 Policy Implications

Council has recently endorsed policy G1.11 – Risk Management

B.5 Stakeholder Engagement / Consultation

Council was involved in the development of the risk management policy and the past endorsement of the risk management plan

B.6 Risk Implications

C. OFFICER'S COMMENT

As part of the risk management policy Council has established two main performance indicators being;

Audit Committee Meeting Minutes
9 October 2019

1. % of high or extreme risks without mitigation / treatment strategies in place;

Currently all high or extreme risks have mitigation/treatment strategies

2. % of risk mitigation / treatment strategies over due

Currently have 82 risk mitigation/treatment strategies, of which 4 are overdue (which equates to 4.8%)

2.1 TREATMENT MC00042

Implement recommendations from OHS Audit & Report to Audit & Risk Committee

Progress:

Audit has been completed, waiting for final report and recommended actions.

2.2 TREATMENT MC00046

OHS Policy Framework in place and reviewed

Progress:

Currently finalising formal framework

2.3 TREATMENT MC00068

Aquatic facility Project Superintendent (Donovan Payne) reports to be provided monthly

Progress:

Project report not provided at time of writing report. Will be received in coming weeks.

2.4 TREATMENT MC00005

Review Human Resource Plan to ensure it is reflective of strategic community plan

Progress:

Review completed, waiting to present plan to new Council

As this represents the first meeting where the risk register has been discussed by the Committee, a list of the risk register (identifying the top ten risk areas (based on scores)) including the mitigation/treatment strategies has been appended for the information and discussion of the Committee.

Reporting Officer:	Cheryl Greenough, Governance/Administration Coordinator
Responsible Officer:	Jason Whiteaker, Chief Executive Officer
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

This report is to provide Council with an overview of the Shire's monthly compliance activities.

ATTACHMENTS

- Attachment 1: August Compliance Calendar.
Attachment 2: Creditors Checklist.

A. BACKGROUND / DETAILS

Under the Local Government (Audit) Regulations 1996, a Local Government is required to carry out a Compliance Audit for the period 1 January to 31 December of each year. The Shire of Northam considered ways of ensuring this compliance was met on a monthly basis and to fulfil this role, commenced a monthly Compliance Calendar.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Provide outstanding customer service.
Maintain a high standard of corporate governance.

B.2 Financial / Resource Implications

N/A.

B.3 Legislative Compliance

There is no legislative requirement to maintain a Compliance Calendar, however it is considered best practice and covers the following Regulations:

- *Local Government (Functions and General) Regulations 1996;*
- *Local Government (Administration) Regulations 1996;*
- *Local Government (Elections) Regulations 1997;*
- *Local Government (Audit) Regulations 1996;*
- *Local Government (Rules of Conduct) Regulations 2007.*

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Nil.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Potential disruption to purchases	Moderate (6)	Ensure Calendar is followed
Health & Safety	Possible disruption to safety	Low (2)	Ensure any areas related to safety are followed
Reputation	The potential exists for legal ramifications	High (10)	Ensure legislation is followed
Service Interruption	If the calendar is not followed there is potential for certain services not to be provided on time.	Low (3)	Ensure Calendar is maintained
Compliance	The Legislative requirements of Council can be missed in error.	High (10)	A compliance Calendar provides the mechanism to ensure Legislation is adhered to
Property	N/A		
Environment	N/A		

C. OFFICER'S COMMENT

The monthly Compliance Calendar is an effective tool which will be used to assist in populating the Annual Compliance Audit Return (CAR) and will ensure

Audit Committee Meeting Minutes
9 October 2019

the Shire is able to identify and manage any issue which may arise during the year in a timely manner.

March 2019 –

- There was one instance under Delegated Authority where a crossover was not placed on the register as is required by legislation.
- The random Creditors checks revealed two transactions where invoices had not been provided in the paperwork.

April 2019 - there were 2 areas of non-compliance. One related to road closures where the Flying 50's had not yet been placed on the register. The other related to one checklist not being correctly filled out for a purchase order.

May 2019 - there were 4 areas of non-compliance with the Gift Register not up to date on the website due to a changeover of website. This has now been rectified and updated on the new website. The other three items relate to purchase orders not being written prior to the date of invoice.

June 2019 - For this month the compliance calendar was compliant, the only non-compliance related to 4 purchase orders which were written after the date on the invoice.

July 2019 - Again the calendar was 100% and the random Creditor checks were also 100% compliant.

August 2019 - Revealed the Financial Interest Register was not up to date on the website, however the hard copy was. During the random Creditor checks there were 2 checklists not completed correctly and 1 purchase order written after the date of invoice.

Below is a table providing the level of compliance for each month. It is apparent that the least compliance occurs with purchase orders and that may be because at times invoices are lost and reprinted or items are purchased quickly and the invoice is dated on the day the officer rang to order.

Month	Item	% compliance	Non Compliance
March	Crossover approvals	97%	Register not completed
	Random Creditor check	80%	2 items not compliant, no invoice attached

Audit Committee Meeting Minutes
9 October 2019

April	Temporary closure of roads	97%	flying 50's was not on register
	Random Creditor check	90%	1 item not compliant, P/O not attached
May	Gift Register	98%	Gift register not up to date on website
	Random Creditor check	70%	3 purchase orders written after the invoice date
June	Calendar	100%	
	Random Creditor checks	60%	4 purchase orders written after the invoice date
July	Calendar	100%	Compliant
	Random Creditor checks	100%	Compliant
August	Financial interest register	97.5%	Not up to date on website
	Random Creditor check	70%	3 not compliant – 2 checklist not completed correctly; 1 P/O written after invoice.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.130

Moved: Cr Antonio

Seconded: Cr Mencshelyi

That Council receive the update as provided in the monthly Compliance Calendar Report.

CARRIED 2/0

Clarification was sought in relation to how we can improve with respect to the compliance items identified? The Executive Manager Corporate Services advised that matters are raised with individual staff as required and they are referred back to the process.

BRIEF

For Council to receive the report from XYST who conducted the Open Space Review and Business Improvement Plan (Parks and Gardens Audit) for the Shire of Northam.

ATTACHMENTS

Attachment 1: Northam Parks and Gardens Service Review.

A. BACKGROUND / DETAILS

Under the direction of the CEO, staff called for quotes from suitably qualified consultants to conduct an audit of our service provision in the parks and gardens area.

In November 2018 the Executive Manager Engineering Services and the Governance Officer met with Mr Brian Milne from XYST Australia P/L to discuss an audit of the Shire's playgrounds and parks and current service levels. The Audit was designed to provide both Senior Staff and Council with an additional element of reassurance by means of a performance review versus the expenditure.

XYST were engaged to perform the following scope of works:

- Review existing documentation relating to parks asset management, open space planning and service delivery;
- Undertake individual office and site-based meetings with each of the Parks and Gardens management team to identify strengths and weakness and opportunities for improvement (Day 1);

Audit Committee Meeting Minutes
9 October 2019

- Run a full day workshop with Parks and Gardens Management and team to identify a comprehensive business improvement program (Day 2)
- Identify training with discussion to develop initial framework for operational levels of service in focus areas;
- Identify possible solutions, priorities and required resources;
- Document a recommended improvement program and action plan;

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 2: Community Wellbeing

Outcome 2.2: There are a variety of recreation and leisure activities available for all ages, across the Shire of Northam.

Objectives:

- Maintain a range of sporting facilities in Northam, as expected of a Regional Centre;
- Maintain local facilities in other local communities in the Shire of Northam;
- Facilitate the provision of varied cultural and artistic activities;
- Provide a range of quality activities for specific demographics, including seniors and youth;
- A range of outdoor leisure activities available throughout the Shire;
- To have well maintained reserves within the Shire of Northam.

B.2 Financial / Resource Implications

Nil.

B.3 Legislative Compliance

C. OFFICER'S COMMENT

A performance quality assessment was undertaken of operations and maintenance standards across 15 parks. A typical performance target is 85% and Northam is performing above this level at 90%.

There are some areas of improvement required such as garden maintenance and some general maintenance. At 70% we provide a higher number of playgrounds but less youth facilities than some other councils who would be considered our peers.

The Shire's total expenditure budget per capita is consistent with our peer groups at \$132,905. The Best Practice scores indicate room for improvement in some areas whilst other areas are equal to or better than average.

The audit findings will be used to develop further the pending Parks and Gardens Asset Management Plan and associated service levels. This will be presented to Council for adoption at a later date.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.131

Moved: Cr Antonio

Seconded: Cr Mencshelyi

That Council receive the Open Space Review and Business Improvement audit report as presented.

CARRIED 2/0

The Coordinator Governance / Administration left the meeting at 4:34pm and returned at 4:36pm.

The Acting Chief Executive Officer advised that there were no surprises in the audit report. It was outlined that the garden maintenance is not where should be. Officers sought clarification on how this was determined and it was advised

Audit Committee Meeting Minutes

that they randomly selected parks. Some of those which were selected were programmed/scheduled in the following days of the audit. Another item also raised was recording the square metres of garden which Council does not currently measure.

Executive summary

A service review of the City of Northam Parks and Gardens section was undertaken by Xyst Australia from May to June 2019.

This review identified the following key points:

- Current maintenance standards being achieved are reasonably good, other than garden maintenance in Northam
 - Provision of actively maintained open space is relatively low compared to average industry provision
 - Operation and maintenance costs are relatively high, both for per hectare (efficiency) and per resident (level of service) metrics. A low level of park land and small population will typically contribute to these costs being comparatively higher
 - A relatively high number of playgrounds and youth facilities are provided
 - Provision of park furniture per hectare is largely consistent with, but slightly higher than industry comparison for all furniture types
 - A major challenge is the difficulty of recruiting staff with suitable skills and aptitude
 - There is scope for improving the organisation of work practices and improving team management, and culture.
- **Key Recommendations**
 - Identify area of natural open space land, to achieve more complete/accurate picture of total open space provision
 - Review level of playground provision to assess whether rationalisation is desirable (consider preparation of a playground strategy)
 - Implement a staff trainee/apprentice and development program
 - Engage management/ support to assist with implementing the staff trainee and development program and provide management mentoring.
 - Reorganise some aspects of the service delivery approach to move from a focus on cyclic park maintenance to a more prioritised approach with completion of key tasks and targeted combining of staff resources.

1.0 Introduction

Xyst were commissioned to undertake a service review of the Parks and Gardens section in May 2019.

The methodology included:

- Participation in the IPWEA Yardstick benchmarking program
- Performance assessment of quality of maintenance and operation standards on a range of parks across the municipality
- Review of existing documents relating the management and planning for parks
- Workshop meetings and individual interviews with parks and gardens staff
- Preparation of operating service standards
- Preparation of development service standards
- Preparation of summary report

2.0 Current performance

2.1 Operation and maintenance

A performance quality assessment was undertaken of operations and maintenance standards across 15 parks, in May 2019. These were selected to provide a sample of different parks categories together with a geographic spread across the shire.

The overall result was an average score of 90%.

A typical performance target is 85%, therefore overall, Northam is performing above this level. However, nearly half of the parks were below the 85% target, which indicates some room for improvement.

The main area for improvement relates to garden maintenance, plus some general maintenance issues. Grass maintenance was consistently meeting a high standard at all sites visited.

Assessing performance based on one sample provides a snapshot view only, plus maintenance standards are somewhat easier to achieve during the low growth drier autumn months compared to spring periods. To achieve a more comprehensive analysis of performance would require the multiple assessment of the parks over a full year period.

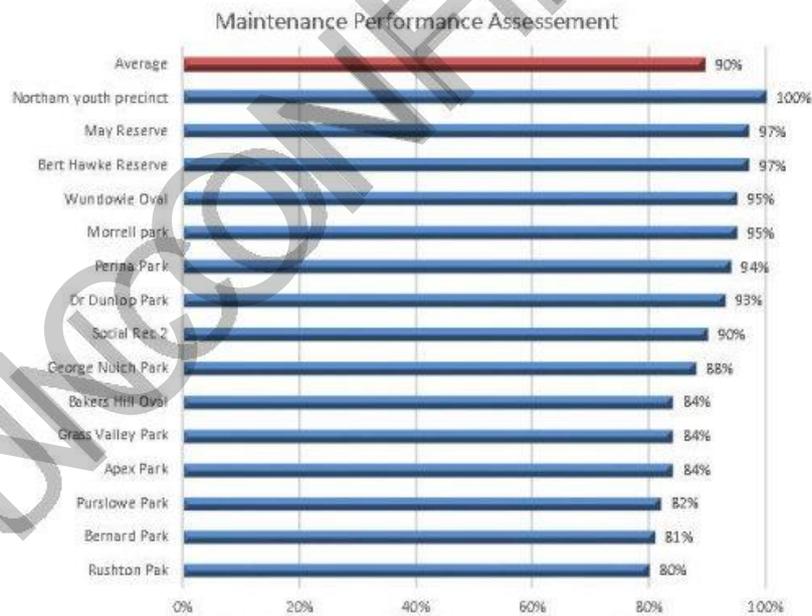

Figure 1.1 Maintenance standards performance assessment results

Audit Committee Meeting Minutes
9 October 2019

The methodology involved assessing each park, across a range of common park maintenance activities, compared with typical industry best practice for the park category/service standard. Each task/outcome was scored on a 5-step scale from very good to very poor. An overall percentage score is then calculated based on the total possible score for each park. Refer to Appendix One for an example of an individual park report and the items assessed.

Note: Performance assessment is normally undertaken against set operation and maintenance, service specifications and performance targets. As Northam did not have in place detailed service specifications or performance targets, scoring was based on typical industry best practice approach (which generally, does not vary significantly from place to place).

2.2 Asset provision

2.2.1 Introduction

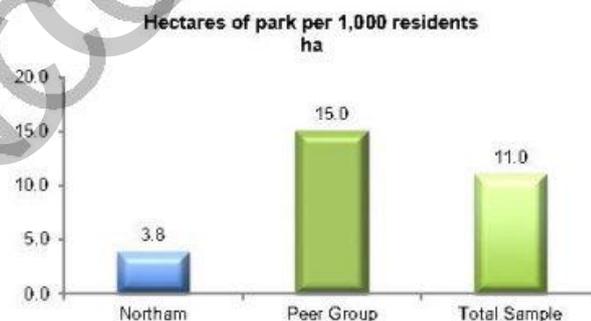

As part of the service review, Northam participated in the IPWEA Yardstick Benchmark program. This program annually collects a range of information from participating organisations relating to parks land and asset provision, financial information and management practices to produce a wide range of performance metrics to assess relative levels of service performance and efficiency.

A sample of relevant results are provided below to provide an indication of Northam's current level of service in relation to the industry. The peer group is a selection of 5 other councils that are similar in population size and/or locality. The organisations selected for Northam's peer group are listed in table 2.1 below.

Organisation	Population
Shire of Northam (WA)	11,230
Town of Port Hedland (WA)	14,469
Port Pirie Regional Council (SA)	17,718
Whyalla City Council (SA)	21,828
City of Karratha (WA)	22,195
Richmond Valley Council (NSW)	23,317
Singleton Council (NSW)	23,482

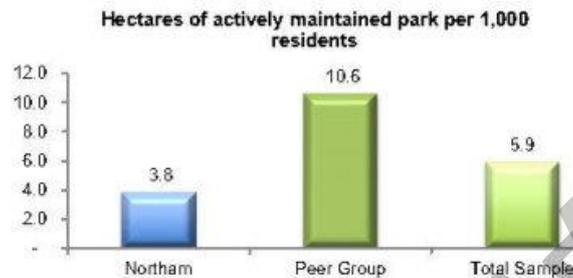

Table 2.1 Yardstick Peer Group

2.2.2 Total park land

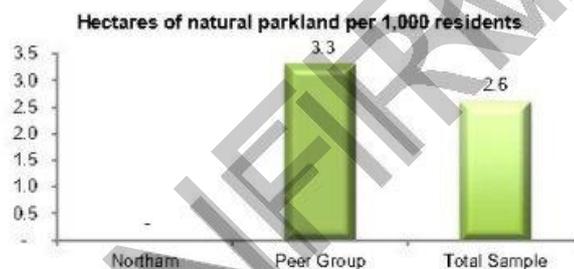

The provision of parkland includes both actively maintained and natural parks. Overall provision is significantly lower than both the peer group and total sample, indicating a relatively low level of park provision overall. (However, no Natural park land has been included in Northam's response, see 2.2.3)

2.2.3 Actively maintained and natural areas

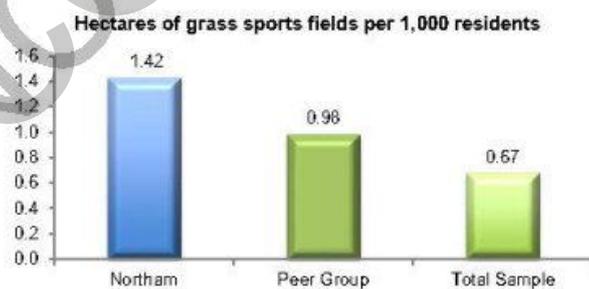

Maintained parkland per 1,000 residents is lower than both the peer and total sample median.

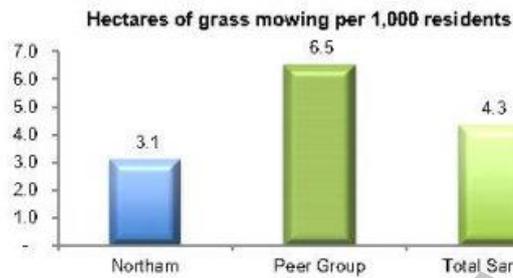

No Natural parkland area was identified in the Northam response. While there is minimal maintenance activity undertaken on natural areas, it is likely that Northam does have some natural open space land that has not been accurately identified and therefore not included in the Yardstick. This also contributes to the low level of park provision in comparison to industry results.

2.2.4 Grass sports fields

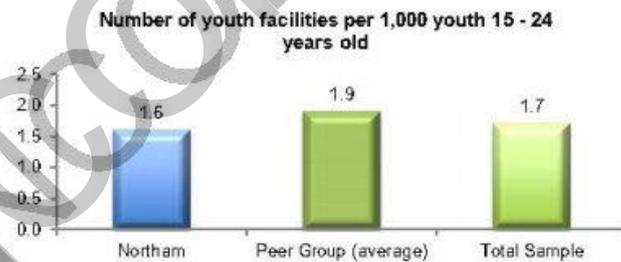

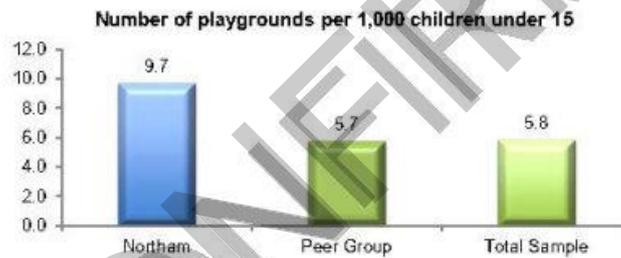

Provision of sports parks is higher than both the peer group and total sample medians.

2.2.5 Grass mowing area (parks and verges)

Grass mowing area is somewhat lower than both the peer group and total sample medians.

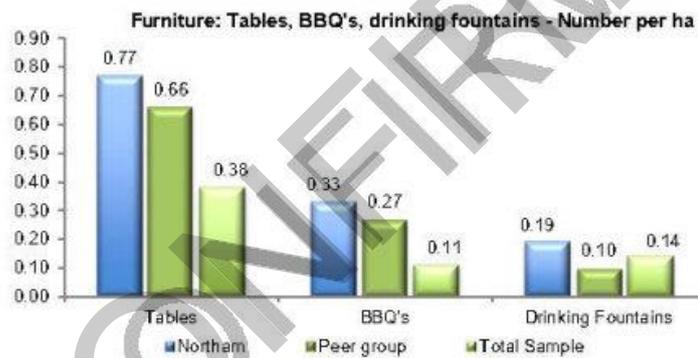

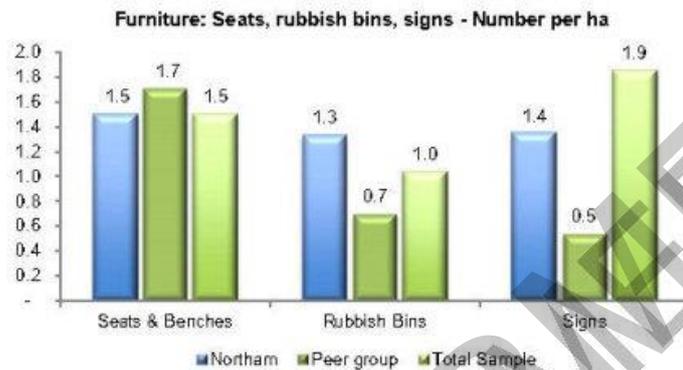

2.2.6 Playgrounds and Youth Facilities

Provision of playgrounds is 70% higher than both the peer group and total sample (and is the highest in Australia).

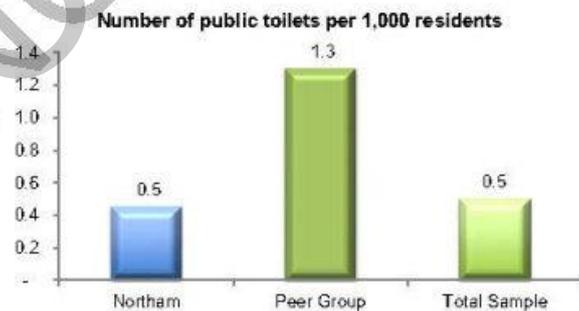

Provision of youth facilities is slightly lower but consistent with both the peer group and total sample.

2.2.7 Park furniture

Provision of parks furniture is largely consistent with, but slightly higher than industry comparison for all furniture types

2.2.8 Public toilets

Provision of public toilets is consistent with the total sample but lower than the peer group

2.2.9 Unreported

The following activities were not able to be assessed due to lack of asset quantity data:

- Total sports parks area
- Trails and paths
- Street trees
- Gardens

2.3 Financial performance – operations and maintenance

2.3.1 Total operation and maintenance cost

Total expenditure budget per capita is consistent with the peer group but above the total sample by 14%.

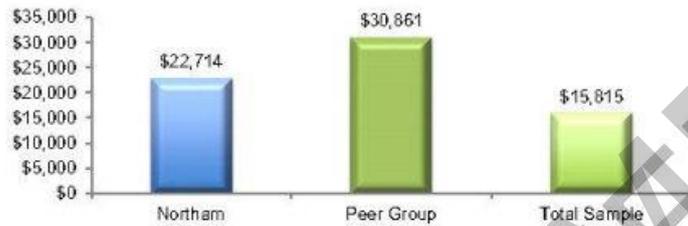

2.3.2 Actively maintained park operation and maintenance cost

Expenditure budget per capita for actively maintained park land is higher than both the peer group (by 45%) and the total sample (by 34%).

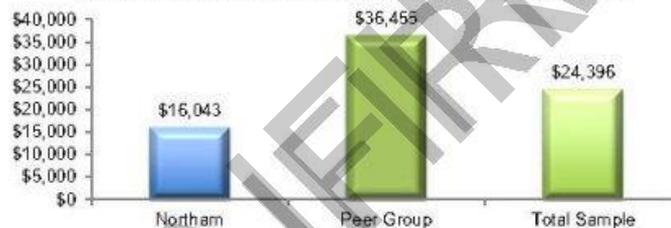

2.3.3 Sports parks

Grass sportsfields maintenance expenditure per 1,000 residents

Expenditure for grass sport fields per capita is sitting approximately midway between the peer group and total sample.

Grass sportsfields maintenance expenditure budget per ha

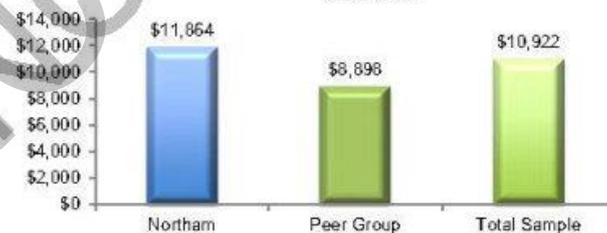

Expenditure on grass sportsfields maintenance per hectare is lower than both the peer group and the total sample (average of 45%).

Note: the peer group results are highly variable, ranging from 3 very high to 2 very low results.

2.3.4 Trees

Street tree maintenance expenditure budget per 1000 residents

Street tree maintenance expenditure per capita is higher than both the peer group and total sample by an average of 21%.

2.3.5 Youth facilities

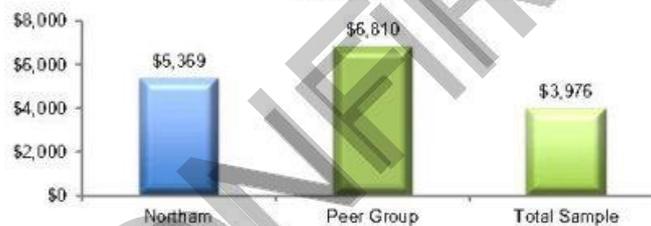

Youth facility expenditure is somewhat higher than the total sample both on per capita and per facility analysis, however this should be seen as a positive, reflecting of good level of service.

Note: Peer group analysis not provided due to lack of sufficient data

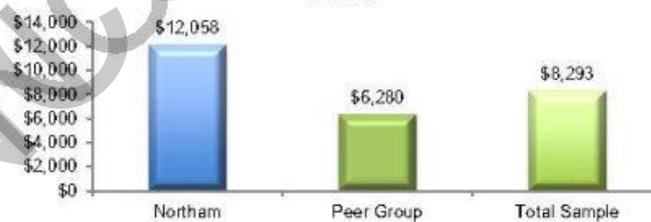

2.3.6 Public Toilets

Public toilets operations and maintenance cost per 1,000 residents

Expenditure on public toilets on a per capita comparison is 21% lower than the peer group but 35% above the total sample.

Public toilets operations and maintenance cost per facility

Expenditure per facility is significantly above the peer group (92%) and the total sample (45%).

2.3.7 Unreported

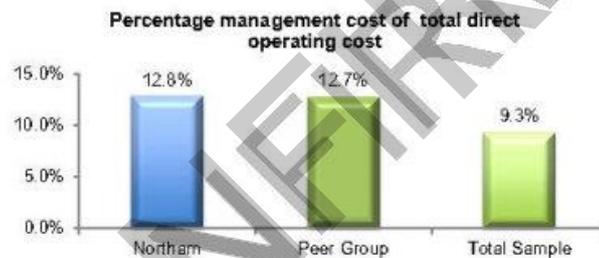

The cost for the following activities were not able to be calculated due to lack of financial data being separately captured at the activity level:

- Grass mowing
- Gardens
- Playgrounds
- Paths and trails
- Refuse and Graffiti

The first three items are significant activities where the identification of operation and maintenance cost is highly desirable to assess relative levels of service and efficiency.

2.4 Management

2.4.1 Financial comparison

Expenditure on staff management (office-based management and supervisory staff) is consistent with the peer group but 38% higher than the total sample.

However, the cost per hectare comparison is relatively high at \$4,445 per hectare which is an average of 119% above the peer group and total sample.

2.4.2 Best practice comparison

The Yardstick Best Practice scores identify management performance based on a selected range of management tasks that are considered "key" to the management and delivery of parks services.

The best practice scores provide an indicator of opportunities for improvement in operational and management performance. They can be used in the preparation of a parks management improvement plan, and to track your progress over time.

They are scored as part of the Yardstick process by experienced and independent auditors based on the responses provided to a range of management questions.

A copy of the individual results are included in Appendix 1.

An overall best practice score of 42% indicates there is significant room for improvement in management practices.

At an individual category level, the major weakness is in the strategic planning and community engagement area, with operational management practices also relatively weak. The strongest area is in asset management.

3.0 Structure and resources

3.1 Structure

The existing staff structure is relatively simple with the Parks, Gardens and Reserves Operations Manager and three leading hands being responsible for day to day operations and maintenance and service planning.

This is supported by the Executive Manager, Engineering Services providing overall management responsibility.

This structure appears adequate and effective for the scale of Northam's operation.

There is some overlap in the management of services, with the separate Recreation Services Department being responsible for sports parks booking, which while not ideal, compared to a fully aligned service approach, is relatively typical for most council management structures.

3.3.2 Operations Resourcing and Approach

At an operational level, there are a total of 14 staff, organised as follows:

- Wundowie- 2 staff
- Parks and POS – 4 staff
- Verges and Gardens – 8 staff

A detailed staff sizing analysis has not been undertaken, however there were no reported issues of lack of staff resources and the number of staff appears appropriate for the scale of operation.

The major reported issue with staffing, is the quality and retention of staff. Due to Northam's small population size and relative isolation from other residential centers, the ability to attract and retain technically skilled, good quality staff is limited. This also potentially results in the need to retain some staff who are underperforming, due to the difficulty of replacing the staff.

There is some imbalance with size of each of the teams and also the work and responsibilities may not be organised in the way that the staff structure indicates. For example the parks and POS leading hand operates largely independently, with the staff in this section likely directly supervised by the Operations Manager.

There is some disharmony and frustration amongst the parks and gardens management team and the organisation and management of personalities and staff resources may be contributing to this. There is a level of resentment apparent, that may be a consequence of the imbalance of work load and resources and a fairly divided (isolated) approach to the organisation of the work.

For example the Wundowie team operates independently and physically isolated from the rest of the staff in Northam. Even though the team is small it appears to cope comfortably with its workload, and consequently is possibly over servicing some areas/activities. By comparison the Verges and Gardens team seem to be struggling to meet demand (a view supported by the poor garden maintenance scores in the performance assessment, primarily in the Northam area).

The approach to work programming (in the Verges and Gardens team particularly) appears to be based on moving through the sites on relatively fixed schedule, with a set amount of time allocated to each site, with an approach of getting done what can be done in the time available, this inevitably results in some tasks e.g. garden weeding only being partially completed at any site, and lower priority or less desirable tasks rarely being attended to. This is also a result of the crews having multiple task responsibilities such as general site tidying/cleaning as well as garden maintenance. This approach isn't inherently wrong, but to work, an adequate amount of time/resource must be allocated to fully finish all the required tasks on a site.

From the level of service workshops, there was also a view that many sites needed a high frequency of visits/servicing, which as well as being unnecessary from a LoS point of view, was evidently not being achieved, was leading to greater level of stress and feeding a sense of continually rushing around (trying very hard) but ultimately doing nothing really well.

There was an attempt in the past to combine staff resources better, by requiring the Wundowie staff to operate out of the Northam depot. This apparently did not work particularly effectively, resulting in a return to the status quo.

Figure 3.1 Parks and Gardens staff structure

3.3.3 Options for improvement

Staff development

Due to the limited ability to attract quality staff with appropriate skills from the local population, an alternative may be to embark on an internal staff development program. This would involve taking on 1-2 new trainees every year, targeting school leavers, or other suitable people with potential. The trainee will be supported/developed with a strong personal development program via online training programs and on the job training, undertaking a variety of roles.

While taking on 1-2 trainees every year may seem like a significant investment, there is a need to factor in the natural staff turnover where the trainees may leave for a variety of reasons. It is also an unfortunate outcome of this approach, that you are likely to lose some quality staff once trained, to other organisations.

This approach will also support community and economic development objectives of the Shire.

To ensure the success and commitment to this approach it may be desirable to engage ongoing external management mentoring to assist and support management staff in the delivery of this program.

Management staff development

To assist in improving communication, organisation and staff development skills, it is recommended that additional personal development be undertaken for the parks and gardens management team.

Additional and ongoing management mentoring, (possibly combined with the support for staff trainee development program) is also likely to be beneficial to assist in addressing this skills gap.

Audit Committee Meeting Minutes
9 October 2019

Change organisational approach

There are two suggestions for improving the organisational approach to the operations and maintenance work

1. Move away from the time limited, rotational scheduling of work, to focus on activities and completing that activity fully at each park.

For example, for cleaning/tying activities, aim to complete these on a regular cyclic basis for L1 parks, but do not extend this visit into attempting to undertake other activities. For major tasks such as gardening, undertake this as a dedicated task, and fully complete each park before moving to the next. This may result in slightly less visits (for gardening work) to each park but will result in the service standard being fully achieved for that site.

2. Combine resources to complete major tasks. When undertaking major tasks e.g. garden cleanup at Bernard Park, mulching etc., combine all the staff with necessary skills to this site/task, and continue until the work required is completed. This should include staff from Wundowie and be programed for times of the year where labour and other resources are available.

It would be desirable for the Wundowie crew to work more closely with the Northam crews to create a better sense of teamwork and shared responsibility. However, rather than a permanent relocation or change of structure, a more targeted approach to combine resources for specific tasks is likely to be more effective. This would result in the Wundowie crew potentially spending a few days each month working at Northam sites. This approach should also be reciprocal, with Northam staff assisting at some Wundowie sites from time to time.

3. Make effective use of the operating levels of service. One of the objectives of developing the operating levels of service is to better understand the priority of service levels between parks and all the various tasks being undertaken – and the desired objective/outcome for each of the tasks. This will lead to more effective prioritization of sites and tasks and move away from the sense of trying to do "everything, everywhere, all the time".

3.4 Other issues

3.3.1 Tools and equipment

An issue raised by several members of the management team, was problems with management and care of tools and equipment at the Northam depot. Suggestions included dedicated locked tool cages and /or the use of a store person to manage tool and equipment allocation and undertake minor maintenance to ensure equipment is provided in good working order.

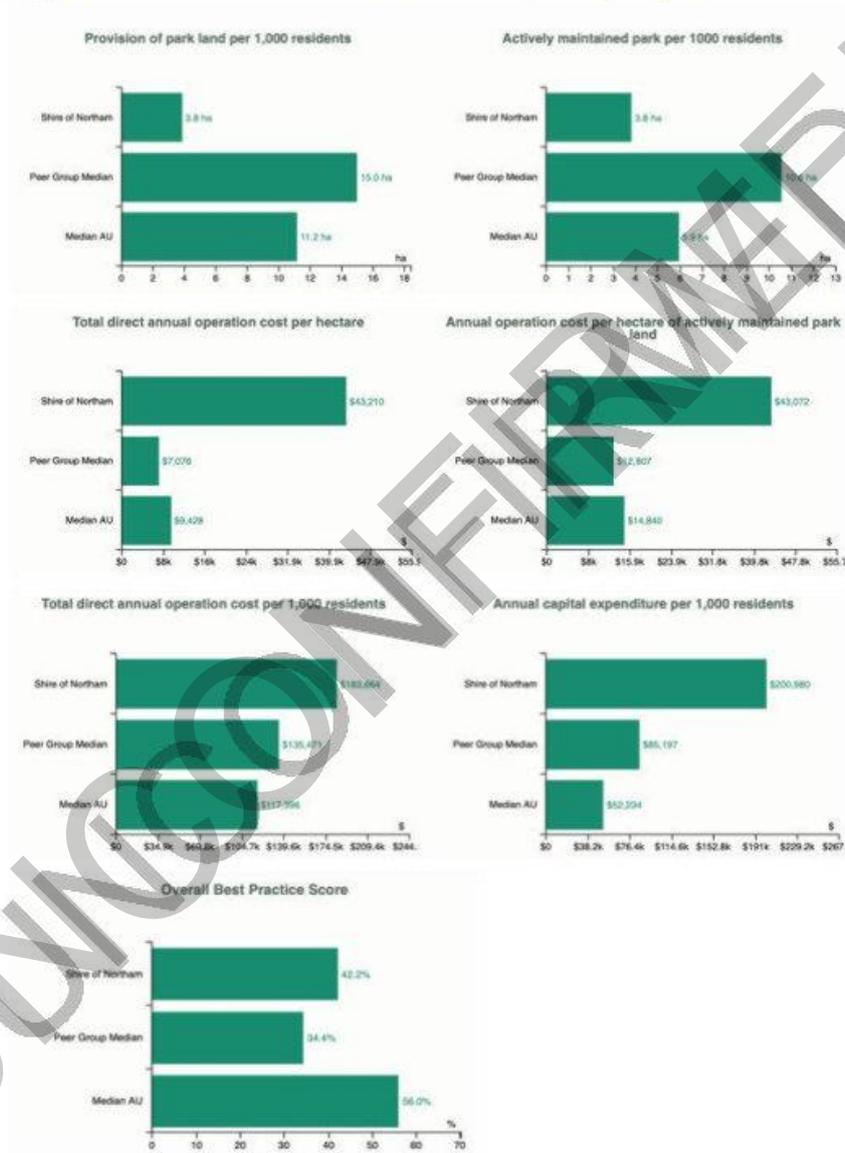

3.3.2 Succession planning

For any organisation it is desirable to have a staff succession so that when management staff leave (or are absent for normal leave periods) there are staff in place to step in, to ensure transition is as seamless as possible, and most importantly that staff knowledge is passed on and retained within the organisation. This is a particular challenge for small organisations; however, it appears to be a significant past and current issue at Northam. An improved staff development and mentoring program should assist in addressing this issue.

Shire of Northam - Parks and Gardens Service Review
August 2019

Best Practice Standards		
✔ Meets best practice ● Improving ✘ Not achieved — Not applicable		
Achieved	Score	Standard
Operational Excellence		36.11%
●	1.0	Market Testing of Parks Services Systems in place for reporting costs for all activities, and use of a mixture of outsourcing and benchmarking to market test internal service delivery operation.
●	1.5	Documented Service Standards Documented service standards in place for all parks maintenance activities to a detailed level, using a range of measures and performance terminology to describe the required inputs and outputs.
●	1.0	Service Delivery Quality Control – Sports Fields A formal system for monitoring and documenting the standard of service delivered and maintenance of sports fields, for both outsourced and internal service delivery. Should be based on documented service standards, use a weighted scoring system, and be undertaken in a repeatable, regular and systematic way.
✘	0.0	Service Delivery Quality Control Method – Planted Beds A formal system for monitoring and documenting the standard of service delivered and maintenance of garden beds, for both outsourced and internal service delivery. Should be based on documented service standards, use a weighted scoring system, and be undertaken in a repeatable, regular and systematic way.
✔	3.0	Service Delivery Quality Control Method – Toilets A formal system for monitoring and documenting the standard of service delivered and maintenance of toilets, for both outsourced and internal service delivery. Should be based on documented service standards, use a weighted scoring system, and be undertaken in a repeatable, regular and systematic way.
✔	2.0	Street Tree Maintenance Programming A planned, regular and systematic approach to cyclical street tree maintenance, usually over a 5-10 year period. Trees are classified into categories, usually based on a street tree inventory and assessment of location/risk. High profile/risk trees are maintained more regularly than low profile/risk trees.
✘	0.0	Service Delivery Quality Control – Grass maintenance A formal system for monitoring and documenting the standard of service delivered and maintenance of grass, for both outsourced and internal service delivery. Should be based on documented service standards, be compliant with national/international standards, use a weighted scoring system, and be undertaken in a repeatable, regular and systematic way.
✘	0.0	Ability to cost level of service Costs for maintenance and service delivery are recorded and reported at a level of detail that matches the asset hierarchy and key operational activities, so that operational costs can be accurately and reliably identified at the activity level. This information can then be used to cost current levels of service, as well as modeling changing levels of service costs.

Infrastructure Management		82.29%
●	2.0 Infrastructure Asset Management Plan	Documented plan completed to the International Infrastructure Management Manual standard, including a 10+ year long term financial plan, and updated regularly (at least 3 yearly). Basic components will include an inventory summary, asset condition information, levels of service, up to date valuation figures, an asset renewal plan, and an improvement plan.
●	2.5 Asset Inventory Completion	Documented condition information collection and maintenance methodology. Complete collection of parks asset condition data to component level, including estimates of remaining useful life. Information will be updated regularly (at least 3 yearly).
✓	3.0 Asset Condition Information	Documented data collection and maintenance methodology. Complete collection of parks asset condition data to component level, including estimates of remaining useful life. Information will be updated regularly (at least 3 yearly).
✓	3.0 Asset Valuation	Documented asset useful lives and replacement values, and other asset valuations of all parks assets to component level. Information will be updated regularly (annually for growth areas and at least 3 yearly for other areas).
✓	3.0 Asset Renewal Plan in Place	Use asset condition information and replacement values to determine a 10-year capital renewal program for most parks assets.
●	1.0 Development Levels of Service	Documented statements for each park category which define the level of provision and quality of different assets provided. This should be at sufficient detail to assist with documenting development guidelines for developers, for arriving at a standard cost per hectare for development and maintenance of park land (for each park category), and for determining asset renewal, new asset development, or asset decommissioning programmes.
✓	3.0 Use of Full Life Cycle Costing	At the time of project approval, all costs associated with a project are reported, including establishment, construction/installation, annual maintenance, whole of life maintenance, renewal and decommissioning costs. Approval of increased ongoing maintenance budget is linked to approval of capital project budget.

Strategic Planning		17.54%
✗	0.0	<p>Parks Strategy</p> <p>Categorised parks network, establish provision and development levels of service for each park category, assess current and future provision requirements, and document in a 10 year strategic plan for parks, including a disposal/acquisition implementation plan.</p>
✗	0.0	<p>Use of Provision Levels of Service Measure</p> <p>An overall park land provision target will be identified for parks, as well as individual park land provision targets for each park category. This may be further broken down into catchment areas. Targets will be expressed as area per capita, and will be referenced to reliable statistical information such as provided by Yardslick.</p>
✗	0.0	<p>Use of Distribution Levels of Service Measure</p> <p>Each park category will have measures relating to distribution, based on lineal or walking distance from residential properties, or similar. Quality statements will further define distribution, such as referenced required topography, location, and site characteristics.</p>
✗	0.0	<p>Playground Strategy</p> <p>Categorise playgrounds and identify suitable catchments, establish provision and development levels of service for each playground category, assess current and future provision requirements, and document in a 10-year strategic plan for all playgrounds, including a costed, prioritised capital implementation plan.</p>
✗	0.0	<p>Public Toilet Strategy</p> <p>Categorise toilets and identify suitable catchments, establish provision and development levels of service for each toilet category, assess current and future provision requirements, and document in a 10 year strategic plan for all toilets, including a costed, prioritised capital implementation plan.</p>
✗	0.0	<p>Cemetery Strategy</p> <p>Categorise cemetery networks and identify suitable catchments, establish provision and development levels of service for each cemetery category, assess current and future provision requirements taking into account birth, migration and mortality trends, and the presence of any crematoria. Document in a 10-year+ strategic plan for all cemeteries. Include operating policies and procedures, and criteria for future cemetery land assessment.</p>
✗	0.0	<p>Recreation Strategy</p> <p>Identify all recreation user groups, recreation and demographic trends, and establish a recreation classification based on user expectations/motivation. Undertake comprehensive customer/user research to identify needs. Assess current provision of facilities and services against recreation/demographic trends, and results of customer research. Document in a 10-year strategic plan for all activities, including a costed, prioritised capital implementation plan.</p>
✓	2.5	<p>Street Tree Strategy</p> <p>Identify and document catchment areas and street tree categories based on location and/or risk, and establish provision, development and operating levels of service for each catchment/category, including suitable species. Document policies and procedures to manage tree requests, complaints, and removal requests.</p>
✓	2.5	<p>Trails/Walkway Strategy</p> <p>Identify trails and assess attributes, classify against walking and cycling standards and suitability for user groups. Established use monitoring plan. Identify gaps in provision and opportunities to improve connections (linked to parks strategy). Maintenance and structural inspections aligned to visitor group and usage. Costed 10 year development plan.</p>
—		<p>Natural Areas Strategy</p> <p>Identify natural areas and classify into different use or other category. Implement attribute/health assessment system. Establish biodiversity monitoring and management objectives and strategies. Identify threats and challenges. Establish pest and risk management strategies. Costed 10 year Improvement Plan.</p>

Environmental Sustainability		58.33%
✓	3.0	Implementation of biodiversity actions A range of biodiversity actions are being implemented including: Endangered or threatened species identified and monitored; Measures/actions in place to protect environments of endangered/threatened species; Planting of green spaces using locally eco-sourced plants to restore or enhance biodiversity values; Public education programmes to improve knowledge on the value of protecting/enhancing biodiversity.
●	2.0	Water Management Plan Review water asset inventory, assess current water use and requirements, identify water targets and water conservation measures, document and monitor in water management plan.
✗	0.0	Chemical usage management A policy or documented operations procedures to limit, reduce or mitigate any potential to the health and environmental harm from the use of pesticides, herbicides and fertilisers.
Social Outcomes		16.67%
✗	0.0	Use of Park User Surveys Undertake intercept surveys of actual park users on a regular (3 yearly cycle, or more frequently if affordable), to determine satisfaction and service level gaps with a range of services and facilities provided, and the demographic and use profile of the park user community. Ideally the customer research should be benchmarked against other organisations.
✗	0.0	Activity Programmes Run on Parks Ongoing resourcing and delivering a range of activity programmes on parks with the intent of increasing community participation and park usage throughout the year.
✗	0.0	Parks Volunteer Programmes An identified resource is provided focused on coordinating and supporting volunteer programs in parks, with an appropriate budget to support the activity. Includes maintaining a register of volunteer participants.
✓	2.5	Monitoring of Sports Field Usage Implement booking systems that are capable of reporting participant numbers and hours of use for each sports fields. Analyse data on a regular basis to monitor over/under use of sports fields and to assist with determining future field allocation and maintenance regimes.

A. BACKGROUND / DETAILS

In 2016 the Shire of Northam joined the Australasian LG Performance Excellence Program. The program is in essence an opportunity to compare the Shire of Northam across a range of areas with other Local Governments in Western Australia, Australia and New Zealand.

Audit Committee Meeting Minutes
9 October 2019

The areas of focus are:

- Workforce;
- Finance;
- Operations;
- Service Delivery;
- Risk management;
- Corporate Leadership; and
- Asset Management.

The process for populating the Council data occurred over a period from August 2018 – December 2018, with the information relating to the 2017/18 Financial Year.

Council's Audit Committee recommended the following on the 1 June 2018 based on the Australian LG Performance Excellence Report for the FY 17:

MOTION / COMMITTEE DECISION

Minute No: AU.103

Moved: Cr Proud

Seconded: Cr Mencshelyi

That Council:

1. **Receives the Australasian LG Performance Excellence Program FY17; and**
2. **Includes in the draft 18/19 budget the following areas to be assessed in more detail as part of the internal audit function and reported back to a future Audit Committee Meeting in 2018:**
 - a. **Information Technology resourcing; and**
 - b. **Parks, Gardens & Sporting Grounds resourcing.**
3. **Request the Chief Executive Officer to prepare a brief and obtain quotes to undertake an internal audit on outstanding rates and present this to the next scheduled Audit Committee meeting.**

C. OFFICER'S COMMENT

Staff have reviewed the outcomes of the Program and make the following comments:

1. Workforce

FTE per 1,000 residents. Show the Council at 9, compared with 6.5 in the overall WA survey population. However, if you filter the survey population to WA Rural Council's the average is at 7.8, which is comparable with Council's FTE count (noting this is a very small sample size), as per the graph presented below. In essence this highlights that the larger City local governments skew the number of employees per 1,000 employees to the lower result of 6.5. Please note that the FTE is based on the headcount as of the 30 June 2018.

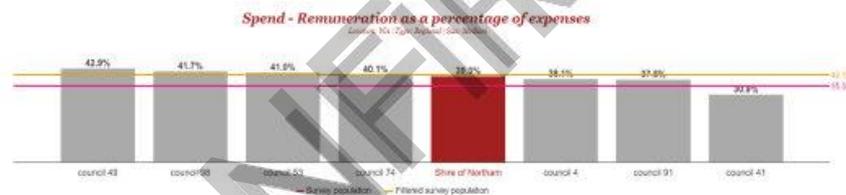

The other relevant factor associated with these numbers is the Council playing a role in the Killara Respite Centre, BKB, Licensing and Visitor Centres. These three areas are not 'usual' local government functions and may further skew the Shire of Northam figures. To put this into context Killara employs 1.4 employees per 1,000, whilst the combined Licensing, BKB and Visitor Centre represents 0.6 (approx.) employees per 1,000 residents.

In addition the Shire of Northam, as 'hang over' from the amalgamation has two swimming pools and libraries, which would be unusual for a rural or regional local government.

a. Remuneration as a % of operating expenses

All the comments above remain relevant, although when filtering the results by Rural Local Governments across Australia our percentage of remuneration to operating expenses is slightly lower, being 39% compared with an average of 40% for the WA Survey Population.

b. Staff Turnover

The turnover rate is higher than that the WA Survey population, with Northam being at 22.6%. It is noteworthy to highlight that the turnover numbers are based on number of actual employees employed at 1 July 2017, not number of positions, so having positions vacant at that time will skew the results. It also does not take into account turnover instigated by the Council. Consequently the turnover rates reported to Council regularly are considered more accurate and highlight our performance 12%.

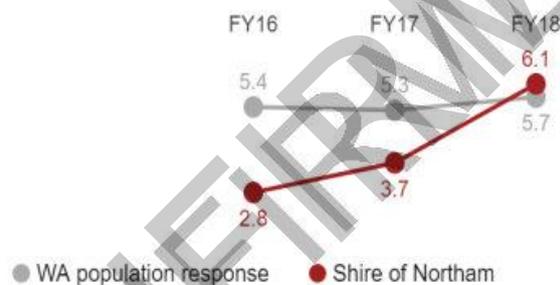

The turnover of employees in the first year of service represents an area to watch to ensure are employment processes are sound,

however as a general comment the employees that left gave reasons beyond Councils control.

c. Median sick leave days

At 6.1 the shire has seen an increase over the 2016/17 year where the result was 3.7, the current years figures are comparable with the WA Survey population showing 5.7, as this position is substantially weaker than the 16/17 staff have assessed for reasons to the increase and it can be attributed to several long term employees requiring substantial time off due to ongoing illness or recovery from operations.

Leave - Sick leave days taken (median)

d. Lost Time Injuries

Councils LTI's decreased from 174 to 52 days which is slightly lower than the WA population which is 62, the predominant reason was a notable decrease in incidents which resulted in extended period of absence for individuals during their recovery that occurred in the 2016/17 year.

2. Finance

a. Cost of finance as a % of revenue

This is an area staff are currently investigating, however filtering the data to compare with other WA Regional and Rural Communities indicates that our finance function is only slightly higher than the average, with Northam being 4.3% of revenue whilst the average is 2.2%. It is however noted that Councils finance department includes the position of a Purchasing Officer which is rare within Local Government and supports the whole of the organisation in Procurement.

b. Capital Expenditure Per Resident

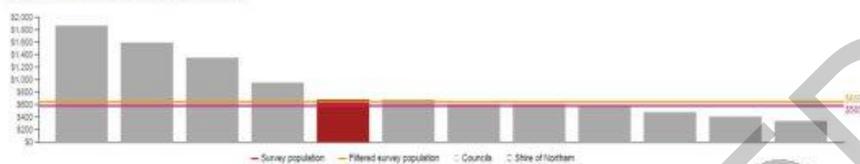

Councils current focus on capital expenditure is noticeable here with FY 18 expenditure increasing from the FY 17, (\$690 to \$930), it

Audit Committee Meeting Minutes
9 October 2019

compares favourably to the WA survey population average expenditure of \$660, and \$760 for WA Small to medium Councils.

Capital expenditure (\$) per resident

3. Operations

a. Corporate Services staff per 100 employees

At 15.9, this is slightly higher than the entire population survey results of WA at 13.9 and the Rural WA cohort has an average of 13.4. Consideration does need to be given to the structure of our Corporate Services area with licensing being included, a function not undertaken by many local governments, this function equates to approximately 2.45 employees, 2 fulltime plus coverage for leave and lunch breaks.

b. Customer Service staff per 100 employees

Per above comment Councils level is 6.5 compared with the WA average of 3.7 and the Rural WA cohort of 3.5.

c. I/T staff per 100 employees

0.9 I/T staff per 100 employees at the Shire of Northam compares with 3.3 for the WA Average for the entire population and 2.3 for rural and regional WA Councils.

This area Has had an additional 0.6 FTE position added to it in the 2018/19 financial year, the Shire also relies on external support for major works plus backups and are on call through a service agreement when needed. We believe that support in this area is now adequate however it is an area that is constantly being reviewed to ensure it continues to meet the Shires demands.

IT staff per 100 employees

4. Service Delivery

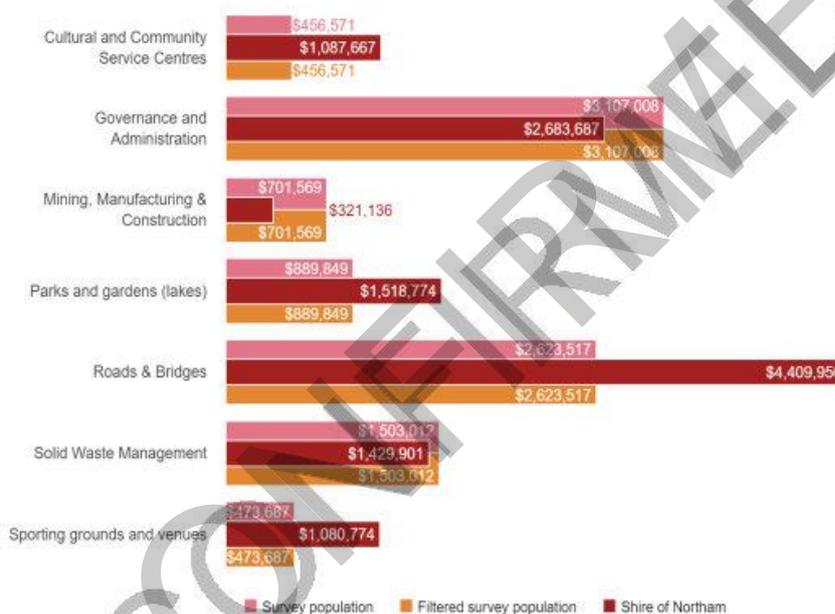

a. Service delivery operating costs and FTE breakdown

Audit Committee Meeting Minutes
9 October 2019

The provision of this comparison raises some areas of potential interest, however it also raised a number of queries regarding expenditure per service area with the only area spending less being Governance and Waste Management. This has been further analysed with WA Regional and Rural Communities which is much more consistent with Councils expenditure.

Operating costs per 10,000 residents

- b. Organizational design by span of control
This highlights the relatively flat structure of the Shire of Northam, which is a positive. Our organisation performs well when compared with others in the context of the number of employees per supervisor/manager.
- c. Solid Waste Management
Council cost of \$137 per resident slightly higher than the average \$136 with the W.A population, indicating our current contract is around market rate.
- d. Roads & Bridges
A breakdown of our roads & bridges cost per kilometre of road indicates Council is either very efficient, or underspending. This more detailed assessment needs to be undertaken in the context of the Council's endorsed asset management plan, which would indicate that our current spend is sufficient to maintain existing service standards. However a more detailed analysis may be advisable. It may

very well be the case that Council is capitalizing more than its peers. The following table compares the Shire of Northam with WA regional rural peers, in this case the average spend is similar excluding depreciation expense.

Roads and Bridges - Breakdown of annual operating costs per kilometre

When interpreting the report it should be noted that the network condition assessment and road categorisation process (Excellent to Very Poor) can vary between Local Governments. For example, some LGA's will have their road network surveyed using Automated Road Analysers (ARAN) with the data managed using software systems (i.e. RAMM in the case of Shire of Northam) Whereas other LGA's may perform visual survey assessments, which leaves condition rating open to interpretation.

In addition when generating works programs from RAMM, variable weightings can be assigned to "Triggers" which will determine condition, severity and proposed treatments.

In recent years the Shire of Northam has assigned higher weightings to cracking which will trigger reseals. This is for the purpose of preventing deterioration of the road to a point where rehabilitation or reconstruction of the road is required, which aligns with the Shire's Asset Management Strategy.

e. Parks, Gardens and Sporting Grounds

Audit Committee Meeting Minutes
9 October 2019

This area was highlighted in the FY 17 for further investigation, figure 4.29 shows that the spend per resident is still high compared to the total survey population, \$260 per person with WA Regional and Rural Communities that is \$103 per person. Council has had a review of the current parks and gardens expenditure carried out; this has been presented to this audit committee meeting.

Parks and sporting grounds - Breakdown of annual operating costs per resident

5. Risk Management

a. Internal Audit

An internal audit function is in place and during the year two audits were performed being an ICT Audit and a Service Levels Audit of the Shires Parks and Gardens.

b. Risk Management

At the time of reporting Council did not have a risk policy in place, however a risk policy was recently endorsed by Council to guide staff and report the risks to council.

6. Corporate Leadership

No specific areas requiring comment or focus

7. Asset Management

No specific areas requiring comment or focus

Audit Committee Meeting Minutes
9 October 2019

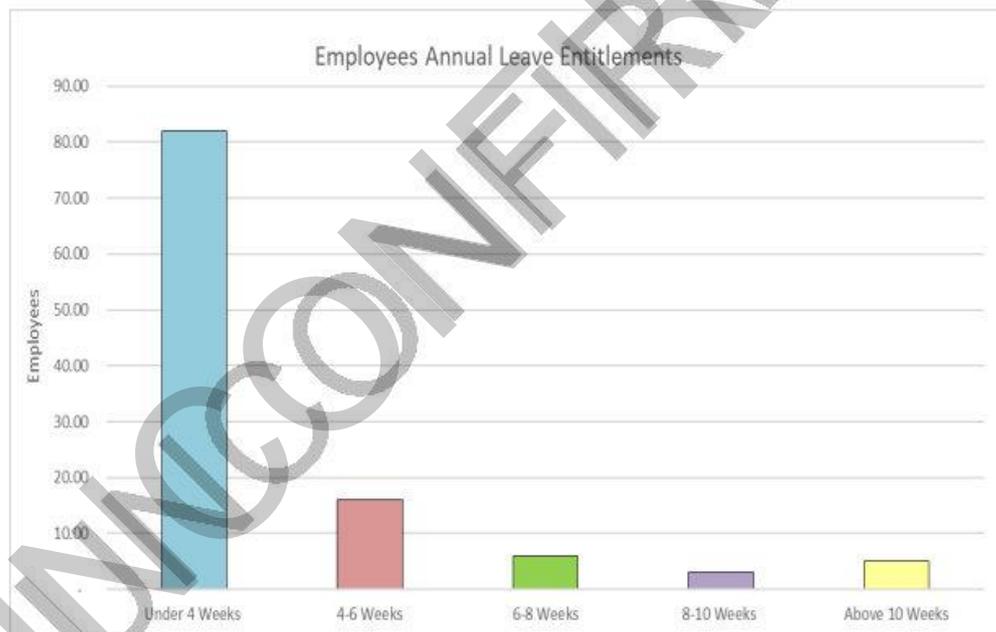

Council recommended on the 1 June 2018 that more detailed assessments would be carried out on the following areas of which both were carried out during 2018/19;

1. Information Technology and Reporting
2. Parks, Gardens & Sporting Grounds Resourcing

In addition council requested the CEO obtain quotes for an internal audit on rates outstanding, staff have had internal discussions relating to the outstanding debt, based around putting strategies in place or incentives to encourage payment, as such staff are now recommending that Council discuss strategies at a workshop or through a number of workshops.

It was requested by the Shire President that a detailed analyse be carried out on total outstanding leave. The following table details total outstanding annual leave as per the 30 June 2019.

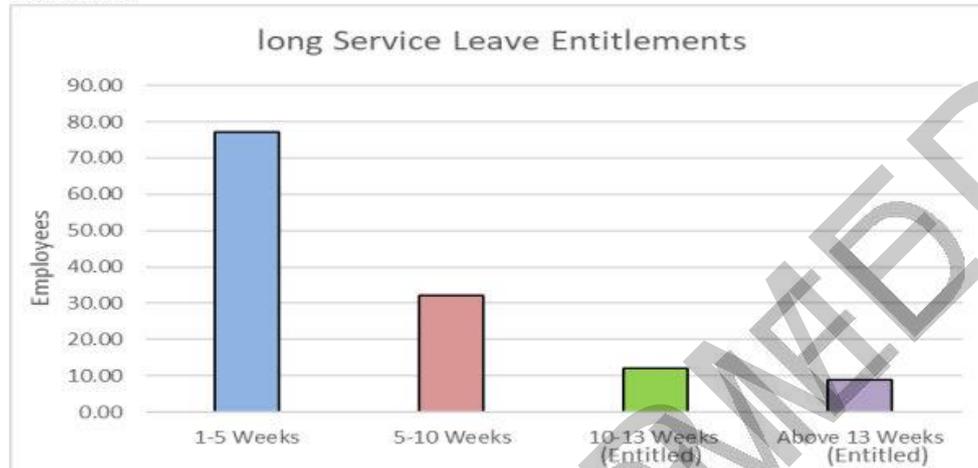

Total Outstanding leave is \$605K, with the majority of Council staff having under 4 weeks, staff with greater than 8 weeks due are currently encouraged to use their leave.

Audit Committee Meeting Minutes
9 October 2019

The following table is for outstanding long Service Leave liability as of the 30 June 2019.

Total outstanding Long Service Leave (LSL) is \$837K, which is further broke up into Current \$615K and non-current \$222K. Three staff members with due LSL (above 13 weeks) have indicated that it will be taken during the 2019/20 financial year.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.132

Moved: Cr Antonio
Seconded: Cr Mencshelyi

That Council:

1. Receives the Australasian LG Performance Excellence Program FY18; and
2. Requests that the CEO arrange a workshop to discuss the outstanding rate debt.
3. Request the CEO to present a policy to Council to manage employee annual and long service leave.

CARRIED 2/0

Discussion was held around employee leave. The Executive Manager Corporate Services advised that there is still a large monetary value outstanding which is increasing annually, this is something that is being monitored by staff. It was advised that staff are encouraged to use their leave. Clarification was sought in relation to whether this can be cashed, the

Audit Committee Meeting Minutes
9 October 2019

Executive Manager Corporate Services advised that this is permitted however they must enter into a Deed of Compromise.

Discussion was held around developing a policy to manage leave and including some timeframes around this. This was incorporated into the recommendation/committee decision.

It was noted that this should be documented as a risk on the Shire's Risk Register.

Discussion was held around the outstanding rates audit. The Executive Manager Corporate Services outlined that a workshop is proposed to discuss a few ideas to manage this.

Discussion was held participating in the program in future years. The Executive Manager Corporate Services outlined that there is nothing new highlighted and therefore it is not recommended to participate in the program in future years.

BRIEF

For the Audit Committee to receive the Financial Management System Review report that was conducted by AMD Chartered Accounts on the 10-13 June 2019.

ATTACHMENTS

Attachment: 2019 FMSR Report Shire of Northam.

A. BACKGROUND / DETAILS

Council's Financial Management Systems Review was undertaken on 10-13 June 2019 by AMD Chartered Accountants. In accordance with Regulation 5(2)(c) of the *Local Government Financial Management Regulations 1996* Council is required to have a review of its financial system to ensure its appropriateness and effectiveness at least once every three years.

This report is to provide Council the information and suggested action that is contained within the Financial Management Review.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective:

- Ensure robust financial management.
- Implement systems and processes which deliver outcomes for our community.

C. OFFICER'S COMMENT

The Auditor raised a number of findings within the Financial Management Systems Review that need to be addressed to ensure that best practices are being followed by Council. The following comprises the issues raised, the auditors recommendations on the best way to resolve them and managements comments. The level of risk for eight of the issues were considered moderate and five raised were low.

1. Collection of money

The daily banking sheet is not signed by the preparer, nor is there evidence of independent review.

Recommendation

Daily banking reconciliations should be consistently prepared, signed by the preparer and adequately reviewed on a daily basis by an independent senior management staff member. The daily banking reconciliation should be signed as evidence the independent review has occurred.

Management comment

The daily banking is prepared by an Administration Officer. The amounts are checked during the Bank Reconciliation process daily. The Bank reconciliation process is undertaken by the Senior Finance Officer or Rates Officer the following day to ensure the amounts match the bank statement in a timely manner. We will ensure the signing by Officers is incorporated into the process.

2. Custody and security of money

Physical security of cash

Suggestions for enhancements to improve security of cash takings across various Shire controlled sites

Recommendation

- Processes with respect to cash handling and physical storage at Shire managed locations be reviewed with an objective of enhancing controls over Council monies.
- Council consider engaging a cash-in-transit security service provider or alternatively set a pre- determined maximum cash-in-transit daily banking amount to reduce the risk.
- Banking for Shire managed locations be completed at least weekly.
- A receipt or acknowledgement of cash provided for banking be received by Shire managed locations.

Management comment

The Shire will consider installing small safes at Killara, the Northam Library and BKB Centre

- The procedure for high volume cash periods, is generally only around four days a year on the final day of rates instalments falling due. Moving cash from tills in the front counter is recorded and counted and signed for by two staff members, then placed in a locked safe. During these times two staff take the cash to the bank.
- Reminders and regular checks and follow ups will be made to ensure banking is done at least weekly
- Where banking is brought to the Administration Building for receipting, the staff member bringing the money is to sign the paperwork that accompanies the money and the staff member counting it will also sign and date it.

Petty cash reconciliations

Minor variances were identified when completing petty cash counts at cash collection sites operated by the Shire

Recommendation

Petty cash is reconciled on a regular basis and any variances identified be investigated and rectified in a timely manner.

Management comment

Staff will be notified and will sign the end of year reconciliation forms that will be amended to require a minimum of quarterly submissions be made for reimbursements and that the petty cash be counted at the end of every month

3. Maintenance and security of financial records

4. Business Continuity Plan

The Shire does not have a Business Continuity Plan.

Recommendation

The existing Business Continuity Plan was developed in February 2016 and requires updating. It is recommended that the Plan be reviewed, approved and subsequently implemented by the Shire. In addition, the DRP should subsequently be tested on a periodic basis to ensure that in the event of a disaster, appropriate action(s) can be taken.

Management comment

The Formal documentation of Disaster Recovery Actions will be undertaken.

Interim rates

Interim Rate notices are not issued throughout the year on a timely basis by the Shire when Landgate updates the property valuations

Recommendation

Interim rate notices be issued in a timely manner upon receipt of updated property valuations from Landgate.

Management comment

Noted, procedures will be put in place to ensure interim rates are processed in a more timely manner.

Terminated employee access

There is no formal procedure in place to ensure network access is disabled for terminated employees.

Recommendation

A termination checklist be completed for all terminated employees, including ensuring network access is disabled.

Management comment

Synergy Access uses a process of replacement of a terminating officer with a replacement officer, so it is not possible for access remotely or to the financial system.

A checklist for new starters and terminations, that incorporates Council property and its condition of use to be developed. Boxes to include IT accesses and permissions and signed by the Manager.

5. Authorisation for incurring liabilities and making payments

Tenders, purchases and payments

Testing found exceptions where tender and payment procedures had not been complied with.

Recommendation

- The Tender Register be updated throughout the tendering process.
- A tender checklist be completed for all tenders.
- All creditor and EFT payment batch listings be consistently signed as evidence of independent review and approval.

Management comment

Noted, procedures will be reviewed.

Store and fuel cards

Inquiries indicated there is no documented "Terms of Use Agreement" in place with Shire employees who have been allocated store and / or fuel cards.

Recommendation

All store and / or fuel card holders sign an agreement with the Shire outlining their acknowledgment of acceptable use of the store / fuel card in accordance with statement policy. This agreement should also outline procedures relating to when a cardholder is on extended leave or absent from the Shire.

Management comment

To be covered in the induction and termination document as detailed above

Credit card usage agreement

Credit card holders are not required to sign a 'user agreement' or

'policy acknowledgement' document'.

Recommendation:

An agreement should be signed by credit card holders and the Shire setting out the card holders' responsibilities in terms of the Shire's policy and Local Government guidelines.

Management comment

To be covered in the new starter induction and termination document as detailed above

6. Maintenance of payroll, stock control and costing

Fuel usage analysis

Observation of Dunnings fuel statements identified that although these are reviewed on an individual report basis, the Shire is currently not holistically analysing fuel usage by asset for inappropriate use i.e. there is no analysis to review fuel usage on an overall basis for each asset, on a periodic or sample basis.

Recommendation

The Shire investigate an appropriate method to analyse the use of fuel holistically. This spreadsheet should capture each Shire motor vehicle and detail every transaction in a chronological order. Once established, the fuel usage per asset could be analysed to determine whether the employee is fuelling up several times a day, over the weekend, late at night or if excessive fuel purchased against the expected route the employee is travelling etc.

Management comment

Noted, will review current procedures.

Payroll exceptions

During the payroll testing, it was noted there were exceptions pertaining to the audit sample of reports and employee deductions.

Recommendation

- All payroll reports be independently reviewed and evidence of this review is documented in the form of a physical sign-off;
- Termination checklists be completed for all terminated employees, reviewed and approved by the management; and
- All deductions from employee wages are supported by an authorised deduction form.

Management comment

- All payroll reports are now signed. The checks and balances are all

Audit Committee Meeting Minutes

- done. However previously not signed.
- All terminations are signed as checked by the Accountant. Termination Form to be developed
 - The process for deductions has been changed to file all amendments in personnel files as per the recommendation.

Excessive leave balances

Review of annual leave accrual as at 30 April 2019 indicated instances where seven employees had annual leave accrued balances in excess of 300 hours each.

Recommendation

Employees take regular leave through ongoing management of leave scheduling and leave liabilities.

Management comment

Noted, leave balances will continue to be monitored

7. Preparation of budgets, budget reviews, accounts and reports required by the Act or the Regulations

The scope and approach to the Budget preparation, review and reports was examined to ensure compliance and efficiency. It noted the Shire's Risk Management Policy was due for review in 2017 and still references the former AS/NZS 31000:2009 standard as opposed to the updated version AS/ISO 31000:2018.

Recommendation

The Shire review and update the Risk Management Policy accordingly.

Management comment

Policy will be updated.

Guidance on Risk Assessment was provided as per Guidelines Standard AS ISO 31000-2018 and noted.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.133

Moved: Cr Antonio

Seconded: Cr Mencshelyi

That Council receive the Financial Management Systems Review report for 2018/19 and require the progress of the recommended actions to be reported to the audit committee until all items are complete

CARRIED 2/0

The Executive Manager Corporate Services advised that the items identified are believed to be minor and staff have already put measures in place for these. In relation to a safe at the BKB, it was advised that staff are comfortable with this being in a locked draw as they are only taking \$40 per day on average. Given it is not a large amount of cash, it is not believed to be worthwhile installing a safe. Discussion was held around using Armor Guard for Council's facilities however it is not believed to be necessary given large amounts of cash are not taken.

Inherent limitations

Due to the inherent limitations of any internal control structure, it is possible that fraud, error or non-compliance with laws and regulations may occur and not be detected. Further, the internal control structure, within which the control procedures that have been subject to review, has not been reviewed in its entirety and, therefore, no opinion or view is expressed as to its effectiveness of the greater internal control structure. This review is not designed to detect all weaknesses in control procedures as it is not performed continuously throughout the period and the tests performed on the control procedures are on a sample basis. Any projection of the evaluation of control procedures to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions, or that the degree of compliance with them may deteriorate.

We believe that the statements made in this report are accurate, but no warranty of completeness, accuracy or reliability is given in relation to the statements and representations made by, and the information and documentation provided by, Shire of Northam management and personnel. We have indicated within this report the sources of the information provided. We have not sought to independently verify those sources unless otherwise noted with the report. We are under no obligation in any circumstance to update this report, in either oral or written form, for events occurring after the report has been issued in final form unless specifically agreed with the Shire of Northam. The review findings expressed in this report have been formed on the above basis.

Third party reliance

This report was prepared solely for the purpose set out in this report and for the internal use of the management of the Shire of Northam. This report is solely for the purpose set out in the 'Scope and Approach' of this report and for the Shire of Northam's information, and is not to be used for any other purpose or distributed to any other party without AMD's prior written consent. This review report has been prepared at the request of Shire of Northam's Chief Executive Officer or its delegate in connection with our engagement to perform the review as detailed in the 2019 Financial Management System Review Services Proposal. Other than our responsibility to the Council and management of the Shire of Northam, neither AMD nor any member or employee of AMD undertakes responsibility arising in any way from reliance placed by a third party, including but not limited to the Shire of Northam external auditors, on this review report. Any reliance placed is that party's sole responsibility.

1. Executive Summary

1.1. Background and Objectives

The primary objective of our Financial Management System Review (FMSR) was to assess the adequacy and effectiveness of systems and controls in place within the Shire focusing on accounts payable, accounts receivable, human resources and payroll procedures; in accordance with the 2019 Financial Management System Review Services Proposal (the "Review").

The responsibility of determining the adequacy of the procedures undertaken by us is that of the Chief Executive Officer (CEO). The procedures were performed solely to assist the CEO in satisfying his duty under Section 6.10 of the Local Government Act 1995 and Regulation 5(1) of the Local Government (Financial Management) Regulations 1996.

Our findings included within this report are based on the site work completed by us on the 10 June to 13 June 2019. Findings are based on information provided and available to us during and subsequent to this site visit.

1.2. Summary of Findings

The procedures performed and our findings on each of the focus areas are detailed in the following sections of the report:

- Section 2 - Collection of money;
- Section 3 - Custody and security of money;
- Section 4 - Maintenance and security of the financial records;
- Section 5 - Accounting for municipal or trust transactions;
- Section 6 - Authorisation for incurring liabilities and making payments;
- Section 7 - Maintenance of payroll, stock control and costing records; and
- Section 8 - Preparation of budgets, budget reviews, accounts and reports required by the Act or the regulations.

Following the completion of our review and subject to the recommendations outlined within sections 2 to 8, we are pleased to report that in context of the Shire's overall internal control environment, policies, procedures and processes in place are appropriate, and have been operating effectively at the time of the review.

Findings reported by us are on an exceptions basis, and do not take into account the many focus areas tested during our review where policies, procedures and processes were deemed to be appropriate and in accordance with better practice.

The following tables provide a summary of the findings raised in this report:

	Extreme Risk	High Risk	Moderate Risk	Low Risk

2. Collection of money

2.1. Scope and approach

For the following locations operated by the Shire including:

- Northam Administration Office;
- Northam Recreation Centre;
- Northam Public Library;
- Northam Visitor Centre;
- Killara Adult Day Care and Respite Centre;
- Bilya Koort Boodja Centre;
- Old Quarry Waste Facility; and

We:

- Documented internal controls, procedures and reconciliations in relation to all sources of income;
- Counted petty cash and float on hand ensuring materially correct;
- Reviewed fees and charges schedule and ensure adequate internal controls in place over receipting;
- Tested collection, receipting, invoicing and posting procedures over cash receipts on a sample basis; and
- Reviewed credit control procedures in respect to sundry debtors and rate debtors.

2.2. Detailed findings and recommendations

2.2.1. Daily banking reconciliations and cash handling/receipting

Finding Rating: Moderate

Finding

Section 7.3 of the Western Australian Local Government Accounting Manual Edition 3 issued by the Department Local Government in September 2012 outlines the minimum level of monitoring and control activities for key risk areas. Paragraph 4(h) states "Reconciliation of daily deposit total to receivable posting and cash sales is prepared and reviewed."

During our daily banking testing, we identified the daily banking sheet prepared each morning as part of the banking process is not signed by the preparer nor is there evidence of independent review.

Implication / Risks

If the daily banking reconciliation is not independently reviewed, there is an increased risk of errors and omissions remaining undetected, which in turn could lead to misstatements in the Shire's financial reporting.

Recommendation

Daily banking reconciliations should be consistently prepared, signed by the preparer and adequately reviewed on a daily basis by an independent senior management staff member. The daily banking reconciliation should be signed as evidence the independent review has occurred.

Management Comment

The daily banking is prepared by an Administration Officer. The amounts are checked during the Bank Reconciliation process daily. The Bank reconciliation process is undertaken by the Senior Finance Officer or Rates Officer the following day to ensure the amounts match the Bank statement in a timely manner. We will ensure the signing by Officers is incorporated into the process.

Responsible Officer: Senior Finance Officer

3. Custody and security of money

3.1. Scope and approach

- Conducted site visits of cash collection points to review the controls and procedures over the collection, receipting, recording and banking of cash collected offsite; and
- Reviewed the security of cash and banking procedures to ensure the appropriate controls and procedures are in place.

3.2. Detailed findings and recommendations

3.2.1. Physical Security of Cash

Finding Rating: Moderate

We noted the following in respect to security of cash takings and / or petty cash:

- The Killara Adult Day Care Centre and Respite Centre, the Northam Public Library and the Bilya Koort Boodja Centre; cash on hand including till floats and petty cash where applicable is maintained in locked filing cabinet drawers when not in use, rather than locked in a safe.
- Review of a sample of daily banking indicated a significant amount of physical cash is handled, in particular in rate payment period (at times in excess of \$17,500). The handling of a significant amount of cash in transit by Shire staff is a security risk and potentially affects the safety of Shire employees.
- The Killara Adult Day Care and Respite Centre still held cash received on the 12 April 2019 at the time of our 11 June 2019 site visit resulting in funds not being banked or received in the general ledger.
- The Northam Public Library, Northam Visitor Centre and Bilya Koort Boodja Centre do not receive a receipt or acknowledgement at the time banking is provided to the Northam Administration Office.

Implications / Risks

- Lack of appropriate internal controls over the security of cash collected and Council funds resulting in an increased risk of theft.
- Risk that error or fraud may not be detected on a timely basis.

Recommendation

We recommend:

- Processes with respect to cash handling and physical storage at Shire managed locations be reviewed with an objective of enhancing controls over Council monies.
- Council consider engaging a cash-in-transit security service provider or alternatively set a pre-determined maximum cash-in-transit daily banking amount to reduce the risk.
- Banking for Shire managed locations be completed at least weekly.
- A receipt or acknowledgement of cash provided for banking be received by Shire managed locations.

Management Comment

- The Shire will consider installing small safes at Killara, the Northam Library and BKB Centre
- The procedure for high volume cash periods, is generally only around four days a year on the final day of rates instalments falling due. Moving cash from tills in the front counter is recorded and counted and signed for by two staff members, then placed in a locked safe. During these times two staff take the cash to the bank.
- Reminders and regular checks and follow ups will be made to ensure banking is done at least weekly.

Audit Committee Meeting Minutes
9 October 2019

- Where banking is brought to the Administration Building for receipting, the staff member bringing the money is to sign the paperwork that accompanies the money and the staff member counting it will also sign and date it.

Responsible Officer: Senior Finance Officer

Completion Date: 31.07.2019

3.2.2. Petty Cash Reconciliation
Finding Rating: Low

We completed a count of cash on hand and petty cash at each location we visited and noted the following variances:

Location	Cash Counted (\$)	Purchase (\$)	Total (\$)	Petty Cash Float (\$)	Variance (\$)
Northam Visitor Centre	128.65	67.80	196.45	200	3.55 under
Bilya Koort Boodja Centre	61.40	91.10	152.50	150	2.50 over
Northam Recreation Centre	132.40	90.20	202.60	200	2.60 over

Implications / Risks

Risk of misstatement or omission.

Recommendation

We recommend petty cash is reconciled on a regular basis and any variances identified be investigated and rectified in a timely manner.

Management Comment

Staff will be notified and will sign the end of year reconciliation forms that will be amended to require a minimum of quarterly submissions be made for reimbursements and that the petty cash be counted at the end of every month.

Responsible Officer: Accountant

Completion Date: 07.07.2019

4. Maintenance and security of the financial records

4.1. Scope and approach

- Reviewed information technology systems to assess physical security, access security, data backups, contingency plans, compliance and systems development; and
- Reviewed registers maintained (including key register, tender register, gifts and travel registers etc.) and Council minutes.

Please note, our inquiries indicated no major IT projects have been completed at the time of our site visit; therefore our assessment of IT projects undertaken by the Shire of Northam from the planning to contractor selection to inception phase was limited.

4.2. Detailed findings and recommendations

4.2.1. IT Disaster Recovery Plan

Finding Rating: Moderate

The Shire does not currently have a formalised documented IT disaster recovery plan (DRP) in place.

Implications / Risks

If the Shire does not have a formalised documented DRP in place, which is subsequently tested on a periodic basis, there is a risk of significant delays and business interruption in the event of unforeseen circumstances in respect to the Shire's business.

Recommendation

We recommend a DRP be developed, approved and subsequently implemented by the Shire. In addition, the DRP should subsequently be tested on a periodic basis to ensure that in the event of a disaster, appropriate action(s) can be taken.

Management Comment

The Formal documentation of Disaster Recovery Actions will be undertaken.

Responsible Officer: EMCS

Audit Committee Meeting Minutes
9 October 2019

4.2.2. Interim Rates
Finding Rating: Low

While conducting rates testing, we identified instances where interim rate notices were not issued throughout the year by the Shire on a timely basis when Landgate updates the property valuation. For example, review of the interim rates notice register indicated interim rate notice G2019/2 had been processed before interim rates notices G2018/6 and G2018/7.

Implication / Risk

Where interim rates are not issued on a timely basis there is risk of either not recording/collecting all revenue during the financial period or potentially overcharging the rate payer which could impact on the Shire reputation amongst the community.

Recommendation

We recommend interim rate notices be issued in a timely manner upon receipt of updated property valuations from Landgate.

Management Comment

Noted, procedures will be put in place to ensure interim rates are processed in a more timely manner.

Responsible Officer: Rates Officer **Completion Date:** 30.06.2019

4.2.3. Terminated Employees Network Access
Finding Rating: Low

Our inquiries identified there is no formal procedure in place to ensure network access is disabled for terminated employees.

Implication / Risk

Risk of unauthorised access to the Shire's network.

Recommendation

We recommend a termination checklist be completed for all terminated employees, including ensuring network access is disabled.

Management Comment

Synergy Access uses a process of replacement of a terminating officer with a replacement officer, so it is not possible for access remotely or to the financial system.

A checklist for new starters and terminations, that incorporates Council property and its condition of use to be developed. Boxes to include IT accesses and permissions and signed by the Manager.

Responsible Officer: Human Resources Manager **Completion Date:** 31.07.2019

5. Accounting for municipal or trust transactions

5.1. Scope and approach

- Reviewed all monthly reconciliations including bank, sundry debtors, sundry creditors, fixed assets, rates debtors and rateable value reconciliations ensuring correctly reconciled and reviewed;
- Reviewed and tested in detail most recent municipal and trust bank reconciliations prepared;
- Reviewed processes in respect to BAS, FBT Return and other statutory returns preparation;
- Reviewed use of reserve funds and determined whether changes in reserve purposes have been budgeted or public notice was provided;
- Reviewed self-supporting loan transactions ensuring debtor invoices raised in accordance with payment schedule;
- Reviewed trust ledger balances; and
- Reviewed policies and procedures in respect to insurance, recording claims and insuring newly acquired assets.

5.2. Detailed findings and recommendations

Our review indicated key underlying policies and processes in relation to accounting for municipal or trust transactions are appropriate, in line with best practice and operating effectively.

Accordingly, we have no recommendations to raise in respect to accounting for municipal or trust transactions.

6. Authorisation for incurring liabilities and making payments

6.1. Scope and approach

- Reviewed controls and procedures over the authorisation of purchase orders and making of payments;
- Tested sample of payments to ensure compliance with stated procedures;
- Reviewed credit card processes and procedures, and testing transactions on a sample basis;
- Reviewed petty cash processes and procedures, and testing transactions on a sample basis;
- Completed sample testing of asset additions and asset disposals;
- Reviewed asset capitalisation and depreciation policy and ensure compliance with stated policies; and
- Reviewed new loans received ensuring budgeted for or public notice provided.

6.2. Detailed findings and recommendations

6.2.1. Tenders, Purchases and Payments

Finding Rating: Moderate

Our testing of a sample of purchases and tenders identified the following:

Tender 5 of 2018

- The Shire's tender checklist had not been completed;
- The tender register did not indicate the date of the Council decision;
- The tender register did not indicate the names of unsuccessful tenders; and
- The tender register did not indicate the details of the successful tenderer.

EFT payments batch 10 May 2019

- The Synergy report 'Creditors to be Paid' had been reviewed, however there was no signature evidence to indicate the independent review had occurred;
- The Bankwest 'Payment File Upload' report did not indicate any evidence of independence review or approval by payment authorities; and
- The Bankwest 'Payment Receipt' report had not been signed by the second payment authority.

Implications / Risks

- Risk of non-compliance with the Shire's Purchasing Policy.
- Risk the Shire is unable to demonstrate compliance with the Local Government Regulations.

Recommendation

We recommend:

- The Tender Register be updated throughout the tendering process.
- A tender checklist be completed for all tenders.
- All creditor and EFT payment batch listings be consistently signed as evidence of independent review and approval.

Management Comment

Noted, procedures will be reviewed

Responsible Officer: Accountant

Completion Date: 31.07.2019

6.2.2. Store and Fuel Cards
Finding Rating: Moderate

Our inquiries indicated there is no documented "Terms of Use Agreement" in place with Shire employees who have been allocated store and / or fuel cards.

Implications / Risks

Increased risk that Terms of Use have not been understood and complied with.

Recommendation

We recommend all store and / or fuel card holders sign an agreement with the Shire outlining their acknowledgment of acceptable use of the store / fuel card in accordance with statement policy. This agreement should also outline procedures relating to when a cardholder is on extended leave or absent from the Shire.

Management Comment

To be covered in the induction and termination document as detailed above 4.2.3

Responsible Officer: Human Resources Manager **Completion Date:** 31.07.2019

6.2.3. Credit Card Usage Agreement
Rating: Moderate

Finding:

Credit card holders are not required to sign a 'User agreement' or 'policy acknowledgement' document'.

Implication:

Increased risk of fraud and non-compliance with Council policy HR 2.7 Credit Card Use and Local Government Operational Guideline Number 11 – Use of Corporate Credit Cards.

Recommendation:

An agreement should be signed by credit card holders and the Shire setting out the card holders' responsibilities in terms of the Shire's policy and Local Government guidelines.

Management Comment:

To be covered in the new starter induction and termination document as detailed above 4.2.3

Responsible Person: Human Resources Manager **Completion Date:** 31.07.2019

7. Maintenance of payroll, stock control and costing

7.1. Scope and approach

- Completed site visit to the Northam depot to review security over stocks held and allocation / costings of stocks used (including fuel and inventory stocks);
- Reviewed of the allocation of public works overheads, plant operating costs and administration overheads completed;
- Reviewed payroll controls and procedures to ensure effective controls are in place, and complete tests on a sample basis to ensure these controls were operating effectively;
- Reviewed procedures and policies in place in respect of human resource management legislative and compliance requirements, recruitment, performance appraisal, disciplinary and termination procedures and leave entitlements;
- Reviewed listing of leave taken by employees ensuring authorised leave forms completed; and
- Reviewed annual leave balances and identify employees with more than eight weeks annual leave.

7.2. Detailed findings and recommendations

7.2.1. Fuel Usage Analysis

Finding Rating: Moderate

Observation of Dunnings fuel statements identified that although these are reviewed on an individual report basis, the Shire is currently not holistically analysing fuel usage by asset for inappropriate use i.e. there is no analysis to review fuel usage on an overall basis for each asset, on a periodic or sample basis.

Implications / Risks

Risk of fuel misappropriation.

Recommendation

We recommend the following:

- The Shire investigate an appropriate method to analyse the use of fuel holistically. This spreadsheet should capture each Shire motor vehicle and detail every transaction in a chronological order. Once established, the fuel usage per asset could be analysed to determine whether the employee is fuelling up several times a day, over the weekend, late at night or if excessive fuel purchased against the expected route the employee is travelling etc

Management Comment

Noted, will review current procedures.

Responsible Officer: Accountant

7.2.2. Payroll Exceptions
Finding Rating: Moderate

During our payroll testing, we noted the following exceptions pertaining to our audit sample:

- The Synergy Variance Reports 'Compare Gross Pays to Last Time Paid' for 21 August 2018, 11 December 2018 and 5 March 2019 were annotated, however there was no sign of to evidence review;
- The 'Payslip Reports' for 21 August 2018, 11 December 2018 and 5 March indicated evidence of checks being completed, however the reviewer had not signed the reports;
- The BankWest 'Payroll File Upload' listing payments made to each employee had not been retained for 21 August 2018, 11 December 2018 and 5 March 2019;
- There was no termination checklist completed for employee 2453; and
- We were unable to verify deductions from the following employee wages:
 - Employee number 2089 – social club deduction;
 - Employee number 1176 – rates deduction;
 - Employee number 2227 – WA super salary sacrifice deduction; and
 - Employee number 2003 – ASU and social club deduction.

Implications / Risks

- The absence of review and approval of payroll reports could result in invalid transactions and incorrect amounts being paid to employees.
- There is an increased risk of loss to the Shire if all termination procedures are not carried out prior to an employee ceasing.
- The Shire is deducting amounts from the employee wages that has not been appropriately authorised by the employee.

Recommendation

We recommend the following:

- All payroll reports be independently reviewed and evidence of this review is documented in the form of a physical sign-off;
- Termination checklists be completed for all terminated employees, reviewed and approved by the management; and
- All deductions from employee wages are supported by an authorised deduction form.

Management Comment

- All payroll reports are now signed. The checks and balances are all done. However previously not signed.
- All terminations are signed as checked by the Accountant. Termination Form to be developed
- The process for deductions has been changed to file all amendments in personnel files as per the recommendation.

7.2.3. Excessive Leave Balances
Finding Rating: Minor

Review of annual leave accrual as at 30 April 2019 indicated instances where seven employees had annual leave accrued balances in excess of 300 hours each.

Implication

The cost to Shire of Northam is greater if annual leave is not paid out on a regular basis due to:

- The cumulative effect of salary increases over a period of time;
- Recreational leave enhances employee performance; and
- It is a fundamental principle of good internal control that all employees take regular leave.

Recommendation

We recommend employees take regular leave through ongoing management of leave scheduling and leave liabilities.

Management Comment

Noted, leave balances will continue to be monitored

8. Preparation of budgets, budget reviews, accounts and reports required by the Act or the Regulations

8.1. Scope and approach

- Reviewed policy and procedure manual;
- Reviewed the procedures for preparation of the monthly financial statements, annual financial statements and annual Budget, including assessment of accounting policy, notes and applicable reporting requirements and efficiency of the process;

8.2. Detailed findings and recommendations

8.2.1 Risk Management Policy

Finding Rating: Low

We noted the Shire's Risk Management Policy was due for review in 2017 and still references the former AS/NZS 31000:2009 standard as opposed to the updated version AS/ISO 31000:2018.

Implications / Risks

Risk that the Shire's Risk Management Policy is out of date.

Recommendation

We recommend that Shire review and update the Risk Management Policy accordingly.

Management Comment

Policy will be updated

9. Guidance on Risk Assessment

Risk is uncertainty about an outcome. It is the threat that an event, action or non-action could affect an organisation's ability to achieve its business objectives and execute its strategies successfully. Risk is an inherent component of all service activities and includes positive as well as negative impacts. As a result not pursuing an opportunity can also be risky. Risk types take many forms – business, economic, regulatory, investment, market, and social, just to name a few.

Risk management involves the identification, assessment, treatment and ongoing monitoring of the risks and controls impacting the organisation. The purpose of risk management is not to avoid or eliminate all risks. It is about making informed decisions regarding risks and having processes in place to effectively manage and respond to risks in pursuit of an organisation's objectives by maximising opportunities and minimising adverse effects.

The risk guidelines stated within Risk Management – Guidelines Standard AS ISO 31000-2018.

Our guidance to risk classification in completing our review is as follows:

Measure of Likelihood of Risk

Likelihood is the chance that the event may occur given knowledge of the organisation and its environment. The following table provides broad descriptions to support the likelihood rating:

Rating	Description	Frequency	Probability
Almost Certain	The event is expected to occur in most circumstances.	More than once per year.	>90% chance of occurring.
Likely	The event will probably occur in most circumstances.	At least once per year.	60% - 90% chance of occurring.
Possible	The event should occur at some time.	At least once in 3 years.	40% - 60% chance of occurring.
Unlikely	The event should occur at some time.	At least once in 10 years.	10% - 40% chance of occurring.
Rare	The event may only occur in exceptional circumstances.	Less than once in 15 years.	<10% chance of occurring.

**Above Extracted from the Shire's Risk Management Framework.*

Measure of Consequence of Risk

Consequence is the severity of the impact that would result if the event were to occur. The following table provides broad descriptions to support the consequence rating:

Audit Committee Meeting Minutes
9 October 2019

Rating (Level)	Health	Financial Impact	Service Interruption	Compliance	Reputational	Property	Environment
Insignificant (1)	Negligible injuries	Less than \$2,000	No material service interruption	No noticeable regulatory or statutory impact	Unsubstantiated low impact, low profile or 'no news' item	Inconsequential or no damage	Contained, reversible impact managed by on site response
Minor (2)	First aid injuries	\$2,001 - \$20,000	Short term temporary interruption – backlog cleared < 1 day	Some temporary non-compliances	Substantiated, low impact, local news item	Localised damage rectified by routine internal procedures	Contained, reversible impact managed by internal response
Moderate (3)	Medical type injuries	\$20,001 - \$200,000	Medium term temporary interruption backlog cleared by additional resources < 1 week	Short term non-compliance but with significant regulatory requirements imposed	Substantiated public embarrassment, moderate impact, moderate news profile	Localised damage requiring external resources to rectify	Contained, reversible impact managed by external agencies
Major (4)	Lost time injury	\$200,001 - \$2,000,000	Prolonged interruption of services – additional resources, performance affected < 1 month	Non-compliance results in termination of services or imposed penalties	Substantiated public embarrassment, high impact, high news profile, third party actions	Significant damage requiring internal & external resources to rectify	Uncontained, reversible impact managed by a coordinated response from external agencies
Catastrophic (5)	Fatality, permanent disability	More than \$2,000,000	Indeterminate prolonged interruption of services – non-performance > 1 month	Non-compliance results in litigation, criminal charges or significant damages or penalties	Substantiated public embarrassment, very high multiple impacts, high widespread multiple news profile, third party actions	Extensive damage requiring prolonged period of restitution Complete loss of plant, equipment & building	Uncontained, irreversible impact

Risk Analysis Matrix – Level of Risk

Finding Rating for each audit issue was based on the following table:

		Insignificant	Minor	Moderate	Major	Catastrophic
LIKELIHOOD	Almost Certain	Moderate	High	High	Extreme	Extreme
	Likely	Low	Moderate	High	High	Extreme
	Possible	Low	Moderate	Moderate	High	High
	Unlikely	Low	Low	Moderate	Moderate	High
	Rare	Low	Low	Low	Low	Moderate

Finding / Risk Acceptance Rating

The table below sets out the definition of the Shire's finding / risk acceptance rating:

Finding / Risk Rank	Definition
Low	<ul style="list-style-type: none"> Attention required in medium term, preferably within 12 months. Isolated cases of procedural non-compliance. Small transactional errors with nil to small financial loss or exposure to the Shire. Isolated administrative matters.
Moderate	<ul style="list-style-type: none"> Attention required in medium term, preferably within 6 months. Absence or breakdowns in controls or procedures that lead to moderate exposures to the Shire. Isolated breaches of legal requirements and/or regulations with no further action likely to be taken by a regulator. Moderate individual transactional errors or several smaller transactional errors. Administrative matters, which due to their frequency may indicate procedural or training problems.
High	<ul style="list-style-type: none"> Attention required in short term, preferably within 3 months. Absence or breakdowns in controls or procedures that lead to high exposures. A breach of legal requirements and/or regulations resulting in material compensation and/or financial payouts, however no further action is likely to be taken by a regulator. Large individual transactional errors or a larger number of smaller transactional errors. Administrative matters, which due to their frequency may indicate procedural or training problems. Issues arising from inadequate training.
Extreme	<ul style="list-style-type: none"> Urgent and immediate action required. Cases of actual or potential fraud. Absence or breakdowns in critical controls or procedures that lead to very significant exposures to the Shire (i.e. financial loss impacting capital or significant disruption to business services, loss of life, severe reputation risk). Serious breach of legal requirements and/or regulations resulting in material compensation and/or financial payouts and action likely to be undertaken by regulators. Multiple large transactional errors that could lead to serious legal impact and/or severe adverse effect on the Shire's reputation. Issues arising from no or severely inadequate training.

BRIEF

For the Audit Committee to receive an update on the Interim Audit that was conducted by the Shire's auditor, Moore Stephen's on the 29 April 2019.

ATTACHMENTS

Attachment 1: Interim Audit Report (provided as a separate confidential attachment).

A. BACKGROUND / DETAILS

The Interim Audit was carried out on the 29 April 2019, Moore Stephen's conducted the interim audit on behalf of the Office of the Auditor General. It concentrated largely on the overall control environment, but not for the purpose of expressing an opinion on the effectiveness of internal, and to obtain an understanding of the key business processes, risks and internal controls relevant to the audit of the Annual Financial Report.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective:

- Ensure robust financial management.
- Implement systems and processes which deliver outcomes for our community.

C. OFFICER'S COMMENT

The Auditor has raised three issues as presented below, two items are considered to have moderate implications, one item was considered minor in nature. These were received on 30 May 2019

1. IT Disaster Recovery Plan.

It was identified that the Shire does not have an IT disaster recovery plan. It highlighted an increased risk the Shire will not possess the required information to enable effective restoration of key IT systems following a major incident or disruption.

Audit Committee Meeting Minutes
9 October 2019

Management Comment: Back-up procedures and testing of data recovery has been carried out to the satisfaction of Staff, a formal disaster recovery plan will be documented

2. Fixed Assets below \$5,000

From 1 July 2018, Regulation 17A (5) of the Local Government (Financial Management) Regulations 1996 requires assets with a fair value at the date of acquisition under \$5,000 to be excluded from the assets of the Local Government entity.

It was noted that the assessment had not been conducted to remove assets acquired for a value of less than \$5,000.

Management Comment: A review will be carried out to assert any assets that had an original purchase price of less than \$5,000, these will be written off from the asset register

3. Employment Pay Rate Letters

We noted 10 instances where employees had received an increase in pay or pay level, with no correspondence to the employee confirming the change evidenced in the employee's personnel file.

Management Comment: notification will be given to employees annually on the first pay period of the annual CPI based increase

That Council receive the minutes from the Bush Fire Advisory Committee meeting held on 12 November 2019.
CARRIED 8/0

Adoption of Recommendations:

RECOMMENDATION / COUNCIL DECISION
Minute No: C.3801
Moved: Cr Little
That Council:
1. Note the Community Emergency Services Manager Report as provided.
2. Endorse the proposed location of the new Bakers Hill Fire Brigade Shed on a portion of Reserve 4200 as provided in Attachment 2 of this report.
3. Appoint Mr Chris Marris as Chief Bush Fire Control Officer for the 2019/20 Bush Fire Season.
4. Endorse that the mobilisation risk matrix be circulated for consultation with the Shire of Northam Bush Fire Brigades and VFRS for further consideration at the March 2020 BFAC meeting.
CARRIED 8/0

Clarification was sought in relation to the following:

- Whether Attachment 2 detailing the location of the Bakers Hill Bush Fire Brigade shed is within the BFAC minutes. The Executive Manager Development Services confirmed it is in the minutes, the blue outline details the location of the shed.
- The fact that the recommended Chief Bush Fire Control Officer (CBFCO) does not currently possess the qualification required in the Shire of Northam Bushfire Manual necessary qualifications. The Executive

Manager Development Services confirmed that the recommended CBFCO does not have all of the qualifications as per the Bush Fire Manual however the Committee were comfortable that, in the context of the available options, the individual was in a position to be able to fulfil the requirements of the role, with support.

- There was some discussion about whether Council should require the required qualifications to be attained within a specified period. It was accepted that given the appointment for only for 12 months this may not be practical.

C. OFFICER'S COMMENT

2019/2020 Bush Fire Season

The season is upon us and although it is a relatively calm restricted period, we are 4-5 weeks ahead of the 5yr average in regards to the curing rates, and fuel loads.

The experts are predicting a longer season with higher rates of extreme fire weather which we are already seeing out in the Eastern Goldfields with multiple school closures in the past few weeks due to the forecast 'Catastrophic' FDR.

R2R Reallocation

The first stage of the outcomes generated through the R2R process have been completed. All appliances that formed part of the re-allocation have now been completed, with all signage, and radio programming completed and ready for the coming season.

Officers appreciate the assistance given from the brigades throughout this process, it was a big undertaking and one which was being watched by surrounding areas as they are to embark on a similar process.

Thank you to all brigades' members & in particular the Captains for your assistance whilst the project was finalised.

Bush Fire Advisory Committee Meeting Minutes
12 November 2019

Annual Servicing

The contract for the annual servicing has been awarded, and the annual servicing of the truck (Cab Chassis only) is almost complete, all operational systems including PTO's have been serviced by Frontline Fire & Rescue services which included the annual test and tagging of all lay flats hoses.

Each brigade had hoses that had failed the test and as such any remedial work has been completed so all systems are now certified to manufacturer specifications.

This process highlighted a significant amount of systems & equipment that were not up to standard and as a result a further \$25,000 has been spent on the fleet to ensure that all systems are operating as required, including the rebuilding of 15 hose reel branches, pump panel repairs and the professional recalibration of all tank vision gauges to prevent appliances from suffering from airlock and losing prime due to inaccurate water level gauges.

Bakers Hill Fire Station

The Bakers Hill Fire Station location has been decided, and an agreement has been reached with the Bakers Hill Golf Club for the apportionment of a small section of the reserve with access onto Tames Rd to allow this critically important facility to be constructed,

The tender documents are now being prepared and a report will be prepared for Council to award the tender contract in due course. Expected completion at this stage is mid 2020.

Inaugural Bush Fire Forum

The Bush Fire Forum is being held this year at the Recreation Centre on the 29th November 2019. I'm hoping to have a presentation via the State Operations Centre Meteorologist (SOCMET) to give a brief overview of the seasonal forecast for the predicted fire weather, that is contextualised to this area.

There will also be a presentation from the DFES Wellness Branch to ensure all members are aware of what services are available to all registered members and their families.

I've invited the WA Police Arson Squad along also to give a brief talk about how to identify the point of origin (POO) of a fire and how to identify and protect the area of ignition, to preserve any potential evidence that may be onsite. I'll confirm closer to the date as the availability of the Arson Squad detectives will depend on operational requirements.

Recruitment

DFES have launched the recruitment campaign for all volunteer emergency services. Research has shown that the frontline volunteering is relatively stable

Bush Fire Advisory Committee Meeting Minutes
12 November 2019

for the past 10 years, however the bush fire service is declining in outer regions as there is a shift of the population base moving closer to the outer metro regions such as the Avon Arc, this means that the pool of potential volunteers is slowly increasing however more work needs to be done on recruiting these people to all services.

Staff have been involved in multiple conversations regarding a social media presence specifically for volunteer emergency services within the Shire of Northam, however a focus on a collaborative, coordinated & centralised approach seems to be the preferred model, rather than encouraging each brigade to run their own social media presence.

Feedback will be sought from tonight's meeting to develop a strategy to raise the social media presence of all volunteer services however specifically the Volunteer Bush Fire Service within the Shire of Northam.

Additional to this, DFES has produced some printed material such as business cards that can be placed in each appliance that can be handed out to prospective members with the local contact details written on it.

Automatic Electronic Defibrillator

At the 2019 WAFES conference the DFES Commissioner made the announcement that after campaigning by WALGA and the AVBFB, AED devices are now an eligible item to be supplied and supported through the LGGs funding scheme. DFES will be going out to the open market and once an approved type has been chosen, the purchase of the AED's will be coordinated by DFES who will then supply to each LGGs supported appliance with a device through the regional office. Any additional training required for members is also supplied at the time of delivery as required.

Staff are aware of brigades that have purchased their own devices over the years through fundraising activities. These will be replaced by the approved type on each appliance as they become available.

Brigades will then make a decision on what they would like to do with their old AED's, staff encourage brigades to discuss at a brigade meeting to determine the next step, such as disposal to another deserving community group etc.

There is a process for the disposal of any brigade equipment, staff are happy to provide a disposal form to the brigade that needs to be authorised by the CEO prior to the disposal being finalised.

PPC

All outstanding PPC will arrive in the coming weeks and will be distributed to brigades in due course. Staff have approved the supply of the navy proban cargo pants to replace the orange over pants, as well as the supply of

Bush Fire Advisory Committee Meeting Minutes
12 November 2019

embroidered polo shirts as part of the standard uniform issue. Please note that these are official uniforms and cannot be altered or personalised, this is to ensure consistency and provide for a uniformed appearance at public events etc.

Staff are still negotiating with the LGS committee for the provision of the blue dress shirt to be included as part of the standard issue uniform, details will be provided as this discussion progresses.

Volunteer Hub

DFES has completely revamped the Volunteer Portal and with its name change to Volunteer Hub comes with it an entirely new look & feel for the hub, with ease of access to information about training, incident attendance activity, DFES circulars and has resulted in information being easier to obtain.

Staff encourage all members to log in and review to see the completely new user experience that has been developed as a direct result of extensive collaboration with end users, the volunteers.

E-academy 2.0

As part of the changes to the volunteer suite, E-academy is also undergoing an extensive transformation, again as a direct result of extensive consultation with volunteers from all services.

The new look and feel is built more like a website, and provided ease of access to important information such as training records, including archived/superseded training competencies.

Each member will be able to edit and update personal information such as medical and dietary requirements which is important information for the IMT to have access to on the fire ground, once this information is brought into the DFES Incident Resource Management System, things like catering to dietary requirements will be made a lot easier.

The official launch of E-academy 2.0 is yet to be confirmed, but a tentative release date is 1st January 2020, staff will keep members informed of progress as information comes to hand.

Bush Fire Service Training Program

The 2019 WAFES Conference also seen the launch of the new Bush Fire Service Training Program, this has been extensively workshopped with representatives from the Association of Volunteer Bush Fire Brigades (AVBFB) and has resulted in a streamlined approach to training, with a clearly defined path to the various positions filled by our frontline firefighters. A workshop was held in October with all training officers to go over the program, so please speak to

That Council:

- 1. Note the Community Emergency Services Manager Report as provided.**
- 2. Endorse the proposed location of the new Bakers Hill Fire Brigade Shed on a portion of Reserve 4200 as provided in Attachment 2 of this report.**

CARRIED 11/0

Clarification was sought in relation to the disposal of brigade equipment and why the Shire would be involved if this was purchased by the brigade. The Executive Manager Development Services advised that if it is not the property of the Shire of Northam this disposal process referenced in the report does not apply.

Discussion was held around social media for the Shire of Northam Bush Fire Brigades. Some comments were made in relation to this being a useful tool however there would need to be clear guidelines on what can be placed on this. Discussion was around having one social media account for Shire Bush Fire Brigades as opposed to an individual account for all brigades.

Clarification was sought in relation to whether the Bush Fire Forum is proceeding. The Community Emergency Services Manager advised that invited will be sent out by the end of the week.

Discussion was held around the new fire shed location for Bakers Hill Bush Fire Brigade. Mr Steve Gray advised that the size of the site allocated limits the brigade to expand in the future and the brigade wished to have their concerns noted. The Community Emergency Services Manager advised that there is a clearing process to go through process which can be undertaken when and if this is required. It was also raised that there is no parking on the road and there is limited parking on the site. The Community Emergency Services Manager advised that he will raise the concerns with the Shire's Engineering Services department. Clarification was sought in relation to the size difference with the current site. The Community Emergency Services Manager advised that the site is smaller than the current site however the structure is larger.

BRIEF

Upon appointment of the Fire Control Officer's for the 2019/20 fiscal year, Council is required to appoint a Chief Bush Fire Control Officer (CBFCO) and Deputy Chief Bush Fire Control Officer (DCBFCO).

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

Mr Mathew Macqueen, was appointed as CBFCO by Council on the 9th July 2019, due to personal reasons Mr Macqueen tendered his resignation from the position on the 1st August 2019, vacating the position as of 1st October 2019.

At the BAFC meeting in September 2019, it was resolved to advertise for the position of CBFCO as no other nominations were received from the Brigades. It was also resolved and endorsed by Council to appoint Mathew McQueen and Simon Peters as Deputy Chief Bush Fire Control Officer (DCBFCO's) and Chris Marris as a Senior Bush Fire Control Officer.

The purpose of this report is to present the outcomes of the advertising and to recommend to BFAC and Council the appointment of a CBFCO for the 2019-20 period.

Section 38 (2C) of the Bush Fires Act 1954 requires Council to fill any vacancy of the CBFCO position within 1 month.

B. CONSIDERATIONS

OFFICER'S COMMENT

As per BFAC resolution 235 Council advertised for the vacated position of Chief Bushfire Control Officer (CBFCO) position.

As a result of the advertisement, two applications were received from registered members of Shire of Northam Bush Fire Brigades. Both are currently appointed as Fire Control Officers for the Shire of Northam. One application was received after the nominated closing date however in general discussion with Brigade representatives this was agreed to be acceptable.

Each applicant will be assessed against the criteria of a Chief Bush Fire Control Officer as outlined in section 5.1B, also assessed against the minimum training standards as defined under section 5.1C of the Shire of Northam Bush Fires Manual.

Section 5.1C of the Bush Fires manual states the following:

5.1C Qualifications of Chief Bush Fire Control Officer

"Completion of the DFES training core modules and a minimum of 3 years as a BFCO and 5 years firefighting experience in the last 3 years preferably as an executive officer within the brigade.

Bush Fire Advisory Committee Meeting Minutes
12 November 2019

Persons currently holding the CBFCO's position will have until 2025 to comply with the below training requirements. Any persons newly appointed must hold the below training certifications prior to appointment".

Completion of required courses are:

- AllMS Awareness
- Introduction to Fire Fighting
- Bush Fire Fighting
- Machine Supervision
- Structural Fire Fighting
- Advanced Bush Fire Fighting
- Crew Leader
- Ground Controller
- Sector Commander
- AllMS 4 or 2017
- Incident Controller Level 1
- Fire Control Officer (in the Last 5 Years)

In order to assist with the assessment process, interviews are to be held with both applicants with the assistance of Craig Stewart, CBFCO for the Shire of Toodyay to provide an independent perspective. There has been a delay in completing the second interview due to the availability of Mr Stewart. The purpose of the interviews is to gain an understanding of the applicants' ability to comply with Clause 51.B of the Bush Fire Manual- "Criteria of a Bush Fire Control Officer against the following criteria,

5.1B Criteria of a Chief Bush Fire Control Officer

- Knowledge of managing a volunteer organisation.
- Knowledge of all Fire Response Plans in the Shire
- Working Knowledge of the Local Emergency Management Arrangements
- Knowledge of the Bush Fires Act 1954 and Bush Fires Regulations 1954
- Knowledge of the State Emergency Management Policy No 4.8 (Traffic Management During Emergencies)
- Ability to attend further fire and emergency management training.
- Effective Interpersonal Skills.
- Good Written and Verbal Communication Skills.
- Leadership Skills.
- Management Skills.
- Experience in managing operations.
- Ability to perform under stressful conditions.
- Current appointment as Fire Control Officer.
- Experienced in firefighting operations within the Shire.
- Currently holds all of the preferred qualifications of the Fire Control Officer.

Bush Fire Advisory Committee Meeting Minutes
12 November 2019

- Be a member of the DOAC, BFAC and LEMC

A confidential selection report will be prepared and forwarded to BFAC representatives as soon as available following the second interview. The selection report will detail the training and experience of each of the applicants and assessment against the above criteria.

Options

In looking at options for the CBFCO position there are several that available to BFAC and Council. It is clear that the Shire of Northam is required to have a CBFCO – there are however several ways that this can be achieved.

Option 1 – Appointment of existing FCO to the position

This is the preferred option from staff's perspective, provided that there is sufficient support for the incumbent from all parties including, Brigades, existing Fire Control Officers, DFES, Council and staff. Historically the CBFCO position has been a volunteer member of the Bush Fire Brigades and staff are of the opinion that this should continue in the short to medium term.

Option 2- Not appoint anyone

Failure of the local government to appoint a CBFCO would trigger a response from the DFES commissioner, as outlined by the below excerpt from Section 38 (2C) & (2D) of the Bush Fires Act 1954

Section 38 (2C) & (2D) states the following,

(2C) *The local government shall fill any vacancy occurring in the office of Chief Bush Fire Control Officer or Deputy Chief Bush Fire Control Officer within one month after the vacancy occurs and if the local government fails or neglects to do so within that time, the FES Commissioner may by notice in writing require the local government to appoint a person to the vacant office within one month after service on it of such notice.*

(2D) *Where a local government that has been served with a notice pursuant to subsection (2C) fails or neglects to comply with the requirements of that notice, the FES Commissioner may appoint a person who is not employed in the Department to the vacant office.*

This is not supported by staff due to the concerns raised with respect to who may be appointed and their individual skills and abilities. Similarly there are concerns that the appointed person may not have the ability to communicate with the Brigades.

Option 3 – Council requests DFES appoint a CBFCO

Another option available to Council is to exercise the option provided for under Section 38A(1) of the Bush Fires Act 1954, whereby the local government

Bush Fire Advisory Committee Meeting Minutes
12 November 2019

writes to the Commissioner of DFES to appoint a staff member of the department as the Chief Bush Fire Control Officer for the 2019/2020 bushfire season.

38A. FES Commissioner may designate person employed in Department as Chief Bush Fire Control Officer

(1) At the request of a local government the FES Commissioner may designate a person employed in the Department as the Chief Bush Fire Control Officer for the district of that local government.

Similar to option 2 – there is concerns that the person appointed to the position may not have the necessary skills required to deal with the volunteer bush fire brigades.

Given the above information it recommended that BFAC and Council appoint the most suitable candidate from the applications received. It is important to note that in making this recommendation there is training that is required to be completed and that significant support will need to be provided to the CBFCO in undertaking this role.

At the time of completing this report a final recommendation on the appointment of a CBFCO has not been completed due to the delay in conducting a second interview.

A recommendation and confidential assessment report will be provided as soon as available.

RECOMMENDATION

A recommendation for appointment will be provided at the meeting.

The Executive Manager Development Services reiterated the options listed within the report and outlined the recommended option.

The below motion was moved and seconded. The Chairperson asked if there were any speakers against the motion. It was requested that the vote be undertaken by secret ballot. An election was undertaken in accordance with the Local Government Act 1995 and the Local Government (Elections) Regulations 1997, by secret ballot. The Executive Manager Development Services conducted the count and at the conclusion announced that Mr Chris Marris was elected as Chief Bush Fire Control Officer.

MOTION / COMMITTEE DECISION

Minute No: BFAC.238

Moved: Mr Murray McGregor

Seconded: Mr Nic Dewar

That Council appoint Mr Chris Marris as Chief Bush Fire Control Officer for the 2019/20 Bush Fire Season.

CARRIED 10/1

Discussion was held around establishing a succession plan for Kris Brown who has indicated an interest in becoming Chief Bush Fire Control Officer (CBFCO). It was raised that the CBFCO and Deputy CBFCO's need to actively support Kris Brown to enable him to learn the role. Mr Marris advised that support will be provided subject to Council endorsing him as the CBFCO.

6. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

6.1 CALL OUT SMS MESSAGES AND PROCEDURE

BACKGROUND

Motion has been moved to stop unnecessary callouts and stand-downs in non-“emergency” situations, i.e. spring & winter conditions.

MOTION

Moved: Mr Blair Wilding
Seconded: Mr Steve Gray

That Council endorse the following procedure for call out and SMS messages:

- 1st crew (brigade area where fire is) is to turn-out and investigate the fire.
- 2nd Crew (Adjoining Brigade area) is to remain on standby until a report is received from the 1st crew.

Clarification was sought in relation to:

- Whether this would apply throughout the entire year i.e. in high and low risk conditions. It was confirmed that this was the intent. Concerns were raised as there are other items which must be considered when determining the number of brigades to turn out to incidents, such as the weather conditions, topography of the land etc. It was raised that common sense would prevail, however further concerns were raised in relation to this motion restricting this.
- The current procedures in place. Discussion was held around whether these need to be reviewed and updated. Through this process the issues can be identified and solutions put in place to address these.

AMENDMENT TO MOTION

Moved: Mr Nic Dewar

That the motion be amended to add the words ‘excluding the Bush Fire Season’ and ‘subject to consultation with the Bush Fire Brigades’.

WITHDRAWN

With the approval of the mover and seconder the motion was amended to include the intent of the proposed amendment.

MOTION / COMMITTEE DECISION

Minute No: BFAC.239

Moved: Mr Blair Wilding

Seconded: Mr Steve Gray

That Council endorse that the mobilisation risk matrix be circulated for consultation with the Shire of Northam Bush Fire Brigades and VFRS for further consideration at the March 2020 BFAC meeting.

CARRIED 11/0

Clarification was sought from the Gallery as to whether the notification can be sent to brigades quicker when incidents occur, the incident on 12 November 2019 was referenced. The Community Emergency Services Manager advised that the advice was sent to brigades within one minute of the notification being received by the Community Emergency Services Manager.

OFFICERS COMMENT

The mobilisation of brigades is assessed on a case by case basis, whilst it may in some cases be reasonable for a single brigade turnout during the winter months, the information provided by the communications centre will determine what resources are mobilised.

All calls are activated by a 000 call from a member of the public, the call triggers a group call to the CESM, CBFCO, DCBFCO's and Senior BFCO.

The first officer who answers the call will assess the information provided by the COMCEN Officer, and make a decision on mobilisation at their discretion, and will mobilise further resources as more information comes to hand. The notification is completed in accordance with the Shire of Northam Bushfire Response Plan that can be found in section 2 of the Bush Fires Manual.

All mobilisation will continue to be at the discretion of the officer who takes the call, this complies with the DFES SOP 2.01.02 as set by the Commissioner for the Department of Fire & Emergency Services as the hazard management agency for all fires within Western Australia, the Shire of Northam bushfire serviced is a combat agency only.

7. URGENT BUSINESS APPROVED BY DECISION

8. GENERAL BUSINESS

8.1 IDENTIFICATION TAGS FOR FCO'S

Can these be purchased to assist new members? The Community Emergency Services Manager advised that FCO's have these and may be a matter of them not using them.

8.2 SERVICING INFORMATION BEING PASSED ONTO BRIGADE'S

There was an issue where information was being passed onto the brigade from the servicing contractor when vehicles were being serviced. The Community Emergency Services Manager advised that this was a communication issue that was previously raised and addressed, procedures have now been put in place.

9. DATE OF NEXT MEETING

10 March 2020.

10. DECLARATION OF CLOSURE

There being no further business the Presiding Member, Mr Mathew Macqueen declared the meeting closed at 6:41pm.

- The CEO and or their nominee is to attend all meetings to provide advice and guidance to the committee. They do not have voting rights on the committee
- The local government shall provide secretarial and administrative support to the committee.

4. Meetings

The NCAG shall meet at least four times annually.

Additional meetings shall be convened at the discretion of the presiding member.

5. Reporting

Minutes and recommendations of each NCAG meeting shall be presented to the next Ordinary Meeting of the Council.

The NCAG is responsible for liaising with all relevant business units to complete and submit the RAP Impact Measurement Questionnaire to Reconciliation Australia annually.

6. Duties and Responsibilities

The following activities will be carried out by the NCAG:

- Provide guidance and assistance to Council on the future development of the BKB.
- Provide input and advice in relation to the development of a Shire of Northam Reconciliation Action Plan.
- Meet with the Full Shire of Northam Council, not less than once each year to discuss progress of the Reconciliation Action Plan and BKB
- Develop a RAP within the context of the Shire of Northam's core business and in-line with:
 - Over-arching community strategic plan and corporate business plan.
 - Any existing Aboriginal and Torres Strait Islander employment strategy
 - Any existing supplier diversity strategy
 - Any existing equity and diversity policies.
- Establish a collaborative/consultative process for engaging staff across the organisation so that they can provide ideas for the RAP and comment on drafts.
- Develop a project plan and timeline to development, launch and begin implementing the RAP, including consultation with Reconciliation Australia at regular intervals.
- Regularly liaise with relevant business units and key stakeholders to review progress of RAP actions and:
 - Report RAP progress to internal and external stakeholders, including Reconciliation Australia, Shire of Northam elected members and staff, and Aboriginal and Torres Strait Islander stakeholders
 - Reflect on key learnings in the development of new RAPs.
 - Consider RAP implementation issues and consult with relevant business units to find solutions.
- Develop a new RAP when the current plan expires.

C. OFFICER'S COMMENT

Council is requested to consider the role of its Councillors as delegates/representatives to various community organisations.

In some cases, Councillors could attend solely in a liaison capacity and not necessarily as a full Committee member. Councillors need to be aware of the time commitment that can occur with attendance at meetings. Such groups/organisations are not part of Council's structure and are not required to report back to Council, however minutes of such meetings should be provided for information purposes. Deputies are not generally required.

BRIEF

For Council to endorse a Dress Code for its Citizenship Ceremonies.

ATTACHMENTS

Attachment 1: Dress Code for Citizenship Ceremonies.

A. BACKGROUND / DETAILS

The Department of Home Affairs recently facilitated a review of the Citizenship Ceremonies Code. Advice was received from the Minister for Immigration, Citizenship, Migrant Services and Multicultural Affairs, Hon. David Coleman advising that a new version of the Code has been published. Key changes included:

- (a) Local government councils must ensure ceremonies are conducted in accordance with the Australian Citizenship Ceremonies Code. This includes a requirement to hold a citizenship ceremony on Australia Day (January 26). Councils that conferred citizenship on less than 20 people in the previous year are exempt from this requirement.
- (b) Federal Members of Parliament, if attending a citizenship ceremony, should read the Minister's message; and
- (c) Individual councils are to establish a Dress Code for ceremonies, to reflect the significance of the occasion, and provide a copy of their Dress Code to the Department of Home Affairs.

This report has been prepared in accordance with item (c) above. The Citizenship Ceremonies Code can be viewed [here](#) on the Department of Home Affairs website.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance and Leadership.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

Objective: Develop clear policy settings to guide our organisation and community.

B.2 Financial / Resource Implications

Nil.

B.3 Legislative Compliance

The Australian Citizenship Ceremonies Code (the Code) follows the Australian Citizenship Act 2007 (the Citizenship Act) and sets out the legal and other requirements for conducting citizenship ceremonies as well as the roles and responsibilities for those involved in citizenship ceremonies.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

The Department of Home Affairs sought feedback from the Shire of Northam in relation to the changes to the Citizenship Ceremony Code. No feedback was provided.

B.6 Risk Implications

Dress Code for Citizenship Ceremonies

BRIEF

This Dress Code outlines the Shire of Northam's expectations for conferees and guests attending Shire of Northam Citizenship Ceremonies.

SCOPE

This code applies to all conferees and guests attending a Shire of Northam Citizenship Ceremony.

DRESS CODE

Citizenship Ceremonies are an important event where you make your commitment to Australia. It is recommended that you and your guest are dressed in formal or smart casual clothing to reflect its significance. Your own national/traditional costume is also acceptable.

12.1.4 Council Meeting Dates 2020

Address:	N/A
Owner:	N/A
Applicant:	N/A
File Reference:	2.1.3.1
Reporting Officer:	Alysha McCall, Executive Assistant – CEO
Responsible Officer:	Jason Whiteaker, Chief Executive Officer
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	Yes (public notice)

BRIEF

The purpose of this report is for Council to endorse the meeting schedule for the twelve month period from January 2020 through to December 2020. This schedule includes Forum, Ordinary and Strategic meetings of Council.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

It is a requirement under the Local Government Administration Regulations for a Local Government to give public notice of the dates and times of its Ordinary and Committee Meetings.

Local Government (Admin) Regulation 12 provides that –

- (i) At least once each year a local government is to give **local public notice** of the date on which and the time and place at which Ordinary Council Meetings are to be held over the next 12 months. A similar provision applies to Council committees that are open to members of the public.

Section 1.7 of the Local Government Act states that where local public notice is required then the notice is to be published in a newspaper circulating generally throughout the district on at least one occasion and is to be placed on the public notice board of the Council office and library for at least seven days before the meeting. As a consequence the date of the first ordinary meeting will need to reflect that timing.

During 2019, Council held a Forum and Ordinary Council meeting in Bakers Hill and Wundowie. A Forum and Ordinary Council meeting was initially scheduled

in Grass Valley however Council resolved to change this meeting to the Council Chambers at its meeting on 16 October 2019:

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3780

Moved: Cr Ryan

Seconded: Cr Mencshelyi

That Council:

- 1. Change the meeting location for the Forum scheduled on 13th November 2019 and the Ordinary Council meeting scheduled on 20th November 2019 from the Grass Valley Hall to the Shire of Northam Council Chambers;**
- 2. Request the Chief Executive Officer to advertise the change of meeting location in accordance with the Local Government (Administration) Regulations 1996, Regulation 12 (2); and**
- 3. Reschedule the Grass Valley Forum and Ordinary Council Meeting to February 2020, with an additional meeting being held during 2020 which is to be presented as part of a subsequent report to endorse the 2020 meeting dates and locations.**

CARRIED 6/0

It is therefore recommended that Grass Valley hold two Forum and Ordinary Council meetings in 2020 to accommodate for this change.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance and Leadership

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

B.2 Financial / Resource Implications

For the 2019/20 financial year, in accordance with the provisions of s5.99 of the Local Government Act 1995. Councillors receive a flat annual Meeting Attendance Fee of \$19,750 and the President receives \$23,600. This amount is not affected by the number of meetings attended. Councillors are, however, entitled to claim travel costs to meetings and other authorised events.

There will be a cost involved for the public notice to be displayed in local newspapers. This will be expended from account 04052192 at an estimated cost of \$500.

B.3 Legislative Compliance

Local Government Act 1995 – s1.7;

Local Government (Administration) Regulations, Reg 12.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Consultation has occurred with the Bakers Hill, Wundowie and Grass Valley Progress Associations in relation to the setting of dates in 2020. The dates which form part of this recommendation have been confirmed as being suitable for the Progress Associations and communities.

Once the dates have been set, advertising will occur throughout the Shire.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Nil.		
Health & Safety	Nil.		
Reputation	Council does not encourage active participation in Council meeting processes.	Moderate (9)	Council hold a Forum and Ordinary Council meeting in Bakers Hill, Grass Valley and Wundowie.
Service Interruption	Nil.		
Compliance	Non-compliance with the Local Government Act 1995 with respect to setting meeting dates and providing the necessary notice.	Low (1)	This report to Council and the associated decision ensures compliance with the Act and Regulations. Public notice is to be given after the Council has set the 2020 Council meeting dates, progress towards completing this activity can be monitored through Motion Tracker.
Property	Nil.		
Environment	Nil.		

C. OFFICER'S COMMENT

In 2019, Council meetings at surrounding localities were held and Officers believe these ran well and encouraged community participation into Council decision making processes. Officer's recommendation is in line WITH PREVIOUS Council decisions and is recommending to hold a Forum and Ordinary meeting at Bakers Hill and Wundowie and two Forums and Ordinary Council meetings in Grass Valley.

RECOMMENDATION

That Council:

- 1. Advertise that its Forum and Ordinary Meetings of Council for 2020 will be held as follows:**

Forum	Ordinary Council	Location
15 January 2020	22 January 2020	Shire of Northam Council Chambers
12 February 2020	19 February 2020	Grass Valley Hall
11 March 2020	18 March 2020	Shire of Northam Council Chambers

11 November 2020	18 November 2020	Shire of Northam Council Chambers
9 December 2020	16 December 2020	Shire of Northam Council Chambers

- 2. Request available Councillors and staff including the Chief Executive Officer and Executive Managers to attend the Bakers Hill, Wundowie and Grass Valley location one (1) hour prior to the Forum meeting commencing to allow for consultation with local residents.**
- 3. Schedule a Strategic Meeting quarterly in the months of February, May, August and November, on the following Wednesday of the Ordinary Council Meeting; and**
- 4. Endorse that all meetings are to commence at 5:30pm.**

MOTION / COUNCIL DECISION

Minute No: C.3812

Moved: Cr Pollard

Seconded: Cr Ryan

That Council:

1. Advertise that its Forum and Ordinary Meetings of Council for 2020 will be held as follows:

Forum	Ordinary Council	Location
20 January 2020	22 January 2020	Shire of Northam Council Chambers
12 February 2020	19 February 2020	Grass Valley Hall
11 March 2020	18 March 2020	Shire of Northam Council Chambers

14 October 2020	21 October 2020	Shire of Northam Council Chambers
11 November 2020	18 November 2020	Shire of Northam Council Chambers
9 December 2020	16 December 2020	Shire of Northam Council Chambers

2. Schedule a Strategic Meeting quarterly in the months of February, May, August and November, on the following Wednesday of the Ordinary Council Meeting; and
3. Endorse that all meetings are to commence at 5:30pm.

CARRIED 5/3

Reason for Change to Officer Recommendation

Council formed a view that the requirement for elected members and staff to attend venues one hour in advance of the meeting was not warranted based on the experience of the past 12 months.

The Executive Manager Corporate Services left the meeting at 6:15pm and returned at 6:16pm.

Mr J B Whiteaker declared an "Impartiality" interest in item 12.1.5 - Draft Standards and Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination & Draft Mandatory Code of Conduct for Council Members, Committee Members and Candidates as he is the current CEO at the Shire of Northam and the draft standards and guidelines apply to this position.

Attachment 1: Draft Standards and Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination.

Attachment 2: Draft Mandatory Code of Conduct for Council Members, Committee Members and Candidates.

Attachment 3: WALGA Submission on attachments 1 & 2.

A. BACKGROUND / DETAILS

The following excerpt is taken from the Department of Local Government, Sport & Cultural Industries consultation paper 'preface':

As part of the McGowan Government's commitment to transforming local government in WA, the Local Government Legislation Amendment Act 2019 includes a requirement for model standards covering the recruitment and selection, performance review and early termination of local government Chief Executive Officers (CEOs). Preface

As part of the McGowan Government's commitment to transforming local government in WA, the *Local Government Legislation Amendment Act 2019* includes a requirement for model standards covering the recruitment and selection, performance review and early termination of local government Chief Executive Officers (CEOs). These reforms are intended to ensure best practice and greater consistency in these processes among local governments.

This document outlines proposed mandatory minimum standards, shown in boxes. These standards will inform the drafting of regulations.

The accompanying guidelines outline the recommended practice for local governments in undertaking these processes. The guidelines will assist local governments in meeting the proposed standards and will not form part of the legislative framework.

The standards and guidelines have been developed by the Department of Local Government, Sport and Cultural Industries (Department) in consultation with representatives from the Public Sector Commission, the Ombudsman, the Western Australian Local Government Association (WALGA) and Local Government Professionals WA (LGPro). The Department gratefully acknowledges the participation and contribution of these representatives.

The Department notes that the content of these does not necessarily reflect the views or policies of the organisations or individuals that have been consulted.

Feedback is sought on the proposed standards and guidelines. A survey is available at www.dlgsc.wa.gov.au/lgareview or you can provide your feedback to actreview@dlgsc.wa.gov.au by **6 December 2019**.

Part 1 – Recruitment and Selection

One of the fundamental roles of the council is the employment of the local government's CEO. The CEO is responsible for implementing the council's strategic vision and leading the local government administration.

Principles

A local government must select a CEO in accordance with the principles of merit, equity and transparency. A local government must not exercise nepotism, bias or patronage in exercising its powers. Additionally, a local government must not unlawfully discriminate against applicants. Section 5.40 of the *Local Government Act 1995* (Act) lists a number of general principles of employment that apply to local governments.

Recruitment and Selection Standard

The minimum standard for recruitment and selection will be met if:

- S1.1 The council has identified and agreed to the qualifications and selection criteria necessary to effectively undertake the role and duties of the CEO within that particular local government context.
- S1.2 The council has approved, by absolute majority, the Job Description Form which clearly outlines the qualifications, selection criteria and responsibilities of the position, and which is made available to all applicants.
- S1.3 The local government has established a selection panel to conduct the recruitment and selection process. The panel must include at least one independent person who is not a current elected member or staff member of the local government.
- S1.4 The local government attracts applicants through a transparent, open and competitive process (this is not necessary for vacancies of less than one year).
- S1.5 The local government has assessed the knowledge, experience, qualifications and skills of all applicants against the selection criteria.
- S1.6 The local government has thoroughly verified the recommended applicant's work history, qualifications, referees and claims made in his or her job application.
- S1.7 The appointment is merit-based, with the successful applicant assessed as clearly demonstrating how his or her knowledge, skills and experience meet the selection criteria.

Recruitment and Selection Standard cont.

- S1.8** The appointment is made impartially and free from nepotism, bias or unlawful discrimination.
- S1.9** The council has endorsed by absolute majority the final appointment.
- S1.10** The council has approved the employment contract by absolute majority.
- S1.11** The local government must re-advertise the CEO position after each instance where a person has occupied the CEO position for ten (10) consecutive years.

Guidelines

Recruitment and selection process

Regulation 18C of the *Local Government (Administration) Regulations 1996* (Administration Regulations) requires a local government to approve a process to be used for the selection and appointment of a CEO for the local government before the position of CEO of the local government is advertised.

The council of the local government should act collectively throughout the recruitment and selection process. To uphold the integrity of the process, the council must resist any attempt to influence the outcome through canvassing or lobbying.

The local government should carefully consider the role of the CEO. This includes the CEO's legislated powers and functions and their role as the head of the administrative arm of the local government. In determining the selection criteria for the position of CEO, it will be important for a local government to consider the needs of the district and the specific skills and experience that will be required of the CEO in that particular local government. The competencies the council looks for in its CEO should reflect the council's strategic community plan.

Once the essential skills and experience which form the selection criteria for the position have been identified, the local government must set out the selection criteria (essential and desirable) and the responsibilities of the position in a Job Description Form (JDF). If emphasis is placed on certain selection criteria, this should be highlighted in the JDF so that applicants are aware of this. For example, some level of project management experience will usually be an important criterion, but if the local government is undertaking a major development such as a new recreation centre, added emphasis may need to be given to this criterion.

The JDF must be approved by an absolute majority of the council.

Advertising

The local government should ensure that applicants are clearly informed about the application process, such as the application requirements, the closing date for applications and how applications are to be submitted. It is essential that this process is transparent and that each step in the process is documented and the records kept in a manner consistent with the *State Records Act 2000 (WA)*.

In order to attract the best possible pool of applicants for the CEO position, it is recommended that local governments use a diverse range of advertising methods, mediums and platforms (in addition to the advertising requirement under section 5.36(4) of the Act). For example:

- advertising on the local government's website;
- posting on online jobs boards (e.g. SEEK);
- sharing the advertisement via professional networks; and
- undertaking an executive search (also known as headhunting).

A local government must publicly advertise the CEO position if one person has remained in the job for 10 consecutive years. This does not prevent the incumbent individual from being employed as CEO for another term, provided they are selected following a transparent selection and recruitment process.

Selection panel and independent person

Local governments are to appoint a selection panel to conduct and facilitate the recruitment and selection process. The selection panel should be made up of elected members (the number to be determined by the council) and must include at least one independent person. The independent person cannot be a current elected member or staff member of the local government. Examples of who the independent person could be include:

- former elected members or staff members of the local government;
- former or current elected members (such as a Mayor or Shire President) or staff members of *another* local government;
- a prominent or highly regarded member of the community; or
- a person with experience in the recruitment and selection of CEOs and senior executives.

The independent person would be on the committee on an unpaid basis (except for reasonable travel and accommodation costs which should be covered by the local government) to provide objectivity to the selection and recruitment process.

The independent person and elected members on the panel are responsible for assessing applicants and making a recommendation to council regarding the most suitable applicant.

Independent human resources consultant

A local government should seek independent advice from a human resources consultant where the council lacks the capacity or expertise to facilitate the recruitment

and selection process (or any aspect of it). A member of the human resources team within a local government should not be involved in the recruitment of a new CEO because if the CEO is employed, he or she would be their employer.

The consultant should not be associated with the local government or any of its council members and can be an independent human resources professional, recruitment consultant, or recruitment agency.

An independent human resources consultant can provide advice to the selection panel on how to conduct the recruitment process or a local government may engage a consultant to support it in undertaking certain aspects of the recruitment process, such as one or more of the following:

- development or review of the JDF;
- development of selection criteria;
- sourcing and development of assessment methods in relation to the selection criteria;
- drafting of the advertisement;
- executive search;
- preliminary assessment of the applications;
- final shortlisting;
- drafting of the questions for interview;
- coordinating interviews;
- writing the selection report;
- arranging for an integrity check and/or police clearance; and
- assisting the council in preparing the employment contract.

The consultant is not to be directly involved in determining which applicant should be recommended for the position.

It is recommended that rigorous checks be conducted on any independent consultants before they are engaged to ensure they have the necessary skills and experience to effectively assist the council. Local government recruitment experience may be beneficial but is not necessary.

The independent human resources consultant must be able to validate their experience in senior executive recruitment and appointments. It is important to note that if the local government uses a consultant or agency to assist in finding applicants, that consultant or agency will require an employment agent licence under the *Employment Agents Act 1976 (WA)*.

A good independent human resources consultant will bring expertise, an objective perspective and additional human resources to what is a complex and time-consuming process. Given the time and effort involved in finding a competent CEO, and the cost of recruiting an unsuitable CEO, there can be a good business case for spending money on an independent consultant.

There is no requirement for local governments to engage an independent human resources consultant to assist with the recruitment of a CEO. If a decision is made to outsource the recruitment process, it is imperative that the council maintains a high

level of involvement in the process and enters into a formal agreement (contract) with the consultant. In order to manage the contract efficiently, and ensure an effective outcome, regular contact with the consultant is required during the recruitment process. As with any contractor engagement, the local government must ensure their procurement and tender processes comply with the Act and the procurement policy of the local government.

Council's responsibilities

A human resources consultant cannot undertake the tasks for which the council is solely responsible. An independent consultant cannot and should not be asked to:

- **Conduct interviews with short-listed applicants:** This should be done by the council (this may involve the establishment of a committee consisting of only council members under section 5.8 of the Act). A council may decide that a human resources consultant undertakes the initial shortlisting of candidates, for example, conducting initial interviews and compiling a short-list of applicants for the council to review. Following shortlisting, a consultant can participate by sitting in on the interviews, providing advice on the recruitment and selection process and writing up the recommendations. The consultant may also arrange the written referee reports of applicants.
- **Make the decision about who to recruit:** Only the council can make this decision, drawing upon advice from the selection panel.
- **Negotiate the terms and conditions of employment:** The council should conduct the final negotiations (noting that the consultant should be able to provide advice on remuneration constraints and other terms and conditions).

Creating Diversity

In order to ensure all applicants are given an equal opportunity for success, selection methods need to be consistent and objective. In a structured interview, each applicant should have the opportunity to answer the same primary questions with follow-up questions used to illicit further detail or clarification. Behavioural-based interview questions are objective and gauge the applicants' hard and soft skills, reducing biases in assessment (see examples below).

Basing a selection decision on the results of a number of selection methods can help to reduce procedural shortcomings and ensure the best applicant is chosen. Psychometric, ability and aptitude testing are considered to be valid, reliable and objective. While applicants with extensive experience and reputable education may appear to be more qualified, an objective assessment of each person's ability and personal traits can provide a clearer picture of the applicant.

Where possible, it is recommended that local governments ensure diversity on the selection panel. This may be achieved by ensuring gender, ethnic, age and experiential diversity on the panel. Diversity is also a consideration when selecting an independent person for the selection panel, particularly where there is a lack of diversity on the council. A diverse selection panel will aid in making quality decisions regarding suitable applicants.

Individuals are often unaware of biases they may have. For this reason, it is helpful for the selection panel to undertake training about unconscious biases. Awareness of unconscious biases assists individuals in preventing those biases from interfering in their decision making. For example, if there are considerable discrepancies in the assessment scores between two panel members, discussion will be required to ensure bias has not influenced these scores. Allowing team members to acknowledge and recognise prejudices is essential to managing those biases. The following biases should be addressed:

- "Similar-to-me" effect - if interviewers share the same characteristics with the applicants or view those characteristics positively, they are more likely to score them highly;
- "Halo" effect – interviewers may let one quality (such as race, gender, looks, accent, experience, etc.) positively or negatively affect the assessment of the applicant's other characteristics.

Due Diligence

It is essential that the local government ensures that the necessary due diligence is undertaken to verify an applicant's qualifications, experience and demonstrated performance. This includes:

- verifying an applicant's qualifications such as university degrees and training courses;
- verifying the applicant's claims (in relation to the applicant's character, details of work experience, skills and performance) by contacting the applicant's referees. Referee reports should be in writing in the form of a written report or recorded and verified by the referee;
- requesting that an applicant obtains a national police clearance as part of the application process; and
- ensuring no conflicts of interests arise by looking to outside interests such as board membership and secondary employment.

A council may wish to contact a person who is not listed as an applicant's referee, such as a previous employer. This may be useful in obtaining further information regarding an applicant's character and work experience, and verifying related claims. The applicant should be advised of this and be able to provide written comments to the council.

A search of a media material and whether an applicant has an online presence may also assist in identifying potential issues. For example, an applicant may have expressed views which are in conflict with the local government's values. This should be made clear in the application information.

To ensure the integrity of the recruitment process, a council must act collectively when performing due diligence.

Selection

Once the application period closes, the council, selection panel or consultant assesses each application and identifies a shortlist of applicants to be interviewed.

In shortlisting applicants for the interview phase, the selection panel should consider the transferable skills of applicants and how these would be of value in the role of CEO. The selection panel should not overlook applicants who do not have experience working in the local government sector.

It is important that the assessment process is consistent for all applicants. For example, each applicant being asked the same interview questions which are related to the selection criteria and being provided with the same information and completing the same assessments.

Elected members should declare any previous association with an applicant or any potential conflict of interest at the time of shortlisting if they are part of the selection panel. Similarly, if the interviews involve the full council, the elected member should make an appropriate declaration before the interviews commence. If the potential conflict of interest is significant or a member's relationship with an applicant may result in claims of nepotism, patronage or bias, the council may need to consider whether to exclude the elected member from the process. The decision should be documented and recorded for future reference.

Selecting an applicant should be based on merit; that is, choosing an applicant that is best suited to the requirements of the position and the needs of the local government. This involves the consideration and assessment of applicants' skills, knowledge, qualifications and experience against the selection criteria required for the role. As part of the selection process, a council may consider it appropriate for each of the preferred candidates to do a presentation to council.

The appointment decision by the council should be based on the assessment of all measures used, including:

- assessment technique(s) used (e.g. interview performance);
- quality of application;
- referee reports;
- verification and sighting of formal qualifications and other claims provided by the applicant; and
- other vetting assessments used (e.g. police checks, integrity checks, etc.).

Employment contract

In preparing the CEO's employment contract, the council must ensure the contract includes the necessary provisions required under section 5.39 of the Act and associated regulations, that it meets the requirements set out in relevant employment law and that it is legally binding and valid.

Section 5.39 of the Act provides that a CEO's employment contract must not be for a term exceeding five years. The term of a contract for an acting or temporary position cannot exceed one year.

Further, the employment contract is of no effect unless it contains:

- the expiry date of the contract;
- the performance review criteria; and
- as prescribed under regulation 18B of the Administration Regulations, the maximum amount of money (or a method of calculating such an amount) to which the CEO is to be entitled if the contract is terminated before the expiry date, which amount is not to exceed whichever is the lesser of:
 - o the value of one year's remuneration under the contract; or
 - o the value of the remuneration that the CEO would have been entitled to had the contract not been terminated.

It is recommended that the council seeks independent legal advice to ensure that the contract is lawful and able to be enforced. In particular, advice should be sought if there is any (even slight) doubt as to the meaning of the provisions of the contract.

Councils should be aware that CEO remuneration is determined by the Salaries and Allowances Tribunal and the remuneration package may not fall outside the band applicable to the particular local government.

The CEO's employment contract should clearly outline grounds for termination and the termination process (refer to the termination guidelines in this document for information on the process of termination). The notice periods outlined in the employment contract should be consistent with Australian employment law.

The council of the local government must approve, by absolute majority, the employment contract and the person they appoint as CEO.

Appointment

Following the decision of council to approve an offer to appoint, with the contract negotiations finalised and the preferred applicant accepting the offer of appointment, council is required to make the formal and final appointment of the CEO. The council is required to endorse the appointment and approve the CEO's employment contract by absolute majority. The employment contract must be signed by both parties.

The council should notify both the successful individual and the remaining unsuccessful applicants as soon as possible before publicly announcing the CEO appointment.

The successful applicant should not commence duties with the local government as CEO until the employment contract has been signed.

The unsuccessful applicants (including those not interviewed) should be notified of the outcome of their application. It is recommended that the local government creates a template letter for unsuccessful applicants that can be easily personalised with the applicants' details and sent out quickly.

The council should keep a record of their assessment of the unsuccessful applicant(s) and provide the unsuccessful applicant(s) with the opportunity to receive feedback on their application, or interview performance if they were granted an interview. Should

an unsuccessful applicant request feedback, it is recommended that a member of the selection panel provides this. If a recruitment consultant is used, they may undertake this task.

Confidentiality

The local government should ensure that all information produced or obtained during the recruitment and selection process is kept confidential. This includes applicants and their personal details, assessment, the selection report and outcome of the process. This ensures privacy requirements are met and maintains the integrity of the process.

CEO induction

Local governments should ensure that they provide the CEO with all of the necessary information on the local government's processes, policies, procedures and systems at the commencement of the CEO's employment.

New CEOs are eligible to participate in the Local Government CEO Support Program which is a joint initiative of the Department and LGPro to provide mentoring and general support to those appointed to the position of CEO in a local government for the first time. The program runs for six to nine months from the time a CEO is appointed and involves the CEO being matched with a mentor that best meets the needs of the CEO.

The program provides the CEO with an opportunity (through meetings and on-going regular communications) to discuss a wide range of issues with their appointed mentor in the strictest confidence. The program is aimed at addressing the individual needs of the CEO. Examples of issues that may be covered include the following:

- Role of the CEO
- Governance
- Strategic and long-term planning
- Legislative framework
- Relationships and dealing with council members
- Risk management
- Resource management
- Managing the business of Council
- Family considerations

Part 2 – Performance Review

Principles

The standards regarding CEO performance review are based on the principles of fairness, integrity and impartiality.

Performance Review Standard

The minimum standard for performance review will be met if:

- S2.1** Key result areas are specific, relevant, measurable, achievable and time-based.
- S2.2** The key result areas and the performance process are recorded in a written document, negotiated with and agreed upon by the CEO and council.
- S2.3** The CEO is informed about how their performance will be managed and the results of their performance assessment.
- S2.4** The collection of evidence regarding key result areas is thorough and comprehensive.
- S2.5** Assessment is made free from bias and based on the CEO's achievement against key result areas and decisions and actions are impartial, transparent and capable of review.
- S2.6** The council has endorsed the performance review assessment by absolute majority.

Guidelines

Section 5.38 of the Act provides that, for a CEO who is employed for a term of more than one year, the performance of a CEO is to be reviewed formally at least once in every year of their employment.

In addition to this minimum requirement, it is recommended that the council engages in regular discussions with the CEO regarding their performance about key result areas, progress and ways that the CEO can be supported. Any changes to the CEO's performance agreement such as changes to key result areas should also be discussed, and agreed to, between the council and the CEO, as the matter arises.

Employment contract and performance agreement

Section 5.39, of the Act requires the employment contract to specify the performance criteria for the purpose of reviewing the CEO's performance. This will include ongoing permanent performance criteria. A local government may wish to have a separate additional document called a "performance agreement" which includes the

performance review criteria in the employment contract, additional criteria (e.g. the performance indicators in relation to specific projects) and how the criteria will be assessed. The performance agreement should be negotiated and agreed upon by the CEO and the council. The performance agreement may also set out the CEO's professional development goals and outline a plan to achieve these goals.

Key result areas, performance indicators and goals

Setting the performance criteria is an important step. As one of the CEO's key responsibilities is to oversee the implementation of council's strategic direction, it is important to align the CEO's performance criteria to the goals contained in the council's Strategic Community Plan and Corporate Business Plan. Accordingly, as these plans are updated, the CEO's performance criteria should be updated to reflect the changes.

In leading the administrative arm of a local government, the CEO is responsible for undertaking core tasks, the achievement of which will contribute to the effectiveness of the council. These tasks are called key result areas. Key result areas should be set for each critical aspect of the CEO's role. It is important that each key result area is measurable and clearly defined. These could be in relation to:

- service delivery targets from the council's Strategic Community Plan;
- budget compliance;
- organisational capability;
- operational and project management;
- financial performance and asset management;
- timeliness and accuracy of information and advice to councillors;
- implementation of council resolutions;
- management of organisational risks;
- leadership (including conduct and behaviour) and human resource management; and
- stakeholder management and satisfaction.

Key result areas should focus on the priorities of the council and, if appropriate, could be assigned priority weighting in percentages. The council and CEO should set goals as to the target outcome for future achievement in the key result areas. Goals should be specific, measurable, achievable, relevant and time-based.

Following the determination of the key result areas and goals, the council will need to determine how to measure the outcomes in each key result area. Key performance indicators measure the achievement of the key result areas. It is important to relate performance indicators to the selection criteria used in selecting the CEO. For example, if the CEO has been selected due to their financial experience and ability to improve the local government's finances, indicators regarding improved revenue and reduced expenses are obvious starting points.

Considering the context within which the local government is operating is important. For example, if a significant financial event occurs, such a downturn in the economy, financial performance indicators will likely need to be adjusted. It is important that

such contextual factors are given weight and that goals are flexible to allow regular adjustment. Adjustments may be initiated by either the CEO or the council.

Councils need to be realistic in terms of their expectations of a CEO's performance and provide appropriate resources and support to facilitate the achievement of performance criteria.

Performance review panel

It is recommended that the council delegates the CEO performance review to a panel (e.g. comprising certain council members and an independent observer). The panel has a duty to gather as much evidence as possible upon which to base their assessments. The role of the review panel includes developing the performance agreement in the first instance, conducting the performance review and reporting on the findings and recommendations of the review to council.

Independent consultant

If a council lacks the resources and expertise to meet the expected standard of performance review, the council should engage an external facilitator to assist with the process of performance appraisal and the development of the performance agreement. The local government should ensure that the consultant has experience in performance management and, if possible, experience in local government or dealing with the performance management of senior executives. The consultant should not have any interest in, or relationship with, the council or the CEO.

With guidance from the performance review panel, a consultant can facilitate the following tasks:

- setting performance goals;
- setting key result areas;
- preparing the performance agreement;
- collecting performance evidence;
- writing the performance appraisal report;
- facilitating meetings between the performance review panel;
- assisting with the provision of feedback to the CEO;
- formulating plans to support improvement (if necessary); and
- providing an objective view regarding any performance management-related matters between the concerned parties.

Assessing performance

The process of assessing performance should be agreed to by both parties and documented in the employment contract or performance agreement.

It is essential that CEO performance is measured in an objective manner against the performance criteria alone. It is important that reviews are impartial and not skewed by personal relationships between the review panel and the CEO. Close personal relationships between the panel members and the CEO can be just as problematic as extremely poor relationships.

The council should consider any evidence of CEO performance from two perspectives, namely, current CEO performance and future performance if the CEO's current behaviours continue. Evidence of CEO performance may come from an array of sources, many of which the CEO themselves can and should provide to the council as part of regular reporting. These sources include:

- achievement of key business outcomes;
- interactions with the council and progress that has been made towards implementing the council's strategic vision;
- audit and risk committee reports;
- workforce metrics (e.g. the average time to fill vacancies, retention rate, information about why people leave the organisation and staff absence rate);
- incident reports (e.g. results of occupational health and safety assessments, the number and nature of occupational health and safety incident reports, and the number and nature of staff grievances);
- organisational survey results;
- relationships (e.g. with relevant organisations, stakeholder groups, professional networks and the relevant unions); and
- insights from key stakeholders (this could be done by way of a survey to obtain stakeholder input).

It is important that, in addition to looking at the achievement of KPIs, the council considers the following:

- How the CEO has achieved the outcomes. In particular, whether or not their methods are acceptable and sustainable.
- The extent to which current performance is contingent upon current circumstances. Has the CEO demonstrated skills and behaviours to address and manage changes in circumstances which have affected his or her performance?
- What the CEO has done to ensure the wellbeing of staff and to maintain trust in the local government.

The council should consider the attention the CEO has given to ensuring equal employment opportunity, occupational health and safety, privacy, managing potential conflicts of interest, and complying with procurement process requirements.

Addressing performance issues

Once the CEO's performance has been assessed, it is essential that any areas requiring attention or improvement are identified, discussed with the CEO and a plan is agreed and put in place to address these. The plan should outline the actions to be taken, who is responsible for the actions and an agreed timeframe.

The performance review panel must decide on an appropriate course of action that will address the performance issue. This may include professional development courses, training, counselling, mediation, mentoring or developing new work routines to ensure specific areas are not neglected. The performance review panel should then arrange for regular discussion and ongoing feedback on the identified performance issues, ensuring improvements are being made.

It is important to keep in mind that a local government falling short of its goals is not always attributable to the CEO. External factors may have resulted in initial performance expectations becoming unrealistic. Failure to meet key result areas does not necessarily mean the CEO has performed poorly and, for this reason, performance and outcome should be considered separately. Where ongoing issues have been identified, the council will need to take a constructive approach and seek to develop the CEO's competency in that area (for example, through an agreed improvement plan).

Confidentiality

The council should ensure that accurate and comprehensive records of the performance management process are created. Any information produced should be kept confidential.

UNCONFIRMED

Part 3 – Termination

Principles

The standards for the termination of a local government CEO (other than for reasons such as voluntary resignation or retirement) are based on the principles of fairness and clarity. Procedural fairness is a principle of common law regarding the proper and fair procedure that should apply when a decision is made that may adversely impact upon a person's rights or interests.

Termination Standard

The minimum standard for the early termination of a CEO's contract will be met if:

- S3.1** Decisions are based on the assessment of the local government's requirements (such as the documented key result areas) and the CEO's performance is measured against these.
- S3.2** Performance issues have been identified and the CEO informed. The council has given the CEO a reasonable opportunity to improve and implement a plan to remedy the performance issues, but the CEO has not subsequently remedied these issues.
- S3.3** Procedural fairness and the principles of natural justice are applied. The CEO is informed of their rights, entitlements and responsibilities in the termination process. This includes the CEO being provided with notice of any allegations against them, given a reasonable opportunity to respond to those allegations or decision affecting them, and their response is genuinely considered.
- S3.4** Decisions are impartial, transparent and capable of review.
- S3.5** The council of the local government has endorsed the termination by absolute majority.
- S3.6** The required notice of termination (which outlines the reason for termination) is provided in writing.

Guidelines

Reason for termination

The early termination of a CEO's employment may end due to:

- poor performance;
- misconduct; or
- non-performance or repudiation of contract terms.

There is a difference between poor performance and serious misconduct. Poor performance is defined as an employee not meeting the required performance criteria or demonstrating unacceptable conduct and behaviour at work. It includes:

- not carrying out their work to the required standard or not doing their job at all;
- not following workplace policies, rules or procedures;
- unacceptable conduct and behaviour at work, e.g. speaking to people in a disrespectful manner, not attending required work meetings and telling inappropriate jokes;
- disruptive or negative behaviour at work, e.g. constantly speaking negatively about the organisation;
- not meeting the performance criteria set in the employment contract and/or performance agreement unless these are outside the CEO's control;
- not complying with an agreed plan to address performance issues (a plan for improvement);
- failing to comply with the provisions of the *Local Government Act 1995* and other relevant legislation;
- failing to follow council endorsed policies.

Serious misconduct can include when an employee:

- causes serious and imminent risk to the health and safety of another person or to the reputation or revenue of the local government; or
- behaving unlawfully or corruptly; or
- deliberately behaves in a way that's inconsistent with continuing their employment.

Examples of serious misconduct can include:

- matters arising under section 4(a), (b) and (c) of the *Corruption, Crime and Misconduct Act 2003*;
- theft;
- fraud;
- assault;
- falsification of records;
- being under the influence of drugs or alcohol at work; or
- refusing to carry out appropriate and lawful resolutions of council.

Misconduct is also defined in section 4 of the *Corruption, Crime and Misconduct Act 2003 (WA)*. Under this Act, misconduct can be either serious or minor and the obligation to notify the Public Sector Commission or the Corruption and Crime Commission is paramount.

Termination on the basis of misconduct is covered by employment law. A local government should take all reasonable steps to consider misconduct allegations including ensuring procedural fairness is applied. It should also seek independent legal, employment or industrial relations advice prior to a termination. A council should seek independent advice generally during the termination process including the relevant employment legislation affecting CEO employment and the application of that legislation in the circumstances. This will ensure that a council complies with employment law during the entire termination process.

To meet the termination standard, the local government is required to endorse the decision to terminate the CEO's employment by way of an absolute majority resolution.

Opportunity to improve and mediation

If a CEO is deemed to have been performing poorly, the council must be transparent and inform the CEO of this. It is important that the CEO is given an opportunity to remedy the issues within a reasonable timeframe as agreed between the CEO and the council. The council should clearly outline the areas in need of improvement, and with the CEO's input, determine a plan to help the CEO improve. If a plan for improvement is put in place and the CEO's performance remains poor, then termination may be necessary.

Where the concerns or issues relate to problematic working relationships or dysfunctional behaviour, it is recommended that a council engages an independent accredited mediator to conduct a mediation between the parties. A mediation session may be useful in assisting parties to understand and address issues before the situation escalates to a breakdown in the working relationship (which affects the ability of the CEO to effectively perform his or her duties) and the subsequent termination of the CEO's employment.

Independent review of termination report

The council should prepare a termination report which outlines the reasons for termination, the opportunities and assistance provided to the CEO to remedy the issues, and an explanation of the CEO's failure to remedy the issues. It is recommended that the council arranges for the termination report to be reviewed by an independent person (e.g. a person with legal expertise, local government experience or a human resources consultant) to ensure the council has complied with procedural fairness, and provided adequate opportunities and support to the CEO to assist him or her in remedying the issues which form the basis of the termination. In the interests of fairness, the review should take place promptly and before the termination of the CEO's employment.

Confidentiality

Local governments should ensure that the termination process is kept confidential. The CEO is to be informed of the grounds for termination and avenues for review of the decision. Notice of termination of employment is required to be given in writing. In addition, where possible, the news of termination of employment should be delivered in person. The CEO should be provided with a letter outlining the reasons for, and date of, the termination of the employment.

Before making any public announcements on the termination of the CEO, a council should ensure that the entire termination process is complete, including that the CEO has been informed in person of the termination.

Disclaimer

It is outside the scope of these guidelines to provide legal advice, and local governments should seek their own legal advice where necessary. Guidance as to legal requirements and compliance in relation to the termination of employment is provided by the Fair Work Commission at www.fwc.gov.au, the Fair Work

Ombudsman at www.fairwork.gov.au and the Western Australian Industrial Relations Commission at www.wairc.wa.gov.au.

Part 4 – Monitoring and enforcement

To ensure that councils are complying with the standards and to address any alleged non-compliance, a process will need to be established to monitor and enforce the standards.

Feedback is sought on potential models and processes for monitoring and enforcement.

One potential model is for the establishment of an independent Local Government Commissioner. This position would provide a quality assurance role over CEO recruitment and selection, performance review and terminations by ensuring that the minimum standards were met.

In relation to performance review, either the CEO or council could approach the Local Government Commissioner who would have the power to order that a third party be involved in the performance management process if the Commissioner deemed it necessary.

CEO standards consultation survey

As part of the McGowan Government's commitment to transforming local government in WA, the *Local Government Legislation Amendment Act 2019* introduces model standards covering the recruitment and selection, performance review and early termination of local government Chief Executive Officers (CEOs). These reforms are intended to ensure best practice and greater consistency in these processes among local governments.

It is intended that the standards will be mandatory and inform the drafting of regulations. These will be accompanied by guidelines outlining the recommended practice for local governments undertaking these processes.

This survey is intended to provide the Government with feedback regarding the proposed content of the standards and the guidelines.

Thank you for taking the time to complete this survey.

1. Who are you completing this survey on behalf of?
 - a. Yourself
 - b. An organisation, including a local government, peak body, community organisation or a business
2. What is the name of that organisation?
3. What is your name?
4. What best describes your relationship to local government?
 - a. Resident or ratepayer
 - b. Staff member
 - c. Council member (includes Mayor or President)
 - d. Survey responses are provided on behalf of a local government (council endorsed)
 - e. Peak body
 - f. State Government agency
 - g. Community body
 - h. Other (please specify)
5. What best describes your gender?
 - a. Male
 - b. Female

 - e. 45-54

- f. 55-64
- g. 65+
- h. Not applicable/the survey responses are provided on behalf of an organisation
- 7. Which local government do you interact with most?
- 8. Do you wish for your response to this survey to be confidential?
 - a. Yes
 - b. No
- 9. What is your email address?
- 10. Have you previously completed a survey or provided a submission regarding the review of the *Local Government Act 1995*?
 - a. Yes
 - b. No
 - c. Unsure
- 11. If no, what were your reasons for not previously providing your views to inform the Local Government Act review?
 - a. I was not aware of the Local Government Act review
 - b. I was not interested in providing my views
 - c. I did not have time to provide my views
 - d. Other (please specify)

Recruitment and selection

- 12. How frequently should a council be required to re-advertise the CEO position?
 - a. At the conclusion of the term of the CEO's contract
 - b. Where a person has occupied the CEO position for two (2) consecutive terms
 - c. Where a person has occupied the CEO position for ten (10) consecutive years
 - d. When council determines
 - e. Unsure
 - f. Other (please specify)
- 13. To what extent do you support the following statement?

"A local government should be required to undertake 'blind CV recruitment' (i.e. redacting personal details and any diversity specific information from curriculum vitae) to avoid bias in the early stages of the recruitment process."

Very unsupportive	Unsupportive	Neutral	Supportive	Very supportive

It is proposed that a council will be required to appoint a selection panel made up of council members to conduct and facilitate the CEO recruitment and selection process.

The selection panel would be responsible for assessing applicants and making a recommendation to council regarding the most suitable applicant.

14. To what extent do you support the following statement?

"The selection panel must include at least one person who is independent of the council to assist the council in selecting the CEO"

Very unsupportive	Unsupportive	Neutral	Supportive	Very supportive

15. If a council is required to have an independent person on the selection panel to assist them in selecting a CEO, who should the independent person be? (please choose one or more of the following options)

<input type="checkbox"/>	A community member
<input type="checkbox"/>	A person with experience in local government
<input type="checkbox"/>	A person with experience in appointing senior executives
<input type="checkbox"/>	Unsure
<input type="checkbox"/>	Other (please specify)

16. To what extent do you support the following statement?

"If a council is required to have an independent person on the selection panel to assist them in selecting a CEO, the independent person must not be a current council member or staff member of any local government"

Very unsupportive	Unsupportive	Neutral	Supportive	Very supportive

17. Should there be any other restrictions on who the independent person on a selection panel should be?

- a. Yes
- b. No
- c. If yes, please specify

Performance review

The *Local Government Act 1995* currently requires a council to review the performance of the CEO annually.

18. How frequently should a council review the performance of the CEO?

- a. Annually
- b. Twice annually

- c. Quarterly
- d. Every two years
- e. When council determines a performance review is required

19. To what extent do you support the following statement?

"A local government should be required to establish a performance review panel, which must include at least one person who is independent of the council, to assist the council in assessing the performance of a CEO"

UNCONFIRMED

Preface

As part of the McGowan Government's commitment to transforming local government in WA, the *Local Government Legislation Amendment Act 2019* introduces a mandatory code of conduct for council members, committee members and candidates. These reforms are intended to ensure that standards of behaviour are consistent between local governments and address community expectations.

This document outlines the proposed Code which will inform the drafting of regulations. This is contained in the grey boxes. The accompanying guidelines provide clarification and guidance in relation to compliance and enforcement of the Code and would be available on the Department's website.

The proposed Code and guidelines have been developed by the Department of Local Government, Sport and Cultural Industries in consultation with representatives from the Public Sector Commission, the Ombudsman, the Western Australian Local Government Association (WALGA) and Local Government Professionals WA (LG Pro). The Department gratefully acknowledges the participation of these representatives.

The Department notes that the content of the Code does not necessarily reflect the views or policies of the organisations or individuals that have been consulted.

Feedback is sought on the proposed Code and guidelines and associated matters.

A survey is available at www.dlgsc.wa.gov.au/lgareview or you can provide your feedback to actreview@dlgsc.wa.gov.au by **6 December 2019**.

Mandatory Code of Conduct

Preamble

The purpose of this Code of Conduct (Code) is to guide the decisions, actions and behaviours of council members, committee members and candidates running for election.

As an elected representative, council members govern the affairs and are responsible for the performance of their local government. To do this, council members must demonstrate professional and ethical behaviour to build and strengthen trust in their communities.

A person who has nominated to be a council member is also required to demonstrate professional and ethical behaviour during the election campaign.

In addition to carrying out the duties outlined in the *Local Government Act 1995*, council members and committee members must comply with the provisions in this Code of Conduct in carrying out their functions as public officials. It is the responsibility of council members, committee members and candidates to ensure that they are familiar with, and comply with, this Code at all times.

Guidelines

The Local Government Act requires that local governments adopt the Code within three months of the amendments taking effect. Until the Code is adopted, the model Code applies.

While local governments are not able to amend Part A or Part C, additional behaviours can be included in Part B that are not inconsistent with the Code.

In considering additional behaviours, the council may give consideration to behaviours that are not currently represented in the Code that it considers are important. This may include introducing a dress standard for members or use of technology, for example.

To adopt the Code, a resolution passed by an absolute majority is required. Once the Code is adopted, it must be published on the local government's official website.

Part A – Principles

Council members and candidates are expected to adhere to and promote and support the following principles by example. Adhering to these principles will ensure that council members and candidates can comply with the behaviours outlined in Part B or conduct as outlined in Part C. All behaviour should be considered against these principles, whether or not it is covered specifically in Part B or Part C.

Personal integrity

- 1.1 Act with care and diligence and participate in decision making in an honest, fair, impartial and timely manner, considering all relevant information.
- 1.2 Act with honesty, integrity and uphold the concept of natural justice.

- 1.3 Identify, declare and appropriately manage any conflicts of interest in the public interest and the interests of the Council including not accepting gifts that may give the appearance of a conflict of interest or an attempt to corruptly influence behaviour.
- 1.4 Uphold the law, and, on all occasions, act in accordance with the trust placed in council members.
- 1.5 Avoid damage to the reputation of the local government.
- 1.6 Not be impaired by mind affecting substances while performing official duties.

Relationships with others

- 1.7 Treat others with respect, courtesy and fairness.
- 1.8 Maintain and contribute to a harmonious, safe and productive work environment for all.
- 1.9 Respect and value diversity in the workplace and in the community.

Accountability

- 1.10 Base decisions on relevant and factually correct information and make decisions on merit and in accordance with statutory obligations and good governance.
- 1.11 Be open and accountable to the public, represent all constituents and make decisions in the public interest.

Guidelines

The principles outlined in Part A are overarching behaviours that council members, committee members and candidates must take into consideration in their role as public representatives, or potential public representatives.

All council members, committee members and candidates must familiarise themselves with the Code and Guidelines and any relevant policies the local governments have in place.

Council members are generally very active in their communities which may lead to conflicts of interests. To comply with this Code, those conflicts, or perceived conflicts, need to be managed appropriately. While a member may be confident of the integrity of their actions, how the relationship and actions may appear to others must be thought through.

There are many situations that council members, committee members and candidates might find themselves in that could lead to a breach of the Code. Members should seek further guidance and advice on specific situations whenever necessary.

Part B – Behaviour

Part B sets out the standards of behaviour which enable and empower council members to meet the principles outlined in Part A. Behaviour is expected to be managed at the local level by the local government, so Part B also deals with how complaints are to be managed.

Failure to comply with this Part may give rise to a complaint against a council member's conduct, followed by a subsequent investigation and possible corrective action by the local government. The emphasis should be on an educative role to establish sound working relationships and avoid repeated breaches, rather than punishment.

Personal integrity

- 2.1 Act in line with the principles outlined in this Code when performing official duties.
- 2.2 Attend and participate constructively in council meetings, briefings, relevant workshops and training opportunities.
- 2.3 Respect and comply with all council policies, procedures and resolutions.
- 2.4 Ensure professional behaviour is not compromised by the use of alcohol or drugs.
- 2.5 Use all forms of media, including social media, in a way that complies with this Code.

Relationships with others

- 2.6 Treat other council members, council employees and members of the public with courtesy, respect, honesty and fairness.
- 2.7 Do not bully or harass council staff, other council members or members of the public in any form, including social media.
- 2.8 Deal with the media in a positive, informative and appropriate manner in accordance with the Local Government Act 1995 and relevant local government policies.
- 2.9 While acting as a council member, do not:
 - i. use offensive or pejorative language in reference to another council member, council employee or member of the public; or
 - ii. disparage the character of any council member or employee, or impute dishonest or unethical motives to them in the performance of their duties.
- 2.10 When attending a council or committee meeting, do not:
 - i. behave in an abusive or threatening manner towards another council member or other person attending the meeting;
 - ii. make statements that the person knows, or could be reasonably expected to know, that are false or misleading; or
 - iii. repeatedly disrupt the meeting.
- 2.11 When attending a council or committee meeting:
 - i. comply with the local law that relates to conduct of people at council or committee meetings;

- ii. promptly comply with any direction given by the presiding member at that meeting; and
 - iii. immediately cease any conduct that has been ruled out of order by the presiding member in accordance with the local government's local law.
- 2.12** Direct all requests for work or actions by council staff to the CEO or the CEO's nominated delegate.
- Accountability**
- 2.13** Make decisions honestly and impartially, considering all available information, legislation, policies and procedures.
- 2.14** Take responsibility for decisions and actions.
- 2.15** Abide by the decisions of council and publicly support the decisions even if of an alternative view.
- 2.16** Adhere to the principles in the:
- i. Occupational Safety and Health Act 1984 (WA);
 - ii. Equal Opportunity Act 1984 (WA);
 - iii. Racial Discrimination Act 1975 (Cth); and
 - iv. Sex Discrimination Act 1984 (Cth).

- Complaint management**
- 2.17** Any person may make a complaint about a council member under this Part within three months of the alleged breach occurring.
- 2.18** A breach of this part does not include a matter:
- i. that is resolved by the Presiding Member during a meeting, or
 - ii. where a council member complies with a request for remedial action in accordance with the relevant local law.
- 2.19** Complaints about an alleged breach should be made to the Mayor or President or the CEO of the local government or nominated delegate.
- 2.20** Complaints about an alleged breach by the Mayor or President should be made to the Deputy Mayor or President or a nominated delegate.
- 2.21** A complaint may be handled or managed in any manner that council deems appropriate for handling an alleged breach of this section. This includes investigation or dismissal of the complaint. This must be laid out in a council endorsed policy.
- 2.22** A complaint may be dismissed as trivial, vexatious or frivolous and accordingly not investigated.
- Findings**
- 2.23** Following an investigation in accordance with rule 2.21, the Council may, by resolution, make a finding of breach or no breach.
- 2.24** In accordance with rule 2.23, if a breach is found, the Council may, by resolution:
- i. take no action, or
 - ii. prepare an action plan, developed in conjunction with the council member, to address future behaviour.

- 2.25** An action plan may include the requirement for the council member to undertake training, mediation or counselling or any other actions deemed appropriate by the Council.
- 2.26** The Council to which the member is elected, may decide, via resolution, to make an allegation of a rule of conduct breach under Part C:
- i. after the third finding of a breach of this Part by the same council member, or
 - ii. where the council member fails to comply with the action plan in accordance with sub-rule 2.24(ii).
- 2.27** A matter under sub-rule 2.26(i) cannot be alleged as a Part C breach unless an action plan has been developed in accordance with sub-rule 2.24(ii) for the previous two breaches.
- 2.28** Written notification of the outcome of an alleged breach under this section must be given to the council member and complainant.
- 2.29** A written record must be kept of all complaints made under this Part and how they were dealt with.

Guidelines

Local governments are responsible for taking action against alleged breaches under Part B.

Local governments are to have a policy on how complaints are going to be handled or managed.

Australian/New Zealand Standards for complaints resolution AS/NZs 10002:2018 provides a tool and framework to assist local governments with developing a policy.

Whether or not local governments choose to adopt the Standard is optional, however, the policy must provide a clear outline of the steps that will be taken once a complaint is submitted. The complaint process must also uphold the principles of natural justice.

There are a number of resources for effective complaints handling available on the Ombudsman WA's website www.ombudsman.wa.gov.au

In developing a policy, the following key matters should be considered.

The complaints process

- The role of the council in the process.
- The extent to which independent persons are involved and their role in the process (complaint lodgement, investigation, findings). Local governments may decide to establish a regional or shared committee to deal with these complaints, for example.
- What types of remedial action are appropriate.
- The form of the action plan.

Process for making a complaint

- The process for a person to make a complaint needs to be clearly outlined in the policy, including whether complaints are required to be in a specific form.
- Complaints should be submitted in writing, with consideration given to a variety of methods, including email, letter or fax.
- The policy should also outline how the complaint is lodged, whether this is via a specific code of conduct complaint email address or a letter addressed to the Mayor or President (or alternative).
- The process should be simple and not act as a barrier to the raising of concerns about elected member behaviour.

Acknowledgement of the complaint

- The policy should include that complaints will be acknowledged and the timeframe for this.
- Complaints should be acknowledged in a timely manner. As part of the acknowledgement process, consideration may be given to providing information on how the complaint will be progressed. This may include providing the complainant with a copy of the complaint handling policy.

Responsiveness

- The policy should outline whether complaints are going to be addressed based on seriousness or impact of the allegation or on order of submission.
- Inclusion of an expected timeframe for the matter to be reviewed is also encouraged.

Action

- Complaints must be dealt with in an equitable, objective, timely and unbiased manner. The principle of natural justice should be applied.
- The policy needs to outline who will make the initial assessment of the complaint. This includes who will make the determination that the complaint is trivial, vexatious or frivolous or worthy of further investigation.
- The policy also needs to address the process for the investigation including:
 - giving adequate opportunity for a right of reply from both parties
 - if a breach is found, what are the actions that could be imposed by council.
- Attachment 1 provides further guidance on possible actions for breaches found against Part B.

Action plans

- Action plans are designed to provide council members with the opportunity to remedy their behaviour.
- The measures to stop the behaviour from continuing are not intended to be a punishment, rather a mechanism to prevent the behaviour from reoccurring.
- The Code requires that the action plan is prepared in conjunction with the relevant council member. This is designed to provide the council member with

the opportunity to be involved in matters such as the timing of meetings or training.

- While Council is required to give the council members the opportunity, not all council members will actively participate in the process.

What happens if agreement cannot be reached

- Circumstances may arise when a Council cannot agree on the outcome of an investigation, or whether an investigation is required to an alleged breach.
- In these situations, Council may decide to engage an independent person to:
 - review the complaint
 - investigate the complaint, or
 - make recommendations on appropriate actions
- The policy should address who will be engaged as an independent person. Local governments may consider sharing the services of an independent person.

Part C – Rules of Conduct

Rules of conduct breaches are matters that:

- negatively affect the honest or impartial performance of a council member;
- involve a breach of trust placed in the council member; or
- involve the misuse of information or material.

Alleged breaches of this part can be referred to the Local Government Standards Panel (Standards Panel) in accordance with the *Local Government Act 1995* (the Act). A breach of this Part is a "minor breach". In the event the Standards Panel makes a finding of breach against a council member, sanctions will be imposed in accordance with the Part 5 Division 9 of the Act.

Nothing in this part removes the obligations placed upon council members and employees (including the CEO) of the local government under the *Corruption, Crime and Misconduct Act 2003*.

Guidelines

A breach of Part C is considered by the Standards Panel in accordance with the Act. The Standards Panel, which was established in 2007, has the authority to make binding decisions to resolve allegations of minor misconduct. The Standards Panel is independent of the Minister for Local Government and the department.

The process for complaints under Part C is outlined in the Act. Complaints in the first instance are directed to the complaints officer at the local government. The Act provides that the complaints officer is the CEO or another officer with delegated responsibility.

As the Panel does not have investigative powers, findings and decisions are made on the basis of the information it receives. To assist with understanding each Part C rule of conduct, the elements are outlined alongside each. For a finding of breach, the Standards Panel needs to be satisfied that it is more likely than not, (on the balance of probabilities) that a breach of each element has occurred.

Personal Integrity

Misuse of local government resources	Elements of Rule of Conduct
<p>a. resource is defined to mean tangible and intangible assets, services or other means of supporting the functions of local government, which are owned or paid for by the local government from public money.</p> <p>b. A person who is a council member must not either directly or indirectly use the resources of a local government —</p> <p>i. for the purpose of persuading electors to vote in a particular way at an election, referendum or other poll held under the Act, the <i>Electoral Act 1907</i> or the <i>Commonwealth Electoral Act 1918</i>; or</p> <p>ii. for any purpose other than fulfilling the legal obligations and duties of the council member's office,</p> <p>unless authorised under the Act, by the council or the CEO to use the resources for that purpose.</p>	<p>(a) the person the subject of the complaint was a council member both at the time of the conduct and the time when the Panel makes its determination;</p> <p>(b) the council member directly or indirectly used;</p> <p>(c) resources that belonged to the local government;</p> <p>(d) for the identified electoral purpose or any other purpose other than in their legal role as a council member;</p> <p>(e) without such purpose being authorised under the Act, by the council or the local government's CEO.</p>

Securing personal advantage or disadvantaging others	Elements of Rule of Conduct
<p>c. A person who is a council member must not make improper use of the person's office as a council member —</p> <p>i. to gain directly or indirectly an advantage for the person or any other person; or</p>	<p>(a) the person the subject of the complaint was a council member both at the time of the conduct and the time when the Panel makes its determination;</p> <p>(b) by engaging in the conduct, the person the subject of the complaint made use of the office of a council member (in</p>

Part B – Behaviour

Part B sets out the standards of behaviour which enable and empower council members to meet the principles outlined in Part A. Behaviour is expected to be managed at the local level by the local government, so Part B also deals with how complaints are to be managed.

Failure to comply with this Part may give rise to a complaint against a council member's conduct, followed by a subsequent investigation and possible corrective action by the local government. The emphasis should be on an educative role to establish sound working relationships and avoid repeated breaches, rather than punishment.

27. What should happen if a council cannot agree on an investigation or course of action following an alleged breach of Part B?

- o An independent person should be engaged to conduct a review
- o The complaint should be dismissed
- o The Mayor or President makes the decision
- o The CEO makes the decision
- o Other (please specify)

Part C – Rules of Conduct

Rules of conduct breaches are matters that:

- Negatively affect the honest or impartial performance of a council member;
- Involve a breach of trust placed in the council member; or
- Involve the misuse of information or material.

Alleged breaches of this part can be referred to the Local Government Standards Panel (Standards Panel) in accordance with the *Local Government Act 1995* (the Act). A breach of this Part is a “minor breach”.

36. Do you have any comments or feedback on Part C?

Guidelines

Guidelines have been prepared to accompany the Code the Conduct. The guidelines are intended to provide clarification and guidance in relation to complain and enforcement.

37. Are the guidelines a useful tool to accompany the Code?

- Extremely useful
- Very useful
- Somewhat useful
- Not so useful
- Not at all useful

Please specify why

38. Do you have any suggestions for additional inclusions in the guidelines?

Background

The *Local Government Legislation Amendment Act 2019* will introduce new requirements in relation to CEO recruitment, performance and termination (Sections 5.39A and 5.39B).

The Department of Local Government, Sport and Cultural Industries have released a draft document – *Standards and Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination* – for consultation.

While WALGA and other invited parties participated in a working group to develop the document, the draft was released without WALGA's endorsement and there are a number of concerns with the draft that will be expanded upon in this submission. WALGA appreciates the opportunity afforded to participate in the working group process and to make a submission on the draft document.

The Department of Local Government, Sport and Cultural Industries is seeking feedback on the draft document by 6 December 2019. It is important that Local Governments also make submissions to the Department on this draft document to ensure the sector's views are received.

WALGA is seeking feedback on this draft submission by 25 October 2019. WALGA's submission, which will be updated following sector feedback, will then be included in the December State Council Agenda for consideration at November Zone meetings, before being considered at the 4 December meeting of State Council.

General Comments – Philosophical Approach

WALGA's fundamental guiding principle is that democratically elected Councils are competent, and should be empowered to undertake their role of governing the Local Government's affairs. This is articulated in WALGA's Strategic Plan, which outlines the vision for Local Government as follows:

Local Governments will be built on good governance, autonomy, local leadership, democracy, community engagement and diversity.

WALGA's perspective is that Councils should be empowered to do the job they've been entrusted by the community in democratic elections to do. This includes responsibility for employment of a Chief Executive Officer. Further, WALGA believes that the correct approach is to build the capacity of Councils to undertake this function through the provision of professional services, advice and support, and training.

This is not to downplay the challenges associated with employing and managing a Chief Executive Officer. It is fully acknowledged that this one of Council's most challenging tasks.

Given Council has only one employee – the Chief Executive Officer – it is crucial that the Council makes an informed decision when employing a CEO, and has the processes in place to effectively manage the performance of the CEO. As Councillors are often community representatives, who may not be experienced or qualified in contemporary human resource management practices, employment, management and performance appraisal of the CEO may be one of the Council's most significant challenges.

The *Local Government Act 1995* requires that performance criteria for the purpose of reviewing the CEO's performance are established. Similarly, development of these performance criteria are crucial for the Council to get right.

For these reasons, WALGA offers an Elected Member training course on CEO Performance Appraisals, and provides Elected Members with significant advice and assistance through the CEO recruitment and performance appraisal cycle.

WALGA also recommends that Councils engage a specialised recruitment consultant to assist Councils manage the recruitment process.

The development of guidelines to assist Councils through the Chief Executive Officer employment cycle is supported in principle. However, WALGA believes the approach should be based on capacity building, guidance and support, and help where necessary; not based on the development of rules that create a compliance regime which may create uncertainty, unnecessary administration and risk for Local Governments and Chief Executive Officers.

Specific Feedback

WALGA has concerns relating to some specific aspects of the draft document. These concerns are outlined below.

Re-advertising the Position after 10 Years

It is unclear why there is a need for the position of Chief Executive Officer to be advertised after 10 years as a matter of course.

If the Council and the Chief Executive Officer are satisfied with the employment relationship, then forcing the position to be advertised will be disruptive, time-consuming, expensive, and counter-productive for the Local Government. Further, it will create uncertainty for the CEO who may be forced to look for alternative employment 'just in case'.

In addition, if the performance management process is undertaken correctly and thoroughly, there should not be any need for the position to be advertised after a timeframe specified in regulations.

Lastly, as Chief Executive Officers are on fixed term contracts, Councils already have the opportunity to consider whether to renew the incumbent's contract.

WALGA's view is that this requirement should be removed from the guidelines, and not included in regulations.

Selection Panel – Independent Person

It is unclear why an independent person should be included on the selection panel that makes recommendations to Council about the employment of a Chief Executive Officer.

Employment of the Chief Executive Officer is a fundamental role of Council. Including others on the selection panel risks creating uncertainty and ambiguity about the employment relationship.

The requirement to have an independent person on the selection panel is also impractical and may cause processes and decisions to become protracted. There is no guarantee that the independent person will have knowledge or experience in recruitment, Local Government processes, or Local Government Act requirements. This requirement could also add an unnecessary and unreasonable cost to the recruitment process, particularly for Councils in remote locations.

WALGA fully supports and encourages Councils to utilise a qualified recruitment consultant to guide Councils through the process of recruiting a CEO, but this person would not be a decision-making member of the selection panel.

Creating Diversity Section

WALGA contends that this section should be renamed "Sound Decision Making", as this is what this section is primarily about.

It is acknowledged that unconscious biases can be a factor in decision making and building awareness of these biases in the guidelines is supported.

Independent Review of Termination Report

WALGA acknowledges that decisions and rationale relating to termination need to be documented. The principle that Councils should seek advice from an employee relations or legal advisor when terminating the CEO is acknowledged and supported.

It is not clear that requiring independent review of a termination report adds value. Rather, it will add unnecessary administrative time and risk into the decision making process.

Feedback on Consultation Questions

WALGA provides the following feedback in response to the consultation survey questions.

Recruitment and Selection

Question 12 – How frequently should a council be required to re-advertise the CEO position?

Council, as the employer, should determine when the position of CEO is advertised.

Question 13 – To what extent do you support that Local Governments should be required to undertake 'blind CV recruitment'?

It is acknowledged that 'blind CV recruitment' could be a useful tool in some circumstances, but it should not be a requirement. In addition, in the Western Australian Local Government sector, blind CV recruitment would be almost practically impossible because the applicant's previous employment experience would mean that they would be identifiable. That is, if an applicant listed "CEO at the Shire of _____", their identity could be determined with a very quick internet search.

Questions 14-17 – Independent Selection Panel Members

The requirement to have an independent member on the selection panel is not supported.

Performance Review

Question 18 – How frequently should a Council review the performance of the CEO?

There is no rationale for why the current annual requirement is unsatisfactory. Clearly, a Council may have reasons to formally review the CEO's performance more frequently than the minimum annual requirement, and as such, the Council should have the discretion to do so.

Questions 19-21 – Independent Person on Performance Review Panel

It is unclear how an independent person on a performance review panel would add any value to the process, given an independent person may have limited knowledge about the CEO's recent performance.

In fact, having a person not involved in the employment relationship involved in the performance review process seems to be contrary to a fair and proper performance review process.

WALGA fully supports Councils utilising an experienced and qualified consultant to facilitate the performance review process, but not to contribute to the substance of the performance review.

Termination

Questions 22 and 23 – Termination Notice Periods

It is noted that notice periods must comply with the National Employment Standards. There needs to be compliance with employment law at a minimum and, as the role of CEO is a senior position, a greater notice period (in the order of three months) is appropriate.

Monitoring and Enforcement

Questions 24-30 – Monitoring and Enforcement

As outlined in the general comments section above, WALGA's preferred approach is one based on capacity building, advice and support, and training.

A compliance based approach undermines the intent of having guidelines to assist Local Governments in their decision making processes, and may lead to risks and unintended consequences.

The consultation questions seem to imply that costs that result from consequences stemming from breaching the standards would be borne by the Local Government: for example, if the

process needed to be redone or there was a dispute. Establishment of a compliance and enforcement framework of this nature seems to be unnecessarily putting public money at risk.

WALGA acknowledges that the CEO recruitment process needs to be undertaken properly, and legally, and it is for these reasons that WALGA is advocating for a capacity building approach, with Councils encouraged to engage professional services and advice to ensure the process is undertaken properly.

Question 25 – To what extent do you support the statement: If a Local Government Commissioner were to be established, local governments should be required to pay a levy to fund its establishment and operation?

This appears to be a new idea without any supporting information as to the powers, duties and role of a Local Government Commissioner, and is therefore not something that WALGA can support at this stage.

The idea that Local Governments should be levied to fund an apparatus of the State Government is not supported. This would represent a significant cost shift from the State Government to the Local Government sector, for what appears to be a core regulatory role of the Department of Local Government, Sport and Cultural Industries.

Guidelines

Questions 31-33 – Utility of the guidelines

In general, there is useful information in the guidelines that will be of assistance to Councils embarking on a CEO recruitment process. As argued in this submission, WALGA's perspective is that the approach should be based on capacity building, support, advice, and training, and not based on a compliance driven approach.

Background

The *Local Government Legislation Amendment Act 2019* will introduce new requirements in relation to Mandatory Codes of Conduct for Council Members, Committee Members and Candidates for Local Government Elections (Part 5, Division 9 as amended by the *Local Government Legislation Amendment Act 2019*).

The Department of Local Government, Sport and Cultural Industries have released a draft document – *Mandatory Code of Conduct for Council Members, Committee Members and Candidates* – for consultation.

While WALGA and other invited parties participated in a working group to develop the document, the draft was released without WALGA's endorsement and there are a number of concerns with the draft that will be expanded upon in this submission. WALGA appreciates the opportunity afforded to participate in the working group process and to make a submission on the draft document.

The Department of Local Government, Sport and Cultural Industries is seeking feedback on the draft document by 6 December 2019. It is important that Local Governments also make submissions to the Department on this draft document to ensure the sector's views are received.

WALGA is seeking feedback on this draft submission by 25 October 2019. WALGA's submission, which will be updated following sector feedback, will then be included in the December State Council Agenda for consideration at November Zone meetings, before being considered at the 4 December meeting of State Council.

General Comments - Councillor Conduct

WALGA has long led its Member Local Government's advocacy for high standards of behaviour by those who are democratically elected to represent the people within their district, and personal responsibility for the consequences when there is a lack of it.

WALGA commenced lobbying for official conduct legislation in 2002, to enable action to be taken against individuals rather than an entire Council. The Sector held the view that Council dismissals, such as occurred at the City of Cockburn (2000), City of South Perth (2002) and City of Joondalup (2005) could possibly have been averted if powers were available to deal with individual Elected Member's behaviour.

The Sector's advocacy for official conduct legislation correlated with a shared frustration that Codes of Conduct, a compulsory requirement of Section 5.103(3) of the *Local Government Act 1995* ('the Act') were unenforceable when behaviours departed from expressed standards. This was due to the absence at that time of a disciplinary framework in the Act to deal with misbehaviour and misconduct by individual council members.

WALGA conducted extensive consultation with the Sector over a number of years, leading to promulgation of the *Local Government (Official Conduct) Amendment Act 2007*, amending the Act to introduce minor, serious and recurrent breach allegation complaint processes, and the commencement in October 2007 of the *Local Government (Rules of Conduct) Regulations* ('the Regulations').

More recently, the Act was amended to introduce powers enabling the Minister for Local Government to suspend or dismiss individual council members failing in their duties or behaving in an egregious manner if '...seriousness or duration of that failure or conduct make it inappropriate for the council member to remain a member of the council.'¹ The amendments contained in the *Local Government (Suspension and Dismissal) Act 2018* commenced in November 2018.

The Rules of Conduct Regulations were reviewed in 2010 and 2016. WALGA acknowledges past amendments improving operational efficiency e.g. Standards Panel may refuse to deal with frivolous, trivial, vexatious etc. allegations,² and recent amendments that extend confidentiality provisions³ and providing the Standards Panel with discretion to refer parties to participate in mediation.⁴

Bringing Codes and Rules Together; Uncoupling Codes of Conduct for Council Members and Employees

The Mandatory Code of Conduct will be a departure from the present legislative form that separates Codes of Conduct and the Rules of Conduct Regulations.

It will also depart from the present requirement to adopt one Code of Conduct that is to be observed by council members, committee members and employees.

The new section 5.51A, to commence at another time, will require the CEO to prepare and implement a Code of Conduct to be observed only by employees, aligning with the Sector's view that all matters relating to employees be separated from Council involvement and be contemplated within the CEO's functions under Section 5.41(g) of the Act.⁵

An additional significance is that the Mandatory Code of Conduct will apply to Local Government election candidates in the same way it applies to council members, and an alleged breach of the Code of Conduct by a candidate can only be referred to the Local Government Standards Panel if elected.⁶

This aligns with the Sector's advocacy that a Code of Conduct should apply to candidates⁷ and the proposal that any inappropriate behaviour during the election cycle should result in the successful candidate being held accountable under the Rules of Conduct Regulations.⁸

The Department's Draft for Consultation provides further guidance⁹ on the new Code:

- *The Act requires that local governments adopt the Code within three months of the amendments taking effect. Until the Code is adopted, the model Code applies.*
- *While local governments are not able to amend Part A or Part C, additional behaviours can be included in Part B that are not inconsistent with the Code.*
- *In considering additional behaviours, the council may give consideration to behaviours that are not currently represented in the Code that it considers are important. This may include introducing a dress standard for members or use of technology, for example.*
- *To adopt the Code, a resolution passed by an absolute majority is required. Once the Code is adopted, it must be published on the local government's official website.*

Specific Feedback

The following pages provide a commentary on the Draft for Consultation document ('the Draft') released by the Department of Local Government, Sport and Cultural Industries. The Draft refers to a 'Mandatory' Code of Conduct whereas amendments to the Local Government Act refer to a 'Model' Code of Conduct. This paper will use the term 'Model' throughout the following commentary.

Construction of the Model Code

Codes and Rules will be brought together under Section 5.103(2) as amended by the Local Government Legislation Amendment Act 2019:

- (2) *The model code of conduct must include -*
- (a) general principles to guide behaviour;*
 - (b) requirements relating to behaviour; and*
 - (c) the rules of conduct.*

The Draft informs that the Model Code of Conduct is to be constructed in three Parts:

- **Part A** – Principles [Section 5.103(2)(a)]
- **Part B** – Behaviours [Section 5.103(2)(b)]
- **Part C** – Rules of Conduct [Section 5.103(2)(c)]

Local Governments will not be able to amend Parts A and C, but additional behavioural content may be included in Part B that is not inconsistent with the Model Code.

Part A - Principles

The Preamble to the Model states that 'the purpose of this Code is to guide the decisions, actions and behaviours of council members, committee members and candidates.'

Part A sets out the Principles to be contained in the new Model Code under the headings 'Personal Integrity', 'Relationships with others' and 'Accountability'. This expands upon the 'General principles that guide the behaviour of council members' currently found under Regulation 3 of the *Local Government (Rules of Conduct) Regulations* and are intended to support Part B – Behaviours, and Part C – Rules of Conduct.

Part B - Behaviours

I. Application

It is noted that neither Part B nor Part C of the Model apply to the behaviours of committee members or candidates. No information is provided to clarify why only council members are subject to Parts B and C nor any rationale for the exclusion of committee members and candidates from behavioural standards and Rules of Conduct, particularly noting Section 5.103(3)(b), as amended, states:

- (3) The model code of conduct may include provisions about how the following are to be dealt with –
- (b) alleged breaches of the rules of conduct by committee members

The Minister for Local Government, Hon. David Templeman, when introducing the *Local Government Legislation Amendment Bill 2019* to Parliament in the Second Reading Speech, specified the application of the Code to candidates, in an effort to improve behaviour during an election period, stating:

*"Alleged breaches of the rules of conduct during the election campaign will be progressed when the candidate is elected."*¹⁰

WALGA recommends seeking comment from the Department of Local Government, Sport and Cultural Industries on the intended application of Part B – behavioural standards, and Part C – Rules of Conduct to committee members and candidates.

II. New Complaints Provision

Section 5.103(3)(a) will introduce the discretion for the Model Code of Conduct to deal with alleged breaches of requirements relating to behaviour. This is a significant amendment as the *Local Government Act 1995* has not previously mandated a complaints process relating to behavioural content of a Code of Conduct, but nor has it imposed any restriction.

Under the Model Code, an alleged breach of a Rule of Conduct will continue to be referred to the Local Government Standards Panel. Part B, Rule 2.17 of the Model sets out that Local Governments will be required to deal with allegations made by 'any person' of a behavioural breach.

¹⁰ Extract from Hansard, Legislative Assembly, March 2019 at p1310d to 1312a

Some Local Governments have incorporated in their current Code of Conduct a process for dealing with a behavioural breach that permits 'any person' to make a complaint; the majority of Local Governments have not.

The City of Joondalup¹¹ and City of South Perth¹² are examples of Local Governments that exercised discretion under general competence powers to incorporate a complaints process in their adopted Code of Conduct. No information is currently available on the frequency or management of complaints of a behavioural breach under current Codes of Conduct.

WALGA seeks comment from Members experienced in dealing with breach allegations relating to their current Code of Conduct to assist with building perspective on processes and consequences associated with managing behavioural breach allegations.

III. Complaint Management

Rules 2.17 to 2.22 set out the Complaint Management standards, with Rule 2.21 requiring development of a Council-endorsed policy to guide the process. The associated Guidelines provide additional information on tools and resources to assist with policy development, complaints management and resolution. Attachment 1 provides a matrix of possible actions where there is finding of a behavioural breach.

WALGA seeks comment on the proposed Complaint Management process.

IV. 'Rules'

Throughout Part B, the numbered provisions are referred to as 'Rules'. This has the potential to create confusion with the already-established terminology familiar to the Sector of 'Rules of Conduct', which form Part C.

WALGA recommends a separate nomenclature for numbered provisions in Part B (i.e. 'Item' or 'Clause') to avoid any potential for confusion between Part B and Part C, particularly when breach allegations arise.

¹¹ 'City of Joondalup Code of Conduct for Employees, Elected Members and Committee Members' at Page 21

¹² 'City of South Perth Code of Conduct' at Page 9

Part C – Rules of Conduct

As previously discussed, Part C of the Model Code only references council members.

It is noted there are numerous, self-evident typographical errors throughout Part C (i.e. inconsistent referencing and numbering) and it is presumed the Department is aware and will remedy where necessary.

The Rules of Conduct replicate for the most part, the existing provisions from the current Rules of Conduct Regulations. The Model Code adds commentary by including 'Elements of Rule of Conduct'. It is not known whether these Elements will have any influence on the deliberations of the Local Government Standards Panel in the event of a breach allegation under Part C.

WALGA seeks comment on whether the 'Elements of Rule of Conduct' content adds value or assists council members to understand their responsibility to observe Rules of Conduct.

Misuse of Local Government Resources - Regulation 8 of the current Local Government (Rules of Conduct) Regulations

The Model Code creates a definition of the term 'resource' which does not appear in the current Rules of Conduct:

'resource is defined to mean tangible and intangible assets, services or other means of supporting the functions of local government, which are owned or paid for by the local government from public money'

It is not stated why there is a need to define 'resource' specifically, the potential impact this definition may have upon determining a breach allegation¹³ or whether the common dictionary definition is known to be ineffective - 'a stock or supply of money, materials, staff, and other assets that can be drawn on by a person or organization in order to function effectively.'¹⁴

Securing Personal Advantage of Disadvantaging Others – Regulation 7 of the current Local Government (Rules of Conduct) Regulations

The Model Code is consistent with the current Regulations.

¹³ Section 6 of the *Interpretation Act 1984* (WA) applies – 'Definitions in a written law, application of'

¹⁴ Oxford English Dictionary

Repeated Breaches of Part B – Not currently Regulated

This new provision will provide an accountability measure where a council member continually breaches the behavioural requirements of Part B of the Model Code and appears to face value to have merit.

Item (iii) of this Rule will require thoughtful consideration, as it requires the Council to make a determination by resolution before a council member, who is found to have committed three or more breaches under Part B, can be referred to the Local Government Standards Panel:

'(and) iii. the Council to which the member is elected, decides, via resolution, to make an allegation of a rule of conduct breach under this Part.'

WALGA notes that this new provision did not appear in early drafts of the Model Code and therefore was not considered at the Working Group convened by the Department of Local Government, Sport and Cultural Industries.

Prohibition against Involvement in Administration – Regulation 9 of the current Local Government (Rules of Conduct) Regulations

The Model Code is consistent with the current Regulations.

Relations with Local Government Employees - Regulation 10 of the current Local Government (Rules of Conduct) Regulations

The Model Code creates a definition of the term 'employee' which does not appear in the current Rules of Conduct. This definition references Section 5.36 of the Act, whereas the Act defines 'employee' under Section 1.4.

The Model Code proposes to add a further prohibition under Item (iii) that does not currently appear in the Rules of Conduct:

'behave in an abusive or threatening manner towards any local government employee'

Unauthorised Disclosure of Information - Regulation 6 of the current Local Government (Rules of Conduct) Regulations

The Model Code proposes to add a further prohibition under Item (iii) that does not currently appear in the Rules of Conduct:

'personal information as defined in the Freedom of Information Act 1992'

The remainder of the Model Code is consistent with the current Regulations.

Disclosure of Interest - Regulation 11 of the current Local Government (Rules of Conduct) Regulations

The Model Code amends the definition of the term 'interest'. It currently reads:

'interest means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association'

It is amended to read:

'interest means a material interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest'

It is unclear why it is proposed to amend this definition, given that the terms 'kinship, friendship or membership of an association' provide useful reference points that presently help council members to understand their responsibility to declare this type of interest.

Contravention of certain Local Laws - Regulation 4 of the current Local Government (Rules of Conduct) Regulations

This provision is now included in Part B of the Model Code at 2.10 and 2.11.

WALGA seeks comment on the proposed Part C Model Code provisions.

A. BACKGROUND / DETAILS

Mr Brian Klopper, owner of Laura's Wine Bar, has previously requested that Gordon Place, located between Fitzgerald St and Minson Ave, be closed on weekends from 3.00pm Friday to 7.00am Mondays, for the purpose of pedestrian access.

Previously, the Shire of Northam granted Road Closure to Gordon Place for a period of 3 months in accordance with the Shire of Northam's Delegated Authority Register and the Local Government Act 1995 3.50 (1a).

Given that the business wishes to continue with the Road Closure to allow for pedestrian access, the Shire of Northam, must under the Local Government Act of 1995, approve the road closure for an extended period of time.

The Shire also believe that this would be beneficial to the community given that this closure would encourage alfresco dining within the townsite of Northam.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth

Outcome 1.1: The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objective:

- Ensure the Shire of Northam is a welcoming and easy place for quality investment to occur

Outcome 1.3: Northam central business area is a strong and vibrant centre with a variety of cultural/art, retail and hospitality choices on offer every day of the week.

Objective:

- Improve and expand the retail and hospitality offerings in Northam

Theme Area 6: Governance and Leadership

Outcome 6.1: The Shire of Northam is recognised as a desirable place to live and residents are proud to live here.

Objective:

- Positive internal and external perceptions about Northam
- Foster a sense of community pride
- Develop a clear brand identity and market it within the Shire, and beyond the Shire to investors, visitors and potential residents

B.3 Legislative Compliance

Local Government Act 1995

3.50. Closing certain thoroughfares to vehicles

- (1) A local government may close any thoroughfare that it manages to the passage of vehicles, wholly or partially, for a period not exceeding 4 weeks.

- (1a) A local government may, by local public notice, order that a thoroughfare that it manages is wholly or partially closed to the passage of vehicles for a period exceeding 4 weeks.
- (2) The order may limit the closure to vehicles of any class, to particular times, or to such other case or class of case as may be specified in the order and may contain exceptions.
- (3) deleted
- (4) Before it makes an order wholly or partially closing a thoroughfare to the passage of vehicles for a period exceeding 4 weeks or continuing the closure of a thoroughfare, the local government is to —
 - (a) give local public notice of the proposed order giving details of the proposal, including the location of the thoroughfare and where, when, and why it would be closed, and inviting submissions from any person who wishes to make a submission; and
 - (b) give written notice to each person who —
 - (i) is prescribed for the purposes of this section; or
 - (ii) owns land that is prescribed for the purposes of this section; and
 - (c) allow a reasonable time for submissions to be made and consider any submissions made.
- (5) The local government is to send to the Commissioner of Main Roads appointed under the Main Roads Act 1930 a copy of the contents of the notice required by subsection (4)(a).
- (6) An order under this section has effect according to its terms, but may be revoked by the local government, or by the Minister, by order of which local public notice is given.
- ((7) deleted)
- (8) If, under subsection (1), a thoroughfare is closed without giving local public notice, the local government is to give local public notice of the closure as soon as practicable after the thoroughfare is closed.
- (9) The requirement in subsection (8) ceases to apply if the thoroughfare is reopened.

C. OFFICER'S COMMENT

Legislative requirement states that a Local Government needs to advertise by local public notice order that a thoroughfare that it manages is wholly or partially closed to the passage of vehicles for a period exceeding 4 weeks.

Although the intended road closure period does not exceed the 4 week period on a continual basis (weekends only), staff are of the opinion that it is good practice to publically advertise the weekend closures regardless, as it is over a significant length of time.

With this in mind, it is proposed to advertise the road closure over the period of one (1) week to invite any submissions or feedback from the community. Staff are of the opinion this is sufficient time as no negative comments have been received by the Shire for the road closure to date.

It is recommended that the Council endorse the closure of the Gordon Place as prescribed. This will be reviewed on an annual basis.

Responsible Officer:	Chadd Hunt, Executive Manger Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	Yes

BRIEF

The Shire of Northam has an existing CBD and Heritage Assistance fund that is available for owners within the Central Business District (CBD) and those listed within the Municipal Heritage Inventory (MHI).

It is proposed to broaden the scope of the funding to allow it to be utilised for all commercial properties within the Northam CBD and internal renovations and fit-outs in certain circumstances.

ATTACHMENTS

- Attachment 1: Existing CBD and Heritage Assistance Grant Guidelines.
Attachment 2: Proposed Business Redevelopment Grant Guidelines.

A. BACKGROUND / DETAILS

Council allocates funding each year to encourage owners within the Northam CBD and Heritage listed properties (MHI) to undertake maintenance and enhancement of their properties.

The program has had success, although not as much as originally intended. It is apparent that there are a number of existing commercial properties that would benefit from the grant to allow internal refurbishments and fitouts to attract new tenants.

It is also proposed that the funding be restricted to commercial properties to encourage the redevelopment of the business areas of the Shire. It is further proposed that a review of the funding be undertaken with respect to heritage properties and which (if any) categories within the current (and future) MHI and Heritage List will be eligible for the grant.

B. CONSIDERATIONS

B.1 Strategic Community/Corporate Business Plan

Theme Area 1: Economic Growth.

Outcome 1.3: Northam Central Business Area is a strong and vibrant centre with a variety of cultural/art, retail and hospitality choices on offer every day of the week.

Action: Develop incentives and identify opportunities for businesses to establish in CBD.

B.2 Financial / Resource Implications

Council currently allocates \$50,000 annually in its budget for the program. Historically Council has allocated up to \$80,000 annually however there has been limited uptake of the funding.

The funding has been allocated in the Budget since 2015/16.

B.3 Legislative Compliance

The funding is required to be allocated and acquitted in accordance with our internal financial procedures.

B.4 Policy Implications

There is no current policy with respect to the fund – rather these guidelines have developed to provide direction for the funding.

B.5 Stakeholder Engagement / Consultation

The proposed changes to the funding program were discussed at Council's Strategic Meeting on 28 August 2019. No further consultation has been undertaken at this stage.

If Council supports the proposed changes a press release will be prepared and the funding will be advertised more widely.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action

Financial	Potential risk if the funding becomes over-subscribed	Low (4)	Funding is allocated until current budget figure is expended
Health & Safety	Funds are not used for compliant works	Low (1)	Assess application- if needed a building permit and/or planning approval will address these issues.
Reputation	The funding is not taken up by business owners.	Low (4)	Advertise program and engage with local Progress and Business groups
Service Interruption	Individual business have interruptions	Low (1)	Individual businesses are required to manage internally
Compliance	Funds to be expended in accordance with guidelines	Low (4)	Checklists developed and followed to ensure compliance with guidelines
Property	Individual risk for each property the subject of the grant	Low (4)	Implement guidelines consistently
Environment	Individual works impact the environment	Low (1)	Assess application- if needed a building permit and/or planning approval will address these issues.

C. OFFICER'S COMMENT

The current grant has had success with two businesses undertaking renovations to their premises and a further applicant currently in the process of finalising their application. In addition the budget for the grant has been utilised for other activation strategies in the CBD including the pop up shop,

Following further engagement with property and business owners within the CBD area an area of concern has been with respect to the cost of internal fit outs for attracting new businesses into vacant tenancies. An example includes the provision of universal access and facilities (toilets) associated with a change of use (from shop to food premises etc.). The cost of undertaking these is seen as an inhibitor to undertaking the redevelopment and it is therefore proposed to utilise the funding to assist in those circumstances.

It is also proposed at this stage to remove the funding for individual properties within the MHI until such time as the Heritage List and review of the MHI have been complete. It is also seen a priority that the funding be utilised for commercial properties in the Shire to try and encourage further commercial activity.

RECOMMENDATION / MOTION

Moved: Cr Mencshelyi
Seconded: Cr Little

That Council:

- 1. Endorse the Business Redevelopment Grant funding and Guidelines as included in Attachment 2.**
- 2. Advertise the revised grant to all progress associations within the Shire of Northam and the Northam Chamber of Commerce for disbursement.**

Clarification was sought in relation to whether the reference to the progress associations should be removed from them recommendation/motion given it is proposed for the Northam CBD. The Executive Manager Development Services advised that Officers recommend that this not be included in the final decision of Council.

Attachment 1

CBD & HERITAGE ASSISTANCE FUND

Aim of Fund

The Shire of Northam recognises the need to encourage and assist the maintenance and enhancement of the commercial properties within the CBD and heritage properties.

The CBD & Heritage Assistance Fund aims to provide funding support to individuals, community groups and organisations in their endeavors to maintain properties within the CBD and / or properties of heritage significance in the Shire of Northam.

Funding Available

Property owners or grant applicants are expected to contribute financially to the cost of the project for which they are applying on a dollar for dollar basis. Accordingly, each application can seek funding of up to 50 per cent of the total cost of the project, with the maximum grant per application being \$20,000.

Properties Eligible for Assistance

All owners or occupiers of heritage properties listed in the Municipal Heritage Inventory and property owners within the designated Central Business District are eligible to apply for funds.

Public owned properties are not eligible for funding.

Eligible Projects

Eligible projects may include:

- Re-roofing
- Masonry repairs
- New guttering
- Painting of façade using appropriate colours
- Timber repair in window sills, verandah floors and facades.
- Reinstatement of lost features, such as verandahs, pergolas or wooden sash windows
- A new front fence in an appropriate style.

Non-Eligible Projects

The following work is not eligible for funding:

- Works that require planning approval that have not been granted a permit at the time of grant application
- New additions or extensions (unless they are a reconstruction of an original element)
- Internal works
- Works that have already been completed or started prior to application for a grant
- Labour by the owner or applicant of the project.

Please note: a property may only receive one grant per financial year. Council reserves the right to grant a lesser amount than that which was applied for.

How to Apply

- Complete and return the Shire of Northam Heritage Assistance Fund Form.
- Include proof of \$10 million public liability insurance (usually part of your home and contents insurance).
- Include copies of at least two quotes for the project to provide an indication of the value of the works proposed.
- Provide plans, diagrams or a written description of the proposed works.
- Include photographs of the part of the building covered by the application

- Submit application to Council's Planning Department (address details listed on the application form).

Assessment of Applications

Each application for funding will be evaluated, with priority given to projects that:

- In 2017/18 priority will be given to the enhancement of the CBD properties along Fitzgerald Street, notwithstanding that other submissions will be considered.
- In the case of a Heritage Building involve urgent works that prevent loss of significant fabric (e.g. structure stabilisation, prevention of water ingress, roof repairs, gutters).
- Reconstruct original detail (e.g. removing paint from originally unpainted surfaces, reinstating an original verandah).
- Involve works to the main significant building, rather than works to ancillary structures (e.g. fence or shed).
- Enhance the appearance of the property from the street.
- Priority will also be given to properties that have not previously received funding.
- As part of the evaluation, a site inspection of all properties will be undertaken.

Timing and Funding of Projects

A total of \$80,000 has been allocated to the Shire of Northam CBD and Heritage Enhancement Fund for the 2017/2018 financial year. Applications will be received by Council at any time and will be assessed as required.

Monies granted are paid on the completion of works.

Please note that funding is not provided upfront.

Funding Conditions

Funding may be revoked at any time due to unsatisfactory work, failure to meet the agreed deadline, misleading or false disclosure of information, non-disclosure, or misuse of funds by the recipient.

It is a condition of funding that the owner agrees:

- To use the funding only to carry out the works listed in the approved project.
- To obtain all necessary approvals or permits prior to carrying out the works.
- To allow Council to use video, photographs or details of the works in its heritage promotional material.

BRIEF

Council is required to re-nominate for the Minister's consideration, two elected members to act as representatives, and two elected members to act as proxy representatives for the Shire of Northam on the Mid-west Wheatbelt (Central) Joint Development Assessment Panel (Wheatbelt Joint DAP). This is due to the October local government elections and three existing members' not being re-elected to Council.

A. BACKGROUND / DETAILS

On 20 December 2017, Council resolved the following:

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3227

Moved: Cr Davidson

Seconded: Cr Mencshelyi

That Council:

- 1. Appoints as local members on the Mid-West Wheatbelt (Central) Joint Development Assessment Panel –**
 - Cr Julie Williams; and
 - Cr John Proud.

- 2. Appoints as alternate local members (proxies) on the Mid-West Wheatbelt (Central) Joint Development Assessment Panel –**
- **Cr Michael Ryan; and**
 - **Cr Chris Davidson.**

CARRIED 10/0

Under regulation 26 of the *Planning and Development (Development Assessment Panels) Regulations 2011*, Council is required to nominate four elected members of the Council, comprising two local members and two alternate local members to sit on the Wheatbelt Joint DAP.

Cr Williams is a current member, however as two of the four members nominated were not re-elected, Council is now required to re-nominate members to the Wheatbelt Joint DAP for the Minister's consideration.

About DAPs

As a key component of planning reform in Western Australia, DAPs are intended to enhance planning expertise in decision-making by improving the balance between technical advice and local knowledge.

Each DAP consists of five panel members, three being specialist members and two local government councillors.

Under the DAP regulations, each DAP (there are 8 JDAPs in WA) will determine development applications that meet set type and value thresholds as if it were the responsible authority under the relevant planning instrument, such as the local planning scheme or region planning scheme. The DAP regulations state that DAP applications cannot be determined by local government or the Western Australian Planning Commission (WAPC).

Administration of DAPs

Under the DAP regulations, DAPs must be administered by an officer(s) of the Department of Planning, and the CEO of the Department must establish a DAP website.

Development Assessment Panels report directly to the Minister for Planning, and do not form part of the Department of Planning or the Western Australian Planning Commission.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

B.2 Financial / Resource Implications

There are no financial and/or resource implications for the Shire as a result of the recommendations from this report.

B.3 Legislative Compliance

Pursuant to Regulation 26 (1) of the *Planning and Development (Development Assessment Panels) Regulations 2011* (the DAP regulations), the Minister for Planning must cause to be established and maintained a register of local government members of Joint Development Assessment Panels (JDAPs).

The register must include the names of 2 members of the council of each local government of a district for which a JDAP is established. Following receipt of all local government nominations, the Hon. Minister for Planning will consider and appoint nominees for up to a three-year term, expiring on 26 April 2020. All appointed local members will be placed on the local government member register and advised of DAP training dates and times.

B.4 Policy Implications

There are no policy implications for the Shire of the recommendations of this report.

C. OFFICER'S COMMENT

It is a mandatory requirement, pursuant to the DAP regulations, that all DAP members attend training before they can sit on a DAP and determine

applications. Local government members who have previously undertaken training are not required to attend further training.

When selecting nominees, Council should consider that upcoming local government elections may result in a change to DAP membership if current councillors, who are DAP members, are not re-elected.

At the time of writing this report, Cr Williams indicated an interest in continuing as a DAP member. Cr Williams has completed the mandatory training to sit on DAP.

Press release to be issued:	No

BRIEF

The Western Australian Planning Commission released a Position Statement in May 2019 in response to the State Government's implementation of a Container Deposit Scheme. Appendix 1 of the Position Statement contains a Model Local Planning Policy (LPP).

Council at its Ordinary Meeting held on 21 August 2019 (Minute C.3747) resolved to adopt a draft LPP, which is based on the WAPC's Model, for the purposes of advertising to guide the assessment and approval of container deposit scheme infrastructure.

The draft LPP was advertised to the community with no submissions being received, and is now presented to Council for final adoption in accordance with the process outlined in the *Planning and Development (Local Planning Schemes) Regulations 2015* (Deemed Provisions).

ATTACHMENTS

- Attachment 1: Draft Local Planning Policy No. 26 (Final Version).
- Attachment 2: WAPC's Position Statement: Container Deposit Scheme Infrastructure.

A. BACKGROUND / DETAILS

The Western Australian Government is implementing a Container Deposit Scheme (CDS) to complement existing kerbside recycling services. The CDS provides for a refund to be paid to any person who returns an eligible beverage container through the scheme. The CDS operates by the return of

containers via various container return points. In the context of the position statement, the return points are referred to as CDS infrastructure. The CDS is not intended to collect normal household waste.

The role of planning in the implementation of the CDS is to ensure that the infrastructure required to facilitate the scheme is established in appropriate locations.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Environment and Heritage.

Outcome 4.3: Residents and organisations within the Shire of Northam are supported to reduce their environmental impact.

Objective: Sustainable waste management with the aim of reducing and reusing waste effectively.

B.2 Financial / Resource Implications

There are no financial / resource implications associated with this proposal. Existing budgetary allocations will be used for the advertising required to adopt the policy.

B.3 Legislative Compliance

The proposed LPP has been drafted, and will be advertised and adopted, in accordance with the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

B.4 Policy Implications

The proposed LPP will establish an appropriate and consistent regulatory framework for the assessment of proposed container deposit infrastructure.

B.5 Stakeholder Engagement / Consultation

The draft LPP was advertised in accordance with clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Deemed Provisions) for a minimum period of 21 days in the Avon Advocate and on the Shire's website. No submissions were received in response to the advertising.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Advertising costs associated with development of LPPs is within the existing budget.	Low (1)	Nil

Health & Safety	The LPP will provide an appropriate regulatory framework.	Low (2)	Consistent application of LPP.
Reputation	The LPP will be adopted in accordance with legislative requirements.	Low (2)	Nil
Service Interruption	The LPP will facilitate assessment of development applications.	Low (2)	Consistent application of LPP.

Property	The LPP will provide an appropriate regulatory framework.	Low (2)	Consistent application of LPP.
Environment	The LPP will provide an appropriate regulatory framework.	Low (2)	Consistent application of LPP.

C. OFFICER'S COMMENT

WALGA are encouraging local governments to adopt the Model Local Planning Policy as outlined in the WAPC's Position Statement to provide development standards related to location, visual amenity, operational amenity, size and the scale of container deposit refund points to exempt certain infrastructure and to inform decision making when considering applications for development approval.

The format of the draft LPP has been modified since the initial adoption by Council to provide consistency throughout the Shire's LPP and in accordance with internal document control procedures.

CARRIED 8/0

Attachment 1

Shire of Northam Local Planning Scheme No. 6

Local Planning Policy No. 26 – Container Deposit Infrastructure

LOCAL PLANNING SCHEME NO. 6 LOCAL PLANNING POLICY NO. 26 – CONTAINER DEPOSIT INFRASTRUCTURE

1. Preliminary

The Western Australian Government is implementing a Container Deposit Scheme (CDS) to complement existing kerbside recycling services. The CDS provides for a refund to be paid to any person who returns an eligible beverage container through the scheme. The CDS operates by the return of containers via various container return points. In the context of the position statement, the return points are referred to as CDS infrastructure. The CDS is not intended to collect normal household waste. The role of planning in the implementation of the CDS is to ensure that the infrastructure required to facilitate the scheme is established in appropriate locations.

1.1 Authority to prepare and adopt a Local Planning Policy

Schedule 2, Part 2, clause 3(1) of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations) allows Council to prepare a Local Planning Policy in respect of any matter related to the planning and development of the Shire's Local Planning Scheme No.6 (the Scheme) area.

This policy will be made effective once Council has completed the process stipulated in clause 4(1) up to and including clause 4(4) of the Regulations.

1.2 Relationship of this Policy to the Scheme

If a provision of this Policy is inconsistent with the Scheme, the Scheme prevails.

This Local Planning Policy is not part of the Scheme and does not bind Council in respect of any application for development approval.

Shire of Northam Local Planning Scheme No. 6

Local Planning Policy No. 26 – Container Deposit Infrastructure

However, Council shall have due regard to the provisions of the Policy and the objectives which the Policy is designed to achieve before making its determination.

2. Purpose

Local Planning Policies are guidelines used to assist the local government in making decisions and to provide an exemption in accordance with Clause 61(1)(i) and (2)(e) of the *Planning and Development (Local Planning Schemes) Regulations 2015* from the requirement to obtain development approval for container deposit scheme infrastructure proposals which satisfy minimum development standards.

It is not intended that a policy be applied rigidly, but each application be examined on its merits, with the objectives and intent of the policy the key assessment.

The Shire encourages applicants to produce innovative ways of achieving the stated objectives and acknowledges that these may sit outside the more traditional planning and architectural approaches. In these instances the local government is open to considering (and encourages) well-presented cases having due regard to the outcome of any public consultation undertaken and the orderly and proper planning of the locality.

3. Application of the Policy

3.1 Definitions

the **Heritage Act** means the *Heritage of Western Australia Act 1990*.

the **Regulations** means the *Planning and Development (Local Planning Schemes) Regulations 2015* prepared under the *Planning and Development Act 2005*.

the **Noise Regulations** means *Environmental Protection (Noise) Regulations 1997* (as amended) prepared under the *Environmental Protection Act 1986*.

the **Scheme** means the Shire of Northam Local Planning Scheme No. 6 (LPS6).

Container deposit scheme infrastructure means a reverse vending machine or a container collection cage.

Reverse vending machine means a permanently-located unattended device that accepts empty beverage containers, and is incidental the predominant land use.

Shire of Northam Local Planning Scheme No. 6

Local Planning Policy No. 26 – Container Deposit Infrastructure

Container collection cage means a cage, or other structure, that is designed to store containers deposited at return points, and is incidental to the predominant land use.

total lot area means the total land area of a freehold or survey strata lot.

3.2 Application

Division 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Deemed Provisions) provides for the preparation of local planning policies to apply generally or to a particular class or classes or matters and throughout the scheme area or in one or more parts of the Scheme area.

This policy will apply to the use and installation of Container Deposit Infrastructure and throughout the scheme area that is the whole of the Shire of Northam.

A Local Planning Policy is not part of the Scheme and does not bind the local government in respect of any application for planning approval but the local government is to have due regard to the provisions of the Policy and the objectives with the policy is designed to achieve before making its determination.

3.3 Exemptions

3.3.1 The development or operation of a large reverse vending machine is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, with the exception of:

- (a) residential, urban development, and special residential zones; and
- (b) rural, rural residential, and rural smallholding zones.

3.3.2 The development of a container collection cage is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, including a residential or rural zone or public purpose reserve where the land is lawfully used for the purposes of:

- (a) civic use; and/or
- (b) community purpose; and/or
- (c) educational establishment.

Shire of Northam Local Planning Scheme No. 6

Local Planning Policy No. 26 – Container Deposit Infrastructure

4. Policy Objectives

The primary objectives of this Policy are to:

- (a) To establish clear guidelines for the placement of Container Deposit Infrastructure used within the Shire;
- (b) To ensure that any Container Deposit Infrastructure does not detract from an existing (or reasonably desired) streetscape;
- (c) To prevent negative impacts on local amenity from the operation of Container Deposit Infrastructure;
- (d) To enable the timely, cost effective delivery of essential Container Deposit Infrastructure;
- (e) To provide conveniently located infrastructure to ensure the Container Deposit Schemes effective reduction of litter, increased recycling and protection of the environment; and
- (f) To achieve a balance between providing the legitimate need for Container Deposit Infrastructure to reduce/recycle litter and minimising the impacts on the locality.

5. Approval Requirements

Development approval will not be required for container deposit scheme infrastructure proposals that comply with the provisions of this policy, in accordance with Clause 61(1)(i) and (2)(e) of the deemed provisions of the scheme provided for by the Regulations, unless the development is proposed on land in a place that is:

- (a) entered in the Register of Heritage Places under the *Heritage Act*; or
- (b) the subject of an order under Part 6 of the *Heritage Act*; or
- (c) included on a heritage list prepared in accordance with the Scheme; or
- (d) within an area designated under the Scheme as a heritage area; or
- (e) the subject of a heritage agreement entered into under section 29 of the *Heritage Act*.

Container deposit scheme infrastructure proposed to be erected on a temporary basis of not more than 48 hours within a 12 month period are typically exempt from approval, as per the requirements of 61(1)(f) and (2)(d) of the deemed provisions provided in the Regulations and contained within the Scheme. As such, the policy provisions would not apply.

6. Development Guidelines

General	
6.1	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not result in any change to the approved land use in a way that would result in the use no longer complying with any relevant development standards and/or requirements of the Scheme.
Location	
6.2	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not be erected within 10 metres of an adjoining lot boundary that accommodates a residential use.
6.3	Where the development of a reverse vending machine and/or container collection cage is proposed, the infrastructure must not restrict any vehicular or pedestrian access to or from, or entry to any building on, the land on which the infrastructure is located.
6.4	Where the development of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must not obstruct the operation of, or access to, any utility services on the land on which the infrastructure is located or on adjacent land.
6.5	Where the development of a large reverse vending machine and/or container collection cage is proposed, to preserve pedestrian and vehicular sightlines, and servicing access, the infrastructure must not be erected within 2 metres of any road reserve or right-of-way intersection or crossover, and shall be located in such a way that it does not reduce existing car park sightlines, aisle widths and manoeuvring spaces.
6.6	Where the development of a container collection cage is proposed, the collection cage must be located in a car park or service area to be visually unobtrusive, and must be secured, locked and immovable.
Visual amenity	
6.7	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, placement of the infrastructure must not result in the removal of any vegetation, landscaping or street tree.
6.8	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure must be constructed and clad with low-reflective,

	graffiti-resistant materials, which provide protection from the elements and, where not consisting of promotional or branding material approved under the operation of the container deposit scheme, are consistent in colour and finish to that of nearby existing buildings.
6.9	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure must not display any advertising signage other than promotional or brand signage approved under the operation of the container deposit scheme.
6.10	Where the development of a large reverse vending machine is proposed outdoors, and the infrastructure exceeds a development footprint of 10 square metres, bins for the removal of waste or recyclable materials not accepted by the infrastructure are to be provided, and serviced regularly to maintain the amenity of the area, at a rate of one (1) waste bin and 0.5 recycling bins (both 240L in volume) per 10m ² of development footprint.
Operational amenity	
6.11	Where the development of a large reverse vending machine and/or container collection cage is proposed, the operation of the infrastructure must not prejudicially affect the amenity of the locality due to the emission of light, noise, vibration, electrical interference, smell or any other by-product.
6.12	Where the development or operation of a large reverse vending machine is proposed adjacent to land that accommodates a residential use, the machine must operate only between the approved opening hours of the predominant land use, or in the absence of any other use: <ul style="list-style-type: none"> (a) between 7.00 am and 7.00 pm Monday to Saturday; and (b) between 9.00 am and 7.00 pm on Sunday and public holidays.
6.13	Where the development or operation of a large reverse vending machine is proposed, the reverse vending machine when in operation must not emit noise at a level which exceeds any requirement(s) under the Noise Regulations.
6.14	Where the development or operation of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must be provided with lighting that complies with AS/NZS 1158.3.1: 2005 Lighting for roads and public spaces, Part 3.1: Pedestrian area (Category P) lighting-Performance and design requirements (as amended).

6.15	Where the development or operation of a large reverse vending machine and/or container collection cage is proposed, the infrastructure must be accessible to any person with a disability.
Development footprint	
6.16	Where the development of a container collection cage is proposed outdoors, the cage must not: <ul style="list-style-type: none"> (a) have a development footprint of more than 8m²; or (b) be more than 2 metres in height.
6.17	Where the development of a large reverse vending machine is proposed outdoors, on land not used for car parking, the machine must not: <ul style="list-style-type: none"> (a) have a development footprint of more than 48m², and (b) be more than 3 metres in height, or have dimensions greater than 8 metres by 6 metres.
6.18	Where the development of a large reverse vending machine is proposed within an existing car park comprising more than 40 car parking spaces, the area occupied by the reverse vending machine must not exceed the greater of the following areas: <ul style="list-style-type: none"> (a) the area comprising 4 car parking spaces; or (b) 45m², where the car park contains 200 car parking spaces or less; or (c) 75m², where the car park contains 200 or more car parking spaces.
6.19	Where the development of a large reverse vending machine and/or container collection cage is proposed outdoors, the infrastructure shall be installed at a rate no greater than: <ul style="list-style-type: none"> (a) container collections cage – 1 per lot; (b) large reverse vending machine proposed on land not used for car parking – 1 per 15,000m² of total lot area; or (c) large reverse vending machine proposed in an existing car park comprising more than 40 car parking spaces – 1 per 1000 car parking spaces.

Position Statement:
Container Deposit Scheme Infrastructure
May 2019

1

1. Policy Intent

This position statement outlines how container deposit scheme infrastructure should be considered and assessed in the Western Australian planning system.

2. Container deposit schemes in Western Australia

The Western Australian Government is implementing a Container Deposit Scheme (CDS) to complement existing kerbside recycling services. The CDS provides for a refund to be paid to any person who returns an eligible beverage container through the scheme. The CDS operates by the return of containers via various container return points. In the context of the position statement, the return points are referred to as CDS infrastructure. The CDS is not intended to collect normal household waste.

The role of planning in the implementation of the CDS is to ensure that the infrastructure required to facilitate the scheme is established in appropriate locations.

3. Application of this Position Statement

This position statement applies across Western Australia to all CDS infrastructure.

4. Policy objectives

This position statement seeks to achieve the following objectives:

- ensure a coordinated approach to the provision of CDS infrastructure throughout WA
- ensure that appropriate locations are chosen for the installation of CDS infrastructure
- ensure the timely roll out of infrastructure in support of the scheme's establishment and on going operational needs
- establish minimum development requirements to exempt certain CDS infrastructure from requiring planning approval, for a adoption by local governments.

5. Policy Measures

5.1 Container Deposit Scheme Infrastructure

There are broadly five types of CDS infrastructure to facilitate the return of containers in WA. These are:

Container collection cages:
This infrastructure comprises a cage which containers are placed in and stored before collection and return for refund. These cages will generally be donation points, rather than refund points. They may be located in association with schools, sporting or other clubs or not-for-profit organisations. Individuals will deposit the containers into the collection cages and the receiving organisation will arrange collection of the containers and receive the refund as a donation to their organisation.

In shop / over-the-counter / bag drop return points: This infrastructure incorporates the use of a new or existing retail outlet or shop where participants can deposit individual containers or bags of containers that are collected and returned to a retailer on behalf of the scheme, with a refund given to the participant. This infrastructure will typically be located within existing retail and commercial areas.

Reverse vending machines:

These are permanently-located, unattended infrastructure that accept the return of empty beverage containers in exchange for a refund. Reverse vending machines come in various shapes and sizes.

Small reverse vending machines are similar in size to 'traditional' food and drink vending machines, and can be located in shopping centres, train stations or other public places where people are likely to return one or two containers at a time. Small reverse vending machines will generally be incidental to the predominant land use, often located internally or adjacent high traffic locations such as foyers and passageways. Accordingly, small reverse vending machines are likely to be exempt from requiring development approvals.

Large reverse vending machines (see figures on page 6) are generally mounted onto a storage structure similar to a sea container. The location of large reverse vending machines may vary, but they could be placed within existing commercial or industrial premises. These machines allow for greater volume of returns and it is likely that participants would travel to these sites with a variety of eligible containers.

Container deposit recycling centres:

This infrastructure, depicted on page 6, provides solely for the return of eligible containers for refund and associated sorting and storage in bulk. While similar in nature to *in shop / over-the-counter / bag drop* return points, these facilities are likely to service a significantly larger turnover of customers and have greater storage demands.

Container deposit recycling centres will generally only accept, store and sort materials collected in accordance with, and regulated by, the State's CDS management framework and associated contractual agreements (plastic, glass and aluminium drink containers). Accordingly, they differ from resource recovery, waste storage and other industry land uses, as they do not deal with organic, toxic or large-scale waste material, with the associated issues of odour, risk or other off-site impact.

Large-scale facilities: These include uses such as resource recovery centres, waste storage facilities and other industrial uses that are defined under the *Planning and Development (Local Planning Scheme) Regulations 2015* (the Regulations), as well as other definitions included in existing local planning schemes. Existing facilities may be expanded for uses associated with the CDS, or new large-scale facilities established.

5.2 Assessing CDS infrastructure

5.2.1 Incidental development

Generally, CDS infrastructure will be incidental to the existing use of a lot. For example, a small reverse vending machine in a supermarket would be incidental to the use of the land as a shop, as would be an over the counter or bag drop return point.

Development approval may be required to install infrastructure outside an existing building.

If approval is required for CDS infrastructure, it should be assessed in accordance with the requirements of Parts 7 and 8 of the deemed provisions in Schedule 2 of the Regulations.

5.2.2 Pre-lodgement consultation

Proponents seeking to install CDS infrastructure should engage with the relevant local government(s) as part of the site selection process. This early engagement will allow local government to assess if the site being proposed is appropriate, and how it might relate to the CDS network more broadly as well as servicing considerations. The matters outlined below should be considered when determining if a location is appropriate for CDS infrastructure.

5.2.3 Assessment considerations

5.2.3.1 General assessment considerations

CDS infrastructure and return points are likely to come in many varying shapes, sizes and typologies. Importantly, return points should be designed and located in such a manner that they are sympathetic to the character of the local area. A number of key considerations will apply universally when considering applications for CDS infrastructure development.

The key matters for consideration include:

- Local amenity – how does the infrastructure fit in with the surrounding built context? Does it impact upon visual amenity, or result in the vegetation removal which requires offset? What are its hours of operation and timing of service vehicles attending the return point?
- Car parking – is additional parking required to service the return point? Will it impact the existing car parking requirements of the site?
- Accessibility – is it universally accessible? Will its location have an impact on pedestrian or vehicular circulation? Is appropriate manoeuvring space provided to allow service vehicle access?

- Waste and recycling bins – does the infrastructure necessitate the provision of waste bins to dispose of goods that are not accepted by the CDS in a tidy manner?
- Signage – what size and scale is appropriate for signage or screens?
- Safety and security – does its location allow for passive surveillance, and what form of lighting is provided?

5.2.3.2 Container collection cages

Where collection cages are located in association with a school, sporting or other club, and on land which is managed by State or local government, the collection cage will be incidental to the predominant use of the site. As such, the collection cage is likely to fall under the public works exemptions which generally apply to local and State Government developments, under the *Planning and Development Act 2005*, the Metropolitan, Peel and Greater Bunbury Region Schemes and local planning schemes.

The management of these collection cages should be included in any leasing or other operational arrangements that are in place to manage the use of these buildings and land.

Where collection cages are sought to be located on private land they should be subject to the same requirements as reverse vending machines identified by this position statement.

5.2.3.3 In shop / over-the-counter / bag drop return points

The CDS is, in essence, the return of containers that were purchased from a shop. The transaction is the same as any other transaction that occurs in a shop except in reverse, with the customer bringing goods to the shop and leaving without goods.

The operations, including access, parking requirements and the need for service vehicles to access the return points, are identical to that of a shop. On this basis, return points should be assessed as a shop, in accordance with the requirements of the relevant local planning scheme.

For shops, the operations of the return point need to be contained within the building, including any manual sorting, low-scale crushing and storage. Approval would be required to extend outside the approved operational boundaries of an existing building used as a shop. Food shops that are considered a Food Business under the *Food Act 2008* should seek local government advice before considering the operation of an in shop CDS return point.

To clarify the WAPC's position on in shop / over-the-counter / bag drop CDS return points, the definition of shop in the Regulations is to be taken to mean:

...premises other than a bulky goods showroom, a liquor store – large or a liquor store – small used to sell goods by retail, to hire goods, or to provide

Position Statement:

services of a personal nature, including hairdressing or beauty therapy services, and can include a container deposit scheme return point.

It is intended that the additional words, as underlined above, will be incorporated into the Regulations as a model provision as part of the State planning reform process.

5.2.3.4 Small reverse vending machines

Due to the small-scale nature of this type of CDS infrastructure, with footprints generally less than three square metres, it is expected that small reverse vending machines will be exempt from requiring any development approvals.

5.2.3.5 Large reverse vending machines

Due to the variety of sizes and potential locations for large reverse vending machines, development applications may be required to consider any impacts on nearby existing sensitive land uses. This position statement seeks to outline where exemptions for large reverse vending machines may apply, for local governments to consider and adopt.

Large reverse vending machines should not to be confused with sea containers or subjected to assessment under local planning policies which seek to control the location and use of sea containers in the urban environment.

5.2.3.6 Container deposit recycling centres

Container deposit recycling centres rely on being convenient, accessible and visible. These return points are likely to provide a customer interface which provides for the quick turnover of users, and are therefore best collocated with land uses where trips can be shared. Accordingly, it is anticipated that these return points might typically be found in 'big box' commercial precincts.

Where the development of a container deposit recycling centre is proposed, the following key matters should be considered:

- Visual appearance – the development should integrate seamlessly with surrounding development, and not propose outdoor sorting or storage which is visible from the public realm
- Onsite operations – generally, only the return, sorting and storage of material associated with the CDS should occur
- Car parking – parking requirements should have regard for the generally quick turnover of users, and the co-location of such return points with uses where trips are likely to be shared

In preparing and assessing development applications, it is reasonable that a variety of different land uses might currently be used to account for container deposit recycling centres, or that an application could be deemed as a use not listed by the local planning scheme. To address this and

clarify the WAPC's position on container deposit recycling centres, the following definition is proposed:

container deposit recycling centre means premises used to return, consolidate, temporarily store and sort material associated with a container deposit scheme established under Part 5A of the *Waste Avoidance and Resource Recovery Act 2007* before transfer to a waste storage facility or resource recovery centre, and may also include the return of small consumer goods or products as an incidental use.

It is intended that this definition will be incorporated into the Regulations as a model provision, when the Regulations are next amended.

Container deposit recycling centres are suitable for development in mixed business/service commercial and bulky goods areas, along with some commercial and light/service industrial areas, and should be included as a 'P' (permitted) use within these zones under local planning schemes. In centre/shopping/town centre type zones the use may be included as a 'D' (discretionary) use.

5.2.3.7 Large-scale facilities

For large-scale facilities in industrial areas, where the processing of recyclables and storage of other waste materials occurs, the normal considerations under Schedule 2 Parts 7 and 8 of the Regulations apply. It

is possible that existing large-scale facilities that will accept containers arising from the CDS would be operating consistent with existing approvals. However, a development application would be required for new or upgraded facilities.

5.3 Exemptions for collection cages and large reverse vending machines

Local governments are encouraged to adopt a local planning policy to ensure that specified CDS development and works are exempt from the requirement to obtain development approval, pursuant to Schedule 2, Part 7, Clause 61(1)(i) and (2)(e) of the Regulations. Particular consideration should be given to exempting collection cages and large reverse vending machines within supermarket and shopping centre car parks.

Large reverse vending machine or collection cage proposals which vary the provisions outlined in an adopted local planning policy, or where no policy exists, will require development approval.

A model local planning policy is contained in Appendix 1. Local government is encouraged to consider and adopt this model local planning policy.

Where a local government resolves to adopt the model local planning policy provided at Appendix 1 without modification, pursuant to Schedule 2, Part

2, Clause 4(1) of the Regulations the WAPC agrees that advertising of the proposed policy shall not be required.

The local government, prior to making a resolution to adopt the model local planning policy without modification and not advertise the policy, is required to notify the WAPC of its intention to do so, in accordance with Clause 4(1).

Where a local government determines to prepare a new local planning policy to deal with CDS infrastructure, or modify the model local planning policy provided, all requirements of Clause 4, including advertising, shall apply.

Note – the zoning and land use terms used by the model local planning policy are consistent with the terms provided by the model provisions for local planning schemes of the Regulations. Where planning schemes have not been amended to be consistent with the model provisions, the local government may amend these terms to be consistent with its planning scheme.

6. Other matters

6.1 Applications for development approval

Where an application for development approval is required, applications are to be submitted to the relevant local government in accordance with the requirements of Schedule 2 Part 8 of the Regulations, together with the following information:

- A site plan showing the proposed location of the infrastructure on the property and the location of any existing buildings/structures
- Plans, dimensions and details of the infrastructure
- Photographs/diagrams of any proposed supporting or storage structure(s)
- Details of proposed modifications and other works to be carried out to improve appearance and address amenity concerns

Local governments reserve the right to request any other information deemed necessary to assess applications in accordance with the requirements of a Local Planning Scheme and/or Local Planning Policy.

6.2 Building approval

Notwithstanding that development approval may not be required for the development of some forms of CDS infrastructure, particularly those specified in Appendix 1, a building permit may be required to be sought and issued prior to container deposit scheme infrastructure being erected on site.

Accordingly, proponents should liaise with the relevant local government noting that a Building Permit is required for any building or structure not listed by Schedule 4 of the Building Regulations 2012, which deals with building work for which a building permit is not required.

6.3 Compliance

If CDS infrastructure is installed, and in the opinion of the local government it is not in accordance with the exemptions outline in an adopted local planning policy, a local government may require development application for the infrastructure to be lodged for assessment.

Model Local Planning Policy

Container deposit scheme development provisions

Purpose

To provide an exemption in accordance with Clause 61(1)(i) and (2)(e) of the *Planning and Development (Local Planning Schemes) Regulations 2015* from the requirement to obtain development approval for container deposit scheme infrastructure proposals which satisfy minimum development standards.

Objectives

- To ensure the location, design and siting of CDS infrastructure is complementary to the character, functionality and amenity of urban localities.
- To prevent negative impacts on local amenity from the operation of CDS infrastructure.
- To enable the timely, cost effective delivery of essential CDS infrastructure.
- To provide conveniently located infrastructure to ensure the CDS' effective reduction of litter, increased recycling and protection of the environment.

Statutory provisions

Development approval will not be required for container deposit scheme infrastructure proposals that comply with the provisions of this policy, in accordance with Clause 51(1)(i) and (2)(e) of the deemed provisions of the scheme provided for by the Regulations, unless the development is proposed on land in a place that is:

1. entered in the Register of Heritage Places under the Heritage Act; or
2. the subject of an order under Part 5 of the Heritage Act; or
3. included on a heritage list prepared in accordance with the Scheme; or
4. within an area designated under the Scheme as a heritage area; or
5. the subject of a heritage agreement entered into under section 29 of the Heritage Act.

Container deposit scheme infrastructure proposed to be erected on a temporary basis of not more than 48 hours within a 12 month period are typically exempt from approval, as per the requirements of 51(1)(f) and (2)(d) of the deemed provisions provided in the Regulations and contained within the Scheme. As such, the policy provisions would not apply.

Policy provisions

1. Specified exemption	
1.1	The development or operation of a large reverse vending machine is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, with the exception of: (a) residential, urban development, and special residential zones; and (b) rural, rural residential, and rural smallholding zones.
1.2	The development of a container collection cage is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, including a residential or rural zone or public purpose reserve where the land is lawfully used for the purposes of: (a) civic use; and/or (b) community purpose; and/or (c) educational establishment.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3819

Moved: Cr Williams
Seconded: Cr Galloway

That Council receive the Financial Statements, prepared in accordance with the Local Government (Financial Management) Regulations, for the period ending 31 October 2019.

CARRIED 8/0

The following queries were received and responded to prior to the Ordinary Council meeting:

Details Reference	Question	Query By	Answer
Rating Report	Noting later issuing of rates notices, is the number of payments on instalments higher than previous years	Cr Antonio	Similar to last year's collection taking in to consideration the later issuing of rates to the previous years.
Depreciation over budget reason was Newcastle Road bridge "depreciation greater than expected" vs. budget	Why that was the case, given that we have known about the financial impact expected from the transfer of this bridge to Council for well over a year?	Cr Pollard	The Newcastle bridge was initially bought to account in March 2019, at this point the bridge was initially assessed as being predominantly concrete and depreciated over a 100 year period, during the interim budget it was discussed with the Shires auditors whom insisted that the bridge was revalued by an independent valuer at fair value. This was carried out in July 2019, the value increased from the Main Roads WA value of \$10.9m to \$12.8m, in addition at this point it was reassessed that the bridge be depreciated over 50 years as it better reflexed the useful life due to the pylons being timber, which was in line with the valuers recommendation.

BRIEF

For Council to repeal Policy A 8.1 Harvest Vehicle Movement &/or Hot Works Ban.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

At the Bush Fire Advisory Committee Meeting dated 9 July 2019 the Committee decided to request the Council to repeal Policy A8.1 Harvest Vehicle Movement &/or Hot Works Ban as follows:

Council Policies

With the adoption of the Bush Fire Manual there is a number of council policies that have now been superseded by either the manual itself or by the formalisation of any SOP's.

A8.1 – Harvest, Vehicle Movement &/or Hot Works Ban has been superseded by SOP 16. As a result of the policy being superseded, officers will recommend the policy be rescinded by Council.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Environment and Heritage.

Outcome 5.2: Environmental risks are proactively managed to minimise impact on residents.

Objective: Continued bushfire management planning and mitigation works.

B.2 Financial / Resource Implications

Nil.

B.3 Legislative Compliance

Local Government Act 1995 s 2.7 Role of Council (2)(b) determine the local government's policies.

B.4 Policy Implications

The repeal will remove Policy A 8.1 from Administrations portfolio.

B.5 Stakeholder Engagement / Consultation

Discussed at the Bush Fire Advisory Committee (BFAC) meeting

BRIEF

For Council to adopt the following local law as presented at this Council meeting or very close to the local law as presented in accordance with s3.12(4)

ATTACHMENTS

- Attachment 1: Pest Plant Local Law 2019.
Attachment 2: Letter of support from Minister MacTiernan.

A. BACKGROUND / DETAILS

Every eight years the local laws must be reviewed in accordance with the section 3.16 of the *Local Government Act 1995*. There are two local laws left to be completed. The Pest Plant Local law 2019 will be presented at this meeting for adoption prior to Gazettal and approval by the Joint Standing Committee on Delegated Legislation.

The last local law being the Waste Local Law 2019, is still awaiting approval by the Minister.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 4: Environment & Heritage.

Outcome 4.3: Residents and organisations within the Shire of Northam are supported to reduce their environmental impact.

Objective: Sustainable waste management with the aim of reducing and reusing waste effectively.

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Maintain a high standard of corporate governance.

B.2 Financial / Resource Implications

The *Government Gazette* pricing per page is \$165.35, there are a total of 8 pages making the cost approximately \$1,322.8 for this local law.

B.3 Legislative Compliance

Local Government Act 1995 section 3.12

(4) *After the last day for submissions, the local government is to consider any submissions made and may make the local law* as proposed or make a local law* that is not significantly different from what was proposed.*

** Absolute majority required.*

(5) *After making the local law, the local government is to publish it in the Gazette and give a copy of it to the Minister and, if another Minister administers the Act under which the local law is proposed to be made, to that other Minister.*

(6) *After the local law has been published in the Gazette the local government is to give local public notice —*
(a) stating the title of the local law; and
(b) summarizing the purpose and effect of the local law (specifying the day on which it comes into operation); and
(c) advising that the local law is published on the local government's official website and that copies of the local law may be inspected at or obtained from the local government's office.

(7) *The Minister may give directions to local governments requiring them to provide to the Parliament copies of local laws they have made and any explanatory or other material relating to them.*

B.4 Policy Implications

N/A.

B.5 Stakeholder Engagement / Consultation

6 weeks consultation was advertised on 24 July 2019 in the West Australian and the local newspaper for a period of six weeks. Consultation has taken place internally with Councillors and staff, and also the Department of Local Government, Sport and Cultural Industries as well as Minister MacTiernan.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	\$13,338	Minor (2)	Ensure compliance with the Act
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A

Compliance	Not completing local laws would create non-compliance issues	Medium (3)	Comply with all legislation
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

The Pest Plant Local Law 2019 will be the only local law presented and considered for adoption at this Council meeting as the Minister has requested some changes to the Waste Local Law. Below is a table explaining at which stage each local law is currently at.

2019 Local Laws	Stage 2	s3.12 (2-4)	Council moved to make changes to the local law and advertise changes for 6 weeks	Ministerial Approval Received	Stage 3	s3.12 (5-7)	Council adopt the new local law, advertise & send for Gazettal	Final Stage	Send to JSC for final approval
Parking Local Law				N/A					Completed
Cats local law				N/A					Completed
Fencing Local Law				N/A					Completed
Pest Plant Local law				Yes					
Waste Local Law				In progress					

The following minor edits were suggested to the Pest Plant Local Law, by the Department of Local Government, Sport and Cultural Industries:

Pest Plant Local Law 2019

- Contents Page – Ensure the entry for clause 2.1 reflects the same title in clause 2.1;
- Clause 1.5 – change 'schedule' to 'Schedule';
- Clause 2.1 – Insert a heading for that clause;
- Clause 3.2 – Change 'specified therein' to specified in the notice'; and

- First Schedule – remove Italics from 'Caltrop' and remove highlighting from the last two lines.

All changes to the above local law have been made in accordance with the Departments suggestions.

The local law was presented to Minister MacTiernan and the Minister has replied with support for the local law (letter attached)

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3821

Moved: Cr Ryan

Seconded: Cr Little

That Council

1. Adopt the Pest Plant Local Law 2019 as presented or not significantly different to the presented local law;
2. Authorise the CEO to proceed with the process outlined in section 3.12(5-7) of the Local Government Act 1995.

PEST PLANTS LOCAL LAW 2019

Under the powers conferred by the *Biosecurity and Agriculture Management Act 2007*, *Local Government Act 1995* and by all other powers enabling it, the Council of the Shire of Northam resolved on.....2019 to make the *Shire of Northam Pest Plants Local Law 2019*.

PART 1 - PRELIMINARY

1.1 Title

This local law may be cited as the *Shire of Northam Pest Plants Local Law 2019*.

1.2 Commencement

This local law comes into operation on the fourteenth day after the day on which it is published in the *Government Gazette*.

1.3 Repeal

The *Shire of Northam Pest Plants Local Law 2011* published in the *Government Gazette* on 22 July 2011 and all amendments thereto are hereby repealed on the day this local law comes into operation.

1.4 Application

This local law applies throughout the district or part thereof, as prescribed in the First Schedule.

1.5 Interpretation

In this local law, unless the context requires otherwise –

Act means the *Biosecurity and Agriculture Management Act 2007*;

Authorised Person means a person appointed by the local government under section 9.10 of the *Local Government Act 1995* to perform any of the functions of an Authorised Person under this local law;

Council means the Council of the Shire of Northam;

district means the district of the local government;

land means land in the district and includes houses, buildings, works and structures, in or upon the land;

local government means the Shire of Northam;

notice means a notice referred to in clause 3.1;

occupier has the meaning given to it in the *Local Government Act 1995*;

owner has the meaning given to it in the *Local Government Act 1995*;

person means any person, company, public body, association or body of persons corporate or unincorporated and includes an owner, occupier, licensee and permit holder, but does not include the local government;

pest plant means a plant described in the First Schedule of this local law;

Schedule means a schedule to this local law, and

treat means to take action to either –

- (a) destroy the pest plant so that the pest plant is fully and continuously suppressed and destroyed;
- (b) eradicate the pest plant from the land so that the land is kept free of the pest plant; or
- (c) control the growth of the pest plant so the pest plant does not spread.

PART 2 – PEST PLANTS

2.1 Pest Plants

Every plant described in the First Schedule of these local laws is a Pest Plant.

Dear Ms Greenough

REVIEW OF PEST PLANTS LOCAL LAW 2019

Thank you for your email dated 21 August 2019 regarding a draft Pest Plants Local Law (Local Law) for the Shire of Northam (Shire) pursuant to the *Local Government Act 1995* (LG Act) and the *Biosecurity and Agriculture Management Act 2007* (BAM Act).

I note that the Shire intends to prescribe two plant species, African Love Grass (*Eragrostis curvula* (Schrad.) Nees) and Caltrop (*Tribulus terrestris*) as Pest Plants under the Local Law and Section 193 of the BAM Act. This Section of the BAM Act allows Local Governments, such as your Shire, to manage plants that are considered pests in their area. Both of the plant species listed in your draft schedule are permitted species under the BAM Act for the Shire, and therefore can be prescribed as Pest Plants under Local Law.

The Department of Primary Industries and Regional Development endorses the Shire's action managing widespread and established weeds that are a problem in your area.

Thank you for informing me of this matter.

Yours sincerely

Reporting Officer:	Ross Rayson, Executive Manager Community Services
Responsible Officer:	Ross Rayson, Executive Manager Community Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to consider the plan and costings prepared in relation to the redesign of the layout of the Northam Library.

ATTACHMENTS

Attachment 1: Consultants concept plan Option B.
Attachment 2: Costing summary.

A. BACKGROUND / DETAILS

As a result of access issues identified within the internal design of the Northam Library, the Shire of Northam has commissioned a number of reports into the access issues and possible solutions.

These reports include:

1. Disability Access Audit Report and Action Plan- Compiled by Code Access Consulting.
2. Northam Library-Risk Assessment for the Use of Mobility Devices.

Additionally, in June 2019, the Shire commissioned Parry & White Architects to undertake a redesign of the internal layout of the Northam Library.

The purpose of the redesign was to look at ways of reconfiguring the Library to suit all users, and providing innovative solutions to the access and equity issues without any major disruption to Library services.

Parry & White Architects have over 20 years' experience in working in the disability sector.

Parry & White have developed a number of options for consideration. Each of these has considered the current layout, and explored options to provide additional space in the vicinity of the current Library building.

Once the options were considered, the consultants have provided a cost estimate to undertake the works of \$630,000.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: A cohesive community with access to quality services

Outcome 2.2: There are a variety of recreation and leisure activities available for all ages, across the Shire of Northam.

Objective: Deliver a supportive library service

B.2 Financial / Resource Implications

The costs for these works is estimated at \$630,000. This project is not currently identified in the Long Term Financial Plan, and no alternative funding sources have been identified.

B.3 Legislative Compliance

Disability (Access to Premises-Buildings) Standards 2010.

Disability Discrimination Act 1992

Shire of Northam Disability Access and Inclusion Plan 2019-2023

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

Stakeholder engagement was undertaken by the Architect and consisted of discussions with staff, and a public workshop.

Library patrons, particularly those with a disability, were encouraged to participate in the stakeholder engagement. However, only 6 people attended the public workshop, and no written responses were received.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	There is significant cost to Council to	Low (4)	Ensure there are sufficient financial

	undertake the works, which could result in other projects being delayed.		resources available before undertaking the works.
Health & Safety	Failure to undertake works may result in the Library becoming non-compliant	Low (3)	Ensure any works undertaken are compliant
Reputation	Council seen as not providing equitable access to all residents	Low (4)	Works undertaken to provide maximum access possible.
Service Interruption	Proposed works result in a reduction of service provision	Low (4)	Works undertaken do not decrease service provision
Compliance	The proposed works are not sufficient to ensure the facility is compliant in future	Low (1)	Ensure all relevant compliance legislation is met
Property	NA		
Environment	NA		

C. OFFICER'S COMMENT

In addition to the provided design, staff are of the view Council has a number of other options open to it, including;

1. Do nothing

Council could take the position that the costs of proposed remedial work are unachievable at this time. This being the case Council could make a determination that due to financial limitations it is not feasible to undertake the recommended works;

Option – NOT recommended

That Council does not undertake any internal remedial works to the Northam library to make it more accessible, due to the Councils current financial limitations;

2. Reduce the level of service

There is a view that in order to make it at least 'more accessible' Council could adjust the internal elements of the library that are moveable. For example a reduction in the number of bookshelves and/or removal of the 'quiet area' at the front of the library. This could result in at least some level of access inside the building for gopher users. Council would need to be mindful that resolving to undertake

these works, while cost effective, would result in a loss of service provided to the community.

Option – NOT recommended

That Council;

1. Authorises the Chief Executive Officer to reduce the current level of services provided by the Northam Library (including reduction in book stock)
2. Authorises adjustments to the internal layout of the library to allow for limited gopher access, to be undertaken within the existing budget constraints of Council

3. Defers Action

The proposed modifications to the Northam Library were designed to provide more equitable access to the Library services for all members of the community, without reducing the levels of service currently provided.

However, to achieve this will result in a significant capital investment from the Shire to ensure the compliance.

In assessing the requirement for the recommended works, Council should also consider the current works being undertaken to provide fully accessible toilet facilities for both staff and patrons, as well as modifications to the main reception desk, and other minor amendments to make the Library more accessible.

Given that the proposed changes are designed to make the Library fully accessible for personal mobility devices (i.e. gophers), Council also needs to be confident that any works undertaken will meet, or exceed, the legislative requirements which have not been finalised at this time.

RECOMMENDATION

That Council;

1. Receives the concept plan and costings for the proposed redesign of the layout of the Northam Library;
2. Does not undertake the internal remedial works identified in the Parry & White Architects design to the Northam library to make it more accessible, due to the Councils current financial limitations;
3. Refers the full scope of the project to the 2020/21 draft budget for consideration,
4. Authorises the Chief Executive Officer to seek grant funding for the project, in the context of point 3 of this decision of Council.

4. Undertakes the recommended works

Option – NOT recommended

That Council:

1. endorses the concept plan and costings for the proposed redesign of the layout of the Northam Library;
2. authorises the Chief Executive Officer to advertise the redevelopment of the Northam Library for Tender, in accordance with the Parry & White Architects design
3. requests that as part of the tender award report to be provided to Council, staff present a project funding plan

Absolute Majority of 6 required

Council needs to be mindful that as the project has not been identified within the Councils long term financial plan, any additional capital costs will have an impact on future provisioned projects.

While staff are mindful of Councils commitment to providing safe and accessible services and facilities to the community, in this instance, it is considered that a complete redesign of the library floor plan and the significant costs associated with this works, are unreasonable. As a consequence option 4 has been discounted by staff, however this options remains available to Council.

It final option or approach would be a combination of options 2 and 3. Accessibility of our public library is a critical and while the funds are not available currently there may be an opportunity to identify external funding to assist Council in its endeavours. Additionally, in order to achieve an immediate outcome Council could resolve to not undertake the full extent of the remedial works, request staff look for external funding and in the meantime provide an area within the library where gopher users can enter and station themselves.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3822

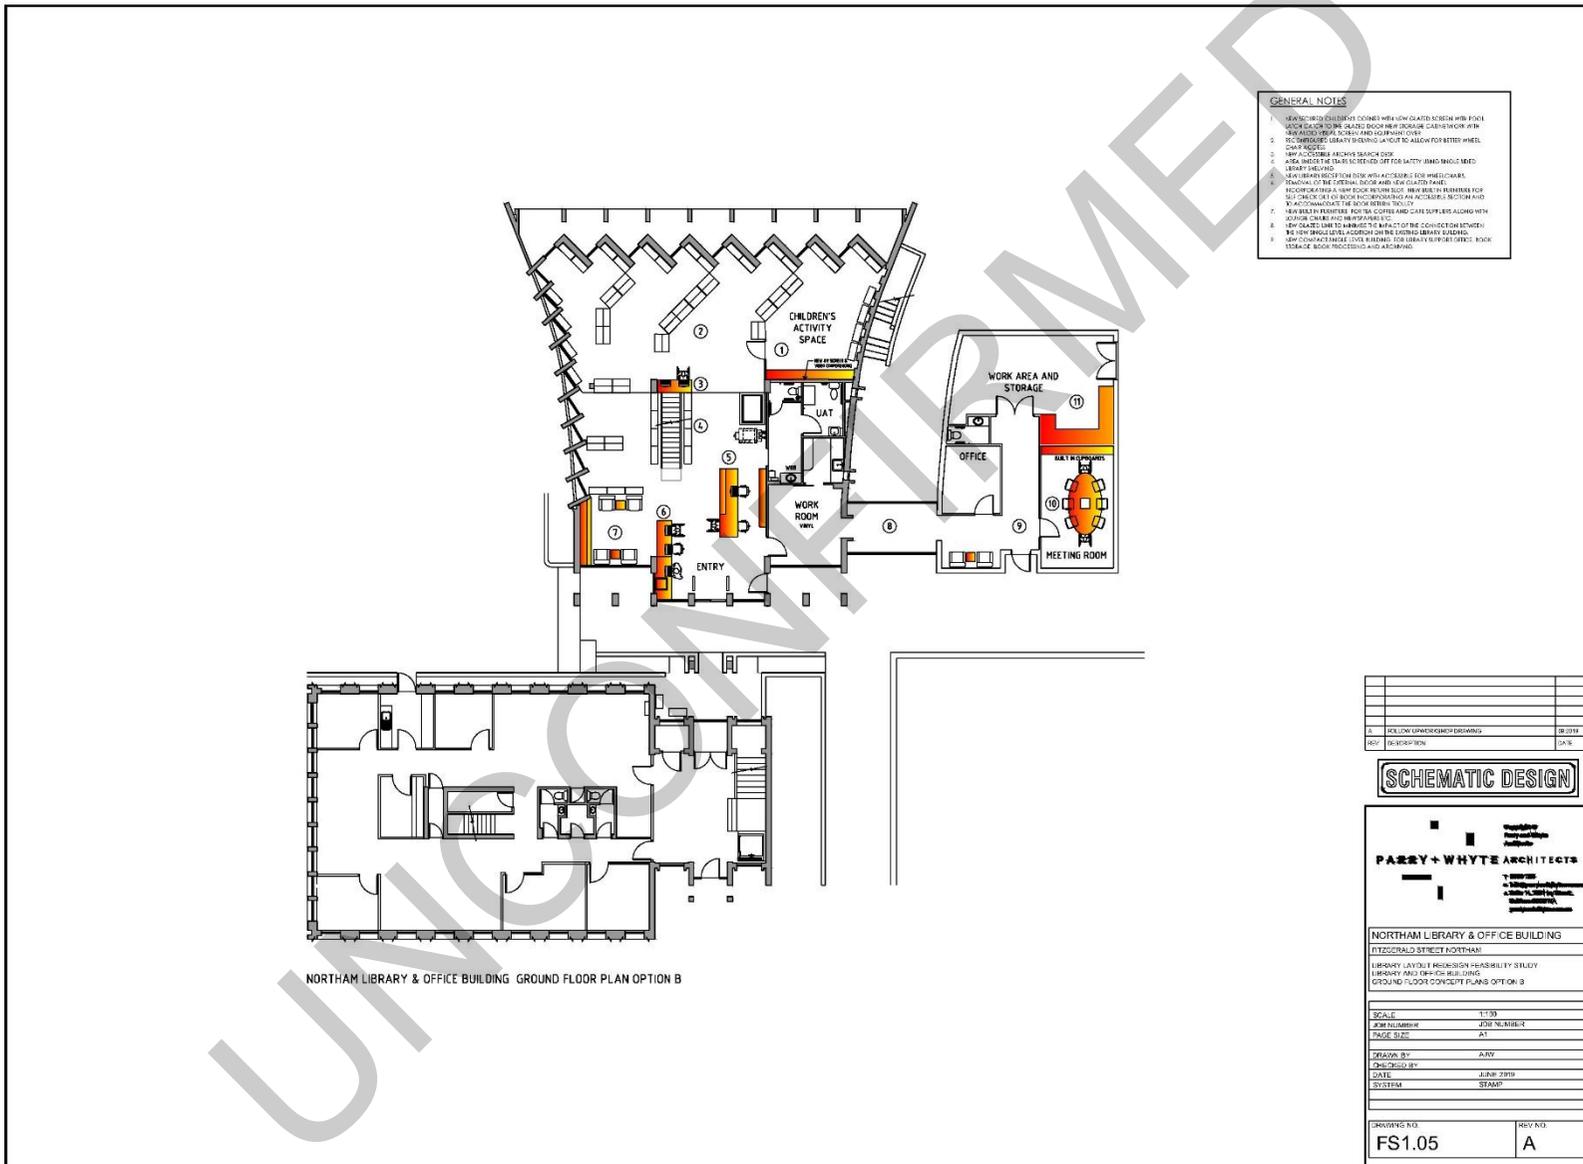

Moved: Cr Ryan
Seconded: Cr Galloway

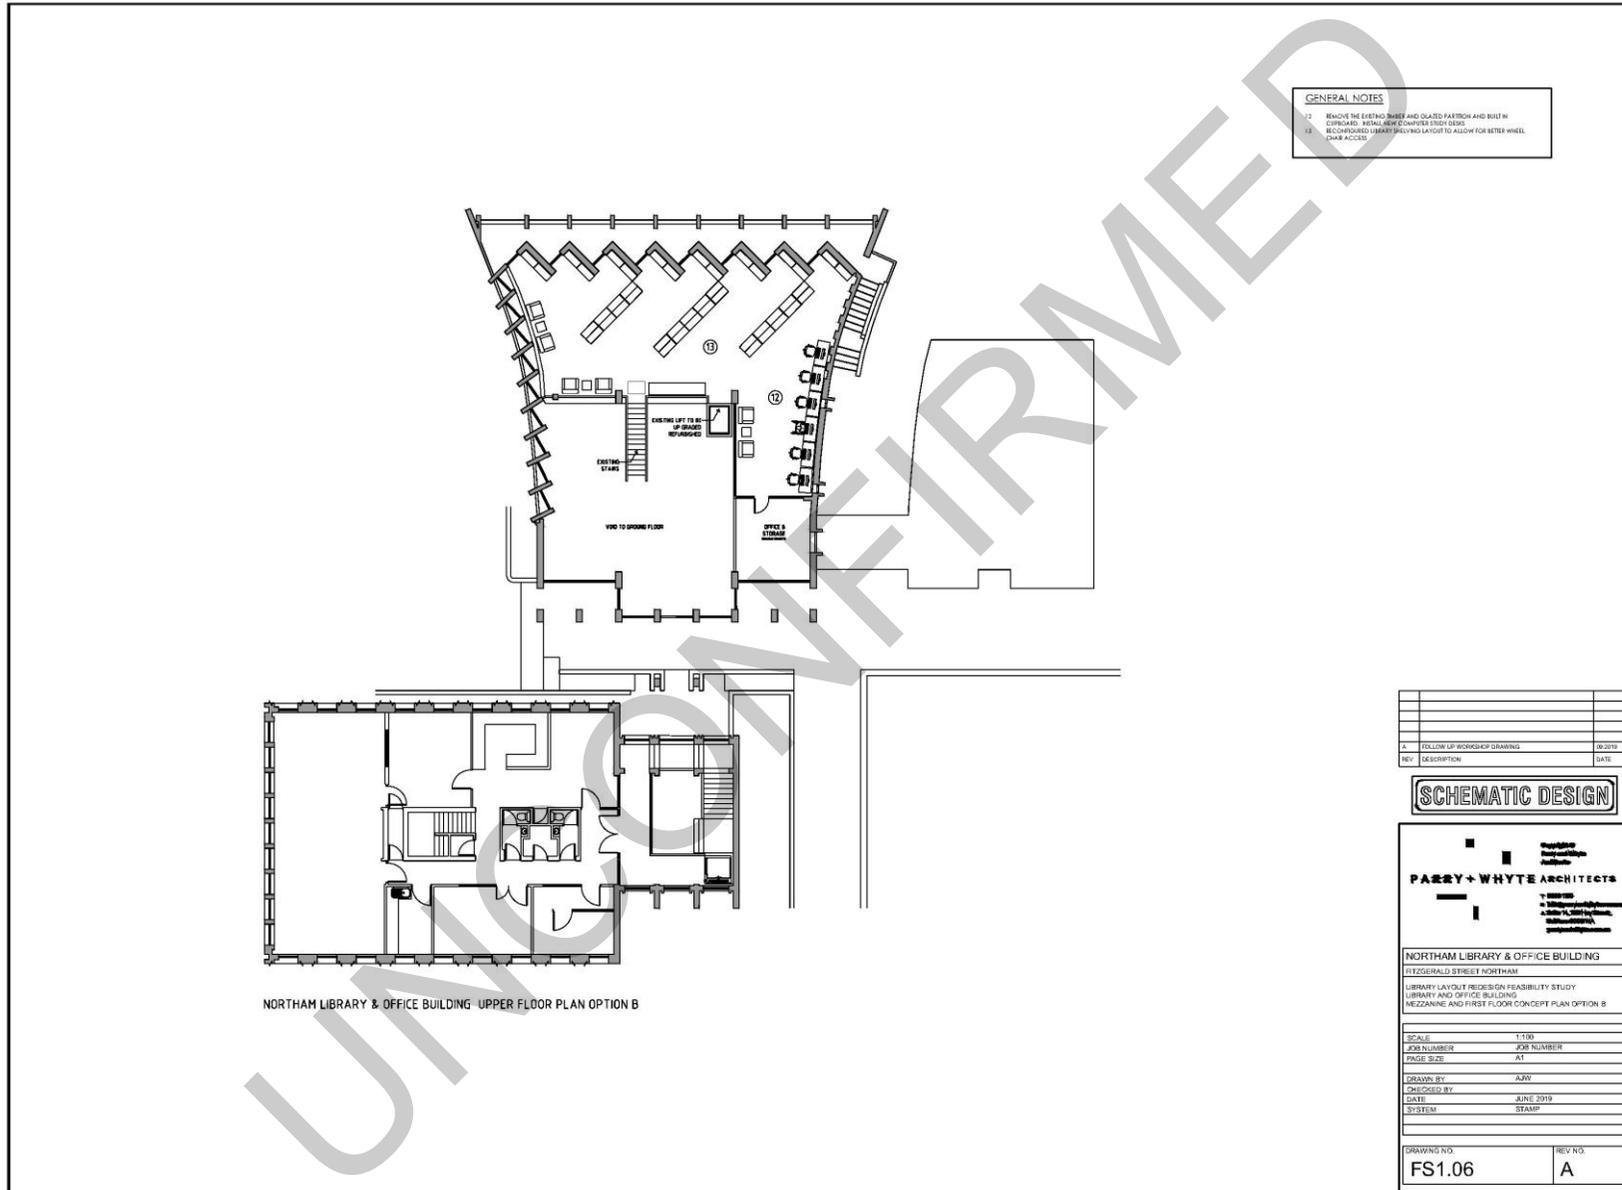

That Council:

- 1. Receives the concept plan and costings for the proposed redesign of the layout of the Northam Library;**
- 2. Does not undertake the internal remedial works identified in the Parry & White Architects design to the Northam library to make it more accessible due to their being insufficient provision in the current budget;**
- 3. Refers the full scope of the project to the 2020/21 draft budget for consideration,**
- 4. Authorises the Chief Executive Officer to seek grant funding for the project, in the context of point 3 of this decision of Council.**
