9. PUBLIC STATEMENT TIME

Joy Smith, President of the Avon Valley Arts Society (AVAS) attended the meeting to make a statement in relation to the recommendation from the Shire's Art Collection Committee to hang a Rolf Harris Piece at the Shire's Art Launch in December. At an AVAS meeting held this week, Joy relayed to Council that a unanimous 10/0 vote by the Society was against displaying the works, due to the controversy currently surrounding the artist. It is the position of AVAS that to display the piece under the current circumstances would be inappropriate, and to display an artist's work is an honour which the Society does not feel that the artist deserves.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

Operational Aspects:

Bushfire aspects

With the restricted burning period now in force, it was timely that 15 year National Service Medals were awarded to 4 of our volunteer members recently. Premier Colin Barnett was at Muresk recently for a speaking engagement and we were able to get him to present the medals which hopefully added to the significance of the presentations. Congratulations to all concerned in getting this organised at very short notice.

Corporate Business Plan

The Shire is working its way through delivering this guiding document and we look forward to achieving the plan as the year progresses.

Strategic Aspects:

Aged Friendly Communities

There is a growing interest in how ageing individuals can best live their lives, with formal residential care seen as a least best alternative to ageing in place i.e. your own home. There is a proposal to build 101 accommodation houses and units in Northam to cater for those who may need to move on from the family home but still be as independent as their health allows. The Global Care Group has launched the proposal and there seemed to be reasonable interest in what they are looking to achieve.

Avon Region of Councils

The next meeting of this group will include York and possibly Beverley as guests. The previous SEAVROC group is looking to cease with Quairading, Cunderdin and Tammin looking to form a smaller grouping to better serve their communities with effect from 30/6/15.

Regional Centres Growth Plan implementation

Council has received the recommendation by its committee on priority projects to advance the supertown process with the Avon Bridge added to the committees list.

Wheatbelt Development Commission

The Wheatbelt Investment Blueprint has been advertised for comment and a submission was made by us. The Commission has acknowledged our comments and we will see shortly to what extent our submission has been taken up in the final document.

PURPOSE

For Council to give consideration to allocating financial resource to allow for a process mapping and improvement program to commence.

BACKGROUND

As Council has been informed previously the Chief Executive Officer has been progressing through a program since his commencement twelve months ago. The program focused around reviewing the Councils strategy and structure initially. This resulted in some work around the Councils Strategic Community Plan initially and then more significant work being undertaken around the Councils Corporate Business Plan. The review of the Corporate Business Plan has also been central to a review of the Councils organisational structure, with both processes resulting in adjustments being made. As part of the structure review the need for the development of a stronger culture was also developed, this resulted in a commitment to a group of core organisational values around being safe, open, accountable and respectful.

The next phase of organisational development is around the systems and processes. This element recognises the need for the organisation to be more reliant on its systems and processes than it is on individual people within the organisation. This becomes critical when turnover rates are high, which they have been at the Shire of Northam in the past number of years. Unfortunately the Shire of Northam currently has a lack of documented processes and related procedures.

Process mapping and improvement is viewed as being an important part of the Shire of Northam development. Unfortunately process mapping and improvement programs can be time consuming challenging and therefore expensive to implement. However without well

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

documented processes and an improvement schedule it is felt the organisation cannot grow and develop to its full potential

STATUTORY IMPACTS

Local Government Act 1995

S6.8 Expenditure from municipal fund not included in annual budget

- (1) a local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure
 - (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
 - (b) is authorised in advance by resolution*; or
 - (c) is authorised in advance by the mayor or president in an emergency.

* Absolute majority required.

CONFORMITY WITH THE STRATEGIC COMMUNITY PLAN / CORPORATE PLAN

G2 Improve Organisational Capability and Capacity

G2.3 Operate/Manage organisation in a sustainable manner

FINANCIAL IMPLICATIONS

There is currently no budget allocation for this. Initially it was thought that the process mapping would be undertaken internally. It is however evident that this is not going to be feasible, hence a request is being made for Council to provide an 'unbudgeted' provision.

This amount would be expended from account 04042132.

OFFICER'S COMMENT

A request for quotation was called, focusing on consulting firms with the capacity and experience to undertake this work on behalf of the Shire of Northam. The list was gathered utilising information provided by the Department of Local Government, WA Local Government Associations and Australian Centre of Excellence for Local Government.

Three submissions were received, with the submitted costs of the project from each of the firms being around the \$50,000, plus disbursements and any software purchases required. This allocation will provide an excellent start to the process mapping and improvement program with approximately 20-25 processes being mapped, documented and assessed. Included in the costs for two of the three proposals is an element of staff development to

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

ensure that the organisation can continue to map the 'less critical' processes and continuously review and improve the organisation.

In addition the proposal which is being favored at this point offers a staged approach giving the opportunity for the implementation of a smaller 'pilot' project as stage one (approximately \$20,000) which only if considered successful would result in the full program being implemented.

RECOMMENDATION/ COUNCIL DECISION

Minute no C.2309

Moved: Cr D Hughes

That Council:

By Absolute Majority, allocates \$60,000 for the Chief Executive Officer to undertake a Process Mapping and Improvement project at the Shire of Northam.

PURPOSE

For Council to consider the future of the Outside School Hours Care and Vacation Care programs, currently managed by Recreation Services.

BACKGROUND

Over the past six years, Recreation Services has operated an outside school hours and vacation care program. These programs afford the opportunity for working parents to have their children supervised and cared for until they finish work.

The management of the programs has caused ongoing problems for years and in January this year, Expressions of Interest were sought from private businesses and individual/s to lease the crèche with the intention of providing Out of School and Vacation Care Services. We received three expressions of interest and Council decided to offer a two year lease to Great Beginnings commencing on 14 April 2014.

Great beginnings later asked to postpone the commencement date until July however shortly after this they sold the business to another child care provider **G8 Education** who were going to take over the lease starting from the end of September.

Council made provision in the current 2014/15 budget to ensure the services could be provided until G8 Education took over services however unfortunately we have just been informed they are no longer in the position to undertake any new businesses therefore they won't be proceeding with the lease agreement.

STATUTORY REQUIREMENTS

N/A

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

CONFORMITY WITH THE COMMUNITY STRATEGIC PLAN

Objective: Create an Environment that provides for a caring and healthy community
Strategy: Facilitate the provision of appropriate child care facilities.

Objective: Support business and investment opportunities
Strategy: Support sustainable business and commerce initiatives

BUDGET IMPLICATIONS

There is an allocation of \$15, 354.00 in the current 2014/2015 Budget for the provision of child care programs until the end of September 2014.

OFFICER'S COMMENT

It is appreciated that child care is an important service consideration however the service managed by the Recreation Services Manager has been a challenge on a number of fronts including transport (since there is no designated bus) and meeting the requirements of having a qualified child staff member. We have been fortunate during recent years as the current Officer has provided a consistent and stable service however she no longer wished to work within the childcare industry and only made a commitment to stay with the service until the lease was taken on by another agency. Since they have pulled out of the agreement the Officer has resigned from the childcare role effectively from 26 September (end of term 3 school period) so the service cannot be provided at this time until a decision is made regarding its future operations.

The number of families and children using the service has reduced steadily over the last 12 months for valid reasons namely previous transport problems and more recently a number of families chose to cancel when they heard that the service was being leased out. When the Child Care Officer resigned, there were just 8 children regularly accessing the programs and she assisted these families with securing alternative childcare arrangements. The service is now currently suspended until Council decides how they want to proceed.

There are several options Council can consider when deciding the future of the child care programs.

Firstly, there will always be a need for afterschool and vacation care council could continue with its operations however if this were the case there would have to be a new budget allocation since the current budget allocations have been expended and crucial to its future success would be to have a designated bus and a qualified driver which would increase the costs to deliver the services.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

The second option would be to again seek expressions of interest from private businesses and individual/s to lease the crèche and/or approach the previous people who submitted applications and this may prove successful.

The third option would be to discontinue the service since we no longer have families currently needing the service and it appears there are adequate child care providers within the community for the immediate future. For the Shire to cease the services, Council can surrender the current approved provider Licence (Under section 38 Education and Care Services National Law WA 2012) which can be applied for again in the future should council choose to do so.

The Northam Recreation Centre child care facility will can still form an integral part of the Centre's operation. A crèche service will enable us to further develop programs for parents wishing to participate in programs and other activities that will benefit from a crèche service. It can also be used for meetings as it currently does) and there is scope to use for providing a birthday party option for smaller children which has been requested previously.

One of the initiatives in the Shire's Corporate Business Plan is to facilitate provision of appropriate child care facilities (objective C1.4) by undertaking a resource audit of child care facilities and services within the Shire in 2015/16 which will identify if there are gaps in this area and if so the viability of leasing the crèche area could be considered at this time.

RECOMMENDATION/ COUNCIL DECISION

Minute no C.2312

Moved: Cr T Little

That Council:

- 1. Agrees to discontinue the Out of School and Vacation Care Service; and**
- 2. Review the viability of leasing the crèche area following the resource audit of child care facilities and services within the Shire in 2015/16.**

PURPOSE

For Council to endorse the reallocation of budget provisions from 'area drainage general' to 'subsoil drainage Henry Street Oval', allowing drainage improvement works on Henry Street Oval to proceed.

BACKGROUND

Since 2012 when Henry Street Oval was re-turfed in conjunction with the construction of the new Recreation Centre, there has been ongoing issue with the quality of the playing surface.

Various consultants and industry professionals have inspected the grounds providing advice and recommendation all of which have identified inadequate drainage as a major contributing factor.

There are three types of drainage which are important in the context of the Henry Street Oval, sub surface, surface and soil profile. The construction of the oval with a sand base addresses the latter and we don't believe there are issues with the soils ability to drain. The proposal to address the sub surface drainage will correct the current issues raised with the sub surface drainage. The third element, being the surface drainage, the oval has sufficient cross fall from one side to the other to allow correct surface drainage. The only issue with the surface drainage is the unevenness of the fall from one side to the other. The surface profile is something that needs constant attention given a whole range of factors such as ground movement etc. Staff are of the view that we can address the major level issues (approx. 1000m²) in one operation that will require levelling and returfing, with the remaining issues being dealt with over time with levelling equipment etc.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

The current soil composition is approximately 150mm of sand, beneath that is clay/ loam. As the water drains through the sandy layer it reaches the clay / loam at which point it cannot drain into the sub-surface drains and away from the ground. Once the water reaches the Clay/ loam layers the water will sit creating a soggy surface, over time it will drain or evaporate leaving behind salts and minerals in high concentration resulting in damage to the turf and prohibiting recovery. Hence the requirement for subsoil drainage.

Preliminary budget estimates developed to deliver Henry Street drainage improvement works identified a required budgeted amount of \$50,000. Subsequent detailed costing and professional advice received during the request for quotation process has determined that works required to provide a surface that is fit for purpose is in the order \$75,000 (ex gst)

FINANCIAL IMPLICATIONS

There is currently an unspent allocated budget of \$50,000 (GL11349404 Infrastructure Parks) for Henry Street Oval. Additional funds can be sought from GL 10282002 Area Drainage with an available Contractor allocation of \$110,000.

Preliminary estimates provided by Council's long term supplier (Woodlands) suggested \$40K to address draining at the SW end of the oval. As it has however become apparent over the winter, drainage / soil issues cover the entire oval (NE side to a lesser extent), when detailed quotes were sought they were for the entire oval.

Following adoption of the budget detail costings were sought for the design/ recommendation of a system that would solve the problem i.e. "fit for purpose". Initial costs received were looking like \$100k for a 2 stage construction process, using: SW half 6m spacing & NE half 12m spacing

In seeking value for money, option for a quotation as a single stage design was sought, at which point the supplier reviewed Northam's AARF and believe an amended design to 8m & 16m spacing is adequate. Expressing concern we were getting a lesser design, staff have received advice in writing confirming this was still a fit for purpose proposal design.

Quotations have been received from independent contractors with estimated costs to be at \$75,000 (ex gst).

OFFICER'S COMMENT

It is a reasonable question to put as to why the existing subsoil drainage is not working. There are a number of theories put forward, which include backfilling the existing drains with inappropriate material, to subsoil drainage not being designed or installed correctly. While there are no absolutes, in terms of causes or guaranteed results, it is evident that unless the subsoil drainage issues are resolved the oval will not be able to reach its full potential. It is also important to note that the sub soil drainage will provide the basis for a positive outcome, the other two critical factors are the surface drainage (levels), soil and then the ongoing program of watering, fertilising and soil building etc. This being the case while it is expected to see an improvement in for the next football season, it may well take a number of seasons to see the full benefits.

The concept of trying to locate and dig up the existing subsoil drainage to repair was also explored, however based on the best available information it is considered this would not be a practical, time or cost effective way to proceed.

6. AGENDA ITEMS

6.1 RESIGNATION OF COMMUNITY REPRESENTATIVE – Anne Ashman

Following the recent resignation and relocation of Committee member Ann Ashman, Mr Letch feels that it would be the most appropriate course of action to write to her to thank her for her efforts while she was with the Committee. Further to this, he feels that by the next meeting of the Committee, a suitable replacement to fill the position should have been identified and approached.

Mr Letch suggested both Trish Hamilton & Sue Wilding, with the suggestion of Pam Northey being added by Cr Beresford. Ms McGready will contact the three candidates via email for expressions of interest.

6.2 SHIRE OF NORTHAM ART COLLECTION – Cr Rumjantsev

Cr Rumjantsev put forward that the Shire has a well-kept secret in its art collection. He feels that it should be more widely available to the public, as it is an asset that we should be showcasing. This could be done via a link on the Shire of Northam website, possibly showcasing 25 per quarter on a rotational basis via links and high resolution images.

This could be done in line with the local Northam Art Prize launch, or could be done as an independent launch. Advertising could be done in the same mediums as other Shire events (via the Shire Newsletter and Facebook etc), and could also be linked on the website to other local governments with similar collections.

Cr Beresford stated that this should be put to Council to gauge interest in the project.

Mr Letch put forward that the Shire has a rare gem in the Hotchkin bequest portion of the collection, but questioned whether copyrights would cause a problem.

6.3 SHIRE OF NORTHAM ART PRIZE – Stephanie Corcoran

This item was discussed in conjunction with the below point (6.4)

6.4 LAUNCH OF SHIRE OF NORTHAM ARTWORK – Jean McGready

Ms Corcoran stated that Avon Valley Arts Society (AVAS) would like the Shire's art collection launched in conjunction with the Northam Art Prize event. Ms McGready stated that since that suggestion was made, she has met with AVAS representatives who do not think that there is enough time before the event to do this, and so the Killick would be a better art event to pair with the launch, as it is smaller, further into the future, and for Northam artists only. This would allow a bigger presence for the Northam Collection, and may also raise the profile of the Killick event itself, while also allowing for more time to plan and implement everything necessary to the launch.

Councillors Beresford and Rumjantsev agreed that it would be better sooner rather than later to launch the collection, and that the idea of an independent launch has been considered previously, to which Ms Corcoran replied that this would still allow the collection to be shown with the Killick event if desired.

Mr Letch stated that the end of September to the beginning of November would be the best time for the launch, with October being the best time, as no other big events around the time will detract from the launch.

Ms McGready is to look into future bookings for both the Town and Lesser halls so that enough time is allowed to set up and take down artworks, and will also invite the Shire's new Program Development Officer, Mrs Hayley Ayers-Findlay to the next Art Committee meeting so that she can involve local children and youth groups in the launch.

7. OTHER BUSINESS OF AN URGENT NATURE INTRODUCED BY DECISION OF THE COMMITTEE

7.1 ROLF HARRIS PAINTINGS – Mr M Letch

Following recent discoveries with regards to Rolf Harris, the future of the two paintings in the Shire's collection are to be discussed.

Mr Letch believes that it is the Committee's position to put to Council their recommendations on the artworks, not the morals of the artists. However, as the Committee needs to advise Council of their recommendations, it should be stated that although the artist is in question, they are nevertheless worthy pieces of art.

Cr Beresford furthered this point by stating the importance of the subjects contained within the works; one being James Mitchell, who is a vital figure in the history of Northam

Cr Rumjantsev stated that this is really a Council matter, and that it should be discussed at the next Council meeting among elected members.

7.2 FUNDING FOR RSL TO PROMOTE THE ANNIVERSARY OF THE FIRST WORLD WAR – Cr Beresford

It has been requested that the Shire donate \$5,000 to the Northam branch of the RSL for them to purchase a number of paintings by Ann Ashman to commemorate the anniversary of WW1. Ann has already offered the pieces for sale to the RSL.

Cr Beresford has suggested that it may be prudent for the Shire to purchase the pieces directly for the collection and loan them out to the RSL on an ongoing basis. He feels that this would be a good asset for the Shire to own, and would ensure that the collection stays within Northam.

Mr Letch is to ask Ms Ashman about the 80 pieces, and if she agrees, we can add them to the 2 pieces already in the collection.

Cr Beresford stated that if an answer can be obtained by next week, he can put it to Council at their ordinary meeting that we buy the pieces directly as opposed to donating the funds to the RSL.

6. AGENDA ITEMS

6.1 NOMINATIONS AND RECOMMENDATIONS FOR NEW COMMUNITY REPRESENTATIVE - Michael Letch

Mr Letch stated that traditionally, the Committee has had 2 Community Representatives, 1 AVAS Representative, 1 Chamber of Commerce Representative, and 2 Council Representatives. He put forward to a lack of presence by Chamber of Commerce Representatives, this often leaves numbers short, and there have been a number of times where a quorum has not been reached. Because of this, Mr Letch suggested that it may be prudent to have 3 Community Representatives rather than 2, which will be a decision that ultimately needs to be made by Council.

Trish Hamilton and Sue Wilding have been suggested as the strongest contenders to fill the one empty space and the one new space should it be created. They both have an artistic background, and would both be valuable members of the Committee, bringing different aspects to the table.

6.2 LAUNCH OF THE SHIRE OF NORTHAM ART COLLECTION – Jean McGready

As the venue and date for the launch of the Shire's Art Collection have been set, Mr Letch noted that it may be prudent to arrange a guest list. The event is to be held between 8th-15th December 2014, and will be at the Northam Town Hall.

Ms McGready pointed out that a draft invite has already been started, and this will go to the Committee for comment in the next week.

The Committee next discussed the artworks to be displayed at the Launch. Cr Beresford noted that the number of paintings will be important as if there are too many, it may look cluttered. Mr Letch stated that at one point, a large majority of the Claude Hotchkin Bequest hung in the Town Hall, and so we have space for around 32 pieces.

Ms McGready informed the Committee that there is a rail to hang paintings from in the Town Hall, and Mr Letch put forward that there should be a variety on display, including watercolours, modern works and Art Prize Winners among others. Ms McGready then went on to suggest that once the new committee member(s) are appointed, they can assist with the final decisions, to which Mr Letch agreed, and stated that pieces will need to be sighted to assess frame suitability and overall condition for display.

Cr Beresford suggested that schools should be contacted re the possibility of excursions to see the display. This contact should be made via a formal letter from the Shire.

In discussing which pieces to display, Mr Letch put forward that the Committee should consider displaying the Rolf Harris piece "The Old Boat Shed". Cr Beresford proposed that the future of Rolf Harris' works in the collection in general should be a decision made by Council, and this will need to be established before a decision is made in regards to displaying any work at the launch.

Cr Beresford also suggested that a survey for attendees to the display may be a good idea to gauge public perception and interest. Mr Letch put forward that the three most

popular pieces as decided by this survey could possibly have a spotlight on the Shire's web page.

Cr Beresford also suggested that the middle of the floor space could be filled with tables for children to create their own art, Cr Ulo suggested free standing pieces of art, and Mr Letch suggested native flowers may fill the space.

RECOMMENDATION/COMMITTEE DECISION

Moved: Mr TM Letch

That Council;

Provide a definitive decision on the future of Rolf Harris' works in the Shire's Art Collection. It should also be explained that in considering works to be displayed at the launch, it was raised that the Committee's place is to provide advice on the Art itself, and not the morals of the artist, and so the Committee feels that "The Old Boat Shed" is worthy of display at the launch.

CARRIED 4/0

6.3 INVITATION LIST FOR LAUNCH OF SHIRE OF NORTHAM ARTWORK

This is currently being developed and will be sent out to Committee members in the coming week for comment.

6.4 CHOICE OF NUMBERS OF WORKS TO BE DISPLAYED

This is to be decided upon once new committee members start.

6.5 PUBLICITY CAMPAIGN FOR THE LAUNCH

Mr Letch also discussed the publicity of the event and how we are to market this. Ms McGready informed the Committee that we have a number of advertising channels at our disposal, including the Shire website and Facebook page, flyers and local radio. We can also ask the Shire's Communications Officer to prepare a media release, and Mr Letch suggested contacting the ABC radio station in Geraldton to advertise the event.

6 DISCUSSION TOPICS

1. Short DVD, John Hansen – DVD did not arrive in time.

2. Current FCO list –

i. The FCO list, attached, was distributed for information and comment if necessary. This document was amended with one name removed (Steven Gray) and two added (John Hansen and Ross Mackenzie) and the final list approved for distribution following Council endorsement.

ii. Recommendation: That Council approve the final list attached.

3. Pre Season FCO Meeting set for Tuesday 14th Oct 5:30pm @ Council Offices

4. 2015 Directory updates. Please update your brigade details.

i. This was distributed around the room, and Brigades were asked to update the details. Comments were made that some details were many years out of date. This document will now be updated and passed onto DFES for the printing of the 2014 – 2015 edition.

5. Burning Permits process

i. Garry asked FCOs to be aware of nearby roads and wind speeds, and to have relevant people (3) to supervise the burn, based on the type and area of burn. You should endeavour to ensure the person approved to undertake the burn understands their responsibilities.

6. Radio Protocol, specifically leaving fire shed arriving at scene and returning to fire shed

i. Rob Herzer advised the process for responding to a fire. This included who to advise when about to attend a fire, on relevant channels, when arriving at an incident. The first on the scene is the Incident Controller.

ii. Make sure the volume is turned up. Advise when returning from fire. See separate procedure distributed from Matt.

iii. John Hansen offered to produce a laminated copy of the procedure for each vehicle in the fleet.

7. Call out procedure, in season plus vehicle fires (Rob Herzer)

- i. Two vehicles or two brigades will be called out this year, so there will be a backup vehicle, even for VFRS. If not needed, the second vehicle would be stood down.

8. Stand Pipes, Chedaring Rd Vandalised, John Hansen

- i. The Chairman advised this is continually vandalised and consideration should be given to removal. Initially it was suggested that mobile CCTV is used by the Shire to catch the culprits.
- ii. Sim advised that for Inkpen, the El Caballo one is not needed as they can access the hydrant. Bakers Hill advised the Chedaring Rd standpipe could be removed.
- iii. Propose to close Chedaring, and advertise accordingly. It was pointed out that even if it was decommissioned it could easily be reinstated at a later date if additional service is required for the area.
- iv. Sven advised of Mt Marshall using a swipe card system which is reasonably vandal-proof, and the Shire could consider looking at vandal measures.
- v. Move Rob / Second Paul Antonio – carried.
- vi. For Irishtown, there are four standpipes and he would not like these removed or altered (for example to hydrants) for safety reasons.
- vii. Inkpen land – Phil Steven advised the site has been surveyed and an application lodged for title, which is hoped to be received shortly.
- viii. **Recommendation:** That council endorse the decommissioning of the Chadaring rd stand pipe.

9. Previous Meeting

- i. The Council decided in June 2014, further to the BFAC recommendation, that Council request the Chief Executive Officer to assess the capacity of having a range of outside staff trained in bushfire fighting (introduction to Fire Fighting and Bush Fire Fighting). This will be followed up by Shire staff.
- ii. There was a question in relation to Fire Brigade Volunteer Association being engaged to assist with gaining volunteers. This is in hand with a meeting between the Shire and the Association planned for next week. There is also an event planned in Bakers Hill on 18 October as part of the volunteer recruitment drive.

10. Tree removal quotes at Bakers Hill Fire Shed

- i. Removal of trees at Bakers Hill Fire Shed – John Hansen tabled the current quotes and will liaise directly between Bakers Hill Brigade and the Shire, to work out how to complete the jobs within the budget.

SHIRE OF NORTHAM

11. Attached Discussion Paper presented by Cpt C Barrington Bakers Hill Brigade – C Barrington not present. Spoken to by Geoff Both

- i. Request for upgrade of Bakers Hill Fireshed – The issue is if this is approved, then there is an issue of equity with other Firesheds. Rob asked whether DFES would address this issue. Sven suggested the Shire should put in an ESL submission outlining what is reasonable for Brigades in the Shire, for all or certain Brigades. He was not aware of specific standards. After the Inkpen Fireshed, it may be worth putting up capital items for shed upgrades.
- ii. Risk to Resource – DFES advised that this could be reviewed as often as needed. Risk is often based on records of callouts to incidents, kept by DFES.
- iii. That the Risk to Resource Plan for the Shire of Northam is reviewed, ASAP with specific priority placed on Bakers Hill area.
Proposed by: Dave Russell / Seconded by: Geoff Both - Carried
- iv. Provision of bottled water. Brigades need to put in a request to John Hansen and he will respond to the need.
- v. FCO cards, keys – Keys to all standpipes have been provided. Cards are awaiting photos to be sent in. A question was raised in relation to information emails from CESM to communicate to Brigades. Most Brigades are happy with the current arrangement so the specific communication method for the Bakers Hill Brigade will be resolved by discussions this week.

12. Signage on roads. Ulo Rumjantsev

- i. Ulo advocated the signage that is being used in other Shires to promote bushfire readiness.
- ii. It was suggested that the Speed Alert Monitor (SAM) is used to promote fire preparation.
- iii. Garry suggested using the existing fire rating boards (eg El Caballo, Northam, Bakers Hill), but adding fire messages 'are you ready' to those.

7 GENERAL BUSINESS

Shire reserves – Can the Shire follow up firebreaks on Shire reserves and follow up with government departments regarding their reserves.

Instruct officers to pay particular vigilance to the western end of the Shire. There was discussion about magnetic signs on vehicles, to identify vehicles as Firefighting.

In relation to firebreaks, it was requested that particular attention be given by Shire Rangers to the western portion of the Shire. This will be followed up by Phil Steven. He said the Rangers will be trying different methods to get to all properties this year.

Garry advised that tyres are being stored on a property on 16 Paynter Road, Clackline. There is another property on Coates Road, Wundowie.

Thanks for putting signs on tanks, one is missing on Warrin Road.

Blair – The current FCOs are Matt and Sue. Others could not attend the recent meeting and so missed the refresher, so will run with two FCOs. Hopefully others can attend a later meeting. One Inkpen, 3 Clackline, 1 Jennapullen missed the meeting and would like to attend.

Russell – Muresk have a DFES fire appliance which they may not have the training to operate, but it is available for fire-fighting. It may be an opportunity for the nearest Brigade to work with them to assist them. Contact Russell to get in touch with them.

8 NEXT MEETING SCHEDULED

The next meeting will be held on the 23/06/2015 at the Northam Council Chambers

Individual response from each agency <p>Ron Daniels advised that the Police look at main risks in the Shire to establish management of risks.</p> <p>Concerns in relation to have emergency flow charts, but should be used. For example, place it on the fuel bowser at the Airport (Heather – Northam Deegan Aero Club)</p> <p>Phil Steven (Exec Off/SON) advised that an Airport Emergency Plan was adopted in 2011, which should be the plan followed in an emergency. Whilst the response was excellent, the flow chart ensures that all relevant agencies are contacted. For example, the Shire of Northam and Aero Club were only contacted by a contractor working in the vicinity.</p> <ul style="list-style-type: none"> • Verbal update of Airport contact list / John Hansen

	<p>This will be updated with individual agencies. It is anticipated that the Emergency Plan will be reviewed by the Shire in the next few weeks ahead of the next LEMC.</p> <ul style="list-style-type: none"> • Tough Mudder Debrief <p>There were no major issues from a traffic (Police) point of view. St John Ambulance did not report any major injuries. It was a better time of year as it was not as hot for this event.</p> <ul style="list-style-type: none"> • Proposal to begin review Risk to Resource Assessment at next meeting <p>The provision of appliances for Brigades will be reviewed in the context of population growth in the area, particularly in the west of the Shire. The plan is to bring an update of some description to the next LEMC meeting.</p> <ul style="list-style-type: none"> • Proposed that LEMC meetings for 2015 be 24th Feb, 26th May, 25th August and 1st October. These dates were accepted • That a review of LEMA be conducted, initiating this at the May meeting. <p>These will be reviewed as we go. If you notice anything deficient, let John Hansen know in the meantime. However a more significant review will be conducted in May 2015.</p> <p>Julie Brown (CPFS) – We need to look at Evacuation Centres and look at what could cater for the west of the Shire. Some buildings may be relocation centres, with transport provided to Evacuation Centres. Bakers Hill Pavilion is now equipped for a generator in case of power outages.</p> <p>Styart Gunning advised that SEMC have now adopted new procedures for existing LEMA's, which should be considered in the review.</p>

ORDINARY COUNCIL MEETING HELD ON 15 OCTOBER 2014

	<p>Main Roads is combining of regions (Wheatbelt North and South) which will not reduce services. (Gren Putland)</p> <p>SERCO/ Immigration & Border Protection advised they have annual planning for emergency and contingency plans. They run a desktop each month to help their preparedness. The Centre does have a command and control suite for emergency response. They also have a kitchen facility to assist with meals for recovery when mass catering is needed. They also have a large carpark for that kind of emergency. They would be more than happy to do a desktop for when they run one, to involve LEMC. Unfortunately they cannot run a tour for LEMC through the facility, due to privacy reasons. However, they would like to be able to run a virtual tour in the future. They may be able to provide equipment, including 2 coaches in case of emergencies.</p> <p>Police (Brett Inglis) suggested John Hansen send through a request for an asset list so that it is up-to-date for this coming fire season.</p> <p>Julie Brown (CPFS) asked about ownership and management of the Airport. Phil Steven (Exec Off/SON) advised it is owned by the Shire and managed by the Northam Aero Club. Gren Putland (Main Roads) advised that large aircraft have used the airport (C130's). Phil Steven (Exec Off/SON) concurred that large aircraft have used the airport, but advised the predominant use is recreational, light aircraft.</p> <p>Julie Brown (CPFS) advised that Schools are practising lock-down and evacuation procedures. If Schools evacuate to Centres at the same time as an incident, we would have to work out how to segregate students from general public.</p> <p>Jenny Lee (Northam Hospital)– Wheatbelt Superclinic construction is underway, and hoped to be occupied by end of 2015.</p> <p>Gill Mansfield (EHO/SON) – The Shire of Mundaring gave a talk at the Health Conference in relation to their response to the Parkerville fires. It may be worth inviting them to our LEMC meeting. DFES – A report has been released on the Parkerville fires which may be useful to circulate to the LEMC. Adrian Dyson (Recovery Coordinator) would be a useful presenter. Feel free to check the DFES website for other updates, reviews and publications.</p> <p>Stuart Gunning (SEMC) In October, the annual preparedness report is being released, and this may be worth asking Yvette to present at the next LEMC.</p>
<p>9.</p>	<p>Presentations or Exercises</p> <ul style="list-style-type: none"> • Proposed training exercise at Airport May 2015 <p>There is the Ballooning Championship in August 2015, so this exercise would be relevant preparation. 	exercise. He believes a desktop exercise may be most suitable at the moment, perhaps linking it with a LEMC meeting.
10.	<p>LEMA and Recovery Plan Review</p> <p>Agencies are requested to review the current LEMA and highlight any concerns for the next LEMC. If you require a copy of the 2011 document please request from CESM by email.</p>
11.	<p>General Business</p> <p>Atilla Mencshelyi (Dept Housing) advised that the Pie Shop in Bakers Hill is subject to large trucks parked in the area. Gren Putland (Main Roads) advised that there is a Plan with Council for traffic treatments to improve safety in the area. It is a long-term project that may be a year to plan, and at least the same to implement. Clinton Kleynhans (Engineering/SON) advised the scope of the project was being determined.</p> <p>Harry Lauk (Dept Agriculture) asked what is happening with the old Hospital. Phil Steven (Exec Off/SON) advised there have been proposals from the owner and others to modify the site and building for other purposes, however this has not advanced as quickly as hoped. The Shire is legally constrained to require the building demolition, however is involved in ongoing discussions to improve the use of the site.</p>
12.	<p>Confirmation of Next Meeting 24th February 2015</p>
13.	<p>Closure of Meeting</p> <p>Ulo closed the meeting at 4:17 pm and thanked everyone for coming.</p>

FOR THE PERIOD 1 AUGUST TO 31 AUGUST 2014

6. RATING INFORMATION (Continued)

All land except exempt land in the Shire of Northam is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2014/15 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.
